## CARRIGANSUCCEEDS SHAW

## Student Body Has Physical Examination

There was wailing and gnashing of teeth when the students of G. S. C. learned of the physical examination to be given the entire student body.

Many wild theories quickly spread over the campus, so that on Monday night a feverishly excited group of girls nervously awaited the doctor's arrival.

Great preparations had been made for the event; ears had been scrupulously scrubbed and pajamas chosen with care and deliberation.

The crucial moment drew near. Anxious girls were herded downstairs to the parlors, each with visions of the huge needle used for diptheria serums flitting through her brain.

However, all fears were soon dispelled. Dr. Scott and his assistant, Dr. Wood, merely peered down the throats and listened to the heartbeats of their victims. Before she had time to think, one girl was examined, passed on, and another girl took her place in the line. Then came the realization that/it was all over-the dreaded ordeal finished! The wild tales that had been circulating were groundless and the situation exceedingly simple. The examination was required by the American Association of Teachers' Colleges.

Their minds at rest, the girls cheerfully climbed the stairs to their respective rooms to remove all finery in favor of the accustomed sleeping garments and to drift off to the undisturbed sleep of the physically

### EMORY GLEE CLUB TO SING AT COLLEGE TUESDAY

The Emory Glee Club, know as the "South's Sweetest Singers" will appear here next Tuesday evening, February 16th in the auditorium of the Georgia State College for Women.

The club has a membership of thirty-five and will present a program of classical and popular music. The club has gained fame by singing several negro spirituals on each program. The Little Symphony Orchestra will be a feature of the program.

The club members will be entertained in the homes of Milledgeville during their stay here. They will arrive Tuesday morning. On Tuesday evening a reception will be given the club members by the senior class of G. S. C. W.

### "EPISODES IN THE LIFE OF GEORGE WASHINGTON TO BE PRESENTED FEBRUARY 22

Throughout Georgia, plans are now being made for a gala celebration of the 200th anniversary of George Washington's birth.

"Episodes in the Life of Washington," a pageant written and produced under the direction of Dr. Amanda Johnson, will be staged in the G. S. C. W. Auditorium on the birthday of that great statesman. Approximately 250 students are taking part in the production which is undoubtedly one of the best of its kind to be presented in Georgia. Hard work on the part of both Doc tor Johnson and the students has insured the success of the event For this reason, the Governor, the Board of Regents and other disting uished visitors have been invited to attend the pageant.

The prologue of the production takes the audience back to 1732. The main characters in this part are Father Time and six fairies who represent the dreams and thoughts of men. The fairies open :"The Book of Ages," roll the spirit of old Virginia at the time when Washington lived. 100 characters are involved in the prologue.

Acts I, II and III consist of Episodes in the life of Washington, beginning with his childhood. Children from the primary grades, will depict some of the events of Washington's early youth. Following in Washington's early manhood and his military career during the French and Indian War. Finally, we see him as President of the United States—"the Father of His Country."

The audience is brought back to modern times in the epilogue, thus bringing to a clost "Episodes in the Life of Washington."

### PHYSICAL EDUCATION IS DISCUSSED AT CLUB MEETING

An interesting program was enjoyed by members of the Education club at their last meeting, Tuesday, January 12. Miss Martha Weaver introduced the subject. The ten cardinal points in the platform of health and Physical Ed. were read by Miss Jo Hogan. Following this Mrs. Holman discussed the trends in Phy. ed. The dance was explained by Miss Gladys Eubanks and artfully illustrated by Miss Frances Scott. As a summary and conclusion to the program Miss Miller spoke on the results and benefits of Physical Education.

"MONK" CARRIGAN

# Helen Carrigan Elected Vice President Junior Class

Miss Helen (better known as Monk) Carrigan was chosen to fill the vice-president's chair of the Junior Class at a class meeting last week when it became known that Miss Martha Shaw, the former vice-president, had been transferred to the Senior class at the beginning of the new semester.

