DR. SUTTON TO DELIVER COMMENCEMENT ADDRFSS Be Celebrated With Barbecue Supper Fourth of July to

Barbecue To Be Served on Campus At Six P. M.

Play To Be Given At Seven Followed By Movie

The grand and glorious Fourth is to be celebrated in a grand and glorious way at the Georgia State College for Women.

Mr. L. S. Fowler, Bursar of the college, is in charge of the celebration.

Classes will be held as usual on the morning of July 4. A half holiday will be given on the afternoon cf the Fourth.

No particular entertainment has been planned for the afternoon but will be given over to what ever the students may desire to do.

Extension Courses To Be Offered This Summer

G. S. C. W. is presenting something entirely different this year from anything she has ever offered before. Extension and correspondence work is now being offered. There are seven of the colleges of the university system presenting this extension work and G. S. C. W. is one of the seven.

J. C. Warlow is director of the whole system in which G. S. C. W. is a part.

Dr. George Harris Webber, head of the department of Education will be the local director for this college. The committee is planning to begin this correspondence and extension work by July 1, continuing the work in September with a more vari-

Students Attend Marie Goodyear A.H.E. Meet In Atlanta

A lively group of 211 students left Milledgeville, on a special train Thursday morning at 7:10, June 23, to attend the Twenty-fifth Annual Meeting of the American Home Economics Association held in Atlanta. Dean E. H. Scott, Dr. Willam T. Wynn, and Mr. L. S. Fowler were the supervisors of the trip. Special committees selected a group of thirty girls as representatives of the college whose pictures were taken on the arrival in Atlanta for the state papers.

On the arrival at Stone Mountain Ga., arrangements were made through the courtesy of the peole of the city to carry all student to Stone Mountain in private cars, Lunch was served as they returned to the train from the mountain. At 12 o'clock noon a crowd of eager persons entered the New Union Sta tion of the city of Atlanta. The afternoon programs, which some students attended, included addresses on Elementary and Sec ondary School Division; Child Development and Parental Education Division; College and University Division; Extension Service Division; Home Economics in Business; and Home Economics in Institution Administrations. Many distinguished guests were present at the college banquet which was given at the Frances Virginia Tearoom . Mrs. Charles Davis, President of the Atlanta Alumnae Association of the Georgia State College for Women, gave the welcoming address. Talks were made by Dean Scott, and Miss Clara Hasslock of the College; Miss Edyth Thomas Federal Agent of the Home Economics Association in the South; Miss Epsie Cambell, Head of the Home Eco. nomics Department of Georgia; Miss Frances Swain, President of American Home Economics Association and Miss Margaret M. Edwards Vice-President of American Home Economics Association. Mrs. J. O Martin presided and introduced the speakers. The evening program which tool place in the city auditorium was presided by Miss Margaret M. Edwards, vice-president, and addresses were given by John Lovejoy Elliot, Direc tor, Hudson Guild, New York City on The Permanent Value of the Pamily; Mary Anderson, U. S. Wo man's Bureau, on The Economi Status of Wage-Earning Homemak (Continued on back page)

The Senior Class of the summer session at a meeting selected the following young ladies as officers: President --- Marie Goodyear, Brunswick.

Chosen President

Of Summer Class

Vice-President-Mary Snow Johnson, Atlanta.

Secretary-Alice Summerau, Treasurer-Martha Shaw, Atlanta, The officers were students during the regular session of the college. They have been outstanding in campus activities during the past three years.

Miss Goodyear first came into prominence when she was elected president of the Freshman Class of 1929-30. That same year she serv-

Address To Be Delivered at 10:30 Friday, July 15

Beauty Special to Leave Immediately After Exercises

Dr. Willis A. Sutton, Superintendent of the Public School System of Atlanta, and past president of the National Education Association will deliver the baccalaureate address here this summer at the graduation services on Friday, July 15, at 10:80 A. M., in the Richard B. Russell Auditorium,

Dr. Sutton has been an outstanding educator for quarter century. He has served as superintendent of the Atlanta Public School System, one of the most outstanding systems ed on the Freshman Council and was in the country. His work in this sys-

At 6:00 P. M. a barbecue dinner is to be given. The tables will be spread on the front campus.

A George Washington play will be given in the Auditorium from seven to eight o'clock.

