### HISTORY CLUB REPRESENTATIVES VISIT INDIAN MOUND

An interesting expedition was made last week by members of the History department to an old Indian mound located near Milledgeville. The purpose of the trip was to get Indian relics for the Georgia History Museum which is sponsored by the History Club. Pieces of pottery, Indian bones and part of an Indian skull were secured. Those who visited the Indian mound were Dr. Amanda Johnson, head of the History Department; Dr. E. H. Scott, Registrar; Miss Elizabeth Fort, president of the History Club; Misses Claire Flanders and Alice Lee McCormick, History majors.

### MRS. ASKEW SPEAKS AT VESPER

We were most fortunate Sunday evening in having with us, Mrs. Askew, a most gifted and consecrated worker of the Presbyterian church. She brought a message concerning the unique educational project now being wrought out at Rabun Gap, Nacoochee.

The choir opened the service with a chant, Mary McWhorter presided. After the scripture lesson Miss Pyle a talented member of our faculty whistled two selections. Rev. A. G. Harris of the Presbyterian church closed the service with a prayer.

## The A. A. U. P. Holds Interesting Meeting Tuesday

The local organization of the American Association of University Professors met Tuesday night, Oct., 28, in the college tea room. Miss Mable Rogers gave a review of the book "The Students Speak Out" which is a series of essays written by college students on what they think college might be. This report led to an open discussion of college relationships—what the teachers and pupils expected of each other, college teaching as a whole, and the grading system.

In the business meeting the question of an honorary scholarship society on the G. S. C. W. campus was brought up. The president was instructed to appoint a committee to investigate and report on this project. Dr. Webber who is going to Cleveland during the Christmas holidays consented to act as a delegate to the National Convention of the A. A. U. P.

Refreshments were served by a committee of the members headed by Miss Clara Morris.

The members of the association pronounced the meeting the most successful since organization of the A. A. U. P., on the campus.

The officers are as follows: Dr. McGhee, president; Miss Napier, vice-president; Miss Jenkins, secretary; Miss Hallie Smith, treasurer.

### EMORY GLEE CLUB COMING

Presenting a varied program of negro spirituals, Old English folk songs, quartet and solo music, and instrumental selections, the Emory Glee club, internationally famous college musical organization from Emory University, Atlanta, will appear in concert here November 29, according to an announcement by Tigner Thrasher, manager of the club.

Heralded both at home and abroad as one of the finest groups of collegiate singers in the country, the Emory Glee club, under the direction of Dr. Malcolm Dewey, now enjoys a distinction held by but few organizations of its kind in the United States. The club's remarkable presentation of southern negro spirituals has gained it the title of the "South's Sweetest Singers."

In addition to a number of victrola records made in this country, the club while playing at the noted Aeolian Hall, London, on its last European trip, made a series of 24 records for the Metropole Gramophone Company of London. On both of the Glee club's tours of Europe its presentations have secured the approbation of some of Europe's best musical critics.

The appearance here of the Emory Glee club will be the third upon its regular tour of the South. This trip, incorporating several cities in Georgia, will take in Milledgeville, Macon, Madison, Forsyth, and others.

In addition to its other travels, the Glee club has appeared in concerts from New York City to Havana, Cuba. Two years ago the singers visited Washington, D. C., and sang for the president.

## Dormitory Officers Elected At Meetings Held Last Week

### Old Book Secured For History Meuseum

Fine Collection of Georgia History Is Being Accumulated at G. S. C. W.

Another rare book was added last week to the history meuseum at the Georgia State College for Women when a copy of Watkins Digest was secured.

There are only six copies of this book in existence and Dr. Beeson considered the book a prize. A copy of the Yazoo Fraud act is in the book. This act was torn out of a great many of the books and it is known that there are very few of the original left.

The meuseum is gathering together a very fine collection of Georgia histories. Practically all of the House and Senate Journals have already been placed in the department.

### LARGE AUDIENCE SEES DRAMATIC INTERLUDES

A large audience heard Mr. D. V. Granville's "Dramatic Interludes" presented at the Richard B. Russell Auditorium, Monday night, October 27.

Mr. Granville, a distinguished English actor, gave his hearers a vivid portrayal of famous dramatic characters from Sophocles' "Oedipus Rex" to du Maurier's Svengali in "Trilby." Among his best personations were Richard III and Fedya from Tolstoy's "The Living Corpse." Remarkable features of the performance were the lighting effects, his complete transformation of his voice, and the quick changes in costume and make-up.

The program was divided into two groups of characterizations representing drama from the Greeks to Shakespeare, and from Moliere to the present.

