Number 7.

G. S. C. W. Annual Will Have Georgia Historical Background

In February, 1733, two hundred years ago, Oglethorpe with his be built around a historical theme company first set foot in Georgia. Our state is celebrating, in February, 1933, the founding of the state. G. S. C. W. is honoring the deeds of our forefathers. There memorable event, not only through is to be a section of G. S. C. W. the pageant to be given by the students, but also in the presenta- loves. There will also be a snaption of its annual.

The bicentennial is to be the theme of the annual this year. The book has for a background such snapshots. the interesting panorama of Georof the founding up to the present. The division pages depict epochs in Georgia history. The superlatives, which are to be chosen from the Senior class, will represent seven great women of Georgia.

The book covering, which is to be typical of old books with its panels and bound leather corners, further carries out the bicentennial idea.

Student Activities Council Organized

The second meeting of the Student Activities Council was held last Wednesday afternoon. At this meeting the report from the temporary steering committee was council.

The first meeting of the council was held under the supervision of Margaret K. Smith. The temporary steering committee was elected with Mary Helen Mitchell as chairman. Other members were: Winnie Champlin, Margaret Euwards, Sara Owens, Billie Jennings, McArva Allen, Dot Allen, Agnes Smith

The steering committee met Sunday afternoon and formulated plans for the activities of the council for the coming year. The plans outlined include a recreational room for the students, with radio, ping-pong tables, books and ial to her. other means of passing leisure time. Various clubs for students will be organized. They will include poetry, sketching and fine arts groups, and a short story reading club. Other clubs are being planned for the near future.

The purpose of the student activity council is to give an outlet or means of expression to those students who feel they would like to make some definite contribution towards making the life on the campus more ideal. There are no requirements for membership to the council except a hearty interest in G. S. C. W. and a desire to help remedy situations that might exist on the campus, and a willingness to execute the plans that are made.

Miss Polly Moss is the general supervisor of the council and Dr. G. Larris Webber is the faculty advisor.

Permanent officers when elected will include a steering committee of ten, a chairman, a secretury, and a treasurer.

Be waiting! A dormitory raid is to be made this week. Watch! Wait! Look! Listen!

The fact that the annual is to does not mean that the book will be entirely taken up with the sweethearts, featuring the campus shot section, composed of pictures taken on the Annual Hike, picnics to Nesbitt Woods, and other

Grounds of The New Library Landscaped

The grounds of the new library have been landscaped by an artist of the Eatonton nursery, with the assistance of Miss Nixon's landscape gardening class. Shrubs and evergreens have been planted read and the plans made by this in front and back of the building, committee explained to the entire | and artistically placed on the terraces on either side. Wintergrass has been sown and already a healthy green shows a pleasing contrast of the grounds with the red brick of the building. Many shrubs grown in the college gardens were advantageously used in nooks and corners.

Gould Memorial Fund Given to G. S. C. W.

given to the library of the Geor-; chology is projecting a number gia State College for Women by of investigations and studies that the three daughters of Mrs. Alberta Telfair Gould, as a memor-

Mrs. Gould was at one time a teacher of geography in the college. She was very much interested in geography and after her death her daughters left a fund with which to provide books of travel and geography for the library.

Books are not bought every year with this fund but the interest is allowed to accrue for a period of about four years. A number of books were bought this year and the following are a few of them: Willoughbly, Spawn of the North; Siren, Walls and Gates of Peking; Aitchison, North America by Plane and Train; Jordan, North America; Saxon, Fabulous New Orleans: Anthony, Paddle wheels and pistols; and Thompson, Greater America.

The above mentioned books are to be found on the shelves of the browsing nook this week. There are a great many more of these books, a complete list of which you will find in the Library News. If you are interested in one of the books not on the shelves yet, the librarians will be glad to get it out of the stacks for you.

Optimism seems to be stronger among the relief forces than among those that need relief.

G. S. C. W. Participates In Psycho Examinations

In cooperation with the American Council of Education, the Georgia State College for Women together with one hundred and fifty of America's leading colleges gives psychological tests to some forty thousand freshmen.

The tests locally are administered under the direction of the department of education and psychology with Dr. George Harris Webber in charge, assisted by Dr. Thomas B. Meadows, Dr. Euri Bell Bolton, Professor Ruth Stone, and thirty student doctors.

Value of the Tests The test forms give a basis by which the authorities may distinguish between a student's mental abilities and his high-school preparation and his industry. Colwill be around soon to give every- lege administrators may be guided in their action on failures by the results of the tests. A fine outcome is the discovery of bright students.

While we should not make the mistake of thinking that the psychological test is an absolute measure of mentality, it does, however, discover more accurately the mental abilities of the stadent than a personal interview could. Another factor of extreme the home department. importance is that where students; than high-school records.