Immediately after the George Washington play the picture "Around the World in Eighty Minutes" will be shown. Douglas Fairbanks is the star of the picture. All the thrills and shivers necessary for one evening will be found in that picture.

At the conclusion of the picture a Colonial party will be given on the front porch of Atkinson Hall.

The summer school students of G. S. C. W. are to be the guests of the college at all the entertainments.

Here's to a Grand and Glorious Fourth

Swimming Pool **Open to Students**

"Summer is a comin' in" loudly cry the students at G. S. C. But why worry about the heat now that everyone can take a cool dip?

Students are allowed to go swimming on Monday, Wednesday, and Friday from four to six P. M. either at the country club or at Cox's swimming pool. Arrangements have been made for transportation to the country Club. The students are also fortunate in securing reduced rates. There's nothing like a swim after an afternoon class. "Better come out and try it, the water's great."

ed course. The different teachers of these seven schools will carry on the work and there will be many courses offered. Bulletins are being published to show exactly what courses will be given. There will be a cost of \$5.00 per each semester hour. Courses are offered in the following fields: Art, Biology, Economics, Education, English, French, Geography, Health, History, Home Economics, Household Arts, Household Science, Journalism, Latin, Mathe matics, Music, Physical Education Philosophy, Rural Education, Socio

logy, and Spanish. A statement quoted from Dr. Webber in reply to an inquiry about correspondence work was: "I jaim pleased to state that work in this field will be offered by Georgia State College for Women on and af-. ter July 1."

The college is proud of the pro gress it is making in this step. Each step is a step upward and and is a stepping stone to make her more outstanding in the educational world.

WORK CONTINUED ON LIBRARY

The Ina Dillard Russell Library is nearing completion. As one walks up Hancock street he looks on this beautiful structure with anxious eyes and with a longing for that day when he shall be able to sit within its walls and enjoy the work which has heretofore been a drugery.

The G. S. C. W. students are look ing forward to seeing the building completed in September and ready for use.

Dr. Beeson has arranged the new building for the future growth of the college or, as he calls it, "A shoe

the Freshman Field Day Captain, leading her class to victory on that occasion. The next year she was vice-president of the Sophomore class and served on the Sophomore Commission. In addition she has been a member of the Y' M. C. A. Guild and president of El Circulo power and eloquence. Espanol. She has the distinction of receiving her A. B. degree in three years.

Miss Mary Snow Johnson has served on the Freshman Council and the Sophomore Commission. In addition she has served on the Colonnade and Corinthian and the Spectrum staffs. Miss Johnson has been very prominent in Y. W. C. A. work.

Miss Alice Summerau has been very active in Y. W. C. A. work. In addition she has been active in club (Continued on back page)

tem has brought him much notice and praise. He is nationally known as the national president of the National Education Association for the year 1930-31. He has been an outstanding Methodist Layman for a long period of years. He is known Cabinet, secretary of the classical far and wide as a speaker of great

> The exercises will begin at 10:30 A. M., and will last approximately an hour. After the completion of t h e m, the "Beauty Special" will leave for Macon where it will make connections with points all overthe state.

The examination schedule has not been as yet completed but it is thought that the exams will begin Thursday, and will be an hour in duration and will come to a finish early Friday morning.

(Continued on back page)

PRESIDENT'S MESSAGE

with the quality of the students. From the first day I have been impressed with the earnest purpose and sincere desire of the student body to get the most possible from this six weeks of study. The work of the summer school is intensive but highly practical and thorough. I hope that you are pleased with your work, and that your stay here will prove eminently worthwhile.

Since the inauguration of our first standard summer school twelve years ago, it has been our constant aim and endeavor to offer those in attendance first class college work that measures up to the same high standards as that of the regular session, and I feel that we have succeeded. The summer session meets

I am gratified with the large en-1 a real need in enabling our own rollment of the summer school and regular college students and teachers in service, who come from grade and high school positions in this and neighboring states, to continue their work toward degrees and diplomas, and to train them to become more intelligent teachers. It is our desire to promote the best things in education, and the results of our efforts are seen in the more efficient and higher type of service rendered by the teachers who attend our summer school.

> We appreciate the confidence the people of the State have shown in the Georgia State College for Women, and we hope to merit a continuance of this trust and respect.