### MR. WOODRUFF SPEAKS IN CHAPEL

The Home Economics club had quite a treat last Friday, Oct., 24. Mr. J. G. Woodruff from the experiment station at Griffin came down and demonstrated some of his new experiments which he has recently been working on. He has been working on the preservation of fruits by freezing.

He served to those present samples of figs, peaches, and strawberries. These tasted as though they had just been picked from the orchard; the strawberries had been preserved seven months and the figs and peaches two months. He said that the strawberries and figs would keep indefinitely but the peaches would probably discolor.

He also made an interesting talk in chapel on his experiments.

### ENGLISH CLUB ELECTS OFFICERS

### SCHOOL SPIRIT

What is this thing called school spirit? I've often wondered. Is it a certain definite devotion to the Alma Mater urging one to become thrilled when the Alma Mater is being sung?

I once heard a Freshman ask if G. S. C. W. were haunted—being asked why such absurdity was entertained the freshman promptly replied that she had heard rumors about the spirit of G. S. C. Maybe the grim reality of school spirit had dawned upon the freshman in that particular way. Every one to his own belief—however foolish it may seem to his hearers!

School spirit is more or less evident during debates. Daughters of G. S. C. are yet more or less enthusiastic and let out little squeaks—that's spirit alright. Various sports call forth school spirit—how about those interclass basketball games and field day? Oh my! the yells still resound in my memory.

All that is fine—the right spirit and everything but still school spirit impresses me as being something bigger, finer and connected more directly with our love and honor to our Alma Mater. It is that internal feeling, characteristic of all daughters of the college, that really touches the heart string and brings forth a tide of gratitude and appreciation for the school that has done so much for us, and thanksgiving for the contacts of friendships that we have made while classed among the students of our G. S. C. W.

### CORRECTION

The visit of Miss Epsie Campbell, State supervisor of vocational home economics, and Miss Edith Momar, director of vocational home economics in the south, at the college, had nothing to do with the organization of the home economic club as stated in a previous issue of the Colonnade.

A lovely surprise birthday feast was given by Misses Edna and Carolyn Tigner, Mary Ona Shearouse, and Pope Combs in the tea room on Oct., 25th.

### MISS WINIFFED FOWLER WEDS MR. MCKNIGHT

Miss Winiffed Fowler, daughter of Mr. and Mrs. L. S. Fowler, became the bride of Mr. McKnight, son of Mrs. Louise Wright McKnight in New York City Sunday at noon, according to an announcement that has been received here.

The bride is one of Milledgeville's brightest, sweetest and most attractive young women. She graduated at G. S. C. W., and taught in that institution the past year. She was at Columbia studying for a degree.

Mr. McKnight is well known in Milledgeville, having spent several years here, as a cadet at G. M. C., from which institution he graduated. He is a young man of splendid character and holds a responsible position with one of the leading hotels in New York.

Misses Mary Dimon and Henrietta Matthews entertained Monday afternoon with an informal tea in their room in Ennis Hall.

### FRENCH CLUB HAS WEINER ROAST

The Entire Nous, the newly organized French club, had their first outing Thursday afternoon, October 30, at Nesbit woods. A short business meeting was held before the weiners were roasted and plans were discussed as to the entertainment of the French lecturer who is to be on the campus November 17. Paunee Rigby sent in her resignation as secretary and Lillian Ledbetter was elected to take her place.

All business being settled the group engaged in the pleasant occupation of roasting weiners. A portable victrola furnished music and Dr. McGee kept the crowd laughing by his frequent witty remarks. The adjournment came all too soon.

### ALUMNAE

So like a tree skyward grown  
With long green branches to the sun

Up-turned, and trunk so strong  
A storm is only challenge song—  
Our college grows,—its ceiling sky,  
The world a sun for its far

Reaching limbs of influence, a star

Its guide through long,  
Brave progress from the old to new.  
It all might fall,—  
But that there never ends

A root-like circle of its older friends,  
Marguerite Arthur.

ON INSINCERITY

I detest insincerity. a guest  
at a garden party will exclaim over  
the beauty of her hostess' flowers  
and the lovely arrangement of the  
garden while in her mind she is  
comparing her garden with her  
own and laughing over her hostess'  
lack of taste. A woman will speak  
to an acquaintance whom she has  
not seen for some months and tell

her how well she is looking, but after  
the acquaintance is gone, she  
will comment on how ill she is looking  
or how poorly dressed. Wealthy  
men and women give lavishly to  
charity and to civic causes, probab-  
ly hating the people they are helping  
the town in which they live, but  
desirous of making a show. So-  
called friends confide in us and ap-  
pear devoted to us when everything  
is going well, but when adversity  
comes and we need true friends,  
they are not to be found. Politi-  
cians smile, shake hands, and make  
big promises, not because they love  
their country and desire to help  
their people, but because they want  
votes in order to secure a public  
office which will give them more  
power. Men and women fawn on  
those in positions of influence so  
that they may get good positions.

