## ANNUAL HIKE PROVES GREAT EVENT FOR STUDENT BODY

College Girls and Faculty Members Enjoy Outing, Feast and Fun

The students of the Georgia State College for Women hiked across the Oconee River Monday afternoon on the annual hike given by the college. The officials, the faculty, the matrons, and prominent Milledgeville citizens accompanied the student body.

At intervals during the hike members of the senior class distributed popcorn, peanuts, candy. cookies, fruits and other refreshments. After the girls waded in the river they were given cold drinks. Later in the evening sandwiches, doughnuts, and punch were served.

A feature of the hike was a bonfire around which the students gathered to sing popular college songs led by Elizabeth Smith and Marie Garrett. Each class presented a stunt. The sophomores opened the program by staging a gymnastic wedding. Josephine Peacock played the part of the bride; Josephine Calhoun, the groom; and Gwendolyn Lekle, the preacher. The choir was composed of Elizabeth Shaperic, Margaret Johnson, Ruth Vinson, Viola Carruth, Grace Webb, Elizabeth Pollard, and Julia Bailey. Elizabeth Hill played the saxophone. Billy Howington was in charge of this stunt. She was assisted by Lillian Dillard, Virgina Peacock, and Julia Bailey.

The junior class gave an advertisement intelligence 'three skits representing advertisements were shown by Marie Patterson, Louise Hatcher, Helen Barker, Amelie Burrus, Frances Dixon, Mary Alice Ingram, Nancy Pryor, Eulalie McDowell, and Martha McGavock, Dot Smith was chairman of the stunt committee composed of Virginia Tanner, Sue Mansfield, and Marie Parker.

The freshman class sponsored a Best Baby Contest, the winner being Henry Ford White portrayed by Elsie Reisey. Freshmen in charge of the skit were Agnes Smith, Viola James, Mildred Edge. and Kathleen Roberts. Others taking part were Sara Owen, Mildred Watson, Martha Guinn, Winifred Camplain, Elsie Reisey, Mary Lillian Murphy, Henrietta Greer, Caroline Ridley, Mary Favor, Georgia Ellen Walker, and Martha Tigner.

The senior class presented tableaus representing advertisements. Ida Ellis Green and Marion Power changed the billboards. Fort, Bennice Johnston, Marion Keith, Helen Carrigan, Lavonia Newman, Anna O'Leary, Agnes De Vore, Virginia Smith, Frances Adams, and Adrian Wills took part. The chairman of the stunt committee was Virginia Smith, and serving with her were Marion Keith, Agnes De Vore, and Ida Ellis Green.

#### New Club Formed During Past Week

Richmond-Columbia County Students Form Organization; Addressed By Editor of Times

The students from Richmond and Columbia counties enjoyed a fine address, Wednesday afternoon, by Mr. J. C. McAuliffe, Editor of The Milledgeville Times.

Mr. McAuliffe's subject was "You." His talk he brought out the fact that studying and thinking are more important now than ever before; that one should give more serious thought to the future. He said that since character is all important, thinking must be along the right lines. Mr. Mc-Auliffe also said that he had visited large colleges all over the nation but that the students at G. S. C. W. exemplify the highest type of girlhood in America, and that no institution matches this in climate, personnel of students, and associations.

Mr. McAuliffe told the Columbia county girls that in 1850 their county was the richest in Georgia. Most of the families held from ten to one hundred slaves. To the Augusta girls he said that their city was the most provincial city in America, and that her citizens represent the best in American civilization. He ended his talk by saying that he hoped the group would so act as "to see the invisible, hear the inaudible, and do the impossible."

A short business meeting followed Mr. McAuliffe's talk in which Miss Helen Carigan, Augusta, was elected president of the Richmond-Columbia County Club; Miss Eleanor McCook Bearden, Augusta, vice president; Miss Ruth Hill, Augusta, secretary and

# Speak Thursday

RICHARD HALLIEURTON TO LECTURE IN COLLEGE AU-DITORIUM HERE.

Richard Halliburton, noted author and traveler, will speak at the Georgia State College for Women Thursday night, October 20. The public is invited to hear him lecture on his travels.

From all reports, Mr. Halliburton is a most interesting person. He is listed in "Who's Who in America" as an author, native of Brownsville, Tenn. In 1921 he received an A. B. degree at Princeton University. Since that time he has accomplished many daring feats and travels as well as beng the author of "The Royal Read to Romance," 1925; "The Glorious Adventure," 1927; "New Worlds to Conquer," 1929; and "The Flying Carpet," 1932. :

Among Mr. Haliburton's travels was a Homeric Expedition, tracing the travels of Ulysses from Ithaca back to Ithaca as: recounted in "The Odyssey." In foot Cortez's conquest of Mexico and Balboa's march that led to Ocean. This traveler has to his credit the first single-handed conquest of Fujiyama in midwinter, January, 1923.

