Georgia College
Graduate
Catalog 1980-81

SPECIAL NOTE TO STUDENTS:

The academic and administrative policy of the College subscribes to the non-discrimination provision of Title VI of the Civil Rights Act of 1964, which states: "No person in the United States shall, on the ground of race, color, or natural origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity" of Georgia College.

The academic and administrative policy of the College also subscribes to the non-discrimination provisions of Title IX of the Higher Education Act of 1972, which states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity" of Georgia College.

It is understood that throughout this Catalog and all other publications of Georgia College, the terms "he, his, him, himself, chairman," etc. are used without regard to sex.

Georgia College is accredited by the Southern Association of Colleges and Schools and the National Council for Accreditation of Teacher Education. The College is a member of the Association of State Colleges and Universities, the American Council on Education, the American Assembly of Collegiate Schools of Business, the National Association of Schools of Music, the National League for Nursing, the National Association of Schools of Public Affairs and Administration, and the Georgia Association of Colleges. Women graduates of the College are eligible for membership in the American Association of University Women.

This catalog is primarily for the prospective graduate student. The statements set forth herein are for informational purposes only and should not be construed as the basis of a contract between a student and this institution.

While the provisions of this catalog will ordinarily be applied as stated, Georgia College reserves the right to change any provision listed herein, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available in the Office of the Graduate School and the Office of the Vice President for Academic Affairs. It is especially important that each student note that it is his responsibility to keep himself apprised of current graduation requirements for his particular degree program.

GENERAL INFORMATION

GENERAL INFORMATION

HISTORY

The home of Georgia College is on the fall line of the Oconee River, less than a dozen miles from the geographic center of Georgia. It is approximately one hundred miles from Augusta, Atlanta, Albany, and Columbus, and thirty miles from Macon. The town, which has a population of over eighteen thousand, is placed in an immediate setting of natural beauty and has long been known as a center of history and culture.

Milledgeville was designated as the capital of Georgia in 1804 and remained the seat of government until 1868. Its physical layout and the arrangement of public buildings coincided in point of time with the organization of Washington, D.C., and the town is somewhat reminiscent of the nation's capital during the early part of the 19th century.

The community was closely identified with the life and culture of the ante-bellum South. For more than half a century it was the mecca for Georgia's political and intellectual leaders and was visited by many famous foreign travelers, among them the Marquis de LaFayette and Sir Charles Lyell. Although the town was in the heart of the "Burnt Country" in 1864 and was one of the principal objectives of Sherman's army in the march to the sea, its residences and public buildings were largely spared. Many of its landmarks remain today as attractions to tourists. The Old Governor's Mansion and grounds and two of the original Government Squares are part of the campus of the College. The Mansion, completed in 1838, is the official residence of the president of the College. Buildings and grounds of the old Capitol Square are occupied by the Georgia Military College.

As early as 1825 the Georgia House of Representatives, in session at Milledgeville, passed an act to establish "a public seat of learning in this state for the education of females." On the failure of the Senate to concur, the matter was dropped and was not considered seriously again for three-quarters of a century. In the meantime, a number of academies for men and women sprang up throughout Middle Georgia. Among them were the Georgia Female College and Oglethorpe University, established in the vicinity of Milledgeville during the 1830's. This was an era in which the South was building its educational services upon the pattern of young ladies' seminaries and of denominational and military institutions preparing young men to be gentlemen-planters. Most of these institutions succumbed to the War Between the States and were never reopened.

Reconstruction and its aftermath laid the basis for a different type of education. The New South, with its urban-industrial emphasis, slowly displaced the old agrarian ideal. The Georgia School of Technology, now the Georgia Institute of Technology, at Atlanta, chartered in 1885, and the Georgia Normal and Industrial College, at Milledgeville, chartered in 1889, were manifestations of the trend of the times. As the names indicate, these institutions were devoted chiefly to the task of preparing young men and women, on separate campuses, for industrial occupations. The emphasis at that time was largely vocational.

In 1917, in keeping with the economic and cultural changes in the State, the Georgia Normal and Industrial College was given power to grant degrees, and the first degree was granted in 1921. With this change the College introduced more cultural courses, and the liberal arts degree was offered. In 1922 the name of the institution was changed to the Georgia State College for Women. In 1961 the name was again changed to The Woman's College of Georgia. With these changes came a broader academic and professional program.

In January, 1967, the Board of Regents of the University System of Georgia authorized The Woman's College of Georgia to admit men students during the 1967-68 fiscal year, to expand its curriculum and physical facilities, and to provide residence halls for men. Non-dormitory men students were admitted, however, to regular undergraduate classes for the first time in the Spring Quarter, 1967. The new name, Georgia College at Milledgeville, was adopted by the Board later in March, 1967. In October, 1971, the Board of Regents changed the name to Georgia College.

These last changes make available a senior college for both men and women students in the middle Georgia area. The institution continues to draw students from the state and nation as well as throughout the world.

The Graduate Program at Georgia College was initiated in the Summer of 1958, and the first Master of Education Degree was granted the following year. Courses leading to the Master of Business Administration Degree were offered for the first time in the Winter Quarter of 1969. The Master of Arts in History was added in the Fall of 1970, the Master of Science in Biology in the Fall of 1972, and the Master of Science in Psychology in the Fall of 1978. The Sixth Year Specialist in Education Degree is also offered.

The intent of the Graduate Program at Georgia College is to provide the student with a sufficient background to become an investigator in special fields of learning as well as enhancing his research methods, professional skills and competence.

STATEMENT OF PURPOSE

Within a community of learning which possesses diverse interests and knowledge, Georgia College, on its residential campus and through its off-campus programs, seeks to enable men and women to live thoughtful and creative lives. The College's environment encourages the student to consider intelligently such matters as the choice of vocation, the importance of community involvement, the responsibilities of citizenship, and the achievements of our artistic and philosophical heritage. Professional development of the faculty, through individual study, research, and public service is considered essential to effective and innovative teaching.

Recognizing the interrelationships among the arts and sciences, the College's general education curriculum acquaints the student with various disciplines before major specialization. A program for students needing additional preparation for college-level work and an honors program for gifted students allow the College to serve individuals with widely diverse abilities. Georgia College offers professional degree programs in business, education, health and public service, as well as programs in the arts and sciences, to provide the student a broad range of choice in his undergraduate major. Furthermore, to promote student development and to insure that education is not limited to the classroom experience, the College provides an orientation program, student advisement, a variety of extra-curricular activities, and the opportunity for vocational guidance. The long-standing and reciprocal relationship between the College and the regional community also provides many occasions for exchange and growth, including many off-campus educational experiences.

Georgia College, as an integral part of the Middle Georgia community, emphasizes graduate, undergraduate, and continuing education programs designed to meet the educational needs resulting from social, intellectual, and technological change. Specialized programs, on a credit and noncredit basis, are offered for professional development and personal enrichment.

Georgia College provides opportunities for students to think critically and independently, to find meaningful work, and to promote values which are worthwhile and humane.

EXPENSES

As a unit of the University System of Georgia, Georgia College is a state-supported institution. As such, it makes no tuition charge for residents of Georgia.

The basic charges are as follows:

GENERAL FEES

	Academic	Health	Activity	Total
STUDENTS TAKING LESS THAN 12 QUARTER HOURS:				
12 OR MORE HOURS				
Legal Residents of Georgia	\$153.00	\$10.00	\$23.00	\$186.00
Non-Residents	415.00	10.00	23.00	448.00
11 QUARTER HOURS				
Legal Residents of Georgia	143.00	10.00	23.00	176.00
Non-Residents	385.00	10.00	23.00	418.00
10 QUARTER HOURS				
Legal Residents of Georgia	130.00	10.00	23.00	163.00
Non-Residents	350.00	10.00	23.00	383.00
9 QUARTER HOURS				
Legal Residents of Georgia	117.00	10.00	23.00	150.00
Non-Residents	315.00	10.00	23.00	348.00
8 QUARTER HOURS				
Legal Residents of Georgia	104.00	10.00	23.00	137.00
Non-Residents	280.00	10.00	23.00	313.00
7 QUARTER HOURS				
Legal Residents of Georgia	91.00	10.00	23.00	124.00
Non-Residents	245.00	10.00	23.00	278.00
6 QUARTER HOURS				
Legal Residents of Georgia	78.00	10.00	23.00	111.00
Non-Residents	210.00	10.00	23.00	243.00
LESS THAN 6 QUARTER HOURS (Calculated Per Hour)				
Legal Residents of Georgia	13.00	None	None	13.00
Non-Residents	35.00	None	None	35.00

DORMITORY CHARGES

Per quarter \$150.00 to 160.00

FOOD SERVICE

The following choices are available:

2 meals a day Monday through Friday . . . \$188.00

14 meals a week 209.00

21 meals a week 223.00

All dormitory residents must have one of the meal plans.

PAYMENT OF COLLEGE EXPENSES

Students are expected to meet all financial obligations when they fall due. Georgia College reserves the right to deny admission, to withhold transcripts and other education records, or drop any student who fails to meet promptly his financial obligations. It is each student's responsibility to keep informed of all registration and fee payment dates, deadlines, and other requirements, by referring to the official calendar of events in the catalog, printed and posted announcements or through other means from time to time.

All student fees and charges are due and payable at the time stated in the calendar. A student is not officially registered until all fees and charges are paid.

CHECKS

If the student's bank does not honor the demand for payment and returns the check unpaid, the student is subject to payment of the maximum late payment fee, plus returned check charge of \$5.00. If payment is not cleared promptly, the student's registration is subject to cancellation and legal action.

DEPOSITS REQUIRED

All deposits received will be credited to the student's account. All deposits are nontransferable. Student may expect requested refunds within 30 days of the beginning of the quarter or date of the request, whichever is later.

ROOM RESERVATION DEPOSIT (\$35.00)

Required of all students expecting to live in College student housing. Students registering for the first time will send this deposit with Request for Room form when requested by the Dean of Students. Students currently enrolled will pay this deposit at the Business Office prior to assignment of rooms. Room Reservation Deposit is refundable only when written request for cancellation and refund is received by the Director of Admissions or Student Affairs Office 30 days prior to the registration date for the specific quarter.

SPECIAL DEPOSITS

KEY DEPOSIT (\$5.00)

Required of students issued keys.

SPECIAL FEES

APPLICATION FEE (\$10.00)

A non-refundable fee is required of all students applying for admission to the College. The fee will be sent with the application for admission.

GRADUATION FEE (\$10.00)

This fee is required of all degree candidates and is payable at the time that *Formal Application for Degree or Diploma Request* is made. The fee is non-transferrable and non-refundable. It entitles the student to one (1) diploma and use of academic regalia.

LABORATORY FEE

Certain college departments may charge a laboratory fee in courses requiring extra materials or services of instruction. These fees are indicated in the course descriptions.

LATE PAYMENT FEE (\$5.00 TO \$10.00)

Students who fail to make payment of fees and living expenses at the time provided in the College calendar will be charged a late fee of \$5.00 for the first day and \$1.00 for each additional day to a maximum of \$10.00.

OFF-CAMPUS COURSES

The fee for off-campus courses is \$15.00 per credit hour or at an established contract rate.

TRAFFIC AND PARKING VIOLATION FEES

Each year the College prints an up-to-date set of traffic and parking regulations. These are available upon request from the Security Office. Violation of these regulations can result in a traffic ticket being issued to the offender. Tickets are issued by members of the College Security Force and every Security Officer is a deputized law enforcement officer of Baldwin County. The fine as indicated on the ticket is collected by the cashier at the Business Office.

TRANSCRIPT OF RECORD FEE (\$1.00)

One full transcript of work completed will be furnished without charge. A fee will be charged for each additional single copy.

RETURNED CHECK CHARGE (\$5.00)

Any check is accepted provisionally, in lieu of cash, and the presumption is made that it will be honored when presented for payment at the bank. Any check returned unpaid will result in a charge of \$5.00 to the person from or for whom the check was accepted.

MUSIC FEES

PRIVATE LESSONS (APPLIED MUSIC)

These fees are in addition to regular course fees.

Instruction in piano, voice, and orchestral instruments, one-half hour lesson each week, each quarter	\$20.00
Instruction in organ, one hour lesson each week, each quarter	\$42.00

HOUSING COST AND REGULATIONS

Only regularly enrolled students may live in the residence halls. When accepting a room assignment, the student agrees to follow regulations established by the College, including the carrying of at least 10 hours each quarter.

Rooms may be occupied only upon assignment by the office of Student Affairs, and all exchanges, transfers, and vacating of rooms must be approved by that office.

Double rooms are occupied by two persons. If one of the occupants vacates the room, the student remaining agrees to accept a roommate assigned or to move to another room upon request. The office of Student Affairs reserves the right to make all final decisions on assignments.

Room rent and charges for food service are based on current prices and are listed above under *General Fees*. The right to adjust these charges to meet changing conditions is reserved by the College.

REFUND POLICY

Students may expect requested refunds within 30 days of the beginning of the quarter or date of the request, whichever is later.

REFUND FOR REDUCTION OF COURSE LOAD

A student who elects to drop a course for which he has registered and paid fees shall receive a refund of fees only if notice is given to the Registrar and to the Business Office on or before the last day to make course changes without fee penalty as indicated in the College calendar. Such student shall then be charged at the per quarter hour rate applicable to the remaining number of quarter hours for which he is registered.

Please note: If reduction of course load results in no (0) hours remaining registered for that quarter, formal withdrawal is necessary. See also below.

REFUND FOR WITHDRAWAL

Withdrawal from the College must begin with formal approval from the Student Affairs office.

THE FOLLOWING REGULATIONS APPLY TO THE MATRICULATION FEE WHEN FORMAL WITHDRAWAL IS APPROVED:

Students who formally withdraw prior to or during one week following the scheduled registration date are entitled to a maximum refund of 80% of the matriculation fee paid for that quarter.

Students who formally withdraw during the period between one and two weeks after the scheduled registration date are entitled to a maximum refund of 60% of the matriculation fee paid for that quarter.

Students who formally withdraw during the period between two and three weeks after the scheduled registration date are entitled to a maximum refund of 40% of the matriculation fee paid for that quarter.

Students who formally withdraw during the period between three and four weeks after the scheduled registration date are entitled to a maximum refund of 20% of the matriculation fee paid for that quarter.

Students who withdraw after a period of four weeks has elapsed from the scheduled registration date will be entitled to no refund.

Because the College must enter into contracts in advance for services relating to the Student Activities Program and Health Services for students, no refund of the fees paid to support these services will be made.

Because of the specific nature of the instruction of Applied Music, no refunds of these fees will be made.

REFUND FOR STUDENT HOUSING

Upon formal withdrawal from the College or approved vacating of student housing.

First Week	80%
Second Week	60%
Third Week	40%
Fourth Week	20%
Beyond Fourth	—0—

REFUND FOR FOOD SERVICE

After payment and/or being assigned a meal ticket, upon surrender of the meal ticket, refund will be prorated for meals remaining with a \$5.00 penalty.

NON-RESIDENT STUDENTS

Non-Resident Tuition — A tuition fee of \$22.00 per quarter hour up to a maximum of \$262.00 per quarter is paid during the registration period at the beginning of each quarter by students who do not qualify as residents of the State of Georgia. This fee is in addition to matriculation fee.

STUDENT RESPONSIBILITY — The responsibility of registering under the proper residence classification is that of the student, and if there is any question of his right to classification as a resident of Georgia, it is his obligation, prior to or at the time of his registration, to raise the question with the administrative officials of the institution in which he is registering and have his status officially determined. Failure to give complete and accurate information regarding residence will constitute grounds for disciplinary action.

DEFINITION OF RESIDENCE — To register as a legal resident of Georgia at an institution of the University System a student must establish the following facts to the satisfaction of the registering officer:

- A. (a) If a person is 18 years of age or older, he or she may register as a resident student only upon a showing that he or she has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.
 (b) No emancipated minor or person 18 years of age or older shall be deemed to have gained or acquired in-state residence status for fee purposes while attending any educational institution in this State, in the absence of a clear demonstration that he or she has in fact established legal residence in this State.
- B. If a person is under 18 years of age, he or she may register as a resident student only upon a showing that his or her supporting parent or guardian has been a legal resident of Georgia for a period of at least twelve months immediately preceding the date of registration.

- C. A full-time faculty member of the University System and his or her spouse and dependent children may register on the payment of resident fees even though he or she has not been a legal resident of Georgia for the preceding twelve months.
- D. Non-resident graduate students who hold teaching or research assistantships requiring at least one-third time service may register as students in the institution in which they are employed on payment of resident fees.
- E. Full-time teachers in the public schools of Georgia and their dependent children may enroll as students in the University System institutions on the payment of resident fees when such teachers have been legal residents of Georgia for the immediately preceding nine months, or engaged in teaching full time during such nine-month period, and have been employed to teach full time in public schools of Georgia during the ensuing school year.
- F. All aliens shall be classified as non-resident students; provide, however, that an alien who is living in this country under a visa permitting permanent residence shall have the same privilege of qualifying for resident status for fee purposes as a citizen of the United States.
- G. Foreign students who attend institutions of the University System under financial sponsorship of civic or religious groups located in this State, may be enrolled upon the payment of resident fees, provided the number of such foreign students in any one institution does not exceed the quota approved by the Board of Regents for the institution.
- H. If the parents or legal guardian of a minor change their legal residence to another state following a period of legal residence in Georgia, the minor may continue to take course for a period of twelve consecutive months on the payment of resident fees. After the expiration of the twelve-month period the student may continue his registration only upon the payment of fees at the non-resident rate.
- I. In the event that a legal resident of Georgia is appointed as guardian of a non-resident minor, such minor will not be permitted to register as a resident student until the expiration of one year from the date of court appointment and then only upon proper showing that such appointment was not made to avoid payment of the non-resident fees.
- J. Military personnel, and their dependents, stationed in Georgia and on active duty, except military personnel assigned to System institutions for educational purposes, shall pay the same fees assessed residents of Georgia.
- K. *Hearings on Appeals of Resident Classification* — The Executive Secretary of the Board shall act as the hearing officer to conduct hearings on all appeals by students or others concerning classification of students as residents and non-residents and filed with the Board pursuant to the provisions of Article IX of the Bylaws. The Executive Secretary shall investigate the matter thoroughly and submit his recommendations to the Board for decision within the time required by said article of the Bylaws.
- L. Career Consular Officers and their dependents who are citizens of the foreign nation which their Consular Office represents, and who are stationed and living in Georgia under orders of their respective governments, shall be entitled to enroll in the University System institutions on payment of resident fees. This arrangement shall apply to those Consular Officers whose nations operate on the principle of educational reciprocity with the United States.

FINANCIAL ASSISTANCE

Georgia College awards financial assistance in order that qualified applicants may have the opportunity to achieve a college education regardless of the financial circumstances of the family. Scholarships, grants, loans, and student employment are available to accomplish this purpose.

The College is a member of the College Scholarship Service (CSS) of the College Examination Board. Participants in CSS subscribe to the principle that the amount of financial aid granted a student should be based upon financial need. The CSS assists colleges in determining the student's need for financial assistance. All students seeking financial assistance are required to submit a copy of the Financial Aid Form (FAF) to the College Scholarship Service designating Georgia College as a recipient. The FAF may be obtained from a secondary school, the College Scholarship Service, P.O. Box 2700, Princeton, New Jersey 08540, or the Georgia College Office of Financial Aid.

ACADEMIC REQUIREMENTS

Academic requirements vary for each type of assistance. To qualify for a scholarship, an above average academic record is required. Barely admissible candidates are required to attain a satisfactory academic record for one quarter before receiving financial assistance, unless attendance is not possible without aid.

APPLICATION PROCEDURE

Applications for financial assistance may be secured from the Office of Financial Aid. A single application enables the student to receive consideration for all types of assistance awarded by the College. To receive full consideration for scholarships and grants, applications and FAF's must be received by March 15.

RENEWAL OF FINANCIAL ASSISTANCE

The financial aid recipient may continue to receive assistance as long as he is enrolled at the College provided he (1) continues to be in need of assistance, (2) reapplies annually at the prescribed time, and (3) makes normal progress toward graduation.

NATIONAL DEFENSE STUDENT LOANS

The College participates in the National Defense Student Loan program established by the National Defense Education Act of 1958 (Public Law 85-864). Students enrolled at least one-half time and in need of assistance to meet educational expenses are eligible to receive these loans.

The graduate student in need of assistance may borrow as much as \$1000 per year of a total of \$5000 from this source. Repayment begins nine months after the student completes his studies, and no interest accrues until the repayment period begins. Interest at the rate of 3 percent is charged from the beginning of the repayment period until the loan is fully repaid. If necessary, repayment may be extended over a ten-year period.

The borrower who becomes a full-time teacher in a public or nonprofit private school may have at least one-half of his loan cancelled by service. If he teaches in a school officially designated as being in a low income area, or if he teaches the physically or mentally

handicapped, he is eligible for cancellation at the rate of 15 percent per year of service. In other teaching situations his loan may be cancelled at the rate of 10 percent per year for five years.

GUARANTEED LOANS

Under the Guaranteed Loan Program loans are arranged through private banks and other financial institutions. Interest is paid by the Federal Government until the student completes his education. The amount of such loans depends upon financial need.

In Georgia this loan program is administered by the Georgia Higher Educational Assistance Corporation, 9 LaVista Perimeter Park, Suite 110, 2187 Northlake Parkway, Atlanta, Georgia 30084.

STUDENT EMPLOYMENT

Approximately twenty percent of the College's students hold part-time jobs on campus. Students fill a variety of positions in administrative offices, departmental offices, the library, science laboratories, cafeteria, residence halls, and elsewhere.

To be eligible for job placement, one must either be accepted or enrolled in good standing at the College and maintain a C average.

Job applications may be obtained from the office of Financial Aid.

COLLEGE WORK-STUDY PROGRAM

Students who need to earn a portion of their College expenses are eligible for employment under the Federally supported College Work-Study Program. Students in this program may work fifteen hours a week while classes are in session and forty hours a week during vacation periods. By working full-time during the summer and other vacation periods, some students in this program earn a substantial portion of the total cost of attending the College.

GEORGIA COLLEGE WORK-STUDY PROGRAM

The Georgia College Work-Study Program provides additional opportunities for students to secure campus employment. Qualifications are the same as for the College Work-Study Program, and a single application allows the applicant full consideration for either program.

