An event that will long be remembered by the students of 1926 at G. S. C. W. is the painting of the portrait of Dr. Parks. The campus has been literally buzzing during the past three weeks. Everywhere one turns the topic of conversation is the all-important masterpiece of Mr. Stein. Mr. Stein is quite a noted artist, having portrayed the likeness of many college presidents. His ability as an artist of the first rank is universally acknowledged, a fact that makes it all the more fitting that he should paint a man of whom it has been said, that he is one of the most dynamic forces in the education of the South. Both are artists, certainly. OF STUDENTS AND FACULTY Requisites for Rural School Teach. Miss Tabb Chosen President of M. Rich and Brothers Company er Placed High by Dr. Pittman.

SPEAKS WELL OF COLLEGE

On the morning of the fifteenth of April, Dr. Marvin Pittman delivered a most inspiring message on the greatest need of the rural schoolscompetent teachers. From varied experience and training the visitor discussed the subject in a manner both fascinating and instructive. He stated that the prevailing custom of sending the untried, and too frequently untrained, young woman to "practice" on the country child is all wrong. Since the best teacher is needed in the rural one-teacher school, he advocated the trying out of the new teacher in the city under wise supervision. Then as experience is gained she should be "proand last, to the country school of eight grades where she becomes Red Cross nurse, supervisor of music, diof drawing and penmanship, teacher of arithmetic, teacher of geography, director of home economics, princiral, superintendent, and janitor!

Dr. Pittman visited the various departments of the College. He spoke most interestingly of the work of the Practice School and the dormitory arrangements. The young lastudents of his school, The State pay for room rent alone.

TWO ATTEND EACH DAY

When Grand Opera brought worldnoted artists to Atlanta for the week of April 19-24, G. S. C. W. girls were there to hear them. Due to the courtesy of M. Rich and Brothers of Atlanta, the presidents of the classes and representatives of the various music departments were givn trips to Atlanta and to one opera concert.

The Freshman and Junior class officers, Mary Jane Parker and Polly Moss, were the first to attend. They went up for the night performance Monday. Frances O'Kelley and Marguerite Jackson followed these and they all returned with glowing accounts of the wonders they had seen and heard.

The others went in the following order: Janet Christian, Sophomore Club and Orchestra that she may president, and Winifred Fowler, well take pride in. In chapel exercises, the girls told the student body something of their wonderful experiences, of the artists themselves, of Marion Talley and her so grateful to M. Rich and Brothers for giving them such an opportunity to hear them.

COLLEGE ORCHESTRA RENDER DELIGHTFUL PROGRAM

Members and Directors Are To Be Highly Commended.

The Senior Glee Club of the Georgia State College for Women gave their annual concert on Monday evening, April 11. The college students and friends of the members were invited to hear them.

The concert was a culmination of the excellent training of the Glee Club under the direction of Miss Alice Lenore Tucker and of the College Orchestra, directed by Miss Margaret Wilder. The performance was one of enjoyment through each number. Every member was in harmony with the whole and reflected praise on both their directors and them-

The soloists showed wonderful control and poise. Their voices were especially adapted to their parts, and had sufficient volume for the large auditorium.

"CLEAN UP" WEEK

Mother Nature has dressed her favorite child, our campus, in a new green gown with a corsage of bright verbena and a crown of dogwood

Shall it stay as fresh and well cared for as Nature intended? That is entirely up to us. Shall we allow our bungling, thoughtless fingers to destroy the beauty of our campus? Certainly not. There shall be no such things as carelessness during the week designated as "Clean Up Week." nor during the remainder of the semester.

And the things which affect the appearance of our campus, what are they? The condition of the campus itself, the buildings on it, the girls The-Sis, and have proclaimed that social committee, and her committee. Mrs. Guy Garner, Mrs. Fred G. Hill, these are the factors vital to its glory.

The spirit-that is the key-note of the whole situation; then let us start "Clean Up Week" by "Sweeping the cobwebs from the brain." chasing away the least shadow resembling blues, singing our school songs, loving our glorious Alma Mater with a spirit as wholesome and clean as the spring itself.

CORTRAIT IS SPONSORED BY FRESHMEN CLASS WITH HELP OF STUDENTS AND FACULTY

(Continued from page 1) er symbol of their love for the college and appreciation of all Dr. Parks has done in their behalf.

How appropriate that this portrait should be placed in the new auditorium where it will be a memoir of years of active service, of a man who has maintained the high standards of scholarship and character that have caused this college to be recognized as one of the foremost of its kind. Long years later students shall return to their Alma Mater and, eyes filled with love and adoration, stand before the portrait and say, "Praise him who has given his life for the young womanhood of Georgia—a man who is truly great, a glorious model for the aspirants to the crown he so ably wears!"

THE SONG BIRD

Close beside my little window, In a sheltering old tree. Sings a wee scarlet song bird, Sings to the world and to me.

Each morning promptly at seven, When the dawn is gay and bright, It perches on a leafy limb And chirps of day and night.

And when I begin to study, Throughout the long, long hours, My bird gayly tilts its bright head And tells me of far-off flowers.

Its dancing eyes, merry and black, Peep into my little room, And it hops with glee to and fro And chases away the gloom.

But when the dark nighttime comes All is strangely still and quiet, I wonder if my bird is there, Waiting in the pale starlight.

And when the flaming dawn breaks. I look up into the tree. And still there is my scarlet bird Singing to the world and to me.