The tests serve the college as a basis of comparison with other colleges. The institution may determine whether or not its students are as mature and as well trained as those entering other institutions. A scientific measuring rod is necessary for accurate estimating; opinion will not suffice.

Out of the data secured the de-The Gould Memorial fund was partment of education and psywill redound to the good of the entire college. The Georgia State College for Women was recently commended for this program by members of the survey committee stadying the institutions of higher learning in the state.

Education Week Will Be Observed Here

Education week, which is observed annually at G. S. C. W. will begin Tuesday, Nov. 8, and last throughout the week in cooperation with the schools of the entire country.

Dr. George Harris Webber, head of the department of education, will direct the programs which will be given each day at the chapel exercises relating to the different phases of education.

The program for the week is as follows: Nov. 8-The Schools of Pioneers

Nov. 9-Two Centuries of Pro-Nov. 10-Equality of Oppor-

Nov. 11-American Ideals.

Nov. 12-The Progressive Liv-Nov. 13-Things of the Spirit.

Miss Hasslock Writes New History of Home Economics At G.S.C.W.

Many students have passed through G. S. C. W. without knowing the outstanding facts concerning the history of the college. In order that all may know the story of our Alma Mater's creation and growth, Miss Clara Hasslock, professor of Household Science and chairman of the school of Home Economics has written a short summary of G. S. C. W's past in the field of Home Economics.

The first bill to found a statesupported college for Georgia women was proposed by Judge Richard E. Russell in 1887. It was rejected. However, in 1888-1889 at the next legislature, a bill introduced by W. Y. Atkinson was passsed which provided for the founding of the Georgia Norman and Industrial College.

In 1891, the college opened with an attendance of eighty-eight students from fifty-two different counties. Dr. Jos. H. Chappel was the president. The following year this number had more than doubled.

The domestic department had three features: a cooking school, the school of dress-making and

From the beginning, girls have come from so many high schools been required to keep their rooms with varying standards, the psy- in order and to serve the table. chological test is a safer method "It is believed that this system for judging abilities of freshmen of discipline and work will prove an admirable training for the girls and will go far toward fitting them for the responsible duties of house-wives and home-makers, appeared early in a catalog.

Not only that, but girls were required to make their own uniform dresses and urged to do sewing for others.

Dr. Marvin Parks became president of the college in 1904. So fervent was he in his acclamation of home economics that "he made, this subject popular in the college, in the state, and in the whole southeast."

The first home management house was conducted on the top floor of Terrell Hall which was then Lamar Hall. That was in 1908-1909 and Miss Daisy Patton directed the experiments in light housekeeping.

President Parks expressed the aim of the Georgia Normal and

Wesleyan College Head Address G. S. C. W. Here

Dr. Dice R. Anderson, president of Wesleyan College at Macon, Georgia, spoke at the Milledgeville Methodist church Sunday morning, October 30. He was introduced by the pastor, Rev. Frank Quillen who also welcomed the Wesleyan students and alumni to the services.

Dr. Anderson's subject was "Education." He spoke directly to the college girls and boys in the audience. "The trouble with our educational system today," stated Dr. Anderson, "is that it is too uniform. Every person is born with a different personality and should be taught in different ways so that each personality may be developed."

Miss Harper, a member of the faculty at Wesleyan Conservatory rendered two vocal selections.

Sixth District G. E. A. Meet Here

MORE THAN 200 LEADING EDUCATORS ATTEND AN-NUAL GATHERING.

A regional meeting of the Sixth district of the Georgia Education Association met here for an all day program Friday, November 4.

Superintendent C. B. Glenn, of the Birmingham, Alabama school system, was the principal speaker. Among the other speakers of the day were Dr. J. E. Mathis, president of the Georgia Education Association, who is superintendent of the schools in Americus, and is the second oldest educator in point of service in the state, exceeded only by Dr. Lawton B. Evans, head of the Richmond county school system; Colonel Hamilton McWhorter who will most likely head the Georgia state senate as its president; Dr. Andrew M. Soule, president of the Georgia State Colege of Agriculture; Dr. E. D. Pusey; Kyle T. Alfirend, secretary of the association, who used to be a member of the G. S. C. W. faculty; and Colonel George S. Roach, president of the Georgia Military College.

The program for the day was as follows:

10:00-Invocation by Rev. A. G.

Harris. 10:05-15-Welcome Address by Dr. J. L. Beeson, president of the Georgia State College for Women. 10:15-30---Response by Dr. J. E.

Mathis, presiednt of the G. E. A. 10:30-50-The Qualities of a Good Teacher, Col. George S. Roach, president of G. M. C.

10:50-11:15 — Our Educational Program, Supt. B. M. Grier.