In December, 1930, Mr. Halliburton with a professional flyer started eastward from California on an airplane flight that was to be the most unique in the history of aviation. "His idea was to recapture the spirit of the magic carpet of the Arabian Nights and to fly wherever his impulses suggested. The expedition was to have no other purpose than to folow the royal road to romance in the air, to visit the remote, and the mysterious, to loiter, to enjoy, to learn. They flew over forty thousand miles, pursued horizons for a year and a half, traveled entirely around the worldreaching the most outlandish places, encountering more curious people, and bringing back more dramatic tales than any other airplane flight. For two months they lived at encampments of the French Foreign Legion. A large section of Mr. Halliburtons lecture will be devoted to their advantures with this army. Few speakers have known the Legion as well, or returned with a more entertaining account of it."

#### AVON PLAYERS BE HERE NEXT MONTH

The Avon Players, a traveling company which presents Shakespearean plays, will appear at the Georgia State College for Women in November. "Hamlet," one of Shakespeare's greatest tragedies, will be given. This announcement was made by Mr. Thaxton, who stated that a representative had been at the college to make arrangements.

The company is made up of talented players who always give a splendid performance. The Avon Players have appeared before enthusiastic audiences at G. S. C. W. in previous years and played "Romeo and Juliet."

Dr. Daniels returned to the campus Saturday after a very delightful trip.

## Miss Martha Berry Quits State Board

Miss Martha Berry was succeeded recently on the State Board of Regents, due to her resignation, by the Honorable E.

The reason given by Miss Berry 1928 he mapped and traced on | for tendering her resignation was that her school needed her entire attention. Governor Russell exthe discovery of the Pacific pressed sincere regrets when this first public school superintendent

> Miss Berry was one of the original appointees to the Board of Regents, consisting of twelve members, replacing the old system of 250 trustees. This board was appointed in 1931 by Governor Russell, after an act of legislature creating such a board.

It is only natural that Miss Eerry should give her whole attention to the school that has been her life work. She has been acclaimed all over the United States as the one person who has done more for the mountain people of the South, and to bring down the percentage of illiteracy than any other person. She has been voted one of America's Twelve Greatest Women, and has been given degrees in various sections of the United Staes. Her school has turned out senators, lawyers, doctors and educators of prominence. She brought the light of learning to people who were groping in ignorance. Today the school that began in a log cabin thirty years ago is worth nearly a million dollars, and has supporters all over the country. The tuition of the school is work, not money, and Miss Berry's pay is the joy of making others

happy. Mr. Ault, her successor, is a prominent Cedartown lawyer, president of the Cedartown board of education, and late of the Georgia legislature.

Well Known University Heads Discuss Educa-. tional Problems

Three distinguished educators were present at the chapel exercises of the Georgia State College for Women Tuesday morning, October 11. Dr. C. N. Snelling, Dr. L. D. Coffman, and Dr. F. J. Kelley were the visitors present.

Dr. Snelling, Chancellor of the University of Georgia, introduced the Speakers. Dr. Kelley, of the Department of Higher Education, Washington, D. C., briefly greeted the students. Before he was called to fill his present position, Dr. Kelley was president of the University of Idaho. Dr. Coffman, president of the University of Minnesota, a Norwegian University with twelve thousand students enrolled, spoke on the value of higher education.

"After each depression," he said. "there has always been an educational renassaince. The greatest educational progress in the history of the United States took place after the depression of 1837, "he continued and explained his point by stating that the was appointed; and the first teachers' coleges were established.

Dr. Coffman said that he has seen three great philosophers at work; Communism in Russia, Militarism in Japan, Democracy in the United States, and each is contending for world supremacy. In his opinion Democracy can survive only through the progress of education. He believes three obligations rest on the youth of today. They are that the youth must create a sentiment for peace so that it will be impossible for war to continue; economic policies should be so conducted that depressions wil discontinue; public service must be placed above individual gain. He concluded by congratulating the students on their efforts to obtain a higher education so they might be better prepared to meet the world prob-

#### Article By Dr. Wynn In The American

A history of the Wynn family, written by Dr. William T. Wynn, appeared in the Atlanta Sunday American of October 9.

This interesting article gave the history of the Wynn family as far back as A. D. 876. The line is then carefully developed through the earliest Wynn settlement in Georgia, to the present day descendents who reside in various sections of the nation.

As the article states, the "presumption is that all the Wynns in America, England, and Wales are related to the original Sir Watkins Wynn, of Wynnstay, whose title remains with the owner of this magnificent estate." It was on this presumption that Dr. Wynn in company with Mrs. Wynn made a visit of investigation to the same interesting place, located in North Wales, in 1929.

