## **Biographical/Historical note**

---

This collection features world maps with a focus on the Southeastern US. The collection was collected by the Russell Library and Special Collections. Many of these maps were originally in the library's circulating collection.

---

## **Scope and Contents note**

---

The inclusive dates of this collection are 1588 to 2001. The bulk dates of this collection are 1900 to 1970. These materials vary in size with the majority being oversized. The majority of the maps in this collection are original with a few reproductions.

---

## **Arrangement note**

---

There is no arrangement to this collection. The identifier numbers for each map can be found under the "General Note" sections. There are 16 drawers in this collection.

---

## **Administrative Information**

---

### **Conditions Governing Access note**

No Restrictions

### **Conditions Governing Use note**

Copyright status for materials is unknown. Transmission or reproduction of materials is protected by U.S. Copyright Law (Title 17, U.S.C.) beyond that allowed by fair use requires the written permission of the copyright owners. Works not in the public

domain cannot be commercially exploited without permission of the copyright owners. Responsibility for any use rests exclusively with the user.

### **Custodial History note**

The maps in this collection come from many sources. Most of which came from the library circulating collection, and other have been collected by Special Collections through donation and other acquisition methods.