"Monk" is one of Augusta's famous G. S. C. W. tribe. The nickname "Monk" was conferred on her when she was a freshman because of her queer antics-she entered in February and her "greenness" along with her personality made a definite impression. She attended summer school the following summer and became known for her humor-even the professors commenting on its constancy. During her Sophomore year her popularity increased and she was elected to serve as assistant "ad-getter" of the Colonnade and as social chairman of several other campus organizations. She was also a prominent member of the Psi Delta Pi. But not until she became a Junior did Monk come into her own. She was promoted to vice-president of the Health Club and was elected to the Y. W. C. A. Cabinet as chairman of the Hospitality Committee—which tluty she attends to regularly, trudging to the auditorium every Thursday and Sunday afternoon/to arrange the stage for vespers. She was also selected to be assistant business manager of the Spectrum, the college annual. There has been so doubt in the minds of any of her associates that Monk has filled all of ther offices faithfully and well. She has become known for her dependability and wilingness. All of her freshman tricks have been turned into more lady-like virtues such as neatness, beauty and charm. Why, when she was a freshman there was a split in the back of her skirt a foot long dangerously, stuck together

H. B. CUMMING SPEAKS AT

Mr. H. B. Cumming, Federal Supervisor of Vocational Rehabilitation spoke to the students and faculty February 10, his subject being "Educational Works of the State and Federal Governments. The speaker was formerly connected with the West Tennessee State College.

The supervisor asserted "there is a tendency to think of the federal government as being far removed from us when, as a matter of fact, we are the sum total of it." He also said that work was being done, and it should be done, by our federal government independent of the state. This includes the education of Indians, Eskimos, Porto Ricans, and the people of the District of Columbia.

However, Mr. Cumming's interest is in educational work part federal and part state. He had the pleasure of talking to Helen Keller two years ago. She warned him "Don't be afraid; I'm not going to choke you." Then she put her hand on Mr. Cumming's face, by feeling the movements of the facial muscles. Miss Keller can understand what a person is saying. In one way of speaking, Miss Keller talks with her free hand to her teacher who acts as interpreter.

Other examples of great people who have overcome physical disabilities are Edison, Steinmatz, Bryon, Milton and Beethoven.

"Together," Mr. Cumming continued, "the state and federal government are attempting to train the physically disabled to go along with the physically fit. There is a need to learn that we can do something." According to the speaker, "If you're all right from the adenoids up you'll make a sucess". Mr. Cumming said that he had always heard that "if you are all right from the neck up you will make a success." This opinion was disspelled by a friend who thought the adenoids a better dividing line, since the tongue was eliminated by such a division.

The talk was closed by a letter which had been received in the supervisor's department; it ran "Dear Mr—:

I have just got married; please nelp me with my disability."

Mr. Cumming heartily agreed with the author of the letter that a husband was a distinct disability.

split in the back of her skirt a foot | Check up on yourself and see if pleased long dangerously, stuck together you need a little mental oil on every So chee with white adhesive tape, and it was kind of learning but book learning best!

### Work To Begin On New Library

At a meeting of the Board of Regents of the State University System held February 12, with Dr. Charles M. Snelling, newly elected chancellor of the entire system, presiding, there was a \$50,000 appropriation made for the construction of a library for the Georgia State College for Women. The money which the Board of Regents voted for this purpose had bee nturned over to the State System by G. S. C. W., in January and was a result of the frugality and husbandry of the school officials, for many years past. The Board has asked the architectural divison of Georgia Tech to draw up the plans for the building.

At this meeting of the Board, the University of Georgia and the State College of Agriculture served their very close connections of recent years. These two schools will be under entirely separate supervision henceforth.

### NINETY-NINE COLLEGES ARE REPRESENTED ON FACULTY

Ninety-nine colleges and universities of the United States and Europe are represented in the faculty of the Georgia State College for Women, Milledgeville, and in more than half the states there are located institutions that have assisted in training the faculty group.