> > Cordially yours, J. L. BEESON, President

"UNAFRAID"

There are times when we face life's problems afraid to make the next move for fear of making a mistake. That is the time for straight thinking. "The man of thought strikes deepest, and strikes safely," says Savage. Thinking a thing through is not only a time saver, but a dispeller of fears and a promoter of courage to face problems unafraid. Theodore Roosevelt in, "Fear God and Take Your Own Part" says: "Not one in a thousand times is it possible to achieve anything worth achieving except by labor, by effort, by serious purpose and by the willingness to run risks."

So real contributions to civilization are made by men and women who are unafraid. Franklin unafraid drew down the lighting from the skies, and thus laid the foundation for modern electricity. Edison unafraid of the jeers of the intellectual plutocrats, carried on to completion his experiments and gave us the incandescent light. Priestly unafraid of the appellation, heretic, pressed on to his goal and discovered oxygen, making possible modern synthetic chemistry. And too-

"A picket frozen on duty,

A mother starved for her brood.

Socrates drinking the hemlock,

And Jesus on the road;

The millions, who humble and nameless, The straight, hard pathway trod-

Some call it Consecration,

And others call it God."

These are the consecrated, unafraid souls who have made civilization possible.

The students' volunteer conference is symptomatic of the present mental attitude of youth who is striving to face life's problems unafraid. Attainment will be approximated just in proportion as the proper respective of life is secured.

Those entering the field of religous endeavor need to carefully consider the compon-

ent essentials of their work. From the negative side, one of the most important things to consider is the avoidance of barriers which cut off the human approach. One of which is an ego-centric and a supercilious attitude. No rock will sink a ship quicker than the "Holier than thou" attitude. Be holy-yes; be consecrated -yes; ; be religious-yes; but with all of it, be human. One of the great needs of the hour is Christian Efficiency. The following lines which are part of an answer to Foss's "House by the Side of the Road," epitomizes this thought.

" 'Tis only a half truth the poet has sung Of the house by the side of the way;

Our Master had neither a house nor a home But He walked with the crowd day by day. And I think, when I read of the poets desire That a house by the road would be good,

But service is found in its tenderest form. When we walk with the crowd in the road.'

These conferences hold up the ideal of a consecrated unafraid attack upon life's problem of service. One of the great outcomes is the revivifying influence not only on the individual, but on the college community to which the student returns. With broadened ideals, a truer concept of service, and a real understanding of the Master's command to carry the gospet to all parts of the earth, we are prepared to carry the Chrsitian banner forward unafraid.

EDUCATION AND THE DEPRESSION

All phases of life, the school not excepted, are feeling the effects of the depression. Adjustments are being made to meet it. The interests of our children are too important for us to weaken our efforts or desert our task. Many teachers are willingly accepting cuts in salaries and other adjustments. "More work and less pay" is going to be the portion of many. Lovalty to the task and a sacrifical attitude will continue to characterize the true teacher. This is no time for slackers, the responsibility of cultivating properly the greatest crop of our nation, our boys and girls, cannot be sidestepped. The sifting now in evidence will, in the end, result in benefit to our schools. The time servers, the inefficient teachers, those whose are not high, the teachers whose chief interest is in the pay check, or in the opportunities teaching affords for social pleasures, will find it difficult or impossible to hold their places, while those who feel the nobility of the calling, who realize that their work is an important as any that can be done, and who keep ever before them true ideals and a right attitude to their work, who better prepare themselves for their tasks, and who can make the right kind of education a true reality in their pupils, will be the ones called to greater responsibilities and better positions. After each period of debression in the past, there have come greater opportunities for promotion and success. This one will not be different. "Preparation for the future" should be the watchword of every teacher. "This, too, will pass away," should be in the mind of all of us.

It is also hoped that our schools will make adjustments so that terms will not be shortened. A day, or a week, lost in the education of a child is gone forever. The demands to be made on our future citizens require that we do nothing that will prevent their being able to meet successfully the requirements of the future.

Nor should we "count time" in regard to plans and preparation for needed improvements in our course of study or physical equipment. A small amount wisely spent, at this time, in broadening our curricular or adding needed facilities will be repaid many fold.

"Look forward and not back, look up and not down, look out and not in" is a motto wellworth adoption at this time.

Dear Folkies.

DR. SUTTON TO DELIVER COMMENCEMENT ADDRESS

(Continued from front page)

There will be approximately sixty degrees awarded and thirty-five normal diplomas which compares favorably with last years. The degree applicants will wear the customary cap and gown while the normal diploma applicants will wear white dresses.

