Y. W. HAS DRIVE FOR MEMBERS

Sept. 30th to Oct. 7th, Red Letter
Week on Campus. Drive Meets
With Huge Success

September 30th through October 7th was truly a "Red Letter Week" at G. S. C. W., for the earnest thought and energy of all the blue triangle girls in the Y. W. C. A. went into a concentrated effort to interest others in becoming a part of this great movement of students and of all women and girls around the world.

"I am come that they might have life and that they might have it more abundantly" was the motto which challenged 919 members of the college community to affiliate themselves with the Y. W. C. A. in quest of more abundant living.

G. S. C. W. has not only the largest membership of any college Y. W. C. A. in Georgia, but likewise is the only woman's school enjoying a full time general secretary. Miss Annie Moore Daughtry, who holds this position at present gives her aid to the splendid Y. W. C. A. cabinet girls who are now in office.

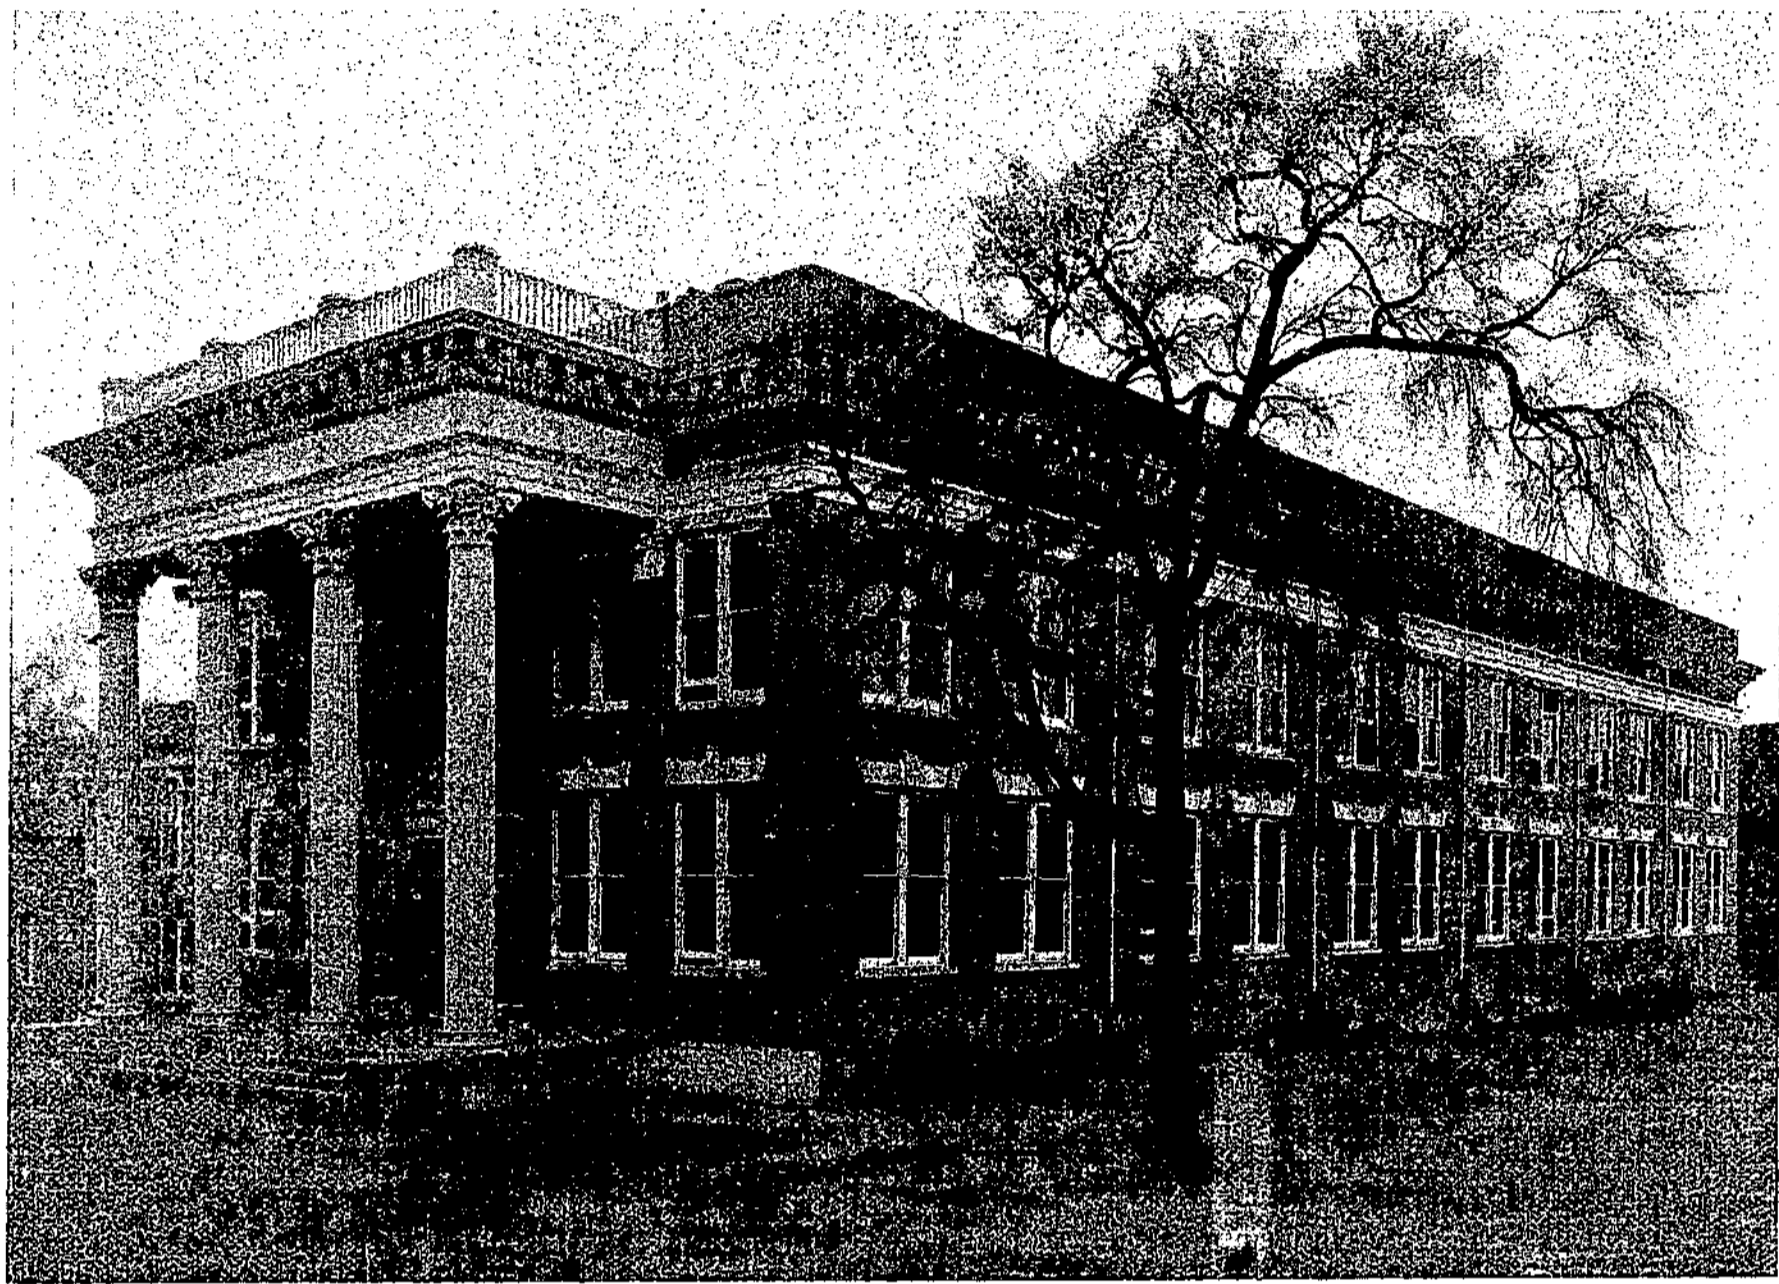

The recent successful membership drive was introduced on Sunday evening September 30th, by Caroline Cheney, head of the membership department, at a beautiful and impressive vesper service. The theme was, "How I have grown in the Young Woman's Christian Association. Miss Cleo Jenkins representing the Senior class, Mary Eliot the Junior class, Catherine Jones Sophomore class and Miss Polly Moss representing Alumnae, each spoke of the unique contribution their groups had received through the Y. W. C. A.