VETERANS SERVICES

In addition to the regular benefits, veterans can obtain financial aid in the form of work-study loans, refresher training, and tutorial allowances. This program should be used by anyone who needs assistance. For further information, contact the Veterans Administration Regional Office, 730 Peachtree Street, N.E., Atlanta, Ga. 30308. The Coordinator of Veterans Services on campus is also available to assist you in any of these programs.

COOPERATIVE EDUCATION & INTERNSHIP PROGRAMS

Georgia College encourages off-campus educational experiences through Cooperative Education and Internship programs. These programs offer students an opportunity to address real-life problems under the supervision of successful professionals in the public and private sector with the guidance of faculty members.

The Cooperative Education program provides for education enrichment through combining meaningful full-time work in the public or private sector in an alternating pattern with classroom studies at Georgia College. The work period is equal to the study time which is consistent with the quarter system at Georgia College. The college is responsible for the development and coordination of the work sequence in cooperation with the employer's representative. The work activities shall be of such a nature as to provide for a substantial learning experience that will complement the student's classroom studies on campus. Students will normally work two or more quarters under the co-op program.

All Cooperative Education students are required to enroll in the appropriate co-op course and earn academic credit in accordance with the policies and procedures as outlined by the academic department and handbook on Cooperative Education.

Internships are designed as a (one-quarter) field experience with emphasis on a specific project or task to be completed. Most internships involve community-based learning experiences for a public agency, providing a needed service to society and encouraging students to consider careers in public programs.

Approval for student participation in both programs is determined by the Department Chairperson and the Director of Cooperative Education and Internship. Students approved may earn up to fifteen hours of academic credit. Generally speaking, both programs are limited to upper division students with at least a 2.0 grade point average. For application or further information, contact the Office of Cooperative Education & Internship located in Parks Hall.

SENIOR ARMY ROTC

Selected students may enter the two year Senior Army ROTC program available to Georgia College. Qualified applicants may receive \$100 per month for up to twenty (20) months or a maximum of \$2000. Additionally, students receive approximately \$500 for a six week leadership practicum taught during the summer at a major military installation.

Additional information and applications can be obtained by calling collect (912) 452-7878 or writing Georgia College, Army ROTC Opportunities, Box 829 Milledgeville, GA 31061.

GRADUATE ASSISTANTSHIPS

A limited number of graduate assistantships are offered through the departments which have graduate degree programs. Recipients provide educationally beneficial assistance to the department which awards the assistantship. Applications for graduate assistantships should be directed to the chairman of the department of the applicant's degree program.

Graduate Assistants must have been approved for *regular admission* to a graduate program.

There are three classifications of graduate assistants. They are as follows:

GRADUATE ASSISTANT (G.A.)

Graduate Student who is assigned regular duties in an administrative office or within a department. Duties must be relevant to the student's major field of study and shall be of academic value. Approval is granted by the Dean of the Graduate School upon recommendation of the department chairperson.

GRADUATE TEACHING ASSISTANT (G.T.A.)

Graduate Student who is assigned regular teaching schedule (laboratory, lower division practice sessions, etc.) and has at least partial responsibility of assignment of grades to students. (Teaching will be done under supervision of a regular faculty member). Must have Regents approval after recommendation by the Dean of the Graduate School and Vice President for Academic Affairs.

GRADUATE RESEARCH ASSISTANT (G.R.A.)

Graduate Student who is assigned regular responsibilities for a research project which has official recognition. Approval is granted by the Dean of the Graduate School upon recommendation by the Director of Research Services and project director.

STIPEND

The college-funded stipend for graduate assistants is scaled with the Graduating Teaching Assistant receiving the highest and Graduate Non-Teaching Assistant the lowest.

The external granting agency stipend is an agreement between the person who writes the grant and the graduate research assistant.

STUDENT SERVICES AND ORGANIZATIONS

LIBRARY SERVICES

The Ina Dillard Russell Library, named for the mother of the late Senator Richard B. Russell, is the center for research activities of the College. The resources of the Library include over 140,000 books, 1,327 current magazine and newspaper subscriptions, and extensive collections in microform. Particularly useful are the microfilm collections of *The New York Times* from its beginning date of 1851; *The Atlanta Constitution* from 1868; *The Times* (London) from 1785; the American Statistics Series; the American Periodical Series, a series of 18th, 19th and early 20th century periodicals; and the Educational Resources Information Center (ERIC) research reports on microfiche from 1966 to the present. As a U.S. Government depository, the Library receives approximately 4,000 documents annually. Some 40,000 items are added to the collection each year to support the growing undergraduate and graduate programs.

The Library's Special Collections contain material on local history, Georgia history, books by and about Georgians, rare first editions and other valuable books, manuscripts, research maps, the archives of the college and an extensive cookbook collection. The most notable special collection is the Flannery O'Connor Collection of manuscripts and books housed in the Flannery O'Connor Room. This valuable collection of manuscripts, books and memorabilia of the world-renowned author, who was a member of the class of 1945, was given to the Library by her mother, Regina Cline O'Connor. A separate collection of antique clocks and watches with appropriate horological literature is also maintained as a part of the Special Collections.

A separate model collection of resource material for preschool through high school pupils is housed in the Learning Resources Center which is administered by the Russell Library staff.

This integrated collection of books and non-book media includes a sampling of new and old instructional material and is used by all departments of the College for courses in teacher education. The collection is housed in the Kilpatrick Education Center.

The campus-wide Media Equipment Center, which is also located in the Kilpatrick Education Center and administered by the Library, makes available to faculty, student groups or individuals the various types of projection/playback machines that are necessary to utilize audio-visual materials. The center staff delivers and sets up the requested equipment for faculty use in classrooms on campus. Adjacent to the Media Equipment Center are two media production laboratories which can be used by students and faculty to make audio-visual instructional material for classroom use. Equipment is available for the production of transparencies, slides, audio tapes, video tapes, and dry mounts. The Media Services staff is available to assist in the production of these aids.

The Library is a member of the East Georgia Triangle, the Central Georgia Associated Libraries, the Health Science Libraries of Central Georgia, and participates in the Georgia Library Information Network. Association in these four consortia facilitates the borrowing of material through participating libraries, thereby increasing the resources available to Georgia College students and faculty. The University System of Georgia Joint Borrowing Policy for Libraries permits Georgia College graduate students and faculty to borrow materials from other libraries in the university system. Researchers wishing to use this service must get a special card for this purpose from the office of the Director of Libraries.

With the 1968 addition and remodeling the Library is one of the most attractive and comfortable buildings on campus. A variety of seating is provided, including individual study carrels and tables for group study. A typing room furnished with typewriters is provided for student use at no charge. Copying service for print and non-print materials is available at a nominal cost. The Library is normally open 77 hours a week with a reference librarian on duty much of this time to provide assistance and informal instruction in the use of the Library.

STUDENT AFFAIRS

Georgia College offers students many educational services, developmental programs and extra-curricular activities. All are designed to aid in students' academic and career goals as well as to enrich the students' college life. These services, programs, and activities are coordinated by the Student Affairs office located in 106 Parks Hall. All students should stop by this office and obtain a student handbook for more specifics.

RESIDENCE HALLS

Georgia College operates six (6) residence halls for student occupancy.

Students interested in information on residence hall living and/or a room reservation should talk with the Residence Life Coordinator in 107 Parks Hall.

RESIDENCE HALL REGULATIONS

Resident students are held responsible for any damages to their rooms and furnishings and to this end, as well as for the purpose of maintaining order and discipline of dormitory residents, the College reserves the right to inspect dormitory rooms at reasonable times and hours. Damages to common areas of the residence hall or their furnishings shall be the responsibility of the students inflicting the damage; or, in the event the students committing

the damage are unknown, such costs shall be the responsibility of the total resident population of the hall, to be shared on a pro rata basis. Damages will be assessed by the College and the student will be billed for repairs or replacements. Students should inform College officials of any damages which exist at the time they occupy their rooms.

Although every precaution is taken to maintain adequate security, the College cannot assume the responsibility for the loss or damage to student possessions.

Students may receive visitors in their rooms as provided by the regulations in effect in the various residence halls. In each residence hall the house director should be informed of the presence of overnight visitors. Near relatives and close friends of students may spend the night in the residence halls on Friday and Saturday as guests of the students and will be expected to pay a nominal overnight fee to the house director.

The residence halls close for Thanksgiving vacation, when classes are not in session between quarters, and other dates as indicated by the Student Affairs staff.

HEALTH SERVICES

Promoting sound physical and emotional health is a major goal of the College. This is accomplished through the health services and health education. The health services are centered in Parks Memorial Infirmary. In charge of the infirmary and its staff of nurses and of the health services is a competent physician.

The primary aim of the medical services is the maintenance of good health among the members of the College community. Preventive medicine is the foremost consideration. However, always available are remedial measures in cases of illness and follow-up treatment for students who are under the care of home physicians. Clinics are held daily to which any student may go for treatment of minor or chronic conditions or for consultation with the College physician.

In case of serious illness or accident, parents are notified by telegram or telephone message.

As a part of health service, arrangements are made each year to provide immunization against influenza.

Psychiatric consultative services are available at the request or consent of the student and parent.

COUNSELING SERVICES

Professional counseling is available to help students gain an understanding of self and others, explore personal and vocational goals, and make more effective decisions concerning their personal and career development. Vocational testing, information on career and educational opportunities, and individual counseling may assist students in career decision making. Students are encouraged to seek help through the Counseling Service with problems or questions relating to any aspect of their personal, educational, or vocational development. All interviews are confidential.

RESEARCH SERVICES

Faculty and students needing assistance with securing external funds for their research and related scholarly activities are encouraged to use the Office of Research Services. Identification of potential financial sponsors, assistance with grant proposal preparation, and maintenance of up-to-date information on government and private funding sources are just a few of the services provided. The Georgia College Faculty Research Fund and the Georgia College Research Publication Fund are administered through the office. Approval of projects involving human research subjects should be directed to the Georgia College Human Use Institutional Review Board through the Office of Research Services.

STUDENT LIFE

STUDENT CITIZENSHIP

A student is expected, under all circumstances, to show a proper respect for law and order, care of property, rights of others, and a sense of personal honor and integrity as is required of good citizens. At the same time, he should be able to enjoy the freedoms and rights afforded any citizen. He is expected to realize that conduct unbecoming a college student, including but not limited to the possession or use of illegal drugs, the abuse or immature use of alcoholic beverages, and the obstruction or disruption of teaching, research, administrative, disciplinary, public service or other authorized college activities or functions, is not acceptable behavior. All students are further expected to know and observe the regulations for resident living.

Should a student exercise his citizenship in a manner disregarding the expectations placed upon him as a good citizen, he subjects himself to disciplinary actions.

In the event a student has been accused of a criminal offense, the nature of which may present a clear and present likelihood of serious physical or mental harm to the student or to any other member of the college community, the Dean of Students may impose such temporary sanctions on the student, including suspension, as may be deemed necessary to protect the student, the college community, and/or property from such harm. Such temporary sanctions may exist and be enforced only until such time as final disposition has been made of the case by properly constituted authorities.

Further, The Dean of Students shall have power to impose such temporary sanctions, including suspension, pending a hearing, when a student or group of students engage in conduct which materially and substantially interferes with the requirements of appropriate discipline in the operation of the College.

PHI KAPPA PHI

The Honor Society of Phi Kappa Phi was chartered at Georgia College in June, 1973. Selection for membership is on the basis of scholarship. Members are elected from graduate students, undergraduate students, faculty, administration and alumni. To be eligible for consideration for membership graduate students must be within 15 quarter hours of graduation and have no more than one course grade lower than a "A" (one "B" accepted). To be eligible for consideration for membership, undergraduate students from the senior class must have a minimum grade point average of 3.5; undergraduate students from the junior class must have a minimum grade point average of 3.8. In all cases elections will be from among the upper 5 percent of the classes.

STUDENT IDENTIFICATION

Each student is issued an Identification Card (I.D.) as official identification of student status, when he registers at Georgia College. This Identification Card is to be used throughout enrollment in the college, and a fee of \$2.00 is charged for replacement of the initial I.D. Students are required to present an I.D. card to any properly identified faculty or staff member upon request.

PUBLICATIONS

The year book *Spectrum* is an annual pictorial record of student life on Georgia College campus. The *Spectrum* staff is composed of students and faculty advisers.

The *Colonnade* is the Georgia College newspaper. The staff is composed of students and faculty advisers.

The *Student Handbook* is an annual publication of the College Government Association. It contains information about the campus, academics, organizations and activities, a directory of available services on campus, and some of the college policies.

Columns, issued by the Alumni Association, gives to graduates the latest news from the campus and interesting items concerning former college friends.

Bulletins, including a quarterly newsletter for parents, alumni and friends, are published each month except July and August. The publications are coordinated through the Department of Public and College Relations.

GC RADIO

Georgia College operates a 10 watt Educational FM Radio Station. The call letters WXGC have been assigned by the Federal Communications Commission. The Georgia College Radio Station is student operated and is located in Mayfair Hall.

MAXWELL COLLEGE UNION

The Maxwell College Union, located on Hancock and Clark Streets, offers currently enrolled students, faculty, staff, administration, alumni and guests of the College Community a wide range of activity.

The first level of the College Union offers areas for recreation, conference rooms, hobby rooms, photography lab, card room, study room, lounge with color T.V. and music listening rooms. Office for the College Government Association, *Spectrum*, *Colonnade*, Student Activities, Counselor, Building Manager and Inventory Control offices are located on the first level.

The Second level accommodates the College Cafeteria, private dining room, and faculty lounge.

The Maxwell College Union is governed by a student-faculty-administrative group known as the College Union Board. This Board serves as a policy making group for programs, activities, services, long-range planning, and space utilization.

The College Union Program Council is made up of students who are interested in initiating and developing activities for all members of the college community. You are invited to participate, both in the planning and in the activities of the Union, by serving as a member of the College Union Program Council or by attending the events.

Your current Georgia College I.D. entitles you to all areas of Union. The program of the College Union is for the individual groups, clubs, and organizations that are recognized by Georgia College.

SOCIAL AND RELIGIOUS LIFE

Campus-wide social events are planned and promoted by a committee made up of interested students and chaired by the Secretary of Student Activities. The Secretary of Student Activities is appointed by the President of the College Government Association. This committee plans and coordinates all campus-wide social events that are partially financed by the Student Activities fees. The program affords opportunities for every student to enjoy and to develop interest and skill in many activities. Special events are for all students, guests of students, and alumni.

Each Spring the Student Affairs Office in conjunction with the Lyceum Committee and campus pastors sponsors a "Living Issues Week." This week is meant to stimulate students and faculty thinking on issues of a religious and spiritual nature. Splendid programs and speakers are a part of this week's activities.

CONCERTS AND LECTURES

Students hear symphonies and artists of national and international reputation in a series of three or four concerts during the year. In addition, outstanding lecturers from varying fields of interests are brought to the campus annually. Students are admitted by I.D. cards.

GEORGIA COLLEGE THEATRE

The Georgia College Theatre is a resident campus theatre that is open to all interested students who wish to gain experience in acting, stage managing, lighting, property and set construction, costuming, makeup, and publicity. Each quarter the theatre stages a major production of a classical or modern drama or a comedy.

ART EXHIBITIONS

The Department of Art provides a continuous exhibition program during the year in the College gallery. Bringing to the campus exhibitions of painting, graphics, sculpture, and allied arts, the exhibition program affords the entire College community the opportunity to become familiar with the work of serious artists of international, national, regional, and local importance.

PERFORMING ORGANIZATIONS

CHORAL GROUPS

The college groups include: "Mixed Chorus", "Women's Chorale", and the "Aeolian Singers." All groups perform both on and off campus.

The "Aeolian Singers", a select ensemble, performs standard choral literature for the small choral ensemble.

All of the choral organizations are open to the entire student body.

CONCERT BAND

The concert band is open to all interested students with auditions dependent upon needed instrumentation. Approximately sixty-five in number, this group performs the finest in standard and contemporary literature. Along with local engagements, they present quarterly concerts at the College. Each year's work is climaxed with a Spring tour.

STAGE BAND

A select group of musicians, the stage band performs many styles of literature including jazz, rock, swing and blues. This group has participated in many statewide tours, playing for clubs, organizations, and schools. The stage band is a seventeen piece group and open by auditions only.

BRASS CHOIR

This group meets one day a week and performs the best in standard and contemporary brass literature. This group is open to all college students.

GRADUATE PROGRAMS AND ADMISSIONS

GRADUATE PROGRAMS AND ADMISSIONS

The Graduate Programs provide advanced study in Biology, Business Administration, Home Economics Administration, Public Administration, Social Work Administration, Psychology, Teacher Education, and History. The programs award the degrees of Master of Science, the Master of Business Administration, the Master of Education, the Specialist in Education, the Master of Arts, and the Master of Science in Administration.

Programs of teacher education at the fifth-year level are provided in elementary education (K-4 and 4-8) and in the following secondary fields: business education, English, health and physical education, home economics, mathematics, science, social science, and special education. Programs at the sixth-year level in the areas of elementary education (K-4 and 4-8), health and physical education, science, and social science are also offered.

Courses numbered 600 are exclusively for graduate students. Courses numbered 500 are primarily for graduate students, but, on occasion, are open to qualified seniors or special students. Admission to graduate standing is a prerequisite for enrollment in graduate courses for graduate credit. Each graduate student is responsible for consulting with his faculty adviser and for the completion of individual course prerequisites.

All credit applied to the planned program must have been earned within the prescribed period of six years after the initial work of the graduate program.

At least thirty hours of graduate work must be completed in regular College session residence. Off-campus courses do not meet the residence requirement.

No more than fifteen hours of required work may be taken in or under the auspices of another graduate school. Such work must have been completed within the prescribed period of six years, must have a relationship to the student's program, and must comply with other requirements specified by the College.

No graduate credit will be allowed for correspondence work.

Any student who questions such provisions or the manner in which they are implemented has the right to appeal to the appropriate officials in the following order: department coordinator of program, department chairman, dean of the Graduate School, vice president, president of the college, chancellor of the University System, Board of Regents of the University System. The appeal must be in writing, no more than five days may elapse between each stage of an appeal, and no other appeal may be made until this avenue has been followed completely.

FACILITIES

The College has excellent facilities for the graduate program. Practically all graduate courses are scheduled in air-conditioned rooms.

The library is well equipped for graduate study. An extensive and centrally located bibliography collection is a major assistance to effective research. Four individual microfilm reading rooms equipped with microfilm reader-printers are available. The Graduate Reading Room is located on the second floor.

The Learning Resources Center contains ample collections of current elementary and secondary school textbooks, courses of study, curriculum bulletins, Georgia State Department of Education publications, United States Office of Education bulletins, and a variety of periodicals and pamphlets. Graduate students may avail themselves of these materials most of which can be checked out.

Six thousand square feet of research area for graduate students in biology is located in the Biology Research Annex for all types of biological research problems. In addition the Department of Biological & Environmental Sciences operates a field station on 10 acres of land at Lake Sinclair for ecological and aquatic research.

The Home Economics Child & Family Center, located in Kilpatrick Hall is a laboratory center for the study of human development. Here the Home Economics Department operates a Nursery which enrolls children from infancy through four years of age and provides family development experiences.

GENERAL POLICIES GOVERNING GRADUATE WORK

Graduate study is much more than a continuation of undergraduate work and should be contemplated only by students who have demonstrated in earlier studies an exceptional intellectual ability and the capacity for independent thought and investigation. For this reason Georgia College, like most graduate schools, exercises selectivity in the admission of students. Selective admission requirements, serve to maintain the high standards that are characteristics of graduate study and serve to benefit the students in helping them decide early whether they should undertake such a course of action. By means of an admission classification system, Georgia College provides for the maintenance of high standards in its degree programs as well as providing for and making its facilities available to a wide variety of students who are not eligible for advanced degrees or who do not wish to become applicants for degrees.

RESPONSIBILITY OF STUDENTS

Each graduate student is expected to become thoroughly familiar with both departmental and graduate school regulations and with the requirements for degrees. Failure to follow regulations and requirements usually results in unnecessary complications for which the Graduate Office cannot assume responsibility.

GRADUATE ADVISORS

The Dean of the Graduate School is the general advisor for all graduate students. With regard to particular courses a student is counseled by the Chairman of his major department, the Degree Program Coordinator or by other professors designated for such counseling. Advisement in matters pertaining to Teacher Certification is the responsibility of the Coordinator of Teacher Education Programs.

ADMISSION

Applications for admission must be submitted at least three weeks prior to the first date for matriculation (specific dates listed in official college calendar on pages 5 and 6). International students and other applicants to programs requiring standardized test scores should complete these examinations at least eight weeks prior to matriculation.

All applicants are required to provide the Graduate School office with two official copies of transcripts of their undergraduate record, acceptable results of their performance in one of the following: the Graduate Record Examination, the National Teacher Examinations, Miller Analogies Test or the Graduate Management Admission Test. Other supporting materials may be required by specific degree programs. Test scores may not be more than five (5) years old. Registration materials for aptitude examinations may be obtained in the Graduate School office.

Applications will not be processed until all supporting materials have been received in the Graduate School office. Failure to complete the application process prior to the published deadline will result in the student's inability to register for that quarter.

READMISSION TO GRADUATE SCHOOL

A student previously registered in a graduate program at Georgia College who has failed to maintain continuous enrollment and who wishes to resume his studies must file an application for readmission. All applications for readmission must be received by the Office of Graduate Studies prior to the regularly published deadlines for the Quarter or Summer Session. The student will register during the usual registration period. If the student has attended any other institution during the period when not registered at Georgia College, official transcripts must be submitted.

GENERAL REQUIREMENTS FOR ADMISSION

Consideration for admission to Graduate Study at Georgia College will be given to applicants who hold a baccalaureate degree from a regionally accredited institution and who present evidence of probable success in graduate work. The applicant's academic record should indicate graduation in the upper half of the class while carrying an undergraduate program demonstrating adequate preparation for the field in which the graduate work is to be undertaken. Students who are presently enrolled or have taken graduate work elsewhere must be in good standing at that institution to be eligible for admission to graduate study at Georgia College.

Georgia residents who are 62 years of age or older and who meet all admission requirements, may register for classes and receive credit without payment of any tuition or fees on a space-available basis.

The Dean of the Graduate School gives final approval for admission subject to the minimum requirements of the College. A student will not be admitted to a degree program without the recommendation to the department offering the program of study. Application for Admission (accompanied by a \$10.00 fee) should be mailed to the Dean of the Graduate School on forms provided for this purpose. An application is not considered complete until all required transcripts, examination scores and letters of recommendation are on file in the Graduate Office.