11:15-40-Address, Representative Marion Allen, of Milledgeville. 11:40-12:10-The County Unit, Dr. E. D. Pusey.

12:10-50-Address, Supt. C. B.

Noon-Guests of the College at Luncheon in the Atkinson Dining Room.

Afternoon Session 2:30-3:00—Address, The School

Dr. Amanda Johnson's Book In Wide Demand

Word has been received through Parker Publishing company that requests for copies of "Teaching of History in Grades and Junior High School" by Dr. Amanda Johnson has been made by Luther B. Bewley, director of education, Manila, Philippine Islands. The book ranks on the approved list of professional and library books issued by them.

Incidentally Mr. Brewley states in his letter that there are 4,342 school libraries in the Philippine schools, secondary and elementary, and several hundred school and divisional professional libraries.

Volley Ball Tournament

The first game of the volley ball tournament will be played between Terrell B and C and Mansion Tuesday afternoon at 5:30. The other games scheduled are Bell versus Bell Annex, Wednesday afternoon. Atkinson versus Terrell A Thursday afternoon.

Other games are to be sched-

uled later.

Sportsmanship

We can all smile and say what a fair game it was when we've won-but what if we've lost? To play the game we must be good losers as well as good winners.

Soon we are to start our volley ball tournament between dormitories. there's going to be only one winner and six losers. What kind of losers are they going to be? A winner may be a burn sport too-winners that gloat over the victory, and winners that "rub it in," as we express it.

A good loser congratulates his opponents and smiles at defeat because he has not played the game for victory alone but also for the pleasure of the game.

G. S. C. W. Christmas Plans

mas, old Santa Claus's mail box is going to to its present, quarters which are two miles begin a rushing business. We, for one, along with the usual request for a doll and some candy, are going to ask him to please send all the little G. S. C. W. girls a light to

According to Mrs. Cook's history tain tree halfway to the library via Arts. Not | "the odors of hide and tanbark were not that we don't appreciate their liking us, but oh the fragrance of roses, but there were then how we would love a light.

What Of The Future?

As Dr. Beeson pointed out in his talk to the upper classmen in chapel. Thursday morning, the successful establishment of new structure of civilization depends, not on the generation now in charge, but on our genera tion. The job of restoring order from present chaotic state of society will be ours, and we might as well prepare for it.

As college students, we are obligated to the future in two capacities-as voters and teachers. As prospective voters, we acquaint ourselves with the nature of problems confronting us and add our effort to those of the rest of humanity in the search for solutions. We must learn to select ou leaders carefully and intelligently, for they will represent us in the struggle back to nor malcy.

As teachers, we will have the opportunity to influence the opinions and attitudes hundreds of future citizens. This is a grave responsibility, and one which requires intel ligent preparation. We must also do our par to increase school attendance by making the public realize that an educated voting populace is the basis of efficient government.

The problems which we are facing are not hypothetical. They cannot be solved by theories. The failure of the modern social political, and economic machine is a realitya reality which we shall soon be called upon to face seriously and remedially. What are we going to do about it?

Are You Well Indexed?

Like the man who said he'd rather sit sti and be thought a fool than to speak and remove all doubt, a lot of people should remain quiet to keep up "appearances."

Someone has said that speech is the index of the mind. By his speech, an individual may be catalogued in three ways. First speech divulges the intellect-or lack of it You have heard the story of the maiden beautiful but dumb, who might have passed as "beautiful and mysterious" had she come minus her tongue. The second way in which speech betrays a person is in the betraval of that person's training. Our age has been accused of the fact that manners are out of style. By our speech, though, we tell on our selves as to whether they were ever in style with us. The atmosphere of one's home, the type of one's associates are all clear from person's speech. Most of all, character portrayed by speech. Very few people who are kind speak in sharp tones; very few who when a kind or more truly unare cheerful speak in grouchy voices

A business man once said that he trusted or distrusted a man by his eyes and speech. Are you well indexed?

MISS HASSLER WRITES

NEW HISTORY OF HOME ECONOMICS AT G. S. C. W. (Continued from First Page)

Industrial College when he said "It believes that the education of young women should be vitally concerned first about matters of health and character and personality. It believes that all the sciences and arts should be made to contribute to an improvement of the home, the school, the farm, the child, and of society in gen-

The first summer school, a hree weeks institute, was held in 1917 at which home economics was featured. In 1921 the college first granted degrees.

Students should be proud to say that G. S. C. W. has been a pioneer in many forms of education in the state. It was the first Normal School in Georgia; it was the first college to require agriculture and home economics as well as the first college in Georthan our own? Weep, weep!-Just | gia to teach home economics. In 1996 it led the South in placing home economics on a par with other departments. G. S. C. W. has been among the first colleges in the country to establish a de-

partment for the study of health As a result of the effectiveness of home economics work in this South Carolina used his influence ont. It's more worser as that cos- in agriculture and home econom-

law was passed in 1914. The next step was an appro-Margaret Rucker is teaching at few ribs in the war and has had dustries, and even classes throughout the United States."