The drive reached a climax on Friday morning at the chapel service when after a solo by Ida Kate Williams, Polly Sigman, Chairman of membership committee, gave a forceful appeal to the student body to become active members of the Y. W. C. A. She said, "your experience in the Y. W. C. A. will be a precious memory which neither time nor thief can take from you and as you go forth into the world, it will be light to guide you in seeking only those things which make for "rich and creative life."

Then she added, "if you would be

FACULTY AND STUDENTS TAKE IN FAIR THURSDAY

Thrill of Merry-Go-Round, Whip, Etc.
Evident As Students Flood
Fair Grounds

In spite of all predictions that it would surely rain, or that an earthquake would come, Thursday morning came without a cloud in the sky. Everyone rushed through morning classes shouting either out loud or inside that it was "Fair Day". No boy or girl ever forgets the thrill of going to the fair.

As soon as lunch was over, a great crowd rushed over to Terrell. In every hand was clutched fifty cents to leave at the gate for entrance fee. As the last of the line reached the gate the first was enjoying the treats prepared.

Besides the other thrills of a fair, such as the Ferris Wheel, the Whip, the Merry-go-round, and Caterpillar, this fair had some new and most exciting thrills. One of the best was the Tilt-A-Whirl, which certainly must have been good, for at one time many of the professors and their wives were seen riding on it.

Then there was Happy Land, and Fun On The Farm, two most entertaining side shows. In one large tent were to be found monkeys, lions, baboons, hyenas, snakes.

This is just a brief summary of the amusements at the fair, not to even mention the exhibits, which were excellent. It must be said too that many weiners, coca-colas, and ice cream cones were consumed. By all those who went, it was pronounced the best fair ever!