TRANSIENT STUDENT PROCEDURE

Students wishing to attend another college in the University System and take courses there to count toward their degree here must be in good standing and petition the Dean of the Graduate School and obtain the approval of their faculty adviser prior to enrolling at the other institution. The petition must specify the courses to be taken at the other college and the student must have the other college send a transcript of the courses taken to the Graduate

office at Georgia College in order to receive credit for the work at Georgia College. Ordinarily students are permitted to be transient students away from the college for only one quarter.

APPLICANTS FOR CONSTITUTIONAL AMENDMENT 23 ADMISSION

Georgia residents who are 62 years of age or older and who meet all regular and special admission requirements for this category, may register for classes and receive credit without payment of tuition and fees on a space-available basis. (Contact the Office of Admissions for detailed information.)

ENROLLMENT BY UNDERGRADUATES

An undergraduate student who is within 10 hours of graduation and who has at least a "B" average in his major subject may enroll for courses carrying degree credit. Approval must be obtained in the Graduate Office prior to registration. No course taken without this approval may be counted for graduate credit. Graduate work taken under this provision may not be used to meet undergraduate degree requirements. An undergraduate who is permitted to enroll for graduate work as indicated above will be classified as a Non-degree student until such time as acceptable scores are submitted on the appropriate aptitude test and final transcripts indicating completion of all undergraduate degree requirements have been received in the Graduate Office.

No more than 10 quarter hours of graduate work may be completed prior to the completion of baccalaureate degree requirements and admission to the Graduate Program as an applicant for a graduate degree. No student will be allowed to pursue two degrees simultaneously.

CLASSIFICATION OF ADMISSION

Upon receipt of all application materials the student's admission status will be one of the following:

Regular. Granted to a student who has completed all the requirements for admission to a specific program and about whom there is no question of ability to carry on graduate study.

Provisional. A student who does not have all the prerequisites for admission to graduate study in the academic field or if some deficiency exists in meeting requirements may be granted temporary admission as a provisional graduate student. All prerequisites must be met prior to the completion of 15 hours of credit or before the end of two (2) quarters of enrollment. Failure to complete requirements will result in the student being transferred to non-degree status.

Transient. A student in good standing at another recognized graduate school who wishes to take work at Georgia College may enroll as a transient student. In lieu of the usual transcripts and test scores this student must submit a completed graduate transient application (obtained in the Graduate School office) prior to enrolling at Georgia College.

Non-degree. A student who is not a prospective candidate for a degree at Georgia College may enroll as a non-degree graduate student. Course work in this status may be taken for Teacher Certification or for the student's own enrichment. Credit earned while enrolled in this status is not applicable to a degree program except by petition to the major department and

approval by the Dean of the Graduate School. In no instance will more than 15 hours be counted toward a degree.

ADMISSION TO CANDIDACY

Each applicant for an advanced degree at Georgia College is required to make formal application for admission to Candidacy for the degree as soon as 15 quarter hours of work has been completed in his program of study. This application is submitted to the Dean of the Graduate School on a form obtainable in the Graduate Office.

Failure to submit the application for Candidacy prior to the completion of 30 quarter hours may result in the ineligibility for further registration. Admission to Candidacy will be granted and notification sent to the student at such time as all of the following requirements have been met:

1. Official admission to a Master's degree program as a Regular graduate student has been received.
2. At least 15 quarter hours of graduate work required for the Master's degree have been completed.
3. All prerequisite work has been completed.
4. An average of "B" or higher has been maintained in all graduate work with no grade below "C."
5. Work to date is acceptable to the departments concerned as signified by their approval of the application for admission to Candidacy.
6. The entire program conforms with general requirements of the Graduate School and with requirements for the particular degree.

REQUIREMENTS FOR GRADUATION

To qualify for a Graduate degree at Georgia College it is the student's responsibility to know and satisfy the following requirements:

1. Fulfill the departmental requirements for the degree chosen. These requirements are described in the Degree programs section of this catalog.
2. File application for diploma and application for degree prior to January 30, 1981 for June graduation. Diploma and degree requests for August graduation must be received prior to June 19, 1981.
3. A graduate student proposing to participate in June graduation exercises must have an overall B average (3.00 GPA) with no grade less than "C" in courses taken while enrolled at Georgia College not later than the end of the Winter Quarter immediately preceding the exercises; for August graduation, not later than the end of the Spring Quarter immediately preceding the exercises.
4. A student planning to use transfer work to qualify for his degree must have official transcripts submitted to the Dean of the Graduate School office not later than the

beginning of the Spring Quarter immediately preceding June exercises; or the beginning of summer quarter for August exercises.

5. Students may be graduated In-absentia provided they submit written notice to the Dean of the Graduate School of their intention to do so at least seven days before the date of Commencement. A student who does not appear at the graduation exercises specified on his degree application form, and who has not provided written notice to the Graduate Office (as specified above), shall not graduate at that time.
6. Georgia College reserves the right to withhold a diploma from any student and refuse to forward transcripts for any student who has an unsatisfactory conduct record or who is in financial arrears to the College.
7. Students enrolled in degree programs requiring a thesis or final research paper must deposit the unbound original and provide for one bound copy of their work in the Inland Dillard Russell Library. Other copies of the thesis or final research paper may be required by the department in which the major work has been done.

APPLICATION FOR DEGREE

A student planning to graduate at either the Spring or Summer Commencement must file with the Graduate Office a completed "Application for Degree" and a "Diploma Request" form.

These documents must be received in the Graduate Office prior to the date specified in the official college calendar (page 5 and 6 of this catalog).

Any student who is unable to complete final requirements for graduation after formally applying for a degree will be ineligible to graduate. The student will be required to resubmit both "Application for Degree" and "Diploma Request" for graduation at a later date.

ACADEMIC REGULATIONS

Every graduate student and every prospective graduate student is expected to make himself thoroughly familiar with these regulations and the requirements for degrees. Failure to follow the regulations and requirements almost inevitably results in complications which cause inconvenience to students. It is especially important that each student note that it is his responsibility to keep himself apprised of current graduation requirements for his degree program.

THE QUARTER SYSTEM

The College year is divided into four quarters of approximately ten weeks each. Under the quarter system classes generally meet Monday through Friday.

CREDIT

Academic credit assigned to a subject is expressed in quarter hours. A passing grade on a subject that requires five one-hour meetings a week (or the equivalent) for one quarter earns credit for five quarter hours. A laboratory period of two or three hours is equivalent to one class hour.

A normal course load is ten to fifteen hours each quarter. (Students are encouraged to use their own judgment in deciding the course loads they will take each quarter. The advice of the student's faculty adviser should be given serious consideration.)

Veteran Students — The University System recognizes that there are many advantages for educational advancement while serving the armed forces of the nation. To enable students to apply such training on formal education programs leading to standard degrees, the University System will grant credit according to the recommendations of a "A guide to the Evaluation of Educational Experiences in the Armed Services," published by the American Council on Education. Recommendations as to the amount of credit have already been made for many of the service schools. Credit in other service educational programs may be established by comprehensive examination administered by the Armed Forces Institute or by similar examinations administered by the institution concerned in the University System.

GRADES

All institutions of the University System of Georgia are on a 4.0 grade point average system. The following grades are approved for use in institutions of the University System of Georgia and are included in the determination of the grade point average:

- A — excellent (4.0)
- B — good (3.0)
- C — satisfactory (2.0)
- D — passing (1.0)
- F — failure (0.0)
- WF — withdrew, failing (0.0)

The following symbols are approved for use in the cases indicated, but will not be included in the determination of the grade point average.

- I—Indicates that a student was doing satisfactory work, but for non-academic reasons beyond his control, was unable to meet the full requirements of the course. The "Incomplete" will not be assigned unless in the judgment of the Instructor a substantial majority of the course requirements have been satisfied by the student. If an "I" is not satisfactorily removed before the end of the next quarter of residence, the symbol "I" will be changed to the grade "F" (The "I" cannot be removed by repeating the course.) All "I's" must be removed by the student prior to graduation.
- W—This symbol indicates that a student was permitted to withdraw without penalty. Withdrawals without penalty will not be permitted after the midpoint of the total grading period (including final examinations) except in cases of hardship as determined by the appropriate official of the respective institution.
- S—This symbol indicates that credit has been given for completion of degree requirements other than academic course work.
- U—This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work.
- V—This symbol indicates that a student was given permission to audit this course. Students may not transfer from audit to credit status or vice versa.

Cumulative Grade Point Average. The cumulative grade point average in each institution of the University System of Georgia will be calculated by dividing the number of hours scheduled in all courses attempted in which a grade of A, B, C, D, F, or WF has been received into the number of grade points earned on those hours scheduled. The cumulative grade point average will be recorded on the students' permanent record.

ACADEMIC REQUIREMENTS

Academic credit, toward a graduate degree, will not be granted for any grade below C, but quality points determined by all grades will be considered in the determination of the grade point average.

Any student whose cumulative grade point average falls below 3.00 will receive an academic warning. If his grade point average falls to or below the equivalent of 10 hours of uncompleted "C's", the student will be academically dismissed from his degree program.

In order to be considered for readmission to the program the student must petition the degree program coordinator.

CLASS ATTENDANCE

Each student is expected to attend classes regularly. It is recognized that absence will sometimes be necessary. It is the responsibility of the student to be cognizant of his own record of absences and to consult with his instructor relative to make-up of work missed. The decision to permit the student to make up work required by any class meeting rests with the instructor. A student should inform his instructor in advance of any expected absences.

AUDITING COURSES FOR NON-CREDIT

Any student may audit any course with the permission of the instructor. Audited courses will NOT be counted as part of the normal course load and no grade will be awarded. Instructors may set special conditions on students who audit their courses. Audited courses will be designated by a V and will be considered in fee assessment. Auditing a course will not prevent a student from taking the course for credit at a later time. A student must register as an auditing student and pay regular fees.

ADDING COURSES AFTER REGISTRATION

A student may add courses to his schedule for a period of three school days after formal registration. The add card is available from the Registrar's office and must be signed by the student's faculty adviser and instructors involved before being returned to the Registrar's office by the faculty adviser. No credit will be awarded in any course for which the student is not properly registered.

WITHDRAWAL FROM COURSES

A student may withdraw from any course by presenting to the Registrar's office a drop card signed by his faculty adviser and his instructor. A student who does not withdraw from a course by this procedure will receive a W for the course. The W will appear on the student's transcript; however, the hours will not be used to compute the grade average. After mid-term no withdrawals from courses will be honored by the College unless the student withdraws completely from the College as follows:

WITHDRAWAL FROM COLLEGE

A student who withdraws from the College either temporarily or permanently at any time after mid-term but prior to the beginning of Final Examination period will receive the grade WF for

each course being carried at the time of the withdrawal. However, with the approval of class instructors, the student may petition the Dean of the Graduate School for incomplete grades if the withdrawal is due to non-academic extenuating circumstances and he is passing all courses at the time of withdrawal. The petition shall specify when the student plans to return to Georgia College and remove the incompletes. Failure to honor the terms of an approved petition will result in the final grade of WF (failing) in the incomplete courses.

To withdraw from the College, a student must report first to the Dean of Students Office. Failure to withdraw officially will result in the final grade of F in all courses.

RIGHT OF PETITION

Any graduate student enrolled at Georgia College has the right to petition to the Dean of the Graduate School. Petitions are to be used by the student and his faculty adviser to remedy undue hardships and specific inequities that may adversely affect a student's ability to fulfill the academic requirements of the College. Petitions may be used to secure approval of special agreements between faculty and students regarding the nature and composition of academic programs. Ordinarily petitions are used to remedy emergency situations in isolated cases caused by unanticipated consequences in the application of the academic requirements of the College.

DEGREE PROGRAMS

DEGREE PROGRAMS

SPECIALIST IN EDUCATION DEGREE

Approved teacher education programs leading to the Specialist in Education degree and the T-6 Certificate are provided in these fields:

- Early Childhood Education (K-4)
- Middle Grades Education (4-8)
- Health and Physical Education (1-12)
- Science (Biology) (7-12)
- Social Science (7-12)

OBJECTIVES OF THE PROGRAM

This program provides advanced study for qualified master teachers. It is designed to equip the master teacher with additional professional leadership skills and abilities to serve both educational and social agencies within the community. Activities and experiences will be oriented toward developing:

- insight into the theoretical and foundational bases of teaching (the practice of education).
- understanding of human growth and development and of the guidance functions demanded of the professional teacher.
- competence as a consumer of research findings and ability in developing and carrying out action research in the classroom.
- command of concepts, understanding, generalizations, and points of view, as well as knowledge and skill, in the area of specialization.
- ability to communicate ideas and facts with greater acuity and fluency.
- ability to exert leadership, as well as willingness to accept responsibility, in the broad field of education.

ADMISSION

The complete application, including all supporting papers, must be filed with the Dean of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin graduate study.

Applicants for admission to the program leading to the Specialist in Education degree must:

1. Hold a Master's degree from an accredited institution and possess or be eligible for a T-5 Certificate in the proposed field.
2. Have a 3.25 grade-point average on all graduate work attempted.
3. Have two years teaching experience prior to admission.

4. Submit scores on the aptitude test of the GRE or composite scores on the NTE. A minimum score of 900 on the GRE Aptitude Test or a 575 on the NTE Commons with a teaching field score at or above the 25th percentile is required.

Work taken prior to *regular* admission cannot be applied toward the degree.

PROGRAM OF STUDY

The Specialist in Education program requires work in three areas: classroom studies, a field project in educational research and a program of activities for professional and personal development.

1. **Classroom Studies.** Each degree applicant must complete the following:
 - a. A minimum of 45 quarter hours of course work beyond the Master of Education degree with no grade below B.
 - b. A combined (fifth and sixth year) course sequence of a minimum of 105 quarter hours distributed as follows:
 - 50 q.h. in content-instructional areas
 - 15 q.h. in foundations of education
 - 15 q.h. in curriculum, methods, and problems, including the required seminar, Education 628
 - 10-15 q.h. in research including a satisfactory field project or thesis
 - 10-15 q.h. of electives

2. **Field Project in Educational Research.** Candidates for the Specialist in Education degree must complete a research project (EFS 635). This project includes securing data, describing procedures, drawing conclusions, and reporting in a scholarly manner.

Before beginning the research project, the candidate must have received approval of a detailed prospectus for this comprehensive study. Students prepare the prospectus in EFS 631.

Four copies of the completed project, in addition to the original, must be given to the Coordinator of Graduate Programs in Education at least a week prior to the oral examination. The research project will be discussed during the oral examination.

The student must arrange with the Director of Libraries to have two copies of the completed research project bound: one for the library and one for the School of Education. The original copy is deposited in the library unbound.

3. **Year-Long Program of Activities.** During the year preceding the completion of the sixth-year program, each candidate must complete a program of professional activities and development. A written plan, approved by the adviser(s), must be submitted to the Coordinator of Graduate Programs in Education before the program is begun. The implementation of the plan will be discussed in the final oral examination. Activities in no less than five of the following areas are required:

1. Professional reading
2. Professional meeting and organizations

3. Professional visits and conferences
4. Professional writing
5. Evaluation activities
6. Classroom experimentation
7. Travel
8. Attendance at other colleges and universities

ADVISEMENT

Each candidate for the Specialist in Education degree is assigned one or two advisers (one in the area of certification if that area is outside the School of Education.)

EXAMINATIONS

The candidate will undergo both pre- and post-assessment experiences to determine improvement during the sixth-year of study. These tests are given in both the certification area and in professional education. In addition, an oral examination must be successfully completed as a culminating activity. Students who fail may repeat the examination after the lapse of one quarter.

RESIDENCE REQUIREMENT

At least 25 hours beyond the Master of Education degree must be completed on campus. Ten hours may be transferred from another institution. Ten to twenty hours may be completed through Area Services.

Sixth-year programs must be completed within four years.

CAREER INFORMATION

Most teachers who complete the sixth-year program continue in their same positions where they provide leadership in the improvement of instruction. Others accept supervisory roles, adding another area of certification. The job market is excellent for teachers with the T-6 Certificate, which pays approximately \$1,500 a year more than the T-5 Certificate.

CRITERION-REFERENCED TEST

To receive the T-6 Certificate, individuals must achieve at least a minimum score on the appropriate criterion-referenced test. The CRT is administered several times a year in regional centers across the state. Information about the test is available from the Department of Educational Field Experiences.

MASTER OF ARTS DEGREE IN HISTORY

Dr. O. W. Taylor, Coordinator

The Master of Arts Degree in History prepares students for further study elsewhere toward the Ph.D. degree; for teaching in junior colleges; for work in historical societies, archives, museums, and state and national parks and historical monuments; for journalism and other types of professional writing—newspapers, magazines, fiction, and non-fiction; for library work as a subject-field accompaniment to a professional library degree; and for government service, including the Federal Foreign Service, upon passing the appropriate entrance examination. Individuals who already hold a professional teaching certificate and who choose Plan B (without thesis) may use the elective courses to fulfill requirements for the T-5 Certificate. Further details may be obtained from the chairman of the department.

ADMISSION

Applicants for admission to the program leading to the Master of Arts Degree in History must comply with the general requirements of the University System and the college as described earlier in this catalog. If not satisfied under general requirements, applicants must also:

1. Hold the bachelor's degree from a regionally-accredited institution with a major in history, or be assured of receiving the degree before entering the program. A person with a major in another field, but with substantial work in history, may be admitted if, in the opinion of the chairman of the Department of History and Geography, he shows promise of doing acceptable graduate work in history. Ordinarily such admission will be on a provisional basis.
2. Have an undergraduate grade average of at least 2.5 on a 4.0 scale.
3. Submit acceptable scores on both the aptitude and the Advanced History portions of the Graduate Record Examination.
4. Give reasonable assurance of ability to satisfy the foreign language requirement by specified point in program (see "Language Requirement" and "Admission to Candidacy" below).
5. Arrange for submission of three letters of recommendation from undergraduate professors or others who can attest to the applicant's ability to do acceptable graduate work in history. One letter should be from the chairman of the department in which the undergraduate major was taken. Letters should be sent by the writers directly to the Dean of the Graduate School.

The complete application, including all supporting papers, must be filed with the Dean of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin graduate study. Applicants will be given a prompt decision upon receipt of necessary materials, and the program may be entered in any quarter. Admission is granted by the Dean of the Graduate School upon recommendation of the chairman of the Department of History and Geography. *Prospective applicants should consult, in person or by mail, with the Chairman of the Department of History and Geography prior to filing application.*

PROGRAMS OF STUDY

The Master of Arts Degree in History is offered under two plans:

Plan A. (With thesis.) A minimum of forty-five hours of graduate work in history is required, including History 68E (Independent Study), History 600 (Historical Method and Interpretations), at least two courses chosen from History 605, 608, 611, 614, and 617, and History 65E-Q (Thesis Research).

Plan B. (Without thesis.) A minimum of sixty quarter hours of graduate work is required. At least forty-five quarter hours must be in history, including History 68E (Independent Study), History 600 (Historical Methods and Interpretations), and at least two courses chosen from History 605, 608, 611, 614, and 617.

Students hoping to pursue further study elsewhere toward the Ph.D. degree should follow Plan A. All students should enroll in History 68E as early in the program as possible. One five-hour graduate-level political science course may be substituted for one optional history course.

Fields of concentration offered are:

1. The United States.
2. Europe.

Graduate instruction in other fields is also offered.

Each student will choose a field of concentration; those following Plan A will write the thesis in it, and those following Plan B will write a mature research paper in it while enrolled in History 68E.

Early in the quarter following completion of fifteen hours of work, the student must complete and submit for approval a Program of Graduate Study based upon the programs described above.

ADVISEMENT

Upon admission, and prior to admission to candidacy, each student is advised by the chairman of the Department of History and Geography. Upon admission to candidacy, the student is assigned to a Supervisory Committee composed of three or more members of the Graduate Faculty of the college, one from a discipline other than history. The designated chairman, a member of the Department of History and Geography, will serve as the student's adviser and thesis director (if applicable), and as chairman of his examining committee.

LANGUAGE REQUIREMENT

A reading knowledge of one modern foreign language, ordinarily French, German, or Spanish, must be demonstrated prior to admission to candidacy for the degree. With consent of the chairman of the department another language, or, if concentrating in the history of an English-speaking area, an appropriate course in statistics or computer science with a grade of at least "B", may be substituted. A reading knowledge may be demonstrated in either of two ways:

1. By having completed, not more than four years prior to admission to graduate study, the fourth course or higher of a language with a grade of at least "B".

2. By an examination, either standardized or local at the option of the student, administered by the Department of Modern Foreign Languages of the college. The local examination consists of two parts: (a) writing a satisfactory translation, with the aid of a dictionary, of a relatively brief passage from a previously unseen work in the field of history, and (b) writing a satisfactory general summary in English, with the aid of a dictionary, of a longer passage from a previously unseen work in the field of history and satisfactorily answering oral questions on the passage.

The examination may be taken a maximum of three times in any one language. The student should make arrangements for taking the examination directly with the chairman of the Department of Modern Foreign Languages.

ADMISSION TO CANDIDACY

Application for admission to candidacy for the degree of Master of Arts in History should be made after successful completion of fifteen hours of graduate work at Georgia College (at least ten hours of history), and must be made prior to completion of thirty hours. Candidacy will be granted to applicants who have:

1. Fully met all admission requirements.
2. Made an average grade of at least "B", with no grades below "C", on a minimum of fifteen hours of work.
3. Secured approval of the Plan of Graduate Study, including thesis topic if applicable.
4. Satisfied the language requirement.

THESIS

Students following Plan A will submit a thesis in an acceptable style of historical writing which demonstrates the ability to investigate independently a topic of historical significance. The topic will be selected in consultation with the student's adviser and be approved by the Supervisory Committee. Style and format will be in conformity with Kate L. Turabian, *A Manual for Writers of Term Papers, Theses, and Dissertations* (Phoenix Books, University of Chicago Press). The original and four copies of the completed thesis in unbound form must be submitted to the Supervisory Committee for critical reading not later than four weeks prior to the date of proposed graduation. After the student has passed the Master's Comprehensive Examination on thesis and course work, the original will be placed in the vault of the college library for safekeeping, and the copies will be bound. The student will be charged a binding fee. One copy will be returned to the student and the others will be distributed to the library (for circulation), the Department of History and Geography, and the thesis supervisor. The student must be registered for History 65E-Q (Thesis Research) in the quarter in which he expects to complete and be examined on his thesis.

