CLASSES

We believe that there is in every man the desire for these qualities: love, truth, and beauty. Consideration for others is only a part of love, personal integrity is only a part of truth, good taste is only a part of beauty, and it is this striving of the individual to attain these basic values which enable him to rise above himself and become a whole person. We as a community of seekers recognize that dignity of the individual rises from the individual to the community and that upon each other the one and the whole are mutually dependent. Therefore, we covenant to seek in harmony, living deliberately and confidently until we attain that for which we seek. We believe that if one advances without fear in the direction of his dreams and endeavors to live the life he has imagined, he will meet with success. We here by shape our dreams.

Hollingsworth's
 UNUSUAL CANDIES

In this SPECTRUM we have tried to emphasize places and activities at GSCW which are not on the map or calendar but which help make our life here what it is. We know that our school means something different to each one of us but we hope you can find here the things which make GSCW live for you.

We'd like to say thanks to Mr. Ware for risking life and limb sometimes to make our pictures, to all the people at Southern Photo Process Engravers and Bowen, Long and Young for reminding us of deadlines and being so nice when we almost didn't make them, especially to Mr. Gore for making pictures with only an hour's notice, to Izzie for not asking about the dedication, and to Mr. Cheek for giving us pictures of special events when we forgot to have any made. Most of all, we'd like to thank you, the students, for being what you are. You have made GSCW mean a lot to us and we hope this book will help you remember the things and people who mean the most to you.

CAROLYN and BETH
