Plans for Commencement Have Been Completed

OPERA THURSDAY ENDS GALA WEEK OF MUSIC AT G. S. C. W.

OPERAS AND RECITALS CON-TRIBUTE SUCCESS OF OB-**SERVANCE**

Verdi's Opera "Ernani" sung Thursday evening by the Sophomore Normal Class with a chorus of over four hundred voices under the direction of Miss Alice Lenore Tucker to a close another music festival at the Georgia State College for Women.

Mrs. Helen Maxwell Longino, Mrs Helen Granade Long, Mr. Solon Drukenmiller and Mr. Raymond Nixon sang solo parts in the two performances. Miss Alice Lenore Tucker who has directed the entire week lead the choruses on Wednesday and Thursday.

Music week at the Georgia State College for Women opened with a lovely vesper service in the campus auditorium, Sunday evening. The entire service from the prelude to the postlude was delightful. The organ, installed by Doctor Parks with loving forethought, was never more soothing to the mind nor more harmonious than under the direction of Miss Maggie Jenkins. The association choir and all the rest of the young ladies who assisted in the service showed in their voices the effects of the painstaking work of the music staff of the college through the year. This effect was noticeable in sweetness of tone, volume, and control.

The chorus from the Holy City presented by the senior glee club was admirably directed by Mrs. Longino. Miss McAllister's voice in the solo number possessed a richness unusual in a young singer. She was accompanied at the piano by her teacher, Miss Tucker.

The devotional numbers of the service were in keeping with the music of the program. Miss Mc-Lendon enuemerated the many beauties of life and nature in her appeal for the beauty of religion.

The stage was decorated for the occasion with large baskets of Bermuda lilies and bright-hued lark-

The program was as follows: Organ Prelude-Gaul-Contempla tion-From "Holy City"-Miss Mag gie Jenkins.

PARK IS A BEAUTIFUL ADDITION TO COLLEGE

Cabin is Attractive Log Structure

Government Square Park, and Nesbits Woods, has been so transformed within the past few weeks that it has become an important spot of interest, not only to G. S. C. W. girls and townspeople, but to many visitors to Milledgeville.

The woods has been cleaned up, grass grows in places which once were bare, and more than ever before are hikers aware of the amount of natural beauty in the park.

is an ideally arranged building, com- games. posed of three adjoining rooms, in place. Mrs. Alice Williams designed it, and many campus organizations have donated money to furnish and light it.

street, sees a bright green wood, enclosed by a new fence. Through the ter those on the campus, he sees a tory. log cabin, the attraction of which is enhanced by the large rock chimney self, "I should like to wander there, dinal to his mate."

FIELD DAY TO TAKE PLACE MAY 14TH.

This year it has been suggested that annual Field Day Festival will be in the nature of a pageant called "A Port of Dreams," all of which is to be depicted in plays, games and sports of various kinds. The Port of Dreams does not attempt to teach a lesson or to point a moral but tries to show the new-comers to America as many of them really are curious, expectant, hopeful and full of courage.

These new-comers bring with them a love for their native land; their The long cabin, constructed of logs legends, traditions, plays, sports and

G. S. C. ALUMNAE

Do the present students of G. S. C. W. realize the full significance of the heritage which they shall receive from their Alma Mater? Perhaps not, but there is not an Alumna in the state who does not feel he great influence that her Alma Mater has had in her life. Not only does she herself sense it, but others also have learned to distinguish our Alumnae by those outstanding qualities which characterize them.

Our Alumnae are, first of all, loyal to their college and to each possessed by religion is as the beauty other. They love G. S. C. W. with heart and soul, and are ever true to her poscessed by mountains. Mountains standards. They long to be in the atmosphere which they find on our forever laid bare to the storms of campus. For this reason they throng back to their college on Thanksgiving turbudent winds. Mountains glistenand Commencement. Thus they satisfy the homesickness which they have ing in the radiant sun sparkling with Mrs. Charlie W. Walker. felt through all the months of their absence. Those who cannot return to snow and ice. Mountains whose very the familiar haunts of the campus satisfy this feeling of homesickness by outline may be obscured in the filmy seeking some fellow Alumnae, for they are bound to each other by this tie heaviness of grey clouds. of loyalty and love which draws them into the great group of friends | These are the attributes of mounknown as the Alumnae of G. S. C. W. The ties which bind them cannot be tains. They stand as a symbol of severed.

The most outstanding characteristic of our Alumnae is their tenacity of will, their determination to dare and do. Whenever reports of the success of our former students come back to us, there is always mentioned as the reason of this success their energetic and untiring efforts and determination to effect their purpose. Few of our girls have been called "shirkers," and none who have glimpsed the real vision of the G. S. C. W. spirit can be accused of ignoring it.

This same heritage is waiting for us all. Certainly there can be no understand confronts us—But then now Mrs. J. C. Jordan of Stone Putnam county, but that there are greater one, for nothing is greater than strength of character.