FINAL EXAMINATION

The candidate must pass an oral and/or written Master's Comprehensive Examination covering his course work, and thesis if applicable. The examination will be given no later than ten days prior to anticipated graduation, and the candidate must be enrolled in the college at the time. The candidate's Supervisory Committee will serve as his examining committee.

A candidate who fails to pass the Master's Comprehensive Examination may, upon recommendation of the examining committee, repeat the examination, but not earlier than the next quarter. He must be enrolled in the college in the quarter of re-examination; if all other requirements except final examination have been satisfied he should enroll for History 68B. If the candidate fails a second time, no further opportunity to take the examination is permitted.

FURTHER INFORMATION

Inquiries concerning the nature of the program, the availability of given courses, and the availability of graduate fellowships and assistantships should be sent to the chairman of the Department of History and Geography.

MASTER OF BUSINESS ADMINISTRATION

Dr. Bruce C. Brumfield, Coordinator

The primary objective of the Master of Business Administration program is to train future business executives to deal with managerial problems related to operations in a complex and dynamically modern economy. Although a two-year academic program is offered, requiring the successful completion of ninety quarter hours of work, a substantial reduction of time may be achieved if previous academic work can satisfy any portion of the program. The first year of the two-year curriculum has been designed primarily for those students whose undergraduate academic experience has been basically in the liberal arts, science, engineering or other non-business areas. The curriculum is based on American Assembly of Collegiate Schools of Business (AACSB) recommendations for this general professional degree.

ADMISSION

Admission to the Graduate Program in Business Administration is limited to holders of the baccalaureate degree from regionally accredited institutions. It is expected further that admission will be granted only to students showing high promise of success in graduate study. AACSB standards are utilized in admissions.

The candidate's performance on the Graduate Management Admission Test and the candidate's undergraduate work will be given primary consideration for admission. Consideration will be given to relevant work and leadership experience plus two letters of recommendation regarding aptitude for management.

The completed application, including all supporting papers, must be filed with the Dean of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin graduate study. Applicants may enter any quarter. Admission is granted after evaluation of all materials supplied with the application. Prospective applicants should consult, in person or by mail, with the school coordinator prior to filing application.

PROGRAM OF STUDY

The first year of study consists of 45 quarter hours of course work. Courses include: MGT 501 Business Statistics, LAW 507 Legal Environment of Business, MGT 527 Advanced Communication and Reports, FIN 505 Financial Management, MGT 542 Management Theory, MGT 545 Computer and Decision Making Process, ACT 551 Accounting Theory, MKT 561 Marketing and Distribution Theory, and ECO 571 Economic Theory.

The second year consists of 40 quarter hours of course work. Courses required for all students include: MGT 648 Organizational Theory, ACT 655 Managerial Accounting, MGT 640 Production/Operations Management, FIN 641 Financial Policies, MKT 661 Advanced Marketing Theory and Market Behavior, ECO 676 Managerial Economics, MGT 642 Business Policy, and MGT 603 Statistical Applications to Economics in Business.

The remainder of the program of study for the individual student will consist of 5-20 hours of 600 level business/economics electives in the School of Business. Each student may elect one of his electives outside of the School of Business with the consent of the Coordinator.

The entering student with an appropriate academic background may complete the Master of Business Administration Degree with a minimum of 60 quarter hours of graduate work. A

programs of study are based on individual student needs as outlined by the graduate advisor.

CAREER INFORMATION

An informal survey of business executives in the local area showed a very positive response to the Master of Business Degree offered by the School of Business at Georgia College. The degree is used as a recruiting tool by the area Chambers of Commerce in their brochures designed to attract domestic and international industrial firms to the middle Georgia Area. Graduates are employed in such areas as profit oriented health care facilities, mining plant managers, CPSs, mental health care managers, consulting management and engineering firms, corporate communication firms, corporate accounting, regional marketing, auditors for Internal Revenue Service, bank and savings-loan officers and other private and public management firms. The mean salary of respondents to a mailed request for data was \$25,500.

ADMISSION TO CANDIDACY

Application for admission to candidacy for the Master of Business Administration should be made after successful completion of fifteen hours of graduate work in the School of Business at Georgia College and must be made prior to completion of thirty hours. Exception to the thirty hour maximum may be made for a student transferring fifteen hours of work from another institution. Applicants are responsible for initiating this step.

Candidacy will be granted to applicants who have:

1. Fully met all admission requirements.
2. Made an average of at least "B", with no grades below "C", on a minimum of fifteen hours work.
3. Secured approval of the program of graduate study.

FURTHER INFORMATION

The prospective student desiring further information should contact Dr. Bruce C. Brumfield, Coordinator-Graduate Program in Business, School of Business, Georgia College, Box 577, Milledgeville, Georgia 31061. The Coordinator may be reached by phone at AC 912—453-5115.

MASTER OF EDUCATION DEGREE

Approved teacher education programs leading to the Master of Education degree and certification are provided in the following fields:

Business Education (7-12)
Early Childhood Education (K-4)
Middle Grades Education (4-8)
English (7-12)
Health and Physical Education (1-12)
Home Economics (7-12)
Mathematics (7-12)
Science (Biology) (7-12)
Social Science (7-12)
Special Education (Behavior Disorders, Interrelated, Mildly Handicapped, Mental Retardation and Learning Disabilities)

In addition, the college offers the sequence of courses leading to supplementary certification in Supervising Teacher Service and in teaching the gifted.

ADMISSION

To be admitted as a regular graduate student in this degree program, an applicant must meet these requirements prescribed for the University System.

1. The complete application, including all supporting papers, must be filed with the Director of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin graduate study.
2. He must hold or be eligible for the T-4 Certificate in the planned graduate field of study.
3. He must have earned a minimum 2.5 undergraduate grade point average calculated on all work attempted in which letter grades were awarded.
4. He must present a minimum score of 550 on the Common Examination of the National Teacher Examinations or a minimum score of 800 on the Aptitude Test of the Graduate Record Examination.

If the applicant fails to meet either the minimum grade point average or entrance test requirements for regular admission, he may be considered for provisional admission if his undergraduate grade point average multiplied by 100 added to the score on the Common Examinations of the NTE equals 750, or if the grade point average multiplied by 100 added to the score on the Aptitude Test of the Graduate Record Examinations equals 1,000. In no event may the undergraduate grade point average be less than 2.2, the score on the Common Examinations of the NTE be less than 450, or the score on the Aptitude Test of the GRE be less than 700. Students admitted in this category may receive regular admission when they have completed the initial 15 hours of work with no grade less than a B.

If an applicant is first admitted in the non-degree category, no more than 20 quarter hours taken while in this status may be applied toward the Master of Education degree.

ADVISEMENT

The Coordinator of Graduate Programs in Education assigns each student an adviser. It is the responsibility of the student to check with the adviser before registration. **A planning sheet must be presented to enroll in a campus class while a permit is needed to enroll in an area service course.**

RESIDENCE REQUIREMENT

At least 30 of the required 60 hours must be taken on the Georgia College campus. Fifteen quarter hours may be transferred from another institution. Thirty hours may be taken in Area Services if no work is transferred from another institution. The program must be completed within six years with a minimum 3.0 grade point average.

ADMISSION TO CANDIDACY

After receiving *regular* admission and completing 15 to 30 hours of graduate work, the student *must* apply for admission to candidacy. **It is his responsibility to initiate this step.**

PROGRAM OF STUDY

The Master of Education degree requires 60 hours of course work. Courses must be completed in these categories: professional education (25 quarter hours), courses in the certification area (25 quarter hours), and electives (10 quarter hours).

House Bill 671 (1975) requires all teachers, principals, and guidance counselors seeking initial certification or recertification after July 1, 1976, to complete a five-quarter hour course in the identification and education of children who have exceptional needs or the equivalent approved staff development plan. EEX 564, *Exceptional Individuals in the Regular Classroom*, meets the intent of this law. It may count on the planned program for a graduate degree as the professional elective or as one of the two general electives. If this requirement was met at the undergraduate level, this course should not be taken.

All teachers in fields requiring a language sequence must complete a five-hour course in reading. This regulation applies to applicants completing approved programs in the fields of early childhood education, middle grades, secondary English, mental retardation, behavior disorders, and learning disabilities. Either EMG 550, *Reading in the Content Areas*, or EMG 660, *The Teaching of Reading*, will satisfy this requirement. If an applicant has completed a reading course within recent years, an additional reading course may not be required.

Professional education courses required for all Master of Education programs are these: EFS 600 or 620, EFS 630, EFS 640, EFS 690, and one other (EEX 564 if needed).

Subject area courses and electives are determined by the adviser in the student's certification area.

AREA TEACHER EDUCATION SERVICE COURSES

Colleges and universities jointly offer courses at a central location within an area for the convenience of in-service teachers. Eight institutions, for example, offer courses in the Middle Georgia area through MGATES (Middle Georgia Area Teacher Education Service) located at Macon Junior College.

A course taught by one college is cross-listed by the other participating institutions having a similar course. To register for a course, the student must be admitted as a graduate student at a participating institution and must present a permit to take the specific course.

Master of Education students at Georgia College may take 30 hours through Area Services provided no work is transferred from another institution.

CAREER INFORMATION

Teachers completing the Master of Education program will be eligible for the Teacher's Professional Fifth-year (T-5) Certificate which may be converted to the Career Professional Fifth-Year (CT-5) Certificate. Many teachers completing this type certification already hold positions which they maintain. Those desiring to change positions or to locate original teaching assignments experience little, if any, difficulty except in metropolitan areas. The job market, therefore, is dependent upon the teacher's being able to go where the job is available. All teachers who received the Master of Education degree at Georgia College in 1979 and who wished to teach are now employed. According to the minimum salary schedule, a beginning Georgia teacher with the T-5 Certificate received \$10,541 plus local supplement during 1979-80.

CRITERION-REFERENCED TEST

After September 1, 1978, all applicants for the initial Georgia teaching certificate must attain a satisfactory score on the teaching field criterion-referenced test for the certificate requested. In addition, applicants who are converting to certain new fields at the fifth-year level must submit satisfactory scores for the new teaching field. The CRT is administered several times a year in regional centers across the state. Information about the test is available from the Department of Educational Field Experiences.

MASTER OF SCIENCE IN ADMINISTRATION

Programs leading to the Master of Science in Administration Degree currently are provided in the following fields: Management, Home Economics Administration, Public Administration (Public Sector Management or International Policy), and Social Administration.

The Master of Science in Administration Degree was established to prepare motivated people for careers in business management, government service, private research and consulting firms, and public planning and service agencies.

The total program in the Master of Science in Administration Degree consists of 60 quarter hours of graduate credit. The curriculum is divided into two parts. Part one consists of a 25 hour core of courses, offered by the School of Business, which covers the spectrum of basic management tools and personnel techniques. Part two consists of 35 hours course work involving the student in a chosen area of specialization: Management, Home Economics Administration, Public Administration or Social Administration.

ADMISSION

Applicants for admission to the program leading to the Master of Science in Administration degree must comply with the general admission requirements described below, in addition to specific departmental requirements.

1. Hold a Bachelor's Degree from a regionally accredited institution. Two copies of official transcripts of all previous college work should be submitted to the Dean of the Graduate School.
2. Submit scores on one of the following examinations: the Graduate Record Examination (General Aptitude) Test, the Graduate Management Admissions Test, or the Miller Analogies Test.
3. Applicants who have a record of administrative experience are encouraged to submit letters of recommendation from at least two administrative supervisors and a resume or vita which may be used in consideration for partial fulfillment of the admissions requirements. (See below for additional requirements.)

The completed application, including all supporting papers must be filed with the Dean of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin graduate study. Applicants will be given a prompt decision upon receipt of necessary materials, and the program may be entered any quarter. Admission is granted by the Dean of the Graduate School upon recommendation of the coordinator of graduate programs in the respective schools. Prospective applicants should consult, in person or by mail, with the respective school coordinator prior to filing application.

ADDITIONAL ADMISSION REQUIREMENTS

HOME ECONOMICS ADMINISTRATION

1. Applicants should submit two letters of recommendation and acceptable scores on the Graduate Record Examination. At least one letter should come from a person who has

had recent supervisory responsibilities for the applicant. The person making the recommendation should send the letter directly to the Dean of the Graduate School.

2. Applicants should submit a resume or vita.

PUBLIC ADMINISTRATION AND SOCIAL ADMINISTRATION

Students applying for admission to the M.S.A. program with a major in either Public Administration or Social Administration should submit, in their own handwriting, a brief (not more than 750 words) statement of their interest in this area. This statement should be mailed to: Coordinator of Graduate Studies, Department of Political Science and Public Administration for the Public Administration program or Coordinator of Graduate Studies, Sociology Department, Georgia College. A personal interview may also be requested by the Coordinator.

CONTINUING EDUCATION

Non-Degree Status—Persons not interested in pursuing a Master's degree in the fields of either Management, Home Economics Administration, or Social Administration but who wish to obtain specialized knowledge in one of these fields may apply for non-degree status. Such persons should complete the application form provided by the Graduate Office and check the application in the non-degree category. Students in the non-degree category do not have to meet regular admission requirements described above. Credit received by these students is not applicable toward a degree.

Certificate in Public Management—Persons not interested in pursuing a Masters degree in the field of Public Administration may either apply for non-degree status as above or apply for the Certificate in Public Management program by checking the Graduate Office application in the non-degree certification category. Certificate students need not meet regular admission requirements, but must maintain a satisfactory academic average in their course work. Certificates are awarded upon completion of 20 hours of course work.

	Courses	Hours
PUA 541	Government Organization and Administration	5
PUA 558	Public Personnel Administration	5
PUA 568	Administrative Law	5
PUA 580	Public Finance	5

A maximum of 15 hours of academic credit may be applied to a degree program by a student who meets all regular admission requirements. A student who completes the 20 hour program, and is awarded a certificate, may not apply any of the credits earned to a degree program.

PROGRAM OF STUDY

Programs leading to the Master of Science in Administration are provided in the following fields: Management, Home Economics Administration, Public Administration, and Social Administration.

The Master of Science in Administration degree is interdisciplinary and achieves its maximum effectiveness through a flexible approach for persons who desire advanced prepara-

tion in personnel management, systems skills, and policy determination. A student's major program is composed of the required core courses in addition to graduate courses in his area of specialization (Management, Home Economics Administration, Public Administration, or Social Administration). A plan which meets the student's content option will be developed by the major adviser and the student.

Candidacy will be granted to applicants who have:

1. Fully met all admission requirements.
2. Made an average of at least "B", with no grades below "C", on a minimum of fifteen hours work.
3. Secured approval of the program of graduate study.

FURTHER INFORMATION

Inquiries concerning admission to graduate work in the college and to the program leading to the Master of Science in Administration degree should be sent to the Dean of the Graduate School.

Inquiries concerning the nature of the program and the availability of given courses should be sent to the respective coordinators of the various schools.

COORDINATORS

1. Management—Dr. Bruce C. Brumfield
2. Home Economics Administration—Dr. Therry Deal
3. Public Administration—Dr. Jan Mabie
4. Social Administration—Dr. Dorothy Pitman

CAREER INFORMATION

MANAGEMENT

In 1978 seventy-five students graduated with a Master of Science in Administration-Management Degree from the School of Business at Georgia College. An informal survey of these graduates shows the mean salary to be about \$22,000 as a direct result of the existing employment of a majority of these students prior to entry into the M.S.A. Degree Program. The data on beginning salaries for graduates of the M.S.A. Degree Program must be collected and tabulated at a later date when new job entrants are reported as having received the degree. In general it is believed that the M.S.A. Degree graduate will enter the job market with the same facility that is accorded to graduates of the Georgia College Master of Business Administration Degree Program. The M.S.A. is, in general, more behaviorally oriented than the M.B.A. (at Georgia College).

HOME ECONOMICS

The Master of Science in Administration-Home Economics is designed for individuals in government or service agencies and those in business who need to enhance their administrative, managerial, and/or supervisory skills. Career advancement related to the degree depends upon the practices of the employer.

PUBLIC ADMINISTRATION

In 1979 twenty-three students graduated with a Master of Science in Administration Degree in Public Administration from Georgia College. A recent survey showed that 82% of the Public Administration graduates are employed either by the United States or Georgia state government earning a median annual salary of \$21,600. Eighteen percent of the graduates were employed by private firms. All of the graduates rated this Public Administration program either excellent or good. The survey results demonstrate a high degree of satisfaction with the Public Administration graduate program among its recent graduates.

SOCIAL ADMINISTRATION

Many students who are admitted to the Master of Science in Administration program are currently employed in administrative positions but have had no academic preparation for the administrative role. The program is designed to improve their knowledge and skills in this area to enable them to further their administrative careers.

Students who enter the program immediately after the baccalaureate degree will be prepared for administrative positions in a variety of social welfare, rehabilitational, and correctional agencies wherever a masters level person would enter the administrative ranks.

MASTER OF SCIENCE IN BIOLOGY DEGREE

Dr. S. D. Caldwell, Coordinator

The Master of Science Degree in Biology prepares students for further study for the Ph.D. degree elsewhere, for employment as a professional biologist in industry or governmental agencies, and for teaching in junior college.

ADMISSION

The following admission standards are required for admission to the Master of Science Program in biology:

1. A Bachelor's degree from an accredited institution.
2. A minimum of 35 hours of undergraduate work in biology.
3. Satisfactory scores on Graduate Record Exam and/or National Teachers Exam (900 and 1150 respectively). Higher scores may allow students with a lower grade point average to enter the graduate program for the M.S. degree.
4. An undergraduate average of 2.6 or better on a 4.0 scale.
5. Arrange for the submission of three letters of recommendation from undergraduate professors who can evaluate the potential of the applicant to pursue a graduate program of biology. Letters should be sent to the Dean of the Graduate School.

The completed application, including all supporting papers must be filed with the Dean of the Graduate School not later than three weeks prior to the beginning of the quarter in which the applicant proposes to begin his graduate program. Applicants will be given a prompt decision upon the receipt of the necessary materials and the program may be initiated in any quarter. Admission to regular standing is granted by the Dean of the Graduate School upon the recommendation of the biology department. Prospective applicants should consult in person or by mail with the Chairman of the Biology Department prior to filing application.

PROGRAM OF STUDY

The Master of Science in Biology consists of 60 hours of graduate work. The specific program for each student is determined by his graduate committee and described in the advisement section below.

COMPETENCE REQUIREMENTS

Students completing the M.S. degree must demonstrate competence in four areas: systematics, physiology, evolution and ecology. Competence would be assured by evidence of course work either at the undergraduate or graduate level. These four areas will be emphasized in the final oral of all M.S. biology students.

LANGUAGE REQUIREMENTS

There is *no* language requirement for the M.S. degree in Biology.

ADVISEMENT

Upon regular admission to the graduate program and prior to admission to candidacy each student will select a major advisor (who will direct his thesis research) and two other members of the faculty to serve as his advisory committee for his entire graduate program. These three faculty members will review the students academic background to determine if undergraduate course work or graduate work outside the department is needed for his particular program. The graduate committee will serve as advisor for the student throughout his graduate program. The major advisor will be chairman of the final oral examining committee.

ADMISSION TO CANDIDACY

Applicants who have met the minimum requirements for admission to the graduate program in Biology may apply for candidacy after successfully completing a minimum of 15 hours of graduate work at Georgia College. Application for candidacy should be submitted prior to the completion of 30 hours of graduate course work.

1. Fully met all admission requirements.
2. Maintained an average grade of at least "B" on a minimum of 15 hours of work at Georgia College.
3. Secured approval of a course plan for graduate study by his graduate advisement committee including a selection of an appropriate research topic for his thesis.
4. Satisfactorily passed the qualifying examination administered by the department.

The qualifying examination is given in the fifth week of each quarter. The student must notify his graduate advisement committee of his desire to take the examination: Graduate students must successfully complete this examination to become eligible for candidacy for the M.S. degree. The written qualifying exam may be attempted only twice.

REQUIREMENTS SPECIFIC TO THE THESIS OPTION DEGREE

1. Students must successfully complete 15 hours of thesis research which will be supervised by his graduate advisement committee. Style and format used will follow the American Institute of Biological Science style manual. Unbound copies of the Thesis must be available to the members of his graduate advisement committee at least two weeks prior to the final oral exam. Upon successfully completing the oral examination the student will present the required copies of the thesis to the College Library and the Department of Biology. The student will be charged a binding fee. The student must be enrolled in BIO 60E, K, Q. Thesis in the quarter in which he expects to complete and be examined on his thesis.
2. A final oral examination, administered by the student's graduate committee and other members of the department will be administered after the receipt of the final copy of the thesis. The final oral examination consists of a defense of the thesis and may also cover general knowledge of the field of biology.

REQUIREMENTS AND RESTRICTIONS SPECIFIC TO THE NON-THESIS OPTION DEGREE

1. Complete a minimum of sixty (60) hours of graduate level work approved by the graduate committee.
 - a. Must include BIO 605—Introduction to Scientific Research.
 - b. Must include BIO 58R—Independent Study for 5 hours credit including a written research report directed by the students advisor.
2. Complete successfully a final written exam on the 60-hour course of study. Exam administered by the supervisory committee.
3. On completion of the final written exam, an oral defense of the students program will be presented to the biology faculty with each faculty member present voting pass or fail. The approval by two-thirds of the faculty is necessary to pass the oral exam. The faculty will include in its consideration the students transcript of courses, final written exam result, the performance on the admission to candidacy exam, and an evaluation by the students major professor.
4. The non-thesis option student is not eligible for assistantships or other direct financial assistance controlled by the Biological and Environmental Sciences faculty.
5. The Registrar will designate that the non-thesis option degree program has been followed on the official transcript.
6. Staff recommendations concerning the student will include a non-thesis statement.

MASTER OF SCIENCE IN PSYCHOLOGY DEGREE

Dr. M. J. Prewett, Coordinator

The Department of Psychology offers graduate instruction leading to the Master of Science in Psychology degree. Of the total of sixty hours required for the degree, twenty-five hours which stress the basic principles and methods of psychology are required. These include ten hours of thesis. The additional thirty-five hours, selected with the approval of the student's adviser, may be chosen so as to emphasize preparation for further graduate study or research in psychology; the teaching of psychology; or the delivery of psychological services in such fields as mental health, rehabilitation, corrections, social and developmental services, and counseling.* Some of the department's graduate courses are also applicable to the Master of Education degree with certification in Elementary Education, the Master of Education degree with certification in Social Studies, and to any graduate program in which the department offering the degree deems the course appropriate.