The Y. W. C. A. has 918 members including 54 Faculty, 90 Seniors, 100 Juniors, 315 Sophomores, 360 Freshmen.

SENIOR CLASS RECEIVES PRIVILEGES

The Senior Class had charge of the Chapel exercises, last Tuesday, at which time the members were awarded their privileges for the year. Cleo Jenkins, President of the class, had charge.

After a song by the entire assembly, Caroline Cheney read the devotional lesson, and led the prayer. This was followed by a song by Florence Rogers, President of the Senior Glee Club.

"Act well your part" was the theme of Cleo's talk. She called especial attention to the pledge which the Seniors are making. Doris Watkins also talked, her subject being "To Thine Own Self Be True."

The petition for privileges and the list of privileges was read by Dorothy Park, and they were granted by Dr. J. L. Beeson.

The Seniors sang their class song, and all the student body and faculty sang the "Alma Mater."

The officers of the class are: Cleo Jenkins, president; Caroline Cheney, Vice-President; Dorothy Park, Secretary; and Doris Watkins, Treasurer.

DOROTHY JAY CHOSEN PRESIDENT OF JUNIOR CLASS OF 1928-29

ANNUAL HIKE DIRECTED BY "Y"

Y. W. C. A. Puts Over Interesting
Program. Long Line Marches
Through City Monday

There is something in the autumn
that is native to my blood
Touch of manner, hint of mood;
And my heart is like a rhyme,
With the yellow and the purple and
the crimson keeping time.

The scarlet of the maples can shake
me like a cry

Of bugles going by,
And my lonely spirit thrills
To see the frosty asters like a smoke
upon the hills.