If one tries to be sincere, some-  
one remarks that he or she is tact-  
less or too plain-spoken. Society  
is made up largely of people pre-  
tending to be what they are not,  
saying what they do not feel, and  
doing what they do not wish to do.  
Why cannot men and women be sin-  
cere and yet tactful, kind and con-  
siderate at the same time?

Mary Burns.

Irate Father—"I can see right  
through that chorus girl's intrigue."

Lovesick Son—"I know, dad, but  
they all dress that way nowadays."

### LANIER CLUB ORGANIZED

The Lanier Club met for the first time last week to reorganize. The officers for this year are: Miss Evelyn Hyatt, president; Miss Marion Napier, vice-president; Miss Sara Morgan, secretary; Miss Catherine Patterson, treasurer; Miss Louise Hatcher, reporter.

The Lanier Club is composed of the graduates of Lanier High School. About thirty members were present at the first meeting of the club. It was decided that the club should meet every other Monday afternoon.

### SOPHOMORES DESCRIBE THEIR IDEAL TEACHER

Many wise sophomores expressed their ideas today in regard to their ideal teacher. The descriptions are of various and sundry types.

Marie Goodyear, vice-president of the class, stated that she admires a teacher who has personality enough to interest a class and make them want to study without resorting to harsh threats.

Bess Rowan, another outstanding member of the class said that she liked a rather hard boiled teacher who followed the motto, catch'em young, treat'em rough, tell'em nothing, let'em know you're the one in command."

Elizabeth Cowart says, "By all means let them be gentle and calm, for some of the professors frighten me to such an extent that function is smothered in service and nothing is but what is not."

Martha Parker says: "I like a teacher who lets a pupil 'speak for herself' sometimes, oftentimes the teachers talk, talk, talk, an entire period and think that a 'child' should be seen and not heard.

### FRESHMAN CLASS EDITOR ELECTED

Last Saturday at freshman chapel the freshman class editor of the Spectrum was elected. Those having the highest number of votes were Miss Virginia Rose Marshall, of Cordele, and Miss Marie Parker, of Atlanta. Miss Parker was elected by the final ballot.

### FACULTY MEMBER PRESENTED BOOK

A copy of "Our Todays and Yesterdays," a story of Brunswick and the coastal islands, written by Mrs. Margaret Davis Cate was recently received by Dr. Juanita H. Floyd at the Georgia State College for Women.

This work is a distinct contribution to Georgia history. Historic places of Glynn county and its famous people are frankly discussed.

The book is attractive in appearance, beautifully illustrated, and contains interesting old maps and charts. A detailed study of Nancy Hart has been included in this volume.

This copy was presented to Dr. Floyd in memory of her distinguished ancestors, Benjamin and Nancy Hart, who were at one time citizens of Brunswick.

### FRESHMAN ELOPES

The matrimonial course on our campus that was read about has recently been put into real application when Louise Rivers, one of the freshman on our campus, eloped with Mr. Leamon Ursey of Gibson, Ga.

We all regret that Louise has seen fit to give up her scholastic duties on our campus for those of a more domestic nature, but we wish her success and happiness and hope she will come back to see us sometimes.

### MID-TERMS

The week of dreaded mid-term is here,

And our dwindling minds are filled with fear,

We pour o'er our books with might and main,

And think every minute we're going insane.

We have three—even four in a day, For the teachers say this is the way

To learn to accept responsibility and care,

While we feel the greying of our hair.

We weakly walk in the fateful room And view the questions with face of gloom,

Then, we sadly begin to write And our answers—they're a sight.

Merely for a pass some fix their aim And others a hundred—O, how vain!

The fateful week has come at last And we are showing up our past.

B. B.

Oh, tell me, please, for goodness sakes:

Must night fall because day breaks?

Must flies fly because flies flee?

Must ships have eyes when they go to sea?

Must pens be pushed and pencils lead?

Must there be spring in ocean bed?

But most of all I want an answer? Is a busy-body a hula dancer?

**HE TOOK NO CHANCES,—BUT**

He brushed his teeth twice a day with a nationally advertised tooth-paste.

The doctor examined him twice a year.

He wore his rubbers when it rained.

He slept with the windows open.

He stuck to a diet with plenty of fresh vegetables.

He relinquished his tonsils and traded in several wornout glands.