ADMISSION

Applicants for admission to the program leading to the Master of Science degree in Psychology must meet the following minimum requirements:

1. Hold the bachelor's degree from a regionally-accredited institution or be assured of receiving the degree before entering the program.
2. Have successfully completed at least the following psychology courses: introductory, statistics, with experimental and laboratory. (Any deficiency in this requirement may be remedied before admission by completing such work at the undergraduate level at Georgia College.)
3. Have a combined Miller Analogies Test score and an undergraduate grade average of at least 70. (Example: MAT of 50 plus GPA of 2.5 on a 4.0 scale equals 75.)
4. Arrange for submission of three letters of recommendation from professors and/or work supervisors who can attest to the applicant's ability and motivation to do acceptable graduate work in psychology.
5. Include with the application a statement of purpose for pursuing a graduate psychology degree and how such a program would relate to future goals.

Admission is granted by the Dean of the Graduate School upon recommendation of the department. The following have been set as recommended dates by which complete applications should be received by the Graduate School for admission beginning the specified quarter: Fall or Summer—May 1, Winter—November 15, and Spring—March 1. It is important that all application materials, including official transcripts which list all college-level and graduate-level courses previously taken and all other supporting papers, be received by these dates, since applications cannot be processed until complete. Applications completed by these dates will be processed beginning on the date listed, and available spaces in the program will be filled with the best qualified applicants from this pool. These applications will usually be processed within fifteen days of the deadline date, and the

*Books which describe job opportunities for those trained at the Master's level in psychology and salary ranges are available at the department office.

applicant will be informed of the action taken. Applications completed after the above dates will be processed upon their completion, but only after applicants in the first pool have been considered. All admissions are on a space available basis. Applications received later than three weeks prior to registration for a quarter will not be considered for that quarter. The program may be entered any quarter, but admission is for the quarter applied for only. If an admitted student should not enroll or should withdraw after enrollment, a new application for admission is necessary should the student desire to return to the program.

PROGRAM OF STUDY

The Master of Science in Psychology degree is basically a general psychology degree with several possible options in areas of concentration which can be pursued through the use of electives.

At least thirty hours of graduate work in the approved program of graduate study must be completed following admission to candidacy.

The required total of sixty quarter hours of study is divided as follows:

- A. Core courses required of all students25 hours
 - Psy. 601 Seminar in Advanced General Psychology
 - Psy. 615 Advanced Statistics
 - Psy. 620 Psychological Research Methods
 - Psy. 62B-E Thesis
 - (A minimum of 10 quarter hours of 62B-E required)
- B. Elective courses chosen with approval
of faculty adviser35 hours
 - Suggested electives for those interested in further graduate
study, research, or teaching psychology:
 - Psy. 548 Abnormal Psychology
 - Psy. 551 Group Dynamics
 - Psy. 555 History and Systems of Psychology
 - Psy. 556 Tests and Measurements
 - Psy. 560 Biological Foundations of Behavior
 - Psy. 563 Theories of Personality
 - Psy. 570 Cognitive Psychology
 - Psy. 587 Psychology of Learning, Memory, and Motivation
 - Psy. 588 Behavior Modification
 - Psy. 640 Advanced Developmental Psychology
 - Psy. 67E Advanced Topics in General-Experimental Psychology
 - Psy. 68B-E Independent Study

Suggested electives for those interested in providing psychological services:

- Psy. 530 Introduction to Clinical Psychology
- Psy. 548 Abnormal Psychology
- Psy. 551 Group Dynamics
- Psy. 556 Tests and Measurements
- Psy. 563 Theories of personality
- Psy. 587 Psychology of Learning, Memory, and Motivation
- Psy. 588 Behavior Modification
- Psy. 59E, K, Q Internship
- Psy. 640 Advanced Developmental Psychology

Psy. 657 Psychological Evaluation
Psy. 660 Methods of Clinical Treatment
Psy. 68B-E Independent Study

Elective courses subject to the following limitations

1. At least 30 of the 60 required hours must be in 600 level courses.
2. No more than 15 hours of psychology 62B-E will count toward the required total of 60 hours.
3. No more than 10 hours of Psychology 59E, K, Q will count toward the required total of 60 hours.
4. No more than 10 hours of Psychology 67E will count toward the required total of 60 hours.
5. No more than 5 hours of Psychology 68B-E will count toward the required total of 60 hours.
6. When a student enrolls in a 500-level course for which he has previous credit for a similar course at the undergraduate level, the student will be taught the 500-level course as an individually arranged reading and research course with appropriate written and oral reports.
7. One 500- or 600-level course outside the psychology department is acceptable with the prior approval of the faculty adviser.
8. Only credits earned since the completion of all requirements for the bachelor's degree will be counted toward the required total of 60 hours.

C. Thesis. Prerequisite: Psychology 615 and 620.

The thesis is an individual investigation in which the student presents an original research idea, surveys the literature, formulates a specific research problem statement, designs the research methodology, collects and analyzes the data, interprets the results, and submits the results in a comprehensive written report. The student's major professor ordinarily will be his supervisor in this project. Three copies of the final thesis, based upon at least ten quarter hours credit for Psychology 62B-E and approved by the faculty supervisor, must be given to the faculty supervisor no later than two weeks before the date of the final examination for the degree. Style and format of the thesis will be in conformity with the latest available edition of the *Publication Manual of the American Psychological Association*. A defense of the thesis will be a part of the final examination for the degree. Following the passing of the final examination, one copy of the thesis will be returned to the student, one will be retained by the major professor, and one will be filed in the psychology department office. The student is also responsible, following the passing of the final examination, for providing the College Library with the unbound original copy of the thesis and one bound copy. The student will be charged a binding fee. Hours of 62B-E beyond the ten hours required for the degree may be individually arranged with professors. Credit, two to five hours.

ADVISEMENT

Upon admission, each student is assigned an adviser from the faculty of the Department of Psychology. As a part of the admission to candidacy procedure, the student is assigned a major professor who is responsible for supervising the thesis, approving the program of graduate study, serving as chairman of the comprehensive examination committee, and advising about progress toward the degree and career plans.

FACILITIES

The department recently moved into remodeled quarters which contain, in addition to classrooms and offices, an animal colony, a small animal surgery room, research rooms for animal research, a laboratory for the study of human behavior, a one-way observation room, a light-proof room for the study of visual phenomenon, a biofeedback laboratory, rooms available to students for individual research projects, and a calculating laboratory. Recent National Science Foundation Instructional Scientific Equipment Program grants have made possible an unusually complete conditioning and learning laboratory. Georgia College has a computer center which includes terminals which give access to the computing facilities of the University of Georgia. Central State Hospital is just a few miles from the campus and provides opportunities for field trips, practicum experiences, work experiences, and volunteer experiences. Several agencies of the Georgia Department of Offender Rehabilitation are also located in the Milledgeville area.

ADMISSION TO CANDIDACY

Application for admission to candidacy for the Master of Science in Psychology degree should be made after successful completion of fifteen hours of graduate work at Georgia College, and must be made prior to completion of thirty hours. Exception to the thirty-hour maximum may be made for a student transferring the maximum fifteen hours of work from another institution. Applicants are responsible for initiating this step.

Candidacy will be granted to applicants who have:

1. Fully met all admission requirements.
2. Completed a minimum of fifteen hours of graduate work (at least ten of which must be from the 600-level courses in psychology required of all master's degree students) with an average of at least "B" on all course work since admission to the psychology graduate program at Georgia College. A grade of "D" in any of these courses will disqualify the student for admission to candidacy.
3. Submitted to the Coordinator of the Graduate Program in Psychology, three copies of the program of graduate study, including the statement and procedural outline of the research problem, as approved by the major professor.

FINAL EXAMINATION

The candidate must pass an oral and/or written comprehensive examination which covers the basic principles and methods of psychology, the areas of the student's course work concentration, and a defense of the thesis. Applications for this examination must be submitted to the Coordinator of the Graduate Program in Psychology during the first week of the candidate's final quarter of course work. The examination will be given no later than two weeks prior to anticipated graduation. The candidate must be enrolled at the time of the examination. The Coordinator of the Graduate Program in Psychology will appoint an examining committee in consultation with the major professor, and with the concurrence of the Chairman of the Psychology Department.

If a candidate fails the final comprehensive examination, the examining committee will provide the candidate with a list of deficiencies and recommendations. Upon recommendation of the examining committee, the candidate may repeat the examination, but only after the lapse of at least one quarter. The candidate must be enrolled in the college in the quarter

of re-examination. If all other requirements except the final examination have been satisfied, and there are no suitable electives in the schedule, the candidate should enroll for Psychology 68B-E or 67E. If the candidate fails a second time, no further opportunity to take the examination is permitted.

STEPS IN COMPLETING THE MASTER OF SCIENCE IN PSYCHOLOGY PROGRAM

1. Submit a complete application for graduate study and all supporting papers to the Dean of the Graduate School.
2. Consult, after admission, faculty adviser for approval of proposed course work each quarter.
3. Apply for admission to candidacy after successfully completing fifteen quarter hours but before completing thirty quarter hours.
4. Submit three copies of the "Change of Program" form if any part of the approved program changes after admission to candidacy.
5. Apply for final examination during the first week of the final quarter of course work.
6. Present a written application for the degree on the form provided by the Dean of the Graduate School by the start of the spring quarter immediately preceding the June graduation or by the start of the second session of the summer quarter immediately preceding the August graduation.
7. File three copies of the approved thesis with the major professor no later than two weeks before the date of the final examination for the degree.
8. Complete successfully course work and final examination.

FURTHER INFORMATION

Inquiries concerning admission to graduate work in the college and to the program leading to the Master of Science in Psychology degree should be sent to the Dean of the Graduate School.

Inquiries concerning the nature of the program and the availability of given courses should be sent to the Coordinator of the Graduate Program in Psychology, Department of Psychology.

Inquiries concerning general financial assistance, described in detail elsewhere in this catalogue, should be sent to the Director of Financial Aid.

Inquiries concerning graduate assistantships which may be available in the department should be sent to the Chairman of the Department of Psychology.

GRADUATE COURSES

NOTE: (4-3-5) following course title indicates: 4 hours **lecture**, 3 hours **laboratory**, and 5 hours **credit**.

(Var.) indicates variable credits as stated in the course description.

F, W, S, Su indicate the course will normally be offered during the Fall, Winter, Spring, or Summer quarter respectively.

BIOLOGY

GENERAL (BIO)

BIO 501. RECENT ADVANCES IN THE BIOLOGICAL SCIENCES. (5-0-5)

A course designed to bring high school science teachers abreast of selected modern advances in the biological sciences. Special attention will be given toward developing deeper understandings of some of the fundamental concepts in the biological sciences.

BIO 525. LIMNOLOGY. (4-2-5)

The ecology of freshwater environments, including the interactions of biological, chemical, and physical factors.

BIO 540. GENETICS. (5-0-5)

A study of the physical basis of inheritance, the laws of heredity and their relationship to man.

BIO 541. EVOLUTION. (5-0-5)

A study of the processes of organic evolution.

BIO 542. ECOLOGY. (5-3) (0-2) (5)

Investigations into the effect of environment on the structures, functions, and community organization of plants and animals.

BIO 569. FRESHWATER BIOLOGY. (3-4-5)

Study of freshwater organisms, their identification, natural history and environment relationships.

BIO 55A-Q. INDEPENDENT STUDY. (Var.) by demand

Special problems in biology.

BIO 58E, QK. SPECIAL TOPICS. (Var.) on demand

Prerequisite: Permission of instructor. A course designed to cover certain specialized areas not currently offered by the department.

BIO 59E-Q. INTERNSHIP. (Var.) by demand

Open to students participating in the Georgia Intern program. Credit: five to fifteen hours.

BIO 605. INTRODUCTION TO SCIENTIFIC RESEARCH. (5-0-5)

A practical guide to scientific research with emphasis on principles, techniques and procedures. Includes the choice and statement of the research problems, experimental design, sampling and analysis techniques, scientific illustration, and methods of reporting the results of research.

BIO 610. BIOLOGICAL TECHNIQUES. (5-0-5)

A survey of biological techniques useful in teaching ecology, microbiology, physiology, taxonomy and other subdisciplines of biology.

BIO 615. BIOGEOGRAPHY. (5-0-5)

Theories and principles concerning regional patterns of distribution of plants and animals, both past and present.

BIO 635. POPULATION ECOLOGY. (5-0-5)

The investigations of the functions, interactions and behavior of individual populations in the ecosystems.

BIO 60E, K, Q. THESIS RESEARCH. (Var.)

Credit five to fifteen hours.

BOTANY (BOT)

BOT 502. FIELD BOTANY. (2-6-5)

A course designed to acquaint the student with interrelationships of living organisms through the use of plant material from the natural habitat.

BOT 565. PLANT ANATOMY AND PHYSIOLOGY. (2-6-5)

A course designed for the understanding of plant function as related to plant structure.

BOT 585. ADVANCED MICROBIOLOGY. (2-6-5)

Selected topics covering freshwater bacteria, fungi, algae, protozoa, and micro-crustacea.

ZOOLOGY (ZOO)

ZOO 503. FIELD ZOOLOGY (2-6-5)

A study of the classes of vertebrates in relation to taxonomy, life history, behavior, population and evolution.

ZOO 545. ICHTHYOLOGY. (3-4-5)

The biology, classification, morphology, behavior, and distribution of fish.

ZOO 546. PARASITOLOGY. (2-6-5)

The biology, identification and control of protozoa, worms and insects that commonly parasitize man and domestic animals.

ZOO 555. MAMMALOLOGY. (4-2-5)

A study of taxonomy, behavior, distribution, and natural history of North American mammals.

ZOO 567. ENTOMOLOGY. (2-6-5)

An introduction to the biology classification, morphology and behavior of insects.

ZOO 665. SELECTED TOPICS IN VERTEBRATE PHYSIOLOGY. (5-0-5)

An in depth study of selected areas of vertebrate function. Various advanced physiological techniques and small mammal surgery are employed in the laboratory.

BUSINESS

ACCOUNTING AND LAW (ACT/LAW)

ACT 551. ACCOUNTING THEORY. (5-0-5)

History and development of accounting theory with special emphasis on the new principles being advocated at the present time; the influence of legislation on accounting theory.

ACT 655. MANAGERIAL ACCOUNTING. (5-0-5)

Provides knowledge required for intelligent use of accounting data by management; accounting reports and controls and limitations of accounting data.

ACT 657. GOVERNMENTAL ACCOUNTING. (5-0-5)

A study of the special problems facing governmental entities in the areas of budgeting, controlling receipts and disbursements, and reporting. Accounting techniques used to resolve each problem are presented and analyzed to determine their effectiveness and to indicate areas where additional controls may be necessary.

LAW 507. LEGAL ENVIRONMENT OF BUSINESS. (5-0-5)

Significance and growth in the law: law and its relationship to business with special emphasis on current problems; coverage of the law of contracts, agency sales, property, negotiable instruments, business organizations including the functions of inside and outside counsel and trade regulations.

BUSINESS EDUCATION AND OFFICE ADMINISTRATION (BED)

BED 520. PRINCIPLES AND PROBLEMS OF BUSINESS EDUCATION. (5-0-5)

Modern principles of business education in relation to the actual problems that face business teachers in secondary school.

BED 522. IMPROVEMENT OF INSTRUCTION IN THE SOCIAL BUSINESS SUBJECTS. (5-0-5)

Emphasis on selected subject matter in this area to strengthen the background on the graduate student as well as to work toward improvement of presentation of high school students.

BED 523. ADVANCED OFFICE PRACTICE. (5-0-5)

Enrichment of subject matter and skills in office duties, filing and office machines as well as a survey of modern developments of teaching in this area.

BED 524. HISTORY AND PHILOSOPHY OF VOCATIONAL EDUCATION. (5-0-5)

A study of the history and philosophy of vocational education as a background, followed by a thorough study of the provisions and implications of the Vocational Education Act of 1963 and the 1968 Amendments.

BED 526. ADMINISTRATIVE OFFICE MANAGEMENT. (5-0-5)

Concepts underlying the operation, organization and control of business offices.

BED 529. PRINCIPLES OF INSTRUCTION IN BUSINESS SKILL SUBJECTS. (5-0-5)

Method and procedures common to all vocational skill subjects in business, including the development in the business pupil of occupational intelligence, of good personal business traits, and of an understanding of what to expect in an office.

BUSINESS ADMINISTRATION (BUA)

BUA 509. SMALL BUSINESS INSTITUTE (5-0-5)

A theoretical and practical evaluation of on-going small businesses utilizing a team concept to resolve and formulate general and specific operational business decisions.

BUA 601. SPECIAL BUSINESS TOPICS. (5-0-5)

Special Business Topics to be offered each quarter and whose content is to be specified each quarter by announcement. Topics to be chosen from: Investments (Finance); Public Finance and Tax (Finance and Acct); Organization of Special Industries (Management); Supervisory Mgmt (Mgmt); Intermediate Micro (Eco); Intermediate Macro (Eco); Real Estate and Insurance (Finance); Advanced Cases in Finance (Finance), et al.

ECONOMICS AND FINANCE (ECO/FIN)

ECO 570. ECONOMICS OF THE FREE ENTERPRISE SYSTEM. (5-0-5)

A study of the American economic system with an analysis of the major factors that influence economic growth and development. The course is designed to meet the needs of school teachers in such areas as social science and business education (plus others). This course may not be taken by graduate students in business administration.

ECO 571. ECONOMIC THEORY. (5-0-5)

An analysis of the principles involved in the production, exchange and distribution of goods by the American Economic System. An inquiry into macro-economic theory, analyzing the factors influencing the level of and changes in the Gross National Product and other important economic aggregates.

ECO 670. ADVANCED LABOR ECONOMICS (5-0-5)

An analysis of the nature and underlying causes facing the worker in modern economic society with special emphasis on labor's relationship with management. Also included will be philosophies of various labor movements; problems in labor law and legislation; and selected topics such as the changing composition of our work force.

ECO 676. MANAGERIAL ECONOMICS. (5-0-5)

The development of skill in the systematic analysis of the economic accounting aspects of business decisions and in the development, understanding, and use of quantitative data bearing on the performance both of the business firm as a whole and of individual units within the firm.

ECO 678. BUSINESS RELATIONS WITH GOVERNMENT AND SOCIETY. (5-0-5)

A study of the philosophy and role of business and the business executive in the social, governmental, and economic environment. Special emphasis on legal and political processes as they affect democratic industrialized societies. Macroeconomic theory, analyzing the factors influencing the level of and changes in the Gross National Product and other important economic aggregates, is used as a tool of analysis.

FIN 505. FINANCIAL MANAGEMENT. (5-0-5)

An understanding of basic financial concepts and techniques, and an ability to apply them in arriving at management decisions within the context of specific business situations.

FIN 641. FINANCIAL POLICIES. (5-0-5)

Examination and application of contemporary financial theory and analysis related to business finance. Cases and reading in financial management; financial structure, obtaining and managing capital, issuing and placing securities and administering income.

FIN 643. INVESTMENT ANALYSIS. (5-0-5)

Study of the theories and techniques of investment analysis for purposes of evaluation and selection of investments.

MANAGEMENT (MGT)**MGT 501. BUSINESS STATISTICS. (5-0-5)**

A general course covering the use of graphs, frequency distributions, averages, measures of dispersion, etc., with an introduction to sampling and correlation; a basic course for all the fields of application.

MGT 526. ADMINISTRATIVE OFFICE MANAGEMENT. (5-0-5)

Concepts underlying the operation, organization and control of business offices.

MGT 527. ADVANCED COMMUNICATION AND REPORTS. (5-0-5)

Total communication principles that blend the most modern and successful written and oral principles and techniques for improved internal management communication and external management presentation.

MGT 542. MANAGEMENT THEORY. (5-0-5)

A general introduction into the evolution of management theory, the problems of technological and production systems, organizational behavior, man power systems and computer applications.

MGT 545. COMPUTER AND DECISION-MAKING PROCESS. (5-0-5)

Management simulation through the use of computers. The course stresses rationally in business decisions and the integrating of the functional fields into management decisions.

MGT 546. BUSINESS GAMES AND SIMULATION. (5-0-5)

As a capstone course designed to integrate knowledge gained in the various functional business areas and to exercise the students analytical skills.

MGT 603. STATISTICAL APPLICATIONS TO ECONOMICS AND BUSINESS. (5-0-5)

Advanced Statistics begin with the use of parametric and non-parametric tests of hypotheses. The theory and use of the Student's T test, F test, Chi Square, and the setting up of the experimental and Quasi-experimental research designs are explained and applied throughout the course. Some use of the computer is expected as the course progresses to its completion.

MGT 605. QUANTITATIVE METHODS FOR BUSINESS RESEARCH. (5-0-5)

A study of probability theory, statistical method, classical statistical inference, and quantitative decision-making techniques. Emphasis is on the use of mathematical models in various business problems.

MGT 627. COMMUNICATIONS THEORY IN MANAGEMENT. (5-0-5)

A study of the nature, function, and dynamics of communication. This course involves a study of the models of communication and an analysis of the component theories of the communication process. The theories presented are applied in various problem situations encountered in the management level in business.

MGT 640. PRODUCTION/OPERATIONS MANAGEMENT. (5-0-5)

A survey of the major production or operations functions of organizations. Stresses the identification of major problem areas associated with these functions and the development of concepts and decision processes for dealing with the problems. This course emphasizes the relevance of production management in all organizations, rather than in manufacturing firms only.

MGT 642. BUSINESS POLICY. (5-0-5)

This course utilizes the approach of an executive who must reconcile and coordinate the recommendations and activities of the various departments of the firm in making policy decisions.

MGT 644. HUMAN RESOURCES IN ADMINISTRATION. (5-0-5)

A review and study of theory and research as they apply to human relations in administration; contemporary, logical development and thinking, including current research and knowledge in environmental, perspectives, relationships, and action.

MGT 646. DECISION THEORY. (5-0-5)

Development of a basic theory of decision making under uncertainty. The rationales of decision makers, utility and the concept of the value of perfect information will be examined. Both quantitative and nonquantitative decision making methodologies will be discussed.

MGT 647. SYSTEMS ANALYSIS AND DESIGN. (5-0-5)

Emphasis for this course is placed upon the interrelationships between systems joined to each other by conjunctive or disjunctive connectives for the purpose of acquainting the student with the systems approach to management. Systems characteristics such as flows (information, materials, money, etc.); structure (physical and geographic, organizational design, etc.); and procedures (planning, organizing, directing and controlling) comprise an integral part of the course. Interest focuses upon complex, formal organizations wherein the structure, flows, and procedures of sub systems may be purposefully designed to form an integrated system.