There is something in October sets
the gypsy blood astir

We must rise and follow her
When from every hill of flame
She calls and calls each vagabond by
name.

This poem, a copy of which mounted on gay colored paper was found on each table in the dining room Monday at lunch time, certainly set the mood for the annual hike—one of the greatest events in the G. S. C. W. year.

Every G. S. C. girl knows about hike to the river annually and looks forward to it as one of the gayest occasions during the entire year. What thoughts must surely pass through the mind of a tourist going through Milledgeville, who doesn't know "what it's all about!" thousand girls practically all dressed alike marching down the street in pairs stopping at a food station here and

THE Y. W. C. A.

Last week was "Membership Drive Week" for the Y. W. C. A. on our campus. The results are gratifying; they show that we not only surpass all previous records of membership at G. S. C. W. but we have a greater Y. membership than at any other college in the state of Georgia.

Certainly the Y. W. C. A. is the most active organization on the campus. It includes more phases of school life than any other organization, and touches the lives of more girls. Through the Y. W. C. A., girls are developed spiritually, mentally, physically and socially.

The welcoming party, the song service, the annual hike stunts, Vespers, Morning Watch, Bible Study—all are under the auspices of the Y. We are happy to know, then, that such a large number of students and faculty members have shown a desire to become active workers in such a vitally important part of our college.

OUR CAMPUS

"A Thing of Beauty Is a Joy Forever."—Keats

An old custom at Harvard is that wherever students wish to take a "short cut" across the yard and make a path, there shall a path be maintained unto all eternity. For Harvard this is all right. No one would have it otherwise.

For G. S. C. W. such a plan would never work and none of us wish for such a policy. Our campus is beautiful and is growing more beautiful. It is a thing still in the making, not yet complete. All over the campus concrete walkways have been constructed for our convenience. And we, as loyal G. S. C. W. girls are going to walk on the concrete and not on the grass. A path across the yard at Harvard adds distinction; a path across our campus would lessen its beauty.

We are proud of our school and want others, those who are on the outside, to have nothing but admiration for it. What is it that the casual passers-by and the visitors in Milledgeville see of the college? Why, the buildings and the grounds, of course. Will they think that we are proud of G. S. C. W. if they see papers, apple cores and such things on the campus? Certainly not, but then they are not going to see any such unsightly objects, because we, to whom the campus belongs, are not going to put them there and we are not going to allow others to do so.

SIGNING ONE'S NAME

It is easy. All you have to do is sign your name," they say. We agree that the act of writing your name does not require a great amount of energy, but we ask "Is it so easy?"

Is it easy to sign your name to the roll of some organization when you know that you will have duties as a member? Realizing the responsibility placed upon you, do you find it altogether an easy problem?

And is it easy to sign your name to something you have written, when you know that someone, somewhere, will find fault with it? Or do you find it pleasant to sign your name to an article in which you make some sort of pledge?

Is it always such an easy thing to do—sign that check which will mean five dollars less for Mother to spend on the grocers at home? Is it easy to sign your name? Think it over.

EMORY WILL INSTALL PHI BETA KAPPA SOON

The Beta Kappa will establish a chapter at Emory university some time during the present school year.

The sixteenth national council of the united chapters of Phi Beta Kappa, which we recently, decided that Emory's scholastic standards are sufficiently high to warrant the establishment of the Georgia Gamma chapter of the organization there.

Three years ago the Phi Beta Kappa members on the Emory faculty petitioned the national body to install a chapter on the local campus. Since the nation council of the society meets only once every three years, final action was not taken on Emory's petition until the last meeting. The Emory charter was the first one granted at this council, and was passed without a dissenting vote.

The charming taste of the new hostess added many features Monday afternoon. Hued vases of Georgia flowers added their grace to the atmosphere. Prince's feather and cannaes were used in the reception hall. Spider lilies flamed on the serving table under the gold and white dome. A MUCH NEEDED EQUIPMENT INSTALLED AT G. S. C. W.

The new Refrigerating Plant just completed is of the latest type Brine system. The management and all those who have felt the need of such equipment for many years, are very much pleased with it.