Dr. Wynn has spent much time and energy in an attempt to obtain an accurate and reliable re-

That kind of fear is a stumbling block in the path of progress. We are afraid to use our own intelligence and common sense. We are as the bird which, afraid to trust his own wings, dies without even knowing the thrill of carrying his own weight.

Fear of real dangers are instinctive. Our forefathers lived in constant fear of wild peasts and enemy tribes. These were natural lears. But fear of unreal dangers lurking about is detrimental to us. It warps our mental growth and it prevents us from developing our own originality and personality. The word fear is a derivative of an old Gothic word which means "lies in wait."

#### DID YOU KNOW?

Where shall we start checking in with the many things that happen to wandering Alumnae? It seems so many years longer than it really is to us who are out teaching, and we so often lose connection with our school friends. that I hope and I will have a good gossipy time of it every meek, and you will let me know about those girls with whom I have lost contact.

Do you remember Mag Jackson who married Hemry King and moved to California? You really should know about her home, and perhaps you would like to plan yours like it. Just imagine a cream stucco, in the San Joaauin Valley, where every fruit you can name grows, and within driving distance of Yosemite National Park, and such undreamed of

And Dot Colquitt-who has just won the Hendersonville, N. C. audition, and gone to Raleigh to sing for more laurels. And

I know you heard about Frances Adams, from Columbus, who married in the Spring. Yes, Fred Derne, of Utah, and she is living m Salt Lake City. You should Wonder if Mr. Haliburton is hear Frances Morgan of Colum-

Alice Mae Wright is working in Columbus, at the Southland Pecan Company, and has a grand

place we understand. Columbus, let's just think for one minute just how many G. S. C. girls are teaching there. Don't guess I could possibly remember them all, at once, but here are some that I see a good deal,

Jeanne Freeman, teaching sixth

Evelyn Anne Biggers, 'Squeek,' fourth grade. Margaret McCutcheon, third

Frances Simmons, first grade, Harlowe Thompson, high school. Ermine Trulock, grammar

school. Sarah Tune, third grade. Doris Arrington, fourth grade. Mary Dimon, industrial high

Dorothy Roberts, grammar

I guess the others will come to me, after I have sent this inmy thoughts usually come that way, just after I've finished need-

Girls, I hope you will let me know where you are and something about you that I can pass on to the many people out in the state and even farther than Georgia, who are interested in you and what you are doing. You know how much fun it is to be able to tell some choice bit when you all get together and reminisce. You needn't write a letter, just a postcard-this 3 cent stamp business is fatal to the pocketbook,

Don't disappoint us. CAT ALLEN Cat Allen, 1532 Fourth Ave.,

Stop, look and listen. May be one you wish you hadn't heard. Happiness once more radiates some information is forth coming.

#### Ennis Dormitory Elects Officers

Thursday night, October 13, Mrs. Ethel Beaman, matron of Ennis Hall, called a dormitory meeting, which was held in the recreation hall.

The purpose of the meeting was to elect dormitory officers for this year and for the Sophomores to sign up for their privileges.

The following officers were elected: President, Willard Ragan, Hawkinsville; vice president, Marjorie Ennis, Atlanta; secretary, Viola Carruth, Roswell; and treasurer, Ruth Hunt, Calhoun. These officers represent a member from each class.

### Education Club

Elects Officers At a meeting of the Education Club, Tuesday afternoon, October 11, two new officers were elected to fill vacancies. Those elected were, president, Bennice Johnston, and treasurer, Emily Renfroe. The other officers of the club are: Mary Newby, vice president, and Lavonia Newman, secretary.

A definite time of meeting was not decided upon but will be voted on at the next meeting. Thomas Meadows has been asked to be the advisor for the club this year,

#### MATH CLUB MEETS

The Mathematics Club held its second meeting of the year Thursday afternoon, October 6.

Sara Willis, president of the club, presided, opening the program with a selection read by Georgia McCorkle from "The Mathematics Teacher." The article was a discussion of the subject, "In what respects should a child at the end of one year of Geometry, be different from what he was at the beginning of the year as a result of the training he receives." Mary Jane Lane read, "The Unknown Teacher."

Following the program, a short business meeting was held. The time of meeting was decided for five-thirty every third Thursday.

lectables at a moment's notice; he says a magic "Open, Sesame," and there pours forth refreshment enough to pale the treasure of forty thieves. He rides the magic flying carpet to see that everyone everywhere gets his share of fun.

He may have gone 'unslept' in his endless, detailed planning of fun for thirteen hundred persons, but he shall not go "unhonored" and "unsung." How can thirteen hundred persons ever thank him for his gracious effort in their behalf? The thoroughgoing efficiency which he manifests on the occasion of the Annual Hike is characteristic of the whole-hearted service he renders G. S. C. W. three hundred and sixty-five days in the year.