MGT 648. ORGANIZATION THEORY. (5-0-5)

Study of the historical development and evolution of organization theory. Different theories will be utilized to analyze organization structure and function. Organizational elements such as power, authority, control, communication and decision theory will also be examined.

MGT 649. MANAGEMENT INFORMATION SYSTEMS. (Advanced) (5-0-5)

The course is designed to provide an interface between the capacity of computer systems and the ability of managers to utilize data in the decisions made within and between EDP and management information systems.

MGT 690. RESEARCH METHODS IN BUSINESS. (5-0-5)

Considers nature, scope, and importance of business research methodology. Emphasizes sources of information, methods of presentation, and methods of analysis and interpretation of statistical data.

MARKETING (MKT)

MKT 561. MARKETING AND DISTRIBUTION THEORY. (5-0-5)

An analysis of social, economic, technological, and competitive forces which create and shape demand; marketing problems confronted by management; and promotional programs and distribution patterns employed to obtain sales and profits.

MKT 659. PURCHASING/ACQUISITIONS SYSTEMS MANAGEMENT. (5-0-5)

Analysis of theory and practice of purchasing/acquisitions as a system of cost/budget control, planning effectiveness and general efficiency in governmental and non-government sectors.

MKT 661. ADVANCED MARKETING THEORY AND MARKET BEHAVIOR. (5-0-5)

In-depth analysis of theory, principles, expected market behavior and demands on the resources of the firm with a dynamic socially responsible environment. Analysis of theory relative to current market performance will be part of the course requirements.

MKT 662. ADVANCED MARKETING RESEARCH. (5-0-5)

A course designed to develop techniques, skills, and competence in use and performance of marketing research. Research Design, Methodology, Sampling, and Analysis are topics covered.

MKT 663. ADVANCED GOVERNMENTAL LOGISTICS. (5-0-5)

An advanced analysis and an in-depth study of the logistical policies, procedures and practices as related to the entire military and non-military support systems interface.

EDUCATION

EARLY CHILDHOOD (EEC)

511. SOCIAL STUDIES IN EARLY CHILDHOOD EDUCATION. (5-0-5)

Curriculum designs for teaching the social studies in grades K-4 are explored. Emphasis is given to the integration of basic literacy skills with conceptual teaching that is consistent with the developmental stage of the children being taught.

515. ART FOR THE YOUNG CHILD. (3-3-5)

Designed to develop a knowledge of and the ability to use various media suitable for young children. Laboratory participation is an integral part of the course.

521. MUSIC FOR THE YOUNG CHILD. (5-0-5)

This course seeks to develop desirable attitudes and skills for teaching music in grades K-4.

525. LIFE SCIENCE FOR EARLY CHILDHOOD TEACHERS. (4-4-5)

A content course which integrates physical and life science. Students investigate the exchange of matter and energy between organisms and their environment.

526. PHYSICAL SCIENCE FOR THE YOUNG CHILD. (4-2-5)

A content course introducing the concept of the scientific model. Matter and energy are related to electrical phenomena as a basis for understanding the electrical nature of all matter.

540. ORGANIZATION AND ADMINISTRATION OF EARLY CHILDHOOD EDUCATIONAL PROGRAMS. (5-0-5)

Administrative procedures for programs for young children relative to policies, standards, financing, staffing, housing, supervision, and parent involvement. The competencies in such programs as Day Care, vocational laboratory schools, private preschools, parent cooperatives, and Head Start considered.

561. LITERATURE IN THE SCHOOL PROGRAM. (4-2-5)

Designed to broaden conceptual understandings of the various genre of literature with emphasis on the use of books and non-print materials as an integral part of the total curriculum. Focuses on books which provide the child with a meaningful context for the application of reading skills and for reading for pleasure. Attention is also given to materials which may help a child understand himself in relation to the world.

562. LANGUAGE AND COMMUNICATION SKILL DEVELOPMENT. (4-2-5)

For Early Childhood majors only. Course includes study of language acquisition and oral communication skills, development of listening skills, planning, reading and writing readiness activities, and development of method and materials for beginning reading and writing.

590. DEVELOPING LOGICAL THOUGHT IN YOUNG CHILDREN. (4-1-5)

This course focuses on how young children learn mathematics. Principles of child development are applied to mathematical learning in the early childhood years. Concepts of mathematics appropriate for teachers of young children are included.

593. EARLY CHILDHOOD EDUCATION. (4-2-5)

Deals with processes and content of program development based on nature and needs of children, educational objectives, and methods of providing effective learning situations for children in K-4.

594. ADVANCED PRACTICUM IN EARLY CHILDHOOD EDUCATION. (3-3-5)

Seminars and workshops designed to improve the planning, organization and evaluation of early childhood programs. Includes a supervised practicum in the school setting. Students must be employed as a teacher in a grade K-4.

660. THE TEACHING OF READING. (4-1-5)

Provides an understanding of principles and practices of developmental reading. Emphasis is placed upon the process of reading, recent research, study of various approaches to reading and the production and use of methods and materials appropriate for teaching readiness and beginning reading.

MIDDLE GRADES (EMG)

511. SOCIAL STUDIES IN THE MIDDLE GRADES. (5-0-5)

Current curriculum designs and programs are examined in terms of scope and sequence. The conceptual structure of each of the social studies disciplines is reviewed. Instruction for a specific level and setting is designed as a demonstration of teacher competency in planning for the use of a variety of teaching strategies.

515. ART EDUCATION. (5-0-5)

Designed to give the non-art major insight into the reasoning processes of the artist. Study centers around the creative process as a whole and the considerations which govern the artist in his work. Laboratory experiences in drawing and painting, crafts, or ceramics.

521. MUSIC IN THE SCHOOL PROGRAM. (5-0-5)

This course attempts to acquaint teachers with current philosophy, methodology, and resources for teaching general classroom music. The approach to this study is made through active musical participation. An assessment of students' entry level of musical and teaching skills determines to some extent the basis for course planning and expectations.

525. LIFE SCIENCE FOR MIDDLE GRADES. (4-2-5)

A content course which integrates physical and life science. Students investigate the exchange of matter and energy between organisms and their environment.

526. PHYSICAL SCIENCE FOR MIDDLE GRADES. (4-2-5)

A content course introducing the concept of the scientific model. Students acquire a basis for understanding the electrical nature of all matter by relating matter and energy to electrical phenomena.

550. READING IN THE CONTENT FIELDS. (5-0-5)

Designed to study the multiple concepts, specialized vocabulary, and specific reading skills and modes of learning specified in teaching reading in the content areas. Emphasizes developing and selecting materials and teaching strategies appropriate for the classroom.

560. GRAMMAR AND COMPOSITION IN THE SCHOOL PROGRAM. (5-0-5)

Emphasis is given to the stimulation, production, and evaluation of written language of children in the middle grades (4-8).

561. LITERATURE IN THE SCHOOL PROGRAM. (4-2-5)

Designed to broaden the conceptual understandings of the various genre of literature with emphasis on the use of books and non-print materials as an integral part of the total curriculum. Focuses on books which provide the child with a meaningful context for the application of reading skills and for reading for pleasure. Attention is also given to materials which may help a child understand himself in relation to the world.

596. CURRICULUM AND METHODS IN THE MIDDLE GRADES. (3-2-5)

Employs a problem-centered approach design to assist elementary teachers in applying research results and professional knowledge to the solution of various problems related to curriculum and methods in the elementary school.

660. THE TEACHING OF READING. (4-1-5)

Provides an understanding of principles and practices of teaching reading. Emphasis is placed on recent research, study of various approaches to reading, and the production and use of methods and materials appropriate for the classroom.

661. DIAGNOSING AND CORRECTING READING DISABILITY. (4-1-5)

Prerequisite: EMG 660. Designed to provide teachers with skills in diagnosing and correcting reading disability, this non-clinical course emphasizes the need for early detection of reading problems and preventive teaching to eliminate later major reading disability. Understandings of various individual and group diagnostic techniques, both formal and informal, will receive major attention.

EDUCATIONAL FIELD EXPERIENCES (EFE)

59A, K, Q. INTERNSHIP. (Var.)

Prerequisite: Approval by the instructor. Open only to students participating in the Georgia Intern Program. An individually designed course sequence involving off-campus study and research in a government agency for academic credit.

585. GUIDING EDUCATIONAL FIELD EXPERIENCES. (5-0-5)

Prerequisites: A valid Georgia T4 (or higher) teaching certificate and recommendations of principal and Chairman of Educational Field Experiences. The first phase of a two-phase competency-based approach to supervision. Stresses competence in human relations, communications, support and feedback. Designed for those who will work with associate teachers.

586. INTERNSHIP IN SUPERVISION. (0-10-5)

Prerequisites: EFE 585 and assignment of an associate teacher. The second phase of a two-phase competency-based approach to supervision. Demonstration of competence in human relations, communications, support and feedback as they relate to the supervision of an associate teacher will be required.

58A-E. SPECIAL TOPICS IN EDUCATION. (Var.)

Individuals or groups select topics or skills related to assessed need. In-depth study and application develop competency in selected areas. 1 to 5 hours.

56A-E. FIELD EXPERIENCE. (Var.)

Provides intensive field experience in exemplary educational programs. Restricted to experiences approved by the Graduate Committee of the School of Education.

FOUNDATIONS AND SECONDARY (EFS)

512. SOCIAL SCIENCE IN THE SECONDARY SCHOOL. (5-0-5)

The role of the social science teacher in promoting citizenship through critical thinking skills, inquiry, decision-making, and values clarification in all of the social sciences. Recent curriculum projects in the various social sciences and the resulting materials will be examined.

536. SEMINAR IN DRUG EDUCATION. (5-0-5)

Informs teachers and other interested persons about the growing drug problems. Emphasizes understanding and relating to youth, communication techniques, and psychological causes and effects of drug use, as well as drug information, rehabilitation, and legal aspects. Attention is given to community organization, method of involving youth, and identification of available resource people and materials.

597 A, B. PROBLEMS IN TEACHING IN THE SECONDARY SCHOOL. (3-2-5)

Employs a problem-centered approach designed to assist secondary teachers in applying research results and professional knowledge to the solution of various problems encountered in teaching.

598. SPECIAL TOPICS IN EDUCATION. (5-0-5)

Individuals or groups select topics related to need or special interest. In-depth study and application develop competency in selected areas. 1 to 5 quarter hours.

600. SOCIAL FOUNDATIONS OF EDUCATION. (5-0-5)

An inter-disciplinary approach to understanding the basic issues in American education. Stress is given to economic, ideological, political, and social structures as they contribute to both the problems and the progress in educational change.

610. ORGANIZATION AND ADMINISTRATION OF PUBLIC EDUCATION. (5-0-5)

A study of the organization, administration, and evaluation of schools including the relationship between public education and the state and federal governments.

611. SCHOOL LAW. (5-0-5)

Designed to provide concerned school personnel with some significant general guidelines concerning school law.

620. PHILOSOPHICAL ISSUES IN EDUCATION. (5-0-5)

An analysis of educational philosophies in their historical context. Develops understanding of the practices and policies in education by searching for their antecedents, both historical and philosophical.

628. SEMINAR IN EDUCATION. (5-0-5)

Prerequisite: Admission to Ed.S. program. An opportunity*to identify and critically analyze issues, theories, practices, and problems of the profession through investigation and discussion, ways to improve classroom procedures, curriculum problems, and professional leadership.

630. EDUCATIONAL RESEARCH. (5-0-5)

Seeks to develop adequate competencies in basic procedures and methods of educational research.

631. RESEARCH DESIGN IN EDUCATION. (0-5-5)

Prerequisite: EFS 630. The full development, under supervision, of a prospectus for a comprehensive research project.

635. FIELD PROJECT IN EDUCATIONAL RESEARCH. (0-10-5)

Prerequisites: EFS 630 and 631. Completing under supervision during the school year the research project designed in EFS 631. Includes securing and handling data, describing procedures, drawing conclusions, and reporting in a scholarly manner.

640. ADVANCED STUDIES IN LEARNING. (5-0-5)

Prerequisite: EFS 630 or permission of the instructor. A comprehensive study of learning theory with emphasis upon recent literature; a study of methods and techniques utilized in assessing human performance. Special attention is given to research findings in motivation, accountability, behavioral modification, and human relationships in the classroom.

650. CURRICULUM FOR THE MIDDLE SCHOOL. (5-0-5)

Review of history of education as it affects the development of the middle school. Emphasis on characteristics of preadolescents, personalizing curriculum for the middle school student, and strategies for motivating the transescent learner. Examines bases for restructuring middle grades education and curriculum improvement planning to involve teachers and community.

680. PRINCIPLES AND PRACTICES OF GUIDANCE. (5-0-5)

An introduction to the role of guidance as an integral part of teaching, and the principles of counseling and their application in the school setting.

690. CURRICULUM PLANNING. (5-0-5)

A study of trends in curriculum design, the principles and practices of curriculum planning, and the development of materials to be used in the individual school.

LIBRARY MEDIA (ELM)

558. PRODUCTION OF NON-PRINT MATERIALS. (3-4-5)

Designed for the classroom teacher and the library media specialist. Teaches skills needed to create appropriate non-print materials and develops a rationale for selecting the best type of media for every instructional situation.

559. UTILIZATION OF MEDIA. (3-2-5)

Emphasis on evaluation, selection, use and relationships of various media to the school curriculum. Laboratory experiences stress production of materials, and proper care and use of media equipment.

578. PHOTOGRAPHY

Basic principles, skills, and techniques of photography. Emphasis is placed on introductory skills in camera handling, film use, slide production, lighting, and mounting and preservation of materials. Darkroom procedures will include black-and-white processing and printing.

59A, K, Q. INTERNSHIP. (Var.)

Prerequisites: Approval by the instructor. Open only to Library Media students.

SPECIAL EDUCATION (EEX)

564. EXCEPTIONAL INDIVIDUALS IN REGULAR CLASSES. (5-0-5)

Focuses on the identification of and basic techniques for working with the exceptional individual in the regular classroom. Meets requirements of HB 671.

565. EXCEPTIONAL INDIVIDUALS. (5-0-5)

Overview and discussion of the educational, social, physical, and emotional characteristics of exceptional individuals and their implications for educational and social planning. Field experiences are included.

567. NATURE OF MENTAL RETARDATION. (5-0-5)

Prerequisite: EEX 565. Focuses on the mental, social, emotional, and physical characteristics of the mentally retarded. Classification, etiology and definitions and their implications on the individual and society. Field experiences are included.

568. NATURE AND NEEDS OF GIFTED. (5-0-5)

Presents an overview and an in-depth understanding of the physical, emotional, social, and educational characteristics of gifted. Field experiences are included.

569. METHODS FOR TEACHING GIFTED. (3-2-5) Su

Prerequisite: EEX 568. Emphasis given to the various methods and instructional models for teaching gifted individuals. Field experiences are provided.

570. ASSESSMENT OF GIFTED INDIVIDUALS. (3-2-5) Su

Prerequisites: EEX 568 and 569. Emphasizes the various assessment techniques for identification and planning of instructional programs for gifted individuals. Field experiences are provided.

571. COUNSELING OF PARENTS OF EXCEPTIONAL INDIVIDUALS (5-0-5)

Prerequisites: EEX 565 and 567. Discussion of the impact of the exceptional individual on the total family relationships. Basic techniques and theories of counseling parents and the various social agencies working with parents.

572. LANGUAGE DEVELOPMENT FOR EXCEPTIONAL INDIVIDUALS. (5-0-5)

Prerequisites: EEX 565 and 567. Overview of the theories of the development of language and speech in the exceptional individuals. Review of the literature and research in speech and language development.

574. CAREER EDUCATION FOR THE EXCEPTIONAL INDIVIDUAL. (5-0-5)

Prerequisites: EEX 565 and 567. Overview of the various types of materials, method, and principles for teaching the mentally retarded career education experiences.

575. BEHAVIOR MANAGEMENT. (5-0-5)

Prerequisites: EEX 565 and 567. Theory and practices of behavior management techniques appropriate in instructional programs for exceptional individuals.

577. CURRICULUM AND METHODS FOR TEACHING THE MENTALLY RETARDED I. (5-0-5)

Prerequisites: EEX 565 and 567. Curriculum development and various instructional methods for teaching the mentally retarded social, self-help, preacademics and academics skills.

579. CURRICULUM AND METHODS FOR THE MENTALLY RETARDED II. (5-0-5)

Prerequisites: EEX 565 and 567. Analysis of various types of curriculum and instructional methods for teaching the mentally retarded. Emphasizes the development of sequential instructional programs and various learning tasks.

585. TOPICAL SEMINAR IN SPECIAL EDUCATION. (5-0-5)

Emphasizes current topics and issues relevant to the education of the exceptional individuals.

586. PRACTICUM, BEHAVIOR DISORDERS. (0-5-5)

Prerequisites: 25 hours in Special Education major (15 hours completed at Georgia College). Corequisite: EEX 683. Supervised practicum in a classroom setting, resource, itinerant, crisis intervention, and in-house suspension program for behavior disordered individuals.

587. PRACTICUM, LEARNING DISABILITIES. (0-5-5)

Prerequisites: 30 hours in Special Education major (15 hours completed at Georgia College). Corequisite: EEX 684. Supervised practicum in either a self-contained class, resource room, or itinerant program for learning disabled individuals.

588. PRACTICUM, INTERRELATED RESOURCE PROGRAM. (0-5-5)

Prerequisites: 25 hours in Special Education major (15 hours completed at Georgia College). Supervised practicum in interrelated Resource Programs for mildly handicapped individuals.

589. PRACTICUM, MENTAL RETARDATION. (0-5-5)

Prerequisites: 30 hours in Special Education major (15 hours completed at Georgia College). Supervised practicum in centers and public school programs for the mentally retarded.

678. NATURE OF THE MILDLY HANDICAPPED. (5-0-5)

Prerequisite: T-4 in Special Education. Characteristics of mildly learning-disabled, behaviorally-disordered individuals and those individuals whose intellectual functioning falls between two or three standard deviations below the mean on the test utilized.

679. INSTRUCTIONAL MODELS FOR MILDLY HANDICAPPED I. (5-0-5)

Prerequisite: EEX 679. Instructional models and strategies for teaching mildly handicapped children.

680. INSTRUCTIONAL MODELS FOR MILDLY HANDICAPPED II. (5-0-5)

Prerequisites: EEX 678, EEX 679. Individualization of instruction, prescriptive teaching strategies, and an overview of interpersonal relationships.

681. NATURE OF BEHAVIOR DISORDERS. (5-0-5)

Prerequisite: EEX 565. Focuses on the emotional, social, and educational characteristics of children with behavior disorders. The effects of these disorders on the functioning of the individual in educational and social setting.

682. NATURE OF LEARNING DISABILITIES. (5-0-5)

Prerequisites: EEX 565. Study of the definitions, etiologies, and characteristics of individuals with learning disabilities and their effect on individual social, emotional, physical, and educational functioning.

683. CURRICULUM AND METHODS FOR THE BEHAVIORALLY DISORDERED. (5-0-5)

Prerequisites: EEX 565 and 681. Curriculum methods for teaching the behaviorally disordered individual. Emphasizes the application of various instructional methods for facilitating learning and behavior.

684. CURRICULUM AND METHODS FOR LEARNING DISABILITIES. (5-0-5)

Prerequisites: EEX 565 and 682. Curriculum and methods for teaching the learning disabled individual. Emphasizes the application and development of various instructional strategies for developing learning.

685. ASSESSMENT OF EXCEPTIONAL INDIVIDUALS. (5-0-5)

Prerequisite: EEX 565. Methods, techniques, and instruments utilized in assessing the social, emotional, and learning characteristics of exceptional individuals. Application of various assessment techniques in appropriate educational settings.

686. ORGANIZATION OF SPECIAL EDUCATION PROGRAMS. (5-0-5)

Prerequisite: T-5 in a Special Education Area. Overview of the various organization arrangements applicable to exceptional individuals. Discussion of placement, organizational theory, various community agencies, and development of curriculum. Overview of organizational structure in regular and special education. Discussion of organizational theory, various community agencies and development of curriculum for special education programs.

687. ADMINISTRATION OF SPECIAL EDUCATION PROGRAMS. (5-0-5)

Prerequisite: T-4 Special Education Area. Discussion of all theories and models of administrative structure applicable to both regular and special education programs.

688. SUPERVISION OF SPECIAL EDUCATION PROGRAMS. (5-0-5)

Prerequisite: T-5. Organizing a supervision program. Role of the Special Education Supervisor in supervision of personnel. Discussion of improving staff development.

HEALTH, PHYSICAL EDUCATION, AND RECREATION (HEA/REC)

501. PROBLEMS SEMINAR IN HEALTH, PHYSICAL EDUCATION, AND RECREATION. (1-8-5)

A survey of current problems and trends in these fields. Students have opportunity for independent investigations and research.

502. SCIENTIFIC FOUNDATIONS OF HEALTH EDUCATION. (5-0-5)

Students broaden their knowledge of scientific facts and effective health practices pertinent to personal, family, and community health problems.

510. EVALUATION IN HEALTH, PHYSICAL EDUCATION AND RECREATION. (5-0-5)

Application of statistical techniques to research problems in Health, Physical Education, and Recreation.

515. THEORY AND PRACTICE OF PROFESSIONAL PREPARATION IN PHYSICAL EDUCATION. (5-0-5)

Needs and interest of students at the graduate level in designated areas of activity.

525. ANALYSIS OF SPORTS TECHNIQUES. (5-0-5)

Designed to provide teachers and coaches a scientific basis for the analysis of teaching of basic movement and sports skills through investigation of the forces which act upon the human body and the effects which these forces produce.

533. FIRST AID AND SAFETY EDUCATION. (5-0-5)

Knowledge and skill development to meet the needs of most situations when emergency first aid care is needed and to increase personal safety and accident prevention knowledge. Teaching skills stressed.

540. MOVEMENT EDUCATION FOR YOUNG CHILDREN. (3-4-5)

Method and materials for the teaching of movement education to young children (geared primarily to K-3, but other elementary grades could benefit.) Emphasis is placed on meaning, content, materials needed, approaches to teaching, lesson plans, and coordinating movement with other areas of physical education.

550. OUTDOOR EDUCATION. (Var. 5-10)

Teachers and others interested in instructional programs involving use of outdoor settings and school camps. Historical and philosophical bases and implications for the curriculum. Field trips and observations arranged.

560. PHYSIOLOGY OF EXERCISE. (5-0-5)

Includes an understanding of traditional concepts with regard to current advances related to muscular, respiratory, cardiovascular, nervous adaptations, and physical stress. Opportunity is offered to conduct experiments and studies on related topics.

