New Athletic Council Flans Program For All Classes

Officers of Pageantry Guild and Representatives From Classes Form Organization.

One of the newest organizations on the campus is the Athletic Council, composed of the officers of the Athletic Pageantry Guild and three representatives of every class.

The following girls are the officers of the guild: Dorothy Smith, president; Viola James, first vicepresident; Billie Howington, second vice-president: Dorothy Allen, Secretary; and Althea Smith, recording secretary.

The senior class representatives are Helen Barker, Louise Hatcher, and Agnes Armstrong; junior class, Margaret Edwards, Buena Kinney, and Billie Jennings; sophomore, Jane Cassels, Kathleen Roberts, and Margaret Burney. The freshmen representatives have not yet been elected.

Each class will have a particular afternoon in the week for a play day. The seniors will have Mondays: freshmen. Tuesdays: juniors Wednesdays, and the sophomores, Thursdays.

having the most points will be entertained at a banquet to be given by the losers.

Every person on the campus is to be a member of either the browns or golds. The rivalry of these teams will not only be seen in athletic rivalries, but in bridge tournaments, knitting contests, spelling matches, and contests of all kinds. The colors will also work in class activities, through which the cup will be awarded.

The activities of the school began last week. All the members of the student body are urged to enter into the spirit and join their classes on play days.

Col. Irwin Sibley **Addresses Law Class**

Monday, October 23, the commercial law class taught by Miss Kate Thrash was addressed by Col. Irwin Sibley of Milledgeville at the regular class hour in Miss Thrash's classroom.

Col. Sibley discussed the courtroom and the procedure of court, bringing out the main points leading up to a trial taken through the superior courts. He also stressed the attitude taken by court attendants and impressed upon each student the importance of reverence in the courtroom.

Colonel Sibley is a lawyer of wide reputation and standing throughout the state.

Will Durant To Lecture Here

World Famous Lecturer Will Speak at G. S. C. W. on Nobember 13.

Doctor Will Durant, internationally famous lecturer and writer will speak at the second lyceum number in the Richard B. Russell Auditorium Monday evening, November 13.

Doctor Durant is not only the author of "The Story of Philosophy." "Transition," "The Mansions of Philosophy," Adventurers In Genius," "On the Meaning of Life." etc., he is also an accomplished speaker, gifted with eloquence and wit, filling his lectures, with substance and contemporary application, and approaching all problems from a wide background of education and travel He has been referred to recently as "the best-educated man in America." He is probably the most popular speaker on the American platform today.

"Is Progress Real?" is the lecture which Dr. Durant will probably deliver to the students. This is his oldest lecture and still his best. Nearly every audience that has heard this fascinating and encouraging discussion of the most important question in contemporary thought has pronounced it the finest question ever heard in that community Durant requests that an hour and a quarter be allowed him for this

Dr. Daniels' Book To Be Published

Poems of a Life Time to be Included in Book.

Dr. Francis Potter Daniels, head of the department of foreign languages, has recently sent his complete works of poetry to the press to be published by Henry Harrison, a New York publisher. who before has had Dr. Daniels to contribute poems to the making up of three of his most recent books of poetry.

The book is expected to be out in January and will contain one hundred and sixty poems.

The themes are very varied as to type and subject, since they have been written on different occasions throughout the life of Dr. Daniels which has been full of definite title has not been selected but Dr. Daniels states that regardless of title, they will be "poems of a life time."

In the last few years Dr. Daniels has had poems to appear in as many as six books of poetry. Among them is "The Paebar Anthology of Verse" of 1932, which contains his "katabalamion," written on his thirtieth anniversary to Mrs. Daniels.

In the book called "One for Posterity," for which recent authors were asked by Henry Harrison to contribute one poemwhich they wished to live in the is affiliated with the Alabama future, appeared Dr. Daniel's the University of Michigan.

Recognition of Russia

President Roosevelt has recently opened the way for relations between the 16-year-old Communistic Government of Soviet Russia and the United States. Three questions on which Washington based a previous policy of non-recognition are likely to form the chief basis for the coming discussions.

