Over Five Hundred Young Women Take Part in "Episodes in The Life of Washington."

Over five hundred young women had a part in unfolding the events in the life of George Washington Monday evening when a pageant was presented at the auditorium of the Georgia State College for Women in celebration of the bi-centennial of the first President's birth.

"Episodes in the Life of Washington" is the title of the brilliant and colorful pageant that was given by the students of the college. Under the direction of Dr. Amanda Johnson, head of the history department and author of the pageant, the young ladies have been busy for many weeks rehearsing and preparing for the presentation. Dr. Johnson was awarded a medal of honor by the national commission for the celebration of the bi-centennial and the pageant has been declared one of the best to be given in the entire country.

The events in the life of the first president were told in pantomime, beginning with his boyhood and continuing through until his death. The hatchet scene was especially interesting as were the many events that surrounged the old Virginia plantation.

The first inauguration and inaugural ball were most colorful and beautifully staged. Costumes of the period have been designed by the arts department and the dances have been arranged under the direction of Miss Anna Elizabeth Miller and her corps of assistants.

Dr. J. L. Beeson invited many state dignitaries to the presentation, and the people of Milledgeville were extended an invitation.

AN EXPLINATION

In the last issue of the Colonnade there appeared the following statement:

This information was based on statistics tabulated from the college catalogu for 1929-1931. Our correspondent was slightly in error in her statement that "sixteen have studied in foreign institutions." While the college catalogue names more than sixteen schools and colleges which were attended by members of the faculty only ten faculty members have done actual studying abroad in colleges and universities, according to the catalogue. D. A. R. MARKER PLACED C G. S. C. W. CAMPUS

Friday afternoon Feb. 19, a program was presented in the auditorium in commemoration of the birthday of Washington. The exercises were to have been held on the campus but rainy weather necessitated an indoor presentation.

The G. M. C. band furnished music for the occasion.

Mrs. Steve Thornton gave the opening address and presented the speaker, Rev. A. G. Harris, who rendered a speech on Washington's life.

Rev. Harris portrayed Washington as a military leader, a patriot, a statesman and a Christian.

He was "a perfect blending and balancing of all the great characteristics," began Rev. Harris. "First, he was a great soldier. His training fitted him to be a lilitary leader, and when at the age of forty four he became commander-inchief, he was a veteran. He knew the habits and tempers of his subjects.

"There were times when the stars almost went out of the sky," continued the speaker, "yet Washington kept on leading until eventually the great victory of Yorktown was accomplished. He did not win many great victories, but he never lost one campaign. "Patiotism burned as a fire eternally in the heart of Washington,.

Rev. Harris said that Washington was responsible for the writing of government. Of course, changes have been made, but the foundation principles remain the same. Washington had the ability to unify thought.

"Although he was great as a soldier, a patriot, and a statesman, his supreme greatness lay in his great character as a Christian. The world has produced no greater Christian character than Washington."

The speech was concluded with the famous quotation from Longfellow's "Psalm of Life."

fellow's "Psalm of Life."
"Lives of great men all remind

We can make our lives sublime
And departing leave behind us
Footprints in the sands of time."
Mrs. Thornton then presented the

The G. M. C. band closed the program with the playing of "The Star Spangled Banner."

TWO GEORGIA GOVERNORS ARE REFUSED PLACE ON MANSION MEMORIAL TABLET

Eight names of Georgia's governors who occupied the executive Mansion in Milledgeville are memorialized by a bronze tablet placed on the front of the Mansion by the local Nancy Hart Chapter of D. A. R. The names of two governors, James Johnson and T. H. Ruger, do not appear on this tablet because they were appointed and not selected by the people of the sovereign state of Georgia.

Governor Johnson was appointed provisional governor; Governor Ruger of the United States Army was "detailed for duty" by military authorities.:

STUDENT INJURED SUNDAY

Miss Frances Rudasill. Junior, was injured. Sunday in an automobile collision near Barnesville, Georgia. She was in the car with Jack Edmonds and Mrs. Carrie Moye returning from a week-end visit to her home in Canton when their car suffered a head-on collision with another car at 5:30 Sunday.

Mrs. Moye was coming to Milledgeville for a visit to her daughter, Miss Annie Jo Moye, a member of the G. S. C. W. faculty, and neither Mrs. Moye nor Mr. Edmonds was hurt beyond a few bruises. Miss Rudasill, however, suffered a cut across her face which necessitated

eight stitches.

Miss Rudasill is now in the Parks
Memorial Hospital where she was
brought by friends after the accident. Mrs. Moye is visiting her
daughter, Annie Jo, in Bell Annex.

Instead of singing that old song entitled "Horses, Horses" the girls in Ennis Hall should revise the song and sing "Mules, Mules."

At a recent census it was found that 50 out of the 136 students in Ennis wear hockless bedroom slippers, better known as "Mules."

I recommend "Mules" highly," said Miss Evelyn Revelle." I wear Mules chiefly to keep splinters from playing hide and seek in my feet."

"I am seldom able to wear my "Mules," replied Margaret Clark."
My room-mates seem to love my 'Mules' above all others."