574. ORGANIZATION AND ADMINISTRATION OF HEALTH AND PHYSICAL EDUCATION IN THE PUBLIC SCHOOL. (5-0-5)

A study of programs in elementary, junior, and senior high schools in health and physical education, including intramurals and athletics. Discussion of objectives, equipment, scheduling policies, and other administrative problems.

575. CURRICULUM PLANNING IN HEALTH, PHYSICAL EDUCATION, AND RECREATION. (5-0-5)

A study of curriculum needs, program planning, and the actual setting up of curricula to meet secondary school demands and interests.

605. SEMINAR IN CONTEMPORARY HEALTH PROBLEMS. (5-0-5)

Prominent health issues of today (misuse of alcohol, drug abuse, smoking, venereal diseases, obesity, etc.) and the positive approaches which might be utilized in the home, in the school, in the community, and in the church which lead toward possible solutions to the problems.

670. HISTORY AND PHILOSOPHY OF HEALTH, PHYSICAL EDUCATION, AND RECREATION. (5-0-5)

Historical and philosophical implications in the development of physical education from primitive man to the present day.

675. THE APPLICATION OF PSYCHOLOGY TO PHYSICAL EDUCATION AND ATHLETICS. (5-0-5)

Need, purpose, and study of psychology in physical education and athletics.

687. SEMINAR: EXPERIMENTAL STUDIES IN MOTOR LEARNING. (5-0-5)

Components of skilled movement; analysis of research in selected areas; development of laboratory techniques.

688. PERCEPTUAL MOTOR LEARNING. (5-0-5)

A study of the perceptual basis of movement behavior with special emphasis upon the neuromuscular and conceptual aspects.

689. PHYSICAL EDUCATION AND RECREATION FOR THE EXCEPTIONAL STUDENT. (5-0-5)

An investigation of techniques, equipment, methods and graded programs for typical children.

ENGLISH AND SPEECH (ENG)

511. MILTON. (5-0-5)

An intensive study of *Paradise Lost*, *Paradise Regained*, and *Samson Agonistes*.

512. THE RESTORATION AND EIGHTEENTH CENTURY. (5-0-5)

Major figures from John Dryden through Samuel Johnson and William Blake.

522. ADVANCED GRAMMAR AND SYNTAX. (5-0-5)

An analysis of the elements of language necessary for effective communication, of their proper location in the curriculum, and of the most effective means of presenting them to students. Extensive reading in the more recent studies of the teaching of grammar and composition.

524. ADVANCED COMPOSITION. (5-0-5)

A course for those who wish to master sophisticated writing skills. Theory and frequent practice in writing expository prose, with assignments tailored to the needs and goals of individual students.

531. SHAKESPEARE. (5-0-5)

An advanced course in Shakespeare open to those who have already had undergraduate work in the major plays, emphasizing plays not usually studied at the undergraduate level. Consideration of divergent critical points of view.

534. MODERN POETRY. (5-0-5)

A study of twentieth-century British and American poetry, designed to challenge the student to develop sound, independent critical judgment.

535. MODERN FICTION. (5-0-5)

A study of twentieth-century British and American fiction, emphasizing major themes and techniques in significant works from 1900 to the present.

537. ROMANTIC POETRY. (5-0-5)

A concentrated study of the poetry and thought of Wordsworth, Coleridge, Byron, Shelley, and Keats.

538. VICTORIAN POETRY. (5-0-5)

A study of Arnold, Tennyson, and Browning, emphasizing their relationship to life and thought of the nineteenth century.

539. CHAUCER. (5-0-5)

A study of *The Canterbury Tales* and selected minor poems. Read in Middle English.

540. MAJOR THEMES AND MOVEMENTS IN NINETEENTH-CENTURY AMERICAN LITERATURE. (5-0-5)

A study of recurrent ideas and attitudes, especially as they appear in the writings of Poe, Emerson, Hawthorne, and Mark Twain.

544. FLANNERY O'CONNOR. (5-0-5)

An intensive study of the short stories, novels, and critical essays of Flannery O'Connor. This course utilizes the special holdings of the college library's O'Connor Collection and provides students the opportunity to know the intellectual and cultural milieu of this distinguished Georgia College alumna.

549. HISTORY OF THE ENGLISH LANGUAGE. (5-0-5)

A study of the development of English as a living language from the Old English period to the present, emphasizing new directions the language is taking and how they will affect the teaching of English.

550. THE SOUTHERN RENAISSANCE. (5-0-5)

An intensive study of the most significant writings of the Fugitive Movement of Vanderbilt University in the 1920s, including John Crowe Ransom, Allen Tate, Robert Penn Warren, and Donald Davidson. Selections from more recent Southern authors influenced by the movement will also be considered. This course is recommended as background or sequel to English 544, Flannery O'Connor.

552. PRINCIPLES OF LITERARY CRITICISM. (5-0-5)

A consideration of the history of literary criticism from Aristotle to the twentieth century, emphasizing major developments in English and American criticism. Focus on both theory and practical criticism.

56A-E. SPECIAL TOPICS IN ENGLISH. (5-0-5)

Consideration of topics in which courses are not otherwise offered, but for which there is current need, concentrating on individual major authors or literary periods or movements not featured in our regular offerings.

58A-E. INDEPENDENT STUDY. (Var.-5)

An in-depth, individualized study of a particular aspect of English or American literature or language.

HISTORY (HIS)

501. BLACKS IN AMERICAN HISTORY. (5-0-5)

The role of black Americans in the development of the United States. Some attention is given to the black experience in other areas of the Western Hemisphere.

506. THE MIDDLE AGES. (5-0-5)

Europe from the fall of Rome to the Renaissance. The Byzantine and Islamic Empires are also considered.

507. COLONIAL AND REVOLUTIONARY AMERICA. (5-0-5)

A historical survey of the "childhood" of America. Emphasis is placed on the change from colonies to mature provinces, and on the national and comparative perspectives of the Revolution.

508. THE AGE OF JEFFERSON, 1787-1826. (5-0-5)

The United States from adoption of the Constitution to the death of Jefferson. Major themes include origins of political parties, evolution of foreign policy, and westward expansion.

509. CONTEMPORARY AMERICA. (5-0-5)

The United States from World War I to the present.

513. MODERN ENGLISH SOCIAL HISTORY. (5-0-5)

A study of the nature and structure of modern English society, with emphasis on the changes in the lives of the people which accompanied the movement from an agrarian to an industrial society.

514. TUDOR-STUART ENGLAND. (5-0-5)

A study of the transition of England from small island-nation to major power during the 16th and 17th centuries, with special emphasis on the major personalities of the period.

515. RENAISSANCE AND REFORMATION. (5-0-5)

The rebirth of classical learning in Italy and its spread across Europe, and the religious upheavals of the 16th and 17th centuries.

517. COMMUNIST RUSSIA. (5-0-5)

A study of Lenin and the early Bolshevik movement, the great revolution of 1917, and the Soviet state under the rule of Stalin, Khrushchev, and Brezhnev.

519. THE FRENCH REVOLUTION AND NAPOLEON. (5-0-5)

Europe from 1789 to 1815, emphasizing the role of France in the events of the period.

520. THE AMERICAN CIVIL WAR. (5-0-5)

The background of the war, followed by a detailed examination of the conflict between 1861 and 1865.

522. THE ANTE-BELLUM SOUTH. (5-0-5)

An examination of basic factors in Southern life such as the agrarian economy and racial dualism.

525. THE TEACHING OF HISTORY AND RELATED STUDIES. (5-0-5)

A course for social studies teachers which deals with techniques and materials on the secondary-school level.

527. THE RECONSTRUCTION PERIOD. (5-0-5)

An intensive study of the troubled era following the Civil War.

529. HITLER AND NAZI GERMANY. (5-0-5)

A historical and psychological study of Hitler and an analysis of his rise to power, the creation of the Third Reich, and the destruction of Germany through war.

530. THE SOUTH SINCE RECONSTRUCTION. (5-0-5)

Economic, social, and political developments in the South from the end of Reconstruction to the present.

532. GEORGIA: COLONY AND STATE. (5-0-5)

Major trends and events from the Indian background to the present.

540. URBAN AMERICA. (5-0-5)

A study of the growth of the American city from colonial times to the present era of the megalopolis. Attention will be given to the economic, social, political, cultural, racial, and religious tones of urban life.

542. AMERICAN SOCIETY AND LIFE TO 1875. (5-0-5)

A historical examination of major social movements, institutions, and cultural trends in the formative years of the American nation.

543. AMERICAN SOCIETY AND LIFE SINCE 1850. (5-0-5)

A continuation of History 542, with emphasis on the social, cultural, intellectual, and minority responses to the twin themes of industrialization and urbanization.

551. TROPICAL AFRICA TO 1860. (5-0-5)

Tropical Africa to 1860, with special emphasis on West Africa. Major themes include the medieval empires, Islam, the slave trade, and the beginnings of European interest.

553. COLONIAL AND CONTEMPORARY AFRICA. (5-0-5)

Africa since 1860; considered are European penetration and the partition, colonial rule and the African response, and the independence movement.

555. CONTEMPORARY AMERICAN FOREIGN POLICY.

(See Political Science 555.)

59E-Q. INTERNSHIP. (5 to 15 hours)

Prerequisite: selection for participation in Georgia Intern Program, Georgia Legislative Intern Program, or other intern program. An individually-designed course sequence involving off-campus study, research, and work in a government agency, the Georgia legislature, or other agencies or organizations.

600. HISTORICAL METHODS AND INTERPRETATIONS. (TBA-0-5)

A study of historical interpretations and the techniques of historical research, writing, and preparation for publication.

605, 608, 611, 614, 617. ADVANCED TOPICS.

Topics will vary from year to year, and may be treated as lecture-discussion classes, research seminars, or directed reading and discussion. Topics listed below are examples.

605. ADVANCED TOPICS IN AMERICAN HISTORY. (TBA-0-5)

- a. Poverty and Crime in American History.
- b. American Diplomacy and the Cold War.
- c. The Westward Movement in the 19th Century.
- d. American Reform Movements.

608. ADVANCED TOPICS IN EUROPEAN HISTORY. (TBA-0-5)

- a. Medieval Feudalism: Kings, Knights, and Clerics.
- b. Sixteenth Century Political Thought.
- c. Revolutions: A Comparative Study.
- d. Intellectual Themes in Modern Europe, 18th to 20th Centuries.
- e. Totalitarianism in 20th Century Europe.

611. ADVANCED TOPICS IN SOUTHERN HISTORY. (TBA-0-5)

- a. Research Seminar in Southern History.
- b. Racial Ideas and Practices in Southern History.
- c. Reconstruction (1865-77) and the Modern Civil Rights Movement (WW II to Present): A Comparative Study.
- d. Georgia Politics and Politicians Since Reconstruction.

614. ADVANCED TOPICS IN BRITISH HISTORY. (TBA-0-5)

- a. The Age of Churchill (from Edwardian England through World War II.)
- b. The Irish Question in Modern British History.
- c. The English Woman in the Modern Period.

617. ADVANCED TOPICS IN AFRICAN HISTORY. (TBA-0-5)

- a. White and Black in Southern Africa.
- b. Tribalism in Africa: Biafra as a Case Study.
- c. The Age of the Great Explorers: 1790-1880.

68B-E. INDEPENDENT STUDY. (Var. 2-5) Each quarter.

Prerequisite: approval of chairman of department. Independent reading and reports arranged by the instructor according to the individual student's preparation, background, and needs. Open to M.Ed. and Ed.S. students and required of all M.A. students.

65E-Q. THESIS RESEARCH. (5 to 15 hours) Each quarter.
Prerequisite: admission to candidacy for the M.A. degree.

HOME ECONOMICS

GENERAL (HOE)

58E. INDEPENDENT STUDY. (1-0-5)

An opportunity is provided for advanced study in any area of concentration in the home economics field. The course is for students enrolled in the honors program, seniors, and graduate students who are approved by the chairman of the department.

59A-Q. INTERNSHIP. (Var.)

Open only to students participating in the Georgia Intern Program. An individually designed course sequence involving off-campus study and research in a government agency for academic credit. Credit 1-15 hours.

CHILD AND FAMILY DEVELOPMENT (HCF)

540. ORGANIZATION AND ADMINISTRATION OF EARLY CHILDHOOD EDUCATIONAL PROGRAMS. (4-2-5)

A study of administrative procedures for various kinds of programs for young children in regard to such matters as: policies, standards, financing, staffing, housing, supervision, and parent involvement. The competencies needed in such programs as day care, vocational laboratory schools, private preschools, parent cooperatives, and governmental will be taken into account.

553. ADVANCED CHILD DEVELOPMENT AND GUIDANCE. (3-4-5)

Prerequisite: Home Economics 351 or equivalent. Opportunity is offered for the student to explore at an advanced level the principles of human development and child study in relation to infancy, preschool, and early childhood period. Participation in nursery school and home setting is required.

555. PARENT-CHILD INTERACTION. (4-2-5)

Family factors significant in child's development such as interpersonal relations, values, pattern of child rearing. Influence of community and community resources available for child rearing. Sensitivities and skills needed plus experiences in developing parental competencies.

593. EARLY CHILDHOOD EDUCATION. (5-0-5)

Prerequisite: Home Economics 351 or equivalent. For description see EEC 593.

594. THEORY IN CHILD AND FAMILY DEVELOPMENT. (5-0-5)

Prerequisite: Permission of instructor. Theories related to human development in the family context such as interactional, structural, role and developmental.

652. READINGS IN CHILD DEVELOPMENT. (5-0-5)

Prerequisite: Home Economics 351, 453 or equivalent. Characteristic and deviate behaviors and their interpretation. Special attention is given to reading research. Opportunity is given for students to work with child development situations according to interest.

656. INFANT DEVELOPMENT. (4-2-5)

Emotional, social, intellectual and physical development in infancy with focus on recent research. Guided observation.

658. UNDERSTANDING THE VALUE OF PLAY. (5-0-5)

Prerequisite: Home Economics 351 or equivalent. Play as a major process in the social, emotional, cognitive, and psychomotor development of children.

659. CREATIVE ACTIVITIES FOR THE YOUNG CHILD. (5-0-5)

Prerequisite: Home Economics 351 or equivalent. Program activities for the child. Designing programs and experiences for young children in home, church, day care or other educational settings.

690. FAMILY LIFE EDUCATION. (5-0-5)

This course is designed to aid home economics teachers in analyzing possible approaches to studying family life of multi-ethnic, racial, and economic groups. Teaching techniques and the development of teaching materials for the various groups will be included.

CLOTHING, TEXTILES, AND FASHION (HCT)

512. TAILORING. (2-6-5)

Prerequisites: One clothing construction course and instructor's approval. A critical analysis, evaluation, and application of the major principles involved in tailoring. One integrative, adaptive, informational project required of graduate students.

514. DRESS DESIGN. (2-6-5)

Prerequisites: HCT 120 and instructor's approval. Pattern styling, alterations and development through media of flat pattern. Applications in industry and couture houses.

518. SOCIAL AND ECONOMIC ASPECTS OF CLOTHING. (5-0-5)

An examination of clothing in its relationship to economic principles, customs, values, fashion and other social and psychological forces.

615. ADVANCED PROBLEMS IN APPAREL. (5-0-5)

Prerequisite: Approval of instructor. A survey of new developments in the areas of clothing and textiles as relates to selection, care, and buying. The course will include a research problem determined by the individual's interest in clothing.

FOODS, HUMAN NUTRITION AND FOOD SYSTEMS ADMINISTRATION (HFN)

523. EXPERIMENTAL FOODS. (3-4-5)

Study of chemical and physical properties affecting food preparation. Controlled experimentation will be used to test principles and techniques. Group and individual projects.

527. DIET THERAPY. (3-4-5)

A study of impaired digestive and metabolic conditions. Adaptations of the diet as a prevention and treatment of these diseases.

624. CURRENT TRENDS IN NUTRITION. (5-0-5)

This course deals with current knowledge of the metabolic functions of food in the human organism, and trends in nutritional practices.

625. FAMILY AND COMMUNITY NUTRITION PROBLEMS. (5-0-5)

A review of the fundamentals of nutrition. A survey of family and community nutrition problems. Plans will be made for alleviating conditions. Special attention will be given to feeding low income families and methods of teaching nutrition.

HOME AND CONSUMER MANAGEMENT (HHM)

500. PERSONAL FINANCE. (5-0-5)

A study of the system of management of personal finance and other economic issues and problems confronted by the typical student first entering the market place.

631. FAMILY ECONOMICS. (5-0-5)

An analysis is made of the financial problems throughout the family life cycle and some possible ways of handling them. Such topics as human resources, savings, economics protection, credit risks, and the effect of the economy on the individual and family will be considered.

633. MANAGEMENT OF HUMAN RESOURCES. (5-0-5)

Social and technical concepts and principles related to the use of human resources in the management of work in the home.

635. FAMILY HOUSING PROBLEMS. (5-0-5)

The effects of housing on family and community life. Family structure, technology, social and financial factors will be guides for selecting and planning for housing, and in improving housing conditions.

638. RESOURCES FOR TEACHING HOUSE FURNISHINGS. (5-0-5)

A study will be made of trends and new concepts in furnishing the home. Aesthetics, functionalism, and consumer buying at different cost levels will be emphasized. Application of home furnishing problems.

650. MANAGEMENT AND HOUSEHOLD EQUIPMENT. (5-0-5)

A study of family management in relation to selection, use, arrangement, and care of equipment in home and school situations is made. Consideration is given to the advantages of various types of equipment in relation to food preparation, laundering, cleaning, and home lighting. Laboratory experiences provided with many types of equipment.

HOME ECONOMICS EDUCATION (HED)**585. GUIDING EDUCATIONAL FIELD EXPERIENCES. (5-0-5)**

Prerequisites: Bachelor's degree, professional certificate, and two years of successful teaching experience. See EFE 585.

61E. CURRENT PROBLEMS IN TEACHING HOME ECONOMICS. (5-0-5)

Philosophy and trends in home economics education, methods of teaching home economics, and method of evaluation. Special topics.

605. THE HOME ECONOMICS CURRICULUM. (5-0-5)

The principles of developing and changing the home economics curriculum in relation to recent trends and the work of the total school. Evaluation principles.

MATHEMATICS (MAT)

All candidates for the M.Ed. who concentrate in mathematics must take Math 610, 620 and 650 or the equivalent.

500. METHODS AND MATERIALS FOR TEACHING SECONDARY SCHOOL MATH. (5-0-5) S

Designed to acquaint in-service secondary mathematics teachers with programs developed in recent years for the improvement of secondary school mathematics and to study the subject matter necessary to the presentation of the newer topics.

501. ELEMENTARY NUMBER CONCEPTS. (5-0-5) S, Su

The development of an understanding and working knowledge of the concepts and language of mathematics as background for the elementary teacher. Among the topics to be studied are elementary operations with sets, systems of numerations, number concepts, and the real number system.

502. METHODS AND MATERIALS FOR ELEMENTARY SCHOOL MATHEMATICS. (5-0-5) Su

Prerequisites: Consent of the instructor. If a content course has not been taken recently, it is advised that Math 501 be taken with 502. A laboratory course using logic blocks, multibase blocks, geoboards, and other physical models. Each student is expected to develop aids and models for use in the classroom.

510. NUMBER THEORY I. (5-0-5) W, Su

Divisibility, congruences, quadratic residues, important functions of number theory, Diophantine equations, simple continued fractions and the sequences of primes.

511. NUMBER THEORY II. (5-0-5) S, Su

A continuation of Math 510.

520. MATHEMATICAL STATISTICS I. (5-0-5) S, Su

Elementary probability theory, common theoretical distributions, moments, moment generating functions, sampling distributions, point estimation, interval estimation and hypothesis testing.

521. MATHEMATICAL STATISTICS II. (5-0-5) F, Su

A continuation of Math 520.

550. ABSTRACT ALGEBRA. (5-0-5) W, Su

Algebraic proofs are stressed and it is hoped that students will come to work easily with abstractions and generalities. Some of the topics studied are: rings, integral domains, the fields of rational and complex numbers, groups and polynomials.

551. LINEAR ALGEBRA. (5-0-5) S, Su

Vectors and vector spaces, systems of linear equations, matrices, determinants and linear transformations.

560. ANALYSIS I. (5-0-5) S, Su

Set theory, the real number system, topology of Euclidean spaces and a rigorous development of the differential calculus of real valued functions of several real variables.

561. ANALYSIS II. (5-0-5) W, Su

Functions of bounded variation, rectifiable curves, Riemann-Stieltjes integration, sequences and series.

580. NUMERICAL ANALYSIS. (5-0-5) Su-On demand

Prerequisites: Consent of the instructor. A general algorithmic approach to numerical analysis with emphasis on concrete numerical methods, especially those adapted to computer solution.

590. SPECIAL TOPICS IN MATHEMATICS. (5-0-5) On demand

Prerequisites: Consent of the Chairman of the Mathematics Department. Selected topics in mathematics which are not available in any other course offered by the department.

610. NUMERICAL CALCULUS AND COMPUTING (5-0-5) Su

Prerequisite: Graduate standing in Math. This course will provide a useful introduction to computing. Some often overlooked numerical aspects of calculus will be covered. In addition, numerous computational exercises from the high school curriculum will be covered. Pedagogy of teaching computing will be stressed.

620. MATHEMATICAL HISTORY (5-0-5) Su

Prerequisite: Graduate standing in Mathematics. Mathematics History is very useful to the math teacher and certain historical aspects of mathematics should be a part of every math teacher's repertoire. The mathematics history which surround the high school curriculum will be the main thrust of the course.

630. TEACHING CONSUMER MATHEMATICS. (5-0-5) Su

Prerequisite: Graduate standing in Mathematics. This course will cover consumer mathematics subjects such as annuities, interest calculations, amortizations, guarantees, etc. Particular emphasis will be given to teaching strategies.

650. APPLICATIONS OF LINEAR ALGEBRA. (5-0-5) Su

Prerequisite: MAT 551 or equivalent. This capstone course will cover applications of linear algebra in the areas of Economics, Forestry, Graph Theory, Curve Fitting, Statistics, and Logistics. Thus, the student will receive a wide range of current mathematics applications to solve interesting, explainable real world problems.

675. TEACHING THE INTERNATIONAL SYSTEM OF UNITS OF MEASUREMENT. (5-0-5)

On demand. Prerequisites: None. This course will develop competencies in using, implementing and teaching the International System of Units. Students will utilize and construct a wide variety of effective instructional materials and media. Various techniques and methodologies for teaching the International System of Units to diverse learning styles of population at all levels will be emphasized.