. The ceremonies will be short in duration and simple.

The number of graduates this summer is approximately the same as last summer, but the total number graduates for the regular fall and spiring sessions together with the summer graduates far surpasses the number of corresponding graduates of 1930-31. Dr. Beeson said. "I am gratified at the encreased number of degee graduates."

WORK CONTINUED ON LIBRARY (Continued on back page)

string allowance and that has a knot in it now." When Dr. Beeson told what he wanted he said, "A library large enough to seat two hundred and fifty girls and to have six feet walking space around each table." The shelves are to be quite unique. The bottom shelf will hold the weight of all the shelves above it. In this way the library will be nalf full all around and there will be room for interesting growth.

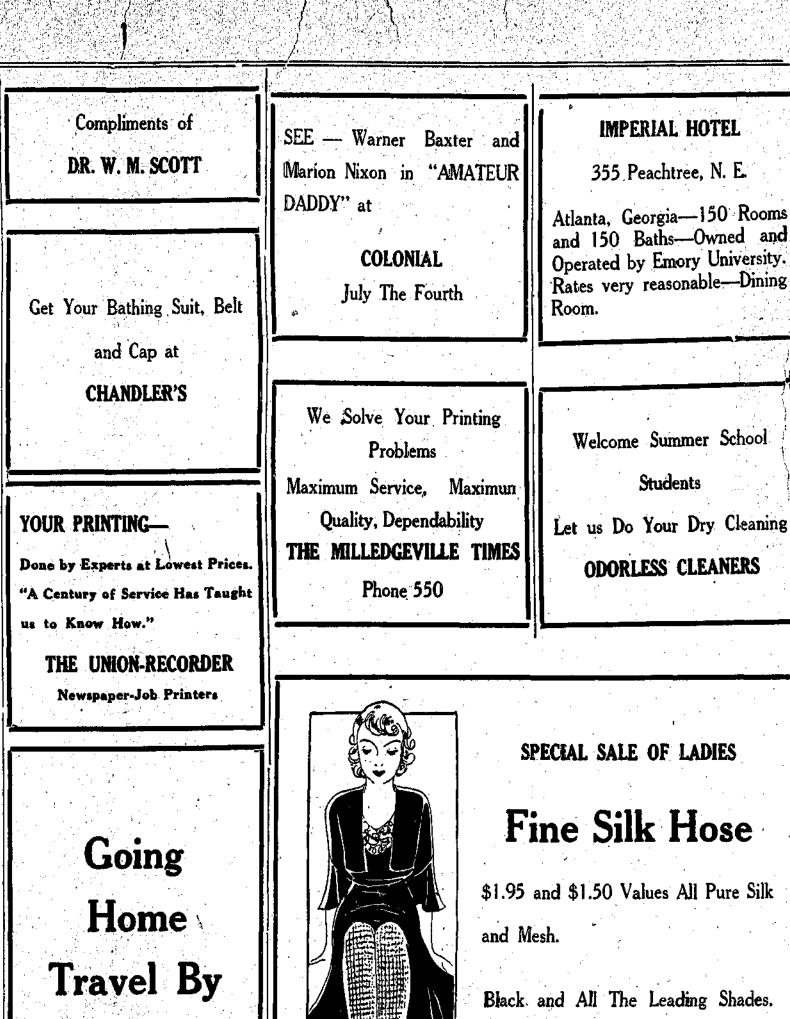

CHANGES IN FACULTY

Teachers and department heads of the Georgia State College for Women were elected by the Board of Regents as submitted by Dr. J. L. Beeson, and the following changes were announced by the school head this week:

Miss Elizabeth B. Jones, of Augusta, Ga., will be instructor in Latin and critic in the Peabody high school in the place of Mrs. Emily Hall Reynolds who has resigned. Miss Jones has the bachelor's degree from Wesleyan College, and the master's degree from Teachers College, Columbia University.

Miss Vera Hunt, of Atlanta, Ga., who received the A. B. degree on May 30, 1932, and who has been a student assistant in Physical education for the past two years, will be instructor in physical education for coming year. Miss Isabel Jones, assistant professor of physical education for the last two years, has resigned.

Miss Josephine Pritchett, of Griffin, who received the bachelor's degree on May 30, 1932, will be instructor in commerce for the coming year. She has been a student assistant in this department for two years.