> 1924 saw the organization of today in aiding students of Home Economics financially and in contributing to the furnishings of the home management house.

SIXTH DISTRICT G. E. A. MEET HERE (Continued from First Page)

Code, Hon. Hamilton McWhorter. 3:00-3:30-Address, Dr. Andrew M. Soule, president of the Georgia State College of Agriculture.

3:30-4:00-Address, Dr. Gordon G. Singleton.

Evening Session

7:30-Music by the College Glee Club, under direction of Miss Alice Lenore Tucker, director of music at G. S. C. W.

The program was as follows: Recessional-Glee Club.

Trees-

Soprani—Louise Jeannes, Ruth Wilson, Hilda Hamlett.

Alti-Rebecca Kidd, Betty Watt, Emily Cowart, Margaret K. Smith.

To Thee O Country-Glee Club. Violin Romance-Natalie Purdom.

Voice-The Piper of Love-Sue Mansfield. Piano-forte—Gavotte and Mu-

sette—Vera Hunt.

Eridal Chorus-Glee Club.

At 8 o'clock, Supt. C. B. Glenn gave a final talk. He was introduced by Mr. Kyle T. Alfriend, who once taught at G. S. C. W.

Mr. Glenn gave a most interesting talk on the psychology of modern teaching. He told several very interesting anecdotes that illustrated his points.

He stated that "you can't make an impression wihout expression. If you try this it will be very dangerous."

Writers Group Enjoy Congenial Gathering

The Writers Group of the Litcrary Guild met with Miss Hallie Smith at her home in the Fowler apartments last Friday afternoon.

Different members presented original writings, which were criticized by the group. Selections from the new book of poetry by Daniel Whitehead Hickey were read and discussed.

Classical Guild Meets

The Classical Guild enjoyed a picnic out at the Cabin last Tuesday afternoon at 5:30.

At the business session it was decided that the club would have a page in the annual. The time of meeting was definitely settled. The Guild will meet every third Tuesday in each month, at 5:30.

Besides the regular members, Miss Jones, an honorary member, and Dr. and Mrs. Daniel, attended the picnic.

ACTIVITIES COUNCIL Biology Club Enjoys

The "Y" has provided a place for every student on the campus ---hoggy groups for freshmen and committees for upper classmenand now we are offered "Activities Council," which is to be comprised of all girls who feel that they have something to contribute to college life, or want to share in some specific way in things that are happeneing on the campus.

The Y. W. C. A. takes the attitude that every girl can express her personality in a way which will definitely add something to her own contentment and to the life of her fellow-students. The new organization is designed to provide for those girls who have not yet found an adequate avenue of expression, an opportunity to do the things they like to do.

It is hoped that the councile will result in the development of leadership in its members and the expression of opportunity to do the things they like to do.

It is hoped that the council will result in the development of leadership in its members and the expression of original ideas and thoughts which might otherwise remain undiscovered.

Spanish Club Holds Meeting at G. S. C. W.

The Spanish Club held its first official meeting of the year in Ennis basement on Thursday afternoon, October 27. During the business session Margaret Wenzel was selected as chairman of the program committee.

After a Spanish song rendered by Miss Wenzel. Dr. Salle told, in the native tongue, of his visit to Spain last summer. Emily Renfroe and Dot Smith then entertained with a Spanish dance in costume. Punch and crackers were served at the close of the program.

Fine Hallowe'en Party

Dr. Beatrice Nevins, head of the biology department, entertained the Biology Club with a Hallowe'en party, Saturday evening, October 29. The party was held in the cabin at Government Square Park from 7 to 9.

The guests were greeted at the door by ghosts who invited them son spent the week-end in Tifton. into the cabin. Miss Irene Farren was in charge of the entertainment for the evening, and a typical Hallowe'en party ensued.

The guests enjoyed bobbing for apples, popping corn, pulling syrup candy, eating peanuts, drinking punch, and having their fortunes told by a Hallowe'en

After refreshments the guests gathered around the open fire for ghosts stories, which were told by different members of the group.

The cabin was attractively decorated with jack-o-lanterns, corn stalks, crepe paper, and autumn

Miss O'Kelley's Class Enjoys Fine Outing

Miss O'Kelley's History 21 class enjoyed a delightful outing at Nesbit Woods Saturday afternoon. Meeting under the lights, the girls hiked to the cabin and there prepared their own supper of delightful "pigs-in-the-blanket."

Later, while marshmellows were being toasted around the campfire, Miss O'Kelley told various interesting stories about her stay in England this past summer working for the state.