POLITICAL SCIENCE AND PUBLIC ADMINISTRATION

PUBLIC ADMINISTRATION (PUA)

541. GOVERNMENT ORGANIZATION AND ADMINISTRATION. (5-0-5)

A systematic analysis of governmental organization, management, and administration with primary focus upon the American national administrative structure. Emphasis is placed upon institutional, behavioral, and psychological factors of contemporary public bureaucracies. Problems of control, accountability, and responsiveness are given detailed treatment.

558. PUBLIC PERSONNEL ADMINISTRATION. (5-0-5)

The human relations aspects of the procedures and problems of governmental personnel administration.

568. ADMINISTRATIVE LAW. (5-0-5)

The legal principles and practical doctrines involved in public administration.

571. URBAN AND REGIONAL PLANNING. (5-0-5)

A study of the principles and practice of planning at the sub-state level. Special attention will be paid to such topics as land-use, transportation, and economic development planning. Political, legal, and social influences on the process and implementation of planning will also be emphasized.

580. PUBLIC FINANCE. (5-0-5)

A study of the public fiscal and budgetary decision-making institutions and operations. Sources of revenue, methods of expenditure, allocations of resources and their impact on the economy are given special emphasis.

601. PUBLIC ADMINISTRATION AND POLICY MAKING. (5-0-5)

The decision-making process both within an agency and within the larger context of the total governmental process, policy and program planning, and the implementation of policy.

625. STATE AND LOCAL ADMINISTRATION. (5-0-5)

A study of structures, problems and current issues in public administration at the state and sub-state level. Emphasis is directed to the perspective and role of the public executive. Attention is also given to the political factors affecting administrative performance.

635. COMPARATIVE ADMINISTRATION. (5-0-5)

A comprehensive examination of administrative institutions, structures, and processes in the political systems of Western Europe, The Soviet Bloc, and the developing nations. Special consideration is given to systematic patterns of similarity and difference among individual nation states and among broader political-cultural groupings. Emphasis is given to the effects of administrative decision-making upon the international political system.

695. RESEARCH PROBLEM. (Var. 5)

An in-depth individualized study of a particular problem in contemporary public administration.

698. ADVANCED STUDY. (Var. 5)

Independent reading and reports arranged by the instructor according to the individual student's preparation, background, and needs.

69E, K, Q. INTERNSHIP. (Var. 5-15)

An individually designed course sequence involving field experience and work in a government agency.

POLITICAL SCIENCE (POS)

500. PUBLIC POLICY MAKING. (5-0-5)

A study of the institutions and processes of policy making with special emphasis on the national executive branch and comparative state legislative policy outputs. Consideration is also given to public budgeting as an instrument of policy making.

505. THE AMERICAN SYSTEM OF CONSTITUTIONAL LIBERTIES. (5-0-5)

A study of the development and current application of political and civil rights and religious liberties in the American political system.

510. POLITICAL THEORY I. (5-0-5)

A study of political theory from Plato to Locke. The political views of the traditional theorists are studied, and their relevance to contemporary events is examined.

511. POLITICAL THEORY II. (5-0-5)

A study of political theory from Locke to the present. A continuation of Political Science 510.

520. AMERICAN POLITICAL THEORY. (5-0-5)

A study of American political thinking from the colonial era through the contemporary period.

550. LEGISLATIVE POLITICS AND BEHAVIOR. (5-0-5)

A study of the legislative process focusing on Congress. Relationships with the executive branch and with interest groups are emphasized. Special consideration is also given to the roles and functions of the legislative part and the committee systems.

555. CONTEMPORARY AMERICAN FOREIGN POLICY. (5-0-5)

A study of the development of American foreign policy during the twentieth century. Emphasis is placed upon America's emergence as a world power and her role of alliance leadership in the nuclear age.

560. PUBLIC OPINION. (5-0-5)

A study of the acquisition, distribution, and significance of political opinions held by the American public. Opinion sampling and opinion analysis are emphasized.

575. CONTEMPORARY INTERNATIONAL PROBLEMS. (5-0-5)

An examination of the most critical problems in world affairs, with emphasis on those areas which have the greatest potential for increasing the level of the tension between the great powers.

590. COMPARATIVE FOREIGN POLICY. (5-0-5)

A comparative examination of superpower and non-superpower foreign policies. Emphasis will be placed on analyzing those factors which may affect the foreign policy of any nation.

58E. INDEPENDENT STUDY. (Var. 5)

An in-depth individualized study of a particular problem in contemporary political science.

59E, K, Q. INTERNSHIP. (Var. 5-15)

An individually designed course sequence involving field experience work in a government agency.

PSYCHOLOGY (PSY)

530. INTRODUCTION TO CLINICAL PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 201 and 448/548 or permission of instructor. The history and trends of clinical psychology's role in the delivery of mental health services, including its relationship with other helping professions, ethical considerations, a survey of common therapy procedures, possible roles and responsibilities of clinical psychologists, and organization and administration of psychological services.

548. ABNORMAL PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 201. Study of the causative factors in the development of all types of psychological maladjustment, and of diagnostic and treatment techniques.

551. GROUP DYNAMICS. (5-0-5)

Prerequisite: Psychology 201. The theory and application of the psychology of a wide range of diverse groups, from task groups to sensitivity groups. Experience with personal functioning and becoming an effective change agent in the small group setting is given.

555. HISTORY AND SYSTEMS OF PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 201. Historical analysis of the schools of thought in psychology such as structuralism, functionalism, behaviorism, Gestalt, and psychoanalysis.

556. TESTS AND MEASUREMENTS. (5-0-5)

Prerequisite: Psychology 201. Recommended prerequisite: Psychology 315. The construction, use, and interpretation of psychological tests, and an evaluative survey of available tests.

560. BIOLOGICAL FOUNDATIONS OF BEHAVIOR. (5-0-5)

Prerequisite: Psychology 201 or permission of instructor. An examination of the relationship between the internal environment of organisms, including humans, and such classes of behavior as eating and drinking, reproduction, aggression, emotion, learning, memory, etc.

563. THEORIES OF PERSONALITY. (5-0-5)

Prerequisite: Psychology 201. The historical development of the study of personality, the methods of studying personality, and major theories of personality.

570. COGNITIVE PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 201. A critical examination of recent work in the areas of perception, memory, imagination, thinking, and communication.

587. PSYCHOLOGY OF LEARNING MEMORY, AND MOTIVATION (5-0-5)

Prerequisite: Psychology 201. An introduction to the concepts of learning as reflected in the systematic positions of the major learning theorists and to the results of research in the field of learning and motivation.

588. BEHAVIOR MODIFICATION. (5-0-5)

Prerequisite: Psychology 487 or 587. The application of learning theory and research to such areas as childhood learning and discipline, communication, attitude change, social interaction, and especially clinical behavior modification.

59E, K, Q. INTERNSHIP. (Var.)

Prerequisite: Permission of the student's faculty adviser, the agency supervisor of the internship, the faculty supervisor of the internship, and the Department Coordinator of Off-Campus Education. An individually arranged, off-campus experience involving study, research, and field experience in a service agency for academic credit. Application must be made to the Department Coordinator of Off-Campus Education by the last day to drop a class without academic penalty in the quarter immediately preceding the quarter of the internship. Credit, five to fifteen hours.

601. SEMINAR IN ADVANCED GENERAL PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 201. A comprehensive review of the concepts, principles, theories, issues, and methodology of the major areas of contemporary psychology.

615. ADVANCED STATISTICS. (5-0-5)

Prerequisite: Psychology 315. Procedures for the statistical analysis of single-factor and higher-order factorial experiments, including experiments with nested factors, techniques of multiple comparison, trend analysis, experiments with fixed and random factors, experiments with unequal sample sizes, and designs intended to decrease error variance such as the analysis of covariance and randomized block designs.

620. PSYCHOLOGICAL RESEARCH METHODS. (5-0-5)

Prerequisite: Psychology 320 and 615. The identification and formulation of testable research hypotheses, the design of research to control relevant variables, and the proper presentation and interpretation of research data. Individual research projects will be required.

62B-E. THESIS (Var.)

Prerequisite: Psychology 615, 620 and admission to candidacy. An individual research investigation in which the student presents an original research idea, surveys the literature, formulates a specific research problem statement, designs the research methodology, collects and analyzes the data, interprets the results, and submits the results in a comprehensive written report. Credit, two to five hours.

640. ADVANCED DEVELOPMENTAL PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 601 or permission of instructor. A critical examination of the main facts, theories, and research methods of developmental psychology, conception to death, human and animal.

657. PSYCHOLOGICAL EVALUATION. (5-0-5)

Prerequisite: Psychology 456 or 556. Recommended prerequisite: Psychology 457. The theory and method of a variety of psychological evaluation procedures, including observational and interviewing techniques, objective and projective tests, and other evaluative and diagnostic techniques used in clinical setting. Reliabilities and validities of these techniques will also be discussed, along with problems in connection with the use of these methods. A supervised practicum will be provided.

660. METHODS OF CLINICAL TREATMENT. (5-0-5)

Prerequisite: Psychology 448 or 548 and 657. A survey and critical analysis of the various methods of psychiatry, psychotherapy, and behavior modification which have been and are being used in the treatment of behavior disorders. These techniques will be examined in terms of validities, problems connected with their use, and methods of scientifically investigating the effectiveness of these clinical methods. A supervised practicum will be provided.

675. ADVANCED TOPICS IN GENERAL-EXPERIMENTAL PSYCHOLOGY. (5-0-5)

Prerequisite: Psychology 601. A detailed consideration of theory and research in such areas as learning, sensation and perception, cognition, developmental psychology, physiological psychology, comparative psychology, motiva-

tion, emotion, measurement, social psychology, and personality. Topics to be covered will vary, depending upon the interests of students and faculty, and will be announced prior to registration.

68B-E. INDEPENDENT STUDY. (Var.)

Prerequisite: Admission to candidacy and permission of department chairman. Individually arranged advanced study or research in a special area of psychology not covered in a regular course. The student must have a written agreement with a graduate faculty member willing to supervise the independent study and must complete all arrangements with the department chairman by the last day of classes of the quarter immediately preceding the quarter of the independent study. Credit, two to five hours.

SOCIOLOGY (SOC)

544. RACE AND ETHNIC RELATIONS. (5-0-5)

American racial and ethnic groups, including ethnic, cultural and social backgrounds, are studied. Causes and results of contemporary ethnic conflicts, ethnic problems of adjustment, and ethnic contributions to modern society are considered.

565. URBAN SOCIOLOGY. (5-0-5)

Study of spatial distribution and relationships of people in urban centers.

566. SOCIAL ADMINISTRATION I. (5-0-5)

Systematic study of administrative concerns in social agencies, with emphasis on administrative principles, problems, financial planning and personnel. Emphasis also on goal-setting, power factors, leadership, supervision and conflict resolutions.

568. PRINCIPLES OF BUREAUCRATIC STRUCTURE. (5-0-5)

An in-depth study of the theories and functioning of bureaucracies.

574. SOCIOLOGY OF DEVIANT BEHAVIOR. (5-0-5)

Study of individual and group behaviors which violate institutional expectations.

616. SOCIAL POLICIES AND POLICY-MAKING. (5-0-5)

A study of the nature of social policy, the process of policy formation, and translation of policy into service delivery.

617. SOCIAL ADMINISTRATION II. (5-0-5)

Focus on areas of administration not covered in Soc. 566, including grants and grantsmanship, program development, information system design, and staff development.

68E. INDEPENDENT STUDY. (5)

Individual study of a particular program associated with administration in a social agency.

69E, K, Q. INTERNSHIP. (Var. 5-15)

Field experience and work in a social agency setting. Open only to students in M.S.A. program.

ANTHROPOLOGY (ANT)

552. CULTURAL ANTHROPOLOGY. (5-0-5)

A study of patterns of behavior growing out of group life, stressing the background, diffusion, and interrelations of human cultures. Attention is given to preliterate as well as national societies.

553. INDIANS OF THE AMERICAS. (5-0-5)

A study of Indian tribes of prehistoric and contemporary North, Central and South America.

554. CULTURES OF AFRICA. (5-0-5)

Study of aboriginal peoples and tribes in Africa south of the Sahara.

555. CULTURES OF OCEANIA. (5-0-5)

Study of contemporary cultures of Melanesia, Micronesia, and Polynesia.

THE GRADUATE FACULTY

Year in parentheses is year of first appointment at Georgia College.

J. WHITNEY BUNTING, President and Professor of Economics (1968)

B.S., M.A., M.B.A., Ph.D., University of Pennsylvania.

RALPH WILLIAM HEMPHILL, JR., Vice-President of Academic Affairs and Professor of Political Science and Public Administration (1968)

A.B., M.A., Ph.D., University of Mississippi.

T. LLOYD CHESNUT, Dean of the Graduate School and Professor of Biology (1972)

B.S., M.S., Ph.D., Mississippi State University.

EDITHGENE BECRAFT ABBOTT, Professor of Childhood Education (1970)

B.S.Ed., Oglethorpe University; M.Ed., Emory University; Ed.D., University of Georgia.

JOHN STANLEY ALDRIDGE, Assistant Professor of Physical Education (1975)

B.S., Berry College; M.S., University of Tennessee; Ed.S., Ed.D., University of Georgia.

FLOYD VAN WERT ANDERSON, Professor of Health, Physical Education and Recreation (1967)

B.S., University of Pittsburgh; M.A., George Peabody College for Teachers.

THOMAS F. ARMSTRONG, Associate Professor of History (1974)

B.A., M.A., University of Colorado; Ph.D., University of Virginia.

LILLIAN ROSE ARNOLD, Assistant Professor of Foundations and Secondary Education (1976)

B.F.A., University of Florida; M.A., The Ohio State University; M.S., Florida State University; Ed.D., University of Georgia.

EVERETTE H. BARMAN, JR., Associate Professor of Biology (1973)

B.S., Central State University; M.S., University of Arkansas; Ph.D., Cornell University.

JACK DAVID BATSON, Professor of Biology (1968)

B.S., M.S., University of Alabama; Ph.D., University of Kentucky.

ROSEMARY EDITH BEGEMANN, Assistant Professor of History (1974)

B.S., College of Charleston; M.A., Ph.D., Emory University.

WILLIAM R. BOONE, Assistant Professor of Biology (1977)

B.S., University of Georgia; M.S., Ph.D., Clemson University.

JOHN A. BRITT, JR., Professor of Foundations and Secondary Education and Special Studies (1963)

B.S., Troy State College; M.S., Florida State University; Ed.D., Auburn University.

BRUCE C. BRUMFIELD, Associate Professor of Management and Information Systems (1978)

B.B.A., M.B.A., Georgia Southern College; D.B.A., Mississippi State University

SLOAN D. CALDWELL, Associate Professor of Biology (1969)

B.S.Ed., Western Carolina College; M.S., University of Tennessee; Ph.D., University of Georgia.

LUCRETIA COLEMAN, Assistant Professor of Management and Information Systems (1977)

A.B., M.Ed., Georgia College; Ed.D., University of Tennessee

DAVID J. COTTER, Professor of Biology (1966)

B.S., A.B., M.S., University of Alabama; Ph.D., Emory University.

R. LINTON COX, JR., Registrar and Director of Admissions (1963)

A.B., M.A., Emory University.

*Other regular faculty members may teach graduate courses upon recommendation of the Department Chairman and with approval of the Graduate Council and the Dean of The Graduate School.

TERRY NASH DEAL, Professor of Home Economics (1972)

B.S.H.E., Women's College, University of North Carolina; M.S., Ph.D., University of North Carolina at Greensboro.

KATHERINE DEMAREA, Associate Professor of Special Education (1976)

A.B., M.A.T., Webster College; M.A., Ph.D., St. Louis University.

MICHAEL F. DIGBY, Assistant Professor of Political Science and Public Administration (1976)

A.B., University of Georgia; M.A., Ph.D., University of Virginia.

CATHERINE M. DUPREE, Associate Professor of Home Economics (1972)

B.S., M.Ed., Georgia College; Ed.S., Ed.D., University of Georgia.

LARRY ELOWITZ, Associate Professor of Political Science and Public Administration (1972)

B.Ed., M.A., University of Miami; Ph.D., University of Florida.

DORIS A. ENGERRAND, Professor of Management and Information Systems (1971)

B.S., North Carolina College; M.B.E., Ph.D., Georgia State University.

JANICE C. FENNEL, Director of Libraries and Associate Professor of Library Science (1978)

B.S., Madison College; M.S., Ph.D., Florida State University.

MARY KEY FERRELL, Professor of English (1955)

A.B., Georgia College; M.A., Emory University; Ph.D., University of Georgia.

JEROME D. FRANSON, Associate Professor of Educational Field Experiences (1972)

B.A., University of Minnesota; M.A.T., Vanderbilt University; Ph.D., George Peabody College for Teachers.

DICK L. GEORGE, Professor of Mathematics (1968)

B.S., Oklahoma State University; Ph.D., Duke University.

HILDA S. GONZALEZ, Professor of Mathematics (1969)

B.S., B.A., Mantanzas P. Institute; Ph.D., University of Havana.

SARAH ELLEN GORDON, Associate Professor of English (1973)

A.B., Randolph-Macon Woman's College; M.A., University of Missouri; Ph.D., Texas Christian University.

WILLIAM IVY HAIR, Fuller E. Callaway Professor of Southern History (1973)

B.A., M.A., Ph.D., Louisiana State University.

ALDA A. HARPER, Associate Professor of Foundations and Secondary Education (1974)

A.B., Wesleyan College; M.Ed., Ph.D., University of Maryland.

RONALD B. JENKINS, Professor of English (1979)

B.A., Wake Forest University; M.A., North Carolina State University; Ph.D., University of North Carolina.

JO ANN JONES, Associate Professor of Economics and Finance (1976)

B.S.E., University of Central Arkansas; M.B.A., Northeast Louisiana University; Ph.D., Louisiana Tech. University.

KENNETH DALE JONES, Assistant Professor of Management and Information Systems (1976)

B.S., University of Central Arkansas; M.B.A., Northeast Louisiana University; Ph.D., Louisiana Tech. University.

J. GORDON LONG, Professor of Marketing (1969)

B.S.A.E., M.B.A., Ph.D., University of Georgia.

JOHN H. LOUNSBURY, Dean of the School of Education and Professor of Foundations and Secondary Education (1960)

B.A., Stetson University; M.A., Ed.D., George Peabody College for Teachers.

JAN EDMUND MABIE, Associate Professor of Political Science and Public Administration (1973)

A.B., University of Rochester; M.A., Ph.D., Washington University.

WILLIAM F. McDANIEL, Assistant Professor of Psychology (1977)

B.S., Duke University; M.A., Appalachian State University; Ph.D., University of Georgia.

JOHN MALCOLM MOORE, Carl Vinson Professor of Political Science and Public Administration (1976)
B.S., LL.B., University of Tennessee; M.S., University of Wisconsin; Ph.D., University of Georgia.

ALICE MAE MULHERIN, Assistant Professor of Management and Information Systems (1977)
B.S., Augusta College; M.A., Ph.D., University of Georgia.

WILLIAM W. NISH, Professor of Psychology (1970)
A.B., Maryville College; M.A., University of California, Los Angeles; Ph.D., Washington State University.

JAMES MICHAEL PEELER, Associate Professor of Health, Physical Education and Recreation (1976)
A.B., Catawba College; M.Ed., Ed.D., University of Georgia.

DOROTHY E. PITMAN, Professor of Sociology (1964)
B.A., Mary Hardin-Baylor College; M.A., Ph.D., University of North Carolina.

BETTY L. POINDEXTER, Professor of Health, Physical Education, and Recreation (1963)
B.S., M.A., Ph.D., Texas Woman's University.

MICHAEL J. PREWETT, Associate Professor of Psychology (1978)
B.A., East Carolina University; M.S., Ph.D., University of Georgia.

ELIZABETH A. RHODES, Assistant Professor of Home Economics (1975)
B.S., Appalachian State University; M.S., Ph.D., University of Tennessee

KENNETH S. SALADIN, Assistant Professor of Biology (1977)
B.S., Michigan State University; Ph.D., Florida State University.

MARLIN C. SANDERS, Professor of Education (1961)
B.A., University of Georgia; M.S., University of Tennessee; Ed.D., Florida State University.

THOMAS JEROME SCOTT, Associate Professor of Mathematics (1972)
B.A., M.S., Mississippi State University; Ph.D., University of Georgia.

RONNIE LYNN SHEPPARD, Assistant Professor of Childhood Education (1976)
B.A., Baylor University; M.Ed., Ed.D., North Texas State University.

WILLIAM C. SIMPSON, Dean of the School of Arts and Sciences and Professor of Physics (1972)
B.A., Mercer University; M.S., University of Kentucky; Ph.D., University of Virginia.

JOYCE M. SMITH, Assistant Professor of Educational Field Experiences (1975)
B.A., M.A., Ed.S., Ph.D., Georgia State University.

FLOYD VOYNE SOUTER, Associate Professor of Foundations and Secondary Education (1972)
B.S.E., Henderson State; M.Ed., Ed.D., University of Georgia.

JOSEPH F. SPECHT, Dean of the School of Business and Professor of Management and Information Systems (1949)
B.S., M.S., North Texas State University; Ed.D., New York University.

DAVID JOHN STASZAK, Director of Research Services and Associate Professor of Biology (1972)
B.S., M.S., Ph.D., Iowa State University.

ORVILLE W. TAYLOR, Professor of History (1969)
B.A., Ouachita Baptist University; M.A., University of Kentucky; Ph.D., Duke University.

FRANK E. THOMPSON, Associate Professor of Childhood Education (1975)
B.S., University of Maryland; M.Ed., Ed.D., University of Virginia.

JACK N. THORNHILL, Professor of Economics and Finance (1972)
B.A., Wittenberg University; M.Litt., University of Pittsburgh; Ph.D., Louisiana State University.

CARL VINSON, Honorary Professor of Political Science and Public Administration (1974)
J.D., Mercer University.

FRANK B. VINSON, Associate Professor of History (1969)

A.B., Emory University; Ph.D., University of Georgia.

MARTHA HELEN WALTON, Professor of Health, Physical Education, and Recreation (1967)

B.S.Ed., Auburn University; M.A., Northern Colorado University; Ph.D., University of Southern California.

HARRIET L. WHIPPLE, Professor of Biology (1968)
