GEORGIA STATE COLLEGE FOR WOMEN, MILLEDGEVILLE, GA., APRIL 13, 1927.

NUMBER 12.

# **ALUMNAE TO RE-**PORT AT G. S. C. MEET. IN MACON, APRIL 15

VOLUME II.

The work of the memorial campaign is progressing and it is hoped that the foundations for the hospital. which is to be erected in memory of not as a day for jokes and foolish-Dr. M. M. Parks, will soon be laid ness. For it was no joke when they on the campus of the Georgia State received their privileges on that day, College for Women.

Former students, graduates and friends of the college are urged to attend the G. S. C. W. Meet which is to be held in Macon. April 15th. to renew old friendships and to renew their connection with the college and all phases of its work.

The meeting is to be held at the Young Women's Christian Association, headquarters 453 Cherry Street, at 6:30 in the evening.

Those in charge of the meeting urge that every graduate and former student attend this meeting. They expect representatives from every district of the state and to hear reports from the various districts. Also, the county organizations will be represented and reports from these organizations will be given.

No more suitable memorial could be erected in honor of Dr. M. M. Parks, the beloved educator, the man who gave his life that others might live more fully, that others might find the happy life in service to others. It is hoped that each person connected in any way with the college will show the love and reverence due so great a man, by attending the meeting and in putting forth every effort to make the "Parks Memorial Hospital" a success.

The date of April 1st will hereafter be marked in the minds of the Freshmen as a date of privileges and Friday, April 1, 1927. Rather, it was

with sincere and appreciative spirits that they, after the examples of the upper classes, received entire selfgovernment by the formal presentation of special privileges.

Friday in chapel, the class formally accepted the Freshman privileges, the class officers and dormitory officers being in charge of the exercises. The class president, Dorothy Parks, opened the exercises by a short but spirited talk, in which she expressed her desire for the successful sailing of the "Good Ship." She impressed the fact that although the Freshmen are its youngest members, they have their responsibilities in aiding the captain and

In looking forward to the new year and planning for its success the Young Women's Christian Association of G. S. C. felt the need of selecting leaders for the coming school year. These new officers are elected this year that they may be planning and thinking of their new responsibilities and that they may learn from the retiring officers the many things learned through experience during the past year.

Our Y. W. C. A. has adopted a very democratic plan of election and the plan was submitted and voted on by the entire membership last Wednesday in chapel. At the same time nominations were made for the five officers.

The returns of the voting as submitted to the membership were as follows:

# Journalism Class Visits Macon.

The journalism class of G. S. C W., under the leadership of Professor Wynn, is to launch upon a new project. It is to have the privilege of editing a page in the Macon Daily Telegraph on Monday, April 11, and also the Milledgeville Times one week in the near future.

The journalism class will go to Macon Monday. It is to help the reporters put over to the entire paper and in addition, is to edit one entire page. This page will contain articles written by the different members of the class.

Mr. W. T. Anderson, editor of the Macon Daily Telegraph, is to entertain the class and the Telegraph staff at a dinner Monday evening.

In addition to this enjoyable project, the editing of the Milledgeville Times will also prove an interesting experiment. The staff that has been elected by the class is as follows:

Marguerite Clark, editor-in-chief. Mariona Horne, managing editor. Mae Burkhart, city editor.

Lucile Thomas, social editor. ty Jane Pierrott, feature editor. lle Cathy, literary editor. legah Whitley, state editor. llie Mae Shipp, news editor. inia Arnold, advertising mgr. he Stewart, college editor.

modern drama probably "Cranford" may be considered the most unique. This play which was taken from Mrs. Gaskell's book "Cranford," was given by a group from the class and coached by Mary Jane Parker.

It was quite amusing to see what typical old maids certain members of the class could make, and the statements they made about their town and friends were quite remarkable. Cranford was a town composed entirely of maids for Virginia McMichael who took the part of Miss Mattie Jenkins, Cranford's aristocratic old maid, said that not one of her friends had married in fifteen years. There was not a man in the village, but Christine Montgomery, who was Miss Pole, declared that she knew all about men because her father was a man.