Columbia ranks first with 38; the Georgia State College for Women, 30; Peabody, 15; University of Chicago, 9; Cornell, 8; University of Tennessee, 6; Emory, 5; Harvard, 4; University of California, 4; University of Georgia, 4; and the University of Wisconsin, 4.

Three-fourths of the faculty of G. S. C. W. have attended two or more colleges in completing their education and sixteen have studied in foreign institutions.

# Report Cards Sent Home

Dean Scott announced Tuesday, February 9, that all the grades were in and our joyously anticipated report cards were being sent out promptly, in a few more days our fate will be known. But maybe it won't be so bad after all, as Dean Scott said he was surprised and pleased at the excellent record made. So cheer up girls—and hope for the best!

"Eat. drink, and be merry For tomorrow the bank may bust."

shouldn't. Gamecock.

### CARRIGAN SUCCEEDS SHAW

(Continued from page one)

often difficult to distinguish between her eyebrows and hair. Now her hair is her crowning glory tt is always done up in a neat little ball on the back of her neck and her skirt is really a model for all uniform girls. No longer does her conduct warrant the nickname "Monk" but it has stuck-not even Mrs. Martin's influence has been able to loosen it. The Junior class is proud of the evolution Monk has made and they have shone their pride and trustfulness in giving her the responsible position of vice-president. We congratulate the Juniors and our hats are off to Helen!

Martha has shown her capability in every thing she has done. Even when she was a freshman her potentialities were well-known and above her protests there were clamors for her to serve as class treasurer. She has never "politicked" for an office of any kind—they are all served to her on silver platters and well-honored does the serving committee feel if she deigns to accept. Martha is obtaining her degree in three years which requires no small amount of intelligence-more than that she has gone through on an average much nearer to A than B. The Seniors are fortunate to have her and they are planning to use her in a big way. Martha is out of uniform now as perhaps you have noticed and she looks fine. Well, Juniors she's your loss and the Seniors gain.

### GEORGIA DAY STORY

In celebration of Georgia Day, February 12, the History Club presented a short chapel program, Friday, pointing out the unique facts in Georgia history. Those taking part were: Bobby Burns, Ruth Wilson, Marian Powers, Jame Leverette, Mervyn Singletary, Ruby Lee Curtiss, Margaret Hansard, Lucile Harvey, Elizabeth Pollard, Bennice Johnson.

### FRESHMEN PRIVILEGES

The Freshman class has at last come into its own! Wednesday saw multitudes of girls in town divided into groups of threes, without that unnecessary quanity, a chaperonne. In case you've wondered why they had that "superiority complex look" we'll tell you—Freshmen have their privilege! No longer will there be that Monday and Wednesday trek accross campus for Mrs. Beaman's approval and signature.

Then, as a Grand Finale Dr. Beeson ordained that Frenshmen could see the Mercer Cubs—G. M. C. game on Saturday night.

Where are a few believe it-or-nots which, honestly, are worthy of being called Ripley's own:

A freshman went down to the lunch room and asked when the library would be open.

A freshman got a card signed to

go to the tea room.
The word "Sophomore" means a

"Wise Fool."
"It's an exceptional book that sells to beat the banned."

He worked in a marble quarry and he certainly took a lot for granite.

She was only a banker's daughter but, oh how she could hold their interest.

That we sometimes give out of something to write.

Don't forget we are yours for the asking;

TOM FOOLERY
P. S. We think that our column is silly enough without asking you to be our valentine.

### PROMOTIONS NUMBER ONE HUNDRED AND TWO

The promotions made this semester indicate a high standard of standard of standard among the students. There were one hundred and two in all! Forty-eight were promoted to the Senior class, forty to the Junior class and tourteen to the Sophomore class.