"GIVE TO THE WORLD THE BEST YOU HAVE AND THE BEST WILL COME BACK TO YOU"

Do we each day in the dormitory, on the athletic field, or in the classroom give the best we have? Do we work hard and play hard with the best that is in us or are we cowards and weaklings and shirkers? Are we each day living up to the best that is in us-are we being true to ourselves and to those who believe in

We must play the game with every ounce of strength that is in us. Theodore Roosevelt says, "In life, as in a football game, the principle to follow is: Hit the line hard; don't shirk, but hit the line hard." Maybe that field is lined with an opposing team who is determined that we shall not win that game. The goal line seem a thousand yards off, a touchdown is almost an impossibility but "with a bit of grin we can do that thing that cannot be done."

If we give the best we have in every situation and circumstance, whether we are made heroes. millionires, or paupers ,we will have the thrill and satisfaction of knowing that we played the game (with our all,) that it was a task well done. "It is not just as we take it,

This mystical world of ours, Life's field will yield as we make it A harvest of thorns or of flowers."

MISS CROWELL TO ATTEND 5TH CONFERENCE OF INTERNA-TIONAL FEDERATION OF

UNIVERSITY WOMEN

Miss Winifred Crowell, distinguished member of the English faculty of Lord. the Georgia State College for Women will be a delegate to the Fifth Conference of the International Federation of University Women.

This conference will be held at Geneva, Switzerland, due to the kind invitation of the Swiss Federation of University Women, from August 7th through August 14.

The Georgia State College for Women, Milledgeville, and the State are honored to have Miss Crowell as their representative at a conference of such worthy women. The delegates to this conference are the most distinguished scholarly women of fourteen different countries. The membership is devoted to the higher education of women.

Miss Crowell's full itinerary is as yet incomplete, but she will travel in France, specifically Paris and Britanny, and in Italy, specifically Rome, Venice and Florence. Special tours have been arranged, both throughout Switzerland and adjoining countries for the delegates who wish to travel before or after the Conference.

Milledgeville should be proud to have a branch of the American Association of the Federation located here. Misz Crowell has been a member of the American branch since 1904, and one may judge from her long-standing membership her value to the Association. She is personally ing the performance successful. Miss associated with the president and other executives of the American branches in Chicago, and in Columbia, Missouri.

The accomplishment of great things in the educational world is due, to a great extent, to the work of the International Federation of University Women. There the international methods of educational instruction are discussed. The final programme will be sisued later, but, in the meantime, the following outline of arrangements will make it clear that the members will have an opportunity of assisting at many interesting discussions during the Conference.

brate the Tenth Anniversary of the and delighted the entire house. The Foundation of the Federation, some time will be devoted to a survey of its past record, and a discussing of future possibilities of development. The programme will include reports and discussions upon the following subjects: (1)—The provision of Interdational Fellowships for Research; (2)—Methods of utilizing the resources of the Federation for the promotion of Intellectual Co-operation; (3)—The Equivalence of Academic Standards; (4)—The Investigation of Secondary Education for Girls and the Training of Teachers; (5)—The Interchange of Secondary School Teachers; (6)-The Promotion of Travel; (7)—The Train ing of University Women for Careers in Industrial, Commercial, and Financial matters; (8)—The Position of the Federation of University Women in the Public Services.

A consideration of the condition of unemployment among intellectual workers will be led by a speaker representing the department of the International Labour Office which is engaged in the investigation of this problem.

Hymn—Father of Lights. Organ Postlude—Gaul—Adora-

tion-From "Holy City"-Miss Jen-

The presentation of the Egyptian Princess by the music department of Georgia State College for Women Monday evening was a distinct achievement. The auditorium was filled with an appreciative audience. This pleasing operetta is the work of Jeanie Quinton Rossee and Charles Vincent. It was carried by the four college glee clubs conducted by Mrs. Helen Maxwell Longino. The soloists were college girls who were coached for the performance by Mrs. Helen Granade Long. Both ladies deserve highest commendation for their work in preparing the collegians. For purity of tone throughout the performance and volume in ensemble effort the work of the singers was praiseworthy.

Mrs. Helen Granade Long, as organ accompanist had much to do in mak-Maggie Jenkins accompanied the enire performance at the piano.

The stage was arranged as an open court in the palace grounds. Mrs. E. R. Hines as stage director managed the scenes and lights in a way that gratified the audience. The costumes of Egyptian design in many colors produced a gorgeous display. Miss Mamie Padgett designed the costumes and they were made in the art department of the college.

Miss Anna Elizabeth Miller directed the folk-dances which were full of grace and beauty.

The operatta with its varied program of pageant, acting, chorus, solo work, and folk-dancing made many demands upon the student perform-Since this Conference will cele- ers who met their duties excellently characters of the operetta were as

> Queen of Egypt-Mildred O'Neal. Princess Aida, her daughter-Margaret Counningham,

Princess Tabubu, sister of the Queen-Frances Christie.

Alva, an Irish Princess, stolen by Pirates-Beatrice Howard. Nyssa and Phila, Companions to

the Princess-Irma Vaughn and Aughtry Oliver.

Queen Grania, Captive Queen-Dorothy Colquitt. Herub, Daughter of Wizard-Mary Elliott.

MUSIC WEEK IS A SUCCESS

Many recitals and concerts by members of the student body-students in the music department—were

The rendering of the operas, Ernani and Martha, was among the Hymn-Haydn-O Worship the most commendable features of the program of the week.

> The music department is to be congratulated on the success of its undertaking.