The entire play was full of amusing incidents and anyone who was over at Ennis Basement on April 2nd at 11:40 will agree that it was an hour of enjoyment. The play will be given before the entire student body April 18th.

Much credit is due to the cast and the coach. The caste was as follows: Miss Mattie Jenkins---Virginia Mc-Michael.

# **Noted Educator Brings** Stirring Message.

Dr. A. L. Suhrie, professor of Teachers' College nad Normal School Education of New York University, recently visited the campus.

Dr. Suhrie was professor of education at G. S. C. from 1912 to 1914. and therefore has a very direct interest in G. S. C. W. His visits to Teachers' Colleges and Normal Schools, making surveys enables him to investigate the work the nation is doing toward educating her youth.

He addressed the student body two different times. He defined a school as a place where young people came together to educate themselves

and each other with the help of good teachers. By many clever examples he illustrated this. Dr. Suhrie drew a very real picture of an ideal teacher. Her principal quality, Dr. Suhrie contends, is the ability to love people.

Generally the theme Dr. Suhrie's entire address could be called "Cooperation." He strongly advocates the necessity of such a situation between faculty and students and among students themselves. "Conduct," says Dr. Suhrie, "is to conduct yourself that others may be able to work with you."

Friends here of Dr. John W. Good will be interested to know that in June his Alma Mater, Erskine College (South Carolina) will confer on him the Litt. D. degree, an honor which he well deserved because of his accomplishments in the literary and educational world. At present, Dr. Good is at the head of the Engglish department at Agnes College which position he he has held for

the past three years. He is to return to that institution next year with a consilerable increase in salary. In addition to his teaching work, he is assistant pastor of the Druid Hills Presbyterian church of Atlanta.

It will be remembered that Dr. Good was for nearly six years head of the English department of the Georgia State College for Women, where his noble life and influence touched many hundreds of girls now scattered all over the state and nation. He was a splendid teacher, and his students retain for him through the years a loyalty and love that is remarkable. As director of the Summer School of this college for a (Continued on back page)

#### SPECTRUM NEARS COM-PLETION.

The Spectrum for '26 and '27 is now nearing completion. The staff plans to deliver the books to the students within the next few weeks. Work was begun in November, and has progressed so rapidly that the books are now in the hands of the printer. The campus views, feature pictures, and snapshots promise to be particularly interesting sections of the books.

Those wishing to place orders for a copy should notify Lorine Teaver, business manager, as soon as possible.

#### APRIL.

In April, 1917, just ten years ago, war was declared on Germany utterly meaningless, barbaric, and knew when we were happy and sharby the United States. Then came days of mobilization, months of heart- larynx rocking. It should seem to ed it with us. He made our work breaking anguish while mothers waited for just a word from sons "over be the work of some philologist who a joy, and our play time real in the there." Day after day, news came that some had fallen in battle. Day has suddenly gone mad under the truest sense. Europe was devastated, and America mourned the loss of thousands of her sons then lying in Flanders Field, when Armistice was signed November 11, 1918.

Armistice brought peace, an end of fighting, suffering, and suspense. Since then, peace has reigned in our country. It has grown and prospered until it is today the most prosperous of all nations.

Once again, after ten years, we reach another April. It comes to remind us of the war begun ten years ago, and of the peace we now enjoy. Once again, April comes to transform the world into a fairyland with a South Carolina within a few days. felt his keen appreciation. He had myriad flowers and birds.

Once again Eastertime draws near, such a different Eastertime from that of ten years ago. It was in April so many, many years ago that.

- "They found the great stone rolled away,
- And found Him whom men had crucified With cruel spears, had pierced his side
- And mocked with jests and gibe that day,
- Gone from the darkness and gloom
- Of Death's grim tomb."