He golfed—but never more than 18 holes at a time.

He got at least eight hours sleep every night.

He never smoked, drank or lost his temper.

He did his daily dozen daily.

He was all set to live to be a hundred—

The funeral will be held next Wednesday. He is survived by

eighteen specialists, four health institutes, six gymnasiums, and numerous manufacturers of health foods and antiseptics.

He had forgotten about trains at grade crossings.

### SAFETY FIRST—AND SECOND

By Mae Evans

Sat a G. M. C. boy in the choir. Like other G. M. C. boys, except that

on the lapel of his uniform nodded and swayed a prodigious rose. The

foliage spread, but his ears could be plainly seen from the last row in the congregation.

"What ho!" gasps the student body. "Is the military school introducing appreciation of art and beauty to counteract the sternness of a

life of hep, hep, hep or whatever it is they snort so effectively through their noses?" Not so!

A whispered conference among the songsters reveals the fact that the

boy hasn't seen the girl since grammar school days, and that she is to wear a safety pin, and he, a rose.

Follows a fervent search to which one by one the choristors succumb scanning rows on rows of faces. The

question of the hour becomes "cherchez le femme of the safety pin!"

Diligence is rewarded and victory goes to the one most concerned. His

face becomes suffused with a glow of happiness that comes with a task

well done. A smile spreads and

widens until its extremities are visible at each side of the rose.

Short lived contentment!

A startled glance at the girl's

campionship reveals an identical safety pin at the identical position on the lapel. Two girls! two safety pins!! confusion!!

The girl, smile innocently into into space. A cadet ponders the duplicity of women.

### MRS. OLIVE OWENS GIVES HALLOWE'EN PARTY

One of the loveliest entertainments of the Hallowe'en season was the party given by Mrs. Olive Owens Saturday night Oct. 25, in the Tea Room.

The decorations such as pumpkins, lanterns, corn stalks and mummified ghosts, converted the tea room into an atmosphere of actual "spookdom." The fortune telling booth confronted by the witches fire and mystic pat proved most aluring to the guests.

Many interesting games, guessing contests etc., were enjoyed. One of the most delightful events of all was the scare-crow and witch dance. This dance and the costumes worn were designed and presented by the costume design class and the girls assisting in the Home Economics Department. Those girls were:

Miss Dixie Neal, Miss Elizabeth Astin, Miss Isabel Clatt, Miss Marion McArthur, Miss Onida McClure, Miss Mary Russell McEntire, Miss Edna Lee Newton, Miss Edith Van Cise

Miss Vivian Williams, Miss Jannie Maddox, Miss Nora Ethel English, Miss Louise Lowe. The invited

guests were: Dr. and Mrs. Beeson, Dr. and Mrs. Scott, Dr. and Mrs. Wynn, Dr. and Mrs. Tigner, Mr. and Mrs. M. S. Bell, Dr. and Mrs. McGhee, Miss Burfit, Miss Annie Harper, Miss Maybre Harper, Miss Riddell, Miss Hasslock, Miss Rosabel Burch, Miss Morris, Miss Tabb, Miss Cornelia Chappell, Miss Steele, Mr. and Mrs. Stewart Wooten, Miss Frances Thaxton, Mr. and Mrs. Edgar Long, Miss Turner, Miss Klomburg, Miss Bencroft, Miss Sutton, Miss Padgett, Miss Mary Moss, Dr. Nevins, Miss Satterfield, Mrs. Terry, Miss Thelma Hall, Dr. Johnson, Miss Nixon, Mrs. Ireland, Miss Margaret Candler, Miss Hazel Moore, Miss Annie Jo Moye, Miss Lilia Myrick, Miss Crowell, Miss Marie Smith, Miss Isabel Jones, Miss Rogers, Mrs. Beaman, Miss Helen Green, Miss Sara Bigham, Dr. Bolton, Miss Sara Nelson, Miss Bernice Legg, Miss Emily Hall, Miss Dorothy Parks, Dr. Floyd, Miss O'Kelly. There were several out of town visitors as guests to share the hospitality of Mrs. Owens also.

### STUDENTS WASTING TIME ON ACTIVITIES

Berkeley, Cal., Oct. 14.—The American students are wasting their best years for study in the pursuit of extra-curricular activities of no lasting value is the opinion advanced by Mile. Hitzell, French linguist now lecturing in this state.

"In France a university is purely for intellectual development," she says. "A French student completes his bachelor degree in two years."

The French universities are only for post graduate students. All others study in non-co-educational institutions which are somewhat similar to American junior colleges. Extra curricular and social activities have no place in French seats of earning.