In buying this equipment the management looked ahead and bought a plant, sufficient to take care of the schools need for years to come.

The plant consists of an eight ton refrigerating machine, a one ton ice set and four Brine Cooled built in refrigerators. All this equipment has been installed in the main dining room at Atkinson Hall.

Mr. Griffen the Erecting Engineer says it is one of the most complete plants he has installed in many years, and the student body as well as the management should be proud of it.

AROUND THE CAMPUS

By The G. S. C. W. Wayfarer

Whew! And it's enough to make the strongest of strong girls weak! Excitement? Well, you might call it that, but we need Webster here to think of another.

With going to classes, and going to the library, and going to meals, and going to town, and going to bed, and going to chapel, I thought I'd have enough going, but the past two weeks have not "gone" at all, if you compare them with the way I've been rushing around. Well—it's a deep subject.

Last Thursday, we went to the Baldwin County Fair, and Simple, the Freshman roommate, insisted that I try the Whip. I enjoyed it so that I agreed to go with Sophisticated, the Sophomore roommate, when she rode the Tilt-A-Whirl. And oh, the very thought of it still gives me a dizzy feeling—I felt as if I'd been through a washingmachine. When I came to my senses, I was on the Ferris Wheel (not even on earth, mind you.) It was all fun, though, and I should not be at all surprised if the faculty members didn't have just as good a time as we had.

Well, Thursday night, I was too dazed to study, and I resolved then and there that I would cut out all worldly pleasures for the rest of the week and rest. I had a very pleasant rest, too, at night! During the day the victrola and the roommates exercised their ability to make music and noise, mostly noise. And Simple has begun practicing indoor Tennis by using my new racket and a ball of twine.

My resolutions, which I suppose were well-intended, amounted to nothing, for the very next night I couldn't resist the temptation to go across campus to a Literary Guild Meeting. And all the girls in our gang are busy going to their clubs. Have you ever seen so many clubs? The Science Club, The Home Economics Club, the Health Club, the History Club, the Spanish Club, the Tennis Club, and all the county clubs and many more which I can't think of at present, are all meeting and hiking etc.

Saturday isn't Saturday if you can't go to the Country Store—which isn't in the country at all, but about four blocks from the campus. We were in some mysterious manner attracted to the ice cream churn. "I scream, you scream, we all scream for ice cream," eh?

And the picture Saturday night! Did you think any prince would have such a time? My roommate says she wouldn't have gone to the trouble to marry at all, if she were king, and that Kathi was too old-fashioned, anyway! But my roommate, although she usually is very appreciative (when she gets candy, anyway) couldn't appreciate the picture, could she? "The Student Prince," starring Ramon Navarro, was full of all the things it takes to make a good picture. And do you think any bboy on the campus was appreciated as much as Doodle Christie was?

All the visitors aren't waiting until Thanksgiving to pay their respects to the college. So many guests! and

**FIRST LYCEUM SCORES
BIG HIT THURSDAY**

"New Brooms," Three Act Comedy, First of Series of Lyceum Numbers At College

G. S. C. W. had for the first Lyceum of the year, on Thursday evening, October 11th, "New Brooms." It was a popular comedy in three acts, portraying in a fascinating manner certain phases of modern life. The play was written by Frank Craven and presented by the Community Players.

"New Brooms" was an interesting, wholesome play, full of humor, and with a splendid lesson for young people who think they know more than their parents. In the play, Thomas Bates, Sr., went away for a vacation. Young Thomas took over the business and propounded to show the "old man" how to run the concern on "up-to-the-minute theories." Many laughable predicaments arose and a love story added to the complication.

When the year was up and the vacation ended, Dad returned. He found his finances different, a daughter-in-law, and a son who was willing to welcome all old ideas, old methods, old grouches, and all.

WATCH THE BULLETIN!