The remembrance of those other Aprils years ago, makes this one happier, more pleasant one. Oh! April, when you come once again, may you bring again such joy, such prosperity, and such contentment as our country now enjoys.

#### SPRINGTIME OR NATURAL LAZINESS.

Are you the person who looks to the spring as the time for another case of that old "spring fever?" A hopeless state of ennui is effected by some in the spring. We use this as an excuse for the natural perversity in our makeup. We get a vigorous case of the "can't do its." Procrastination becomes our theme. All in all we are good for nothing. What's he good of this humdrum monotony, we wonder.

Like "the man who has eyes and sees not." we blindly exist when we ear optimistic expressions of real live joy, we skeptically frown. Pesimists we are, and consider the enthusisatic audacious creatures. Assumed mental and sensory oblivion act as a rebuff to any penetration of pleas- days of our Freshman year we were and little shops, held some confer- sing the praises of a ten days we ure. A great excuse for natural laziness is afforded by the springtime.

Try the unusual. Be an optimist for awhile. Take a glimpse at the world. Nature has had a wonderful rejuvernation. Trees, flowers, and birds have a gala spirit. Visual, alfactory, and auditory impressions are beautiful and vivid. Can we resist the appeal of things?

#### CAREERS.

Essentially problematic, and quite pertinantly interesting to the femnine casmos, is the question of careers. In this great century of equality, vomen have found openings in every sphere. She needs only the power of decision coupled with the capacity to persevere.

True it is that all the fetters of prejudice have not been broken. hese are fast dwindling into petty and worn strands of conventionalism We always have some "sticklers" for the more prosaic form. The broad and fine woman will ignore such forces and will forge on to real success.

Women of this type are changing tenor of the age. They write plays: they paint pictures; they conduct law suits; they perform surgical miracles; they enter pedagogical fields; and they do these things as effectively as men. Feminism has come into its own creating a most vivid and interesting sheet in our history. # THE FRENCH CLUB.

The French Club was founded on the 19th of November, 1926, for the purpose of giving advanced students an opportunity to converse, play games, and sing in French. The response of the students as shown by the attendance at the first meeting exceeded all expectations. Although the baby of campus organizations the French Club has over 90 regular members-more than twice as many as any other student organization except, of course, the Y. W. C. Α.

The club decided to hold monthly meetings in the basement of Ennis Hall and to conduct its business in French.

The officers elected for the first didn't; Katherine Stovall, vice president: Decora Adams, secretary; Marguerite Caldwell, treasurer; Katherine Bagley, chairman of entertainment committee.

A new set of officers were elected on Jan. 28, 1927. They were: Rosalind Mason, president: Katherine Stevall, vice president: Decoral Adams, secretary; Julia Reeves, treasurer; Eleanor Ennis, president of the program committee.

## **English Senior Club.**

The English Senior Club is composed of those students who, at the beginning of the term, enrolled themselves as English Normal Senior. The club was formed not merely for the purpose of broadening one's knowledge in the field of English but to give a time for more social contacts and meeting those who are interested in the some field of study. and possess like interests. It tends to solve the problems and diffiulties, and point out the joys and successes of those working in the field of English. The aim of ecah meeting is to bring something enjoyable to the club members.

It is fun to go to English Senior meetings for besides the interesting and instructive programs, there are

### **ALUMNAE CLUBS.**

News from the various cities of Georgia and neighboring states tells of the enthusiastic work of G. S. C. W. clubs. Interest is running high in the Parks Memorial nad in the towns where previously there have been no clubs now a real live spirit is shown in their organization and work. Without the co-operation and boosting of htese clubs, the Parks memorial might lag in its marvelous Dorothy Parks then introduced all progręss.

Among the most forward of the town clubs are found in Rome, Griffin, Monticello, Savannah, Waycross, Washington, Waynesboro, Newnan and Atlanta. Though the Atlanta Club is not new, its interest high and benefit bridges are proving very successful in raising funds for the hospital.