The plans of some bloody villians were failed when Virginia Tanner discovered the plant life "Murder" her sleep on the night of February 6. Miss Tanner, on retiring for the night, heard a loud ticking noise and fearing it might be a bomb planted by some Chicago bandits she began an investigation to discover the cause of the noise.

Exactly 23 1-2 minutes after her rearch began Miss Tanner found the "bomb", two innocent alarm clocks set to ring at the ghostly hour of one a. m.

A campus wide search is being made for the desperate villains who would "murder" sleep.

The Health Club held a most enjoyable outdoor meeting at Nesbitt woods, Saturday, February 6.

A short but important business meeting was held during which the President of the club called for homeonic to the vacancies due to the resignation of Helen-Southwell and Mary E. Norris. The election resulted in the selection of Bess Lewis for First Vice-President and chairman of program committee and Agnes Devore as chairman of the bulletin board committee.

Last but not least the members of the club enjoyed eggs and bacon on toast and coffee. The members of the club were then invited to Mrs. Wooten's home where they toasted marshmallows and popped pop corn. Mrs. Wooten presented each member with some beautiful jonquils from her garden.

The rain on last Monday afternoon failed to dampen the spirits of Polly Moss Bible Study class when they met for a hike to the Country Club.

As soon as the downpour ceased, they set out. The Country Store was their first stop, and there the girls made merry with drinks, popcorn, crackers, pickles, and the like. They hiked to the Country Club and back around by the river where marshmallows were served. Although the ground was wet everyone enjoyed herself, and all in all there was a "slushing" good time of it.

### MY WILD IRISH AROSE (To the occasion)

"How did you get that black eye, Mrs. O'Donnell?"

"Well, sir, me 'usband came out of prison on 'is birthday." "Yes?"

"And I wished him many happy returns."—The Davidsonian.

I knocked on the door of your thoughts.
I entered.

You needed someone to confide in: Someone to whom you could tell your thoughts, your dreams,

your desires.
I knocked on the door to your heart.
No answer

Oh well, nobody home I spose:
-L. S.

"Do you think I will ever be able to do anything with my voice?"
"It might come in handy in case of fire."—Agnostic.

### PAGEANT CAST WORKING HARD

"Episodes in The Life of Washington" to Include Many Interesting and Colorful Scenes.

The cast, which includes several hundred young women, students of the Georgia State College for Women, is working hard for the presentation of the pageant "Episodes in the Life of Washington" in the G. S. C. auditorium on the night of February 22nd.

The dances in the pageant are under the direction of the physical education department. Miss Anna E. Miller is directing the dances for the inaugural ball; Mrs. W. E. Ireland, the pickininnies; Miss Margaret Candler, the Indian dances; Miss Annie Joe Moye, the fairy dances. The dances will be a big feature of the entertainment.

The costumes will be elaborate and beautiful and in keeping with the period in which Washington lived. Dr. George Harris Webber is assisting in the staging and will have charge of the lighting.

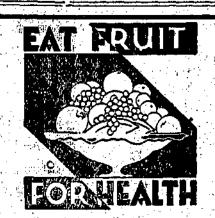

The events to be depicted will be colorful and interesting. Dr. Amanda Johnson, author and director of the pageant, is pleased with the progress that is being made.

Miss Mary Baker Black, entertained for her visitor Miss Barbara Mills, Sylvania, with a delightful hike on Saturday, February6, to Calloway Woods.

The girls, chaperoned by Miss Katherine, Butts, spent a most enjoyable afternoon at Calloway Woods. Hot dogs and coffee were on the menu for the afternoon and never did hot dogs and coffee taste better.

Those present were Misses Barbara Mills, Mary Baker Black, Martha Strange, Ruth Wilson, Mary Ann Belcher, Alice Lee McCormick, Virginia Hale, Callye Vickery, Manelle Dooley, Virginia Bagwell, Ruth O'Kelley, Emily Asbury, Margie Tidwell, Marjorie and Virginia Herndon, Julie Stark and Katherine Butts
