Merry Christmas

New Board Of Regents Take Charge January

The Boards of Trustees which have been separately controlling the twenty-seven Georgia institutions of learning, the University of Georgia and its branches ,have been replaced by the act passed last summer by the Georgia Legislature creating the "University System of Georgia." This system is to be managed by a Board of Regents to take office January 1. They are Pratt Adams, Savannah, for the First District: William J. Vereen, Moultrie, for the Second; George C. Woodruff, Columbus, for the Third; Cason Calloway, LaGrange, for the Fourth; Hughes Spalding, Atlanta, for the Fifth; William D. Anderson, Macon, for the Sixth in which is the Georgia State College for Women; Miss Martha Berry, Rome, for the Seventh; Judge M. D. Dickerson, Douglas, for the Eighth; Judge Richard B. Russell, Sr., Winder, for the Ninth; Judge T. F. Green, Athens, for the Tenth; Phillip Weltner for the State at large; and Governor Richard B. Russell, Jr.

This new system is expected to aid the State economically and increase the efficiency of the college.

Christmas 1901

The School closed for the Christmas holidays on Thursday afternoon at four o'clock, Dec. 18. Not a student left town until the next morning, but by noon on Friday two hundred of them had gone and were speeding away to their homes in all parts of the state. Every train from Milledgeville that day was crowed with members of the brown-skirt army. The 6:20 A. M. Central train had to provide two extra coaches for their accomodation.

The forty students who remained in the dormitories had happy holidays and a merry Christmas. Most of the restrictions and regulations placed on them during the session were removed and they were allowed to do pretty much as they pleased; they availed themsleves of the opportunity and enjoyed it greatly, though, of course, they did not please to do anything that was not perfectly right and proper. Santa Claus came to see them Christmas Eve night and filled the forty stockings abundantly. They had a Christmas morning egg-nog and a big Christmas dinner On Christmas night they had fireworks and after that a grand frolic of games and sports. On the night of the twentysixth Mrs. A. R. Phillips gave them at her hospitable home a glorious ald-fashioned candy pulling. They were to have had a straw ride and a day's outng in the country on Thursday but the weather prevented, -Files of Union-Recorder December 31, 1901.

R. E. LEE CHAPTER PLANT

Impressive Exercises Held Friday Afternoon. Address Delivered by Col. Marion Ennis

Honoring the 200th anniversary of the birthday of George Washington through out the nation will be planting of trees.

Already 7,000,000 trees have been planted and 10,000,000 more will be planted during the year 1932.

Arbor Day was selected by the Robert E. Lee chapter of U. D. C. to plant trees honoring the first President, and the chapter decided to plant one on each college campus. Magnolias an old and beautiful southern tree was chosen as the trees. First on the G. M. C. campus and then on G. S. C. W.

Mrs. R. B. Moore president of the Robert E. Lee chapter of U. D. C. presented the trees to the presidents at each college, Col. Roach at G. M. C. and Dr. J. L. Beeson G. S. C. W. Each president accepted the trees thanking the chapter.

Mrs. Moore then introduced Col. Marion Ennis, who delivered an appropriate and well worded address At both places beautiful music was First in Peace, and first in the hearts rendered by the G. M. C. band un- of this countrymen."

GUN USED IN REVOLUTION TREES ON COLLEGE CAMPUSES | PLACED IN G. S. C. W. MUSEUM

A flint rock musket used by William Moran in the War of the Revolution was placed in the museum of the Georgia State College for Women by Dr. J. L. Beeson this week along with many other relics of early American life.

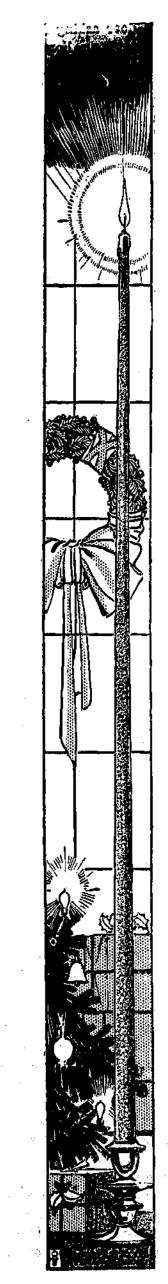

The musket was in the possession of Mrs. J. M. Simmons a great-granddaughter of William Moran and she loaned it to the college for the historical museum. William Moran is buried in north east Baldwin county and his grave was recently been marked by the War Department. The old musket is a most interesting relic.

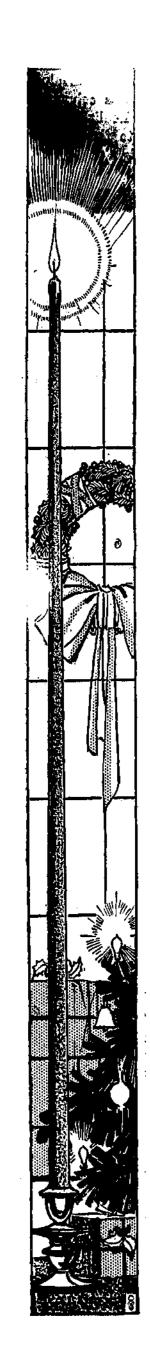

Dr. Beeson also added a flint lock pistol over one hundred and fifty years old to the rare collection at the college. The old pistol came from Liverpool England and was found in an antique shop in Montgomery, Ala.

The length of the festivities in Mexico is somewhat different also from that of our, whereas, this year, we celebrate only from De1cember 23 to January 4, our neighbors selebrate from December 16, to January 6. During all this time, there is merrymaking and excitement. The shop windows are lighted up and snow, being saved by kind little

During the nine nights from December 16, to Christmas Eve night, red noses against the Christmas shop or "la Nochebuena" the Mecicans carry on the most important events of the season, the posadas. The word "posada" means an inn, and comes from the scene which it enacts. One family and its guests represent the scene in the Bible which tells of Joseph's searching for a place to stay. The mother represents Mary and the father Joseph. They knock at Mary's door asking for admission until at last one home is opened and the precession goes in. Inside on a table is an altar improvised with figures of clay, which represents the birth of Christ. Now the giftbasket is opened and merry making begins in earnest.