There will be something of interest to you on the bulletin board of Parks Hall. You will find helpful, attractive news, which you will enjoy. So say the members of the Health Club, who have planned this as a part of the work they are going to do for G. S. C. W. Margaret Chandler is in charge of the "posting." Watch the bulletin board!

who should have been here last weekend, but Marguerite Clarke, the editor-in-chief of the Colonnade, last year. She hasn't developed writers cramp yet, it seems, and is as pretty and stylish-looking as ever. She came over for the G. M. C. game Friday.

The last week began auspiciously, to quote the real authors, and if any girl didn't enjoy the annual hike it is because she didn't go. And if she didn't go, she was at home playing solitaire because everybody else was there. There has never been a better annual hike. The food was the best, the company the jolliest, the stunts the cutest of any annual hike!

But even with Fairs and hikes and movies, the Seniors were restless—and well they might be, for Tuesday morning was the time to get their privileges. The exercises were truly "impressive" as the Seniors were duly impressed, it seems. However, the Junior back of me said "Do you know what I like about it all?" I didn't know. "It's the singing of the Alma Mater."

'Tis also rumored that Juniors will receive their privileges soon. There officers are already elected—such fine officers too! With fine officers and fine classes, and fine clubs, and fine members, and a fine faculty, and a fine college, it looks as if everything is going to be fine!

Yours for a fine college!

ANNUAL HIKE DIRECTED BY "Y"

there for a handful of peanuts, a bunch of grapes, a lolly-pop or some similar sustenance!

Had you passed through Milledgeville Monday afternoon, October 8th, that is the sight that would have met your eyes. If you had followed this long "brown and white" procession you would have found that the march to the river via twenty food stations was merely the beginning of the fun. There was an afternoon of either wading, chatting, or picture taking, and it is rumored that some accidentally took a swim rather than a wade!

At dusk the girls gathered on the hill side to see a gypsy camp fire ceremony, planned and carried out by the Y. W. C. A. social committee of which Mary Raby, Macon, Ga., and Dorothy Park, of LaGrange, Ga., are chairmen. Mary presided over the ceremonials. Singing was led by Irma Vaughan Chairman of the Y. W. C. A. chair committee. A gypsy girl whom we afterward recognized as Mary Elliot, gave the following poem which made one feel that sure enough a gypsy tribe was in the woods.

Did you ever watch the campfire
When the wood had fallen low,
And the ashes start to whiten
Round the embers crimson glow,
With the night sounds all around you
Making silence doubly sweet,
And a full moon high above you
That the spell may be complete?
Tell me, were you ever nearer
To the land of heart's desire
Than when you sat there thinking
With your feet before the fire?

The campfire was lighted by Dr. Beeson after Cleo Jenkins, representing the Senior class, Dorothy Jay the Junior, Katherine Jones the Sophomore and Mary Scott Phipps the Freshmen had each added to the fire a branch symbolizing the qualities of their respective classes.

Following this, a stunt was given by each class, even the past graduates for mention must be given Faculty volley "balloon" game. "Three cheers for the G. S. C. Faculty Athletes."

After a snake dance around the camp fire the gypsies were again transformed into G. S. C. girls and went "singly" back to the campus to complete a perfectly unbalanced but delightful menu with a slice of ice cream.

Study hall keepers admit that their job Monday night was a cinch. They did not even once have to say "lights out, girls, let's go to sleep."

collegiate you cannot afford to stay outside of this organization. It has prestige on our campus."

The campaign for members closed on Sunday evening at the candle lighting vesper service when Miss Napier, a dearly loved charter member of the Y. W. C. A. on the campus, from the flame of the association spirit candle lighted the candle of Miss Blanch Tait, who was the first general secretary here. Miss Tait passed on a light to Miss Daughtry, present secretary who was a member of Miss Tait's first cabinet. Miss Daughtry then lighted the taper of the President, Fay Session and so on and until all present became one of the circle of light.

In her talk Fay Session, President said "star candle is symbolic—its warmth means friendship, its steady glow purpose, its brightness honor and its radiance faith. Let us take care that the warmth of friendship never become chilled, the brightness of honor dulled, the steady glow of purpose flincher not the radiance of faith dimmed.