They are repudiation of pre-revolutionary Russia's debts to America amounting to approximately \$300,000,000, seizure of the property of some American companies during the Bolshevist nationalization process, and the question of Communist propaganda.

Russia announced it sacceptance of President Roosevelt's proposal to negotiate for American recognition of the Soviet Union,, believing that such action will serve the cause of world peace.

Russia hopes for a threefold result: Greatly increased credit facilities: the lifting of American barriers against some of its goods, and a strengthening o fits position in the East with respect to its relations with

The Oxford Movement

The recent visit to G. S. C. W. of a group of people who represent what is known as the "Oxford Movement" seems to have mad a decided impression on student thought. Everybody is still thinking about it, talking about it, and many are trying it.

These people, with their four standards of "Anthony Adverse" by Hervey Allen has absolute honesty, absolute purity, absolute unselfishness, and absolute love, do present a challenge to the individual to look inward and upward, and to find out whether all is right with his soul. It is refreshing to listen to people who seem to possess such genuine sincerity and unshakeable faith in their simple belief of complete surrender and subsequent Divine guidance.

> They are undoubtedly right in their contention that for the average individual of the present day religion is entirely too passive. Their aim, to make the Christian faith more real and personal in the life of the individual, is an admirable one. Whether they use the best means to accomplish it might be a matter for discussion. At any rate, it is a worthy effort in the right direction.

The motto of the Oxford group is "You can't give something you haven't got; and if Tony Wons says, "All work and no play you get it, you can't keep it unless you give it away." It is evident that they have a Eugene O'Neill changes his style and mood | Something in their lives which staisfies them, and they seem willing to spend their entire time and energy in passing it on to others Whether those other people approve or disapprove, it is bound to start them thinking. COUNCIL HEARS TALK ON KOREA

Mrs. John Norris, Missionary to Korea, Tells of Student

"Students in Korea have no outlook to places of leadership in their government," declared Mrs. John Norris in a talk to Activity Council Thursday. In fact they cannot even obtain secretarial positions."

Mrs. Norris, formerly Miss Oma Goodson, who was visiting her sister, Christine, this past week has been with her husband in Korea for the last 5 years. Before that time from 1924-28 she was Y secretary on this campus.

Mrs. Norris said, "that for every six children in Korea, one Freshmen Home Ec. goes to primary school (this includes the first seven grades.) From the 20,000,000 girls of school age 100,000 are attending. Added to this handicap is the first that education does not insure the youth of Korea of earning suffiese control of the peninsula. Due to this fact many thousands of young people fling themselves in front of speeding trains or throw themselves in the rivers feeling that their life is useless.

outside world that they go to hair of their heads. school. The boys wear a drab gray in the summer and a heavy black in the winter with insignia on the collar. Korean women's clothes are all made by the same pattern, differing only in color.

"In a section where there was only boys' schools it was prohibited for girls to attend. One energetic young miss of this generation, Pak In Duk, disguised herself as a boy, and attended primary and high school. Later as a girl she graduated from Wesleyan College, Macon, Ga., and attended Columbia University in New York. She is now Mrs. Kim in Korea. However this is quite unprecedented and has never been repeated," she told the council.

"The youth of Korea have built a beautiful illusion about the U. S They think the American student is the perfect ideal. Their one hope and prayer is to come to America, the land of the plenty. Disclusin is most keen when they discover that the American scholar is not perfect," Mrs. Norris concluded.

She brought many Korean objects to show the group. One of the strangest was two short round sticks with which the women iron their clothes.

"Tanner," "Sister" **Indulge In Comedy**

What appeared to dwellers of third floor, Ennis, to be tragedy turned out to be nothing more than two characters in a comedy, Thursday night, Oct. 26.

Upon bobbing their heads out into the hall that particular night, residents were startled to see Miss Virginia Tanner in an unusual state. Clothed in the lower section of dark green pajamas rolled high to permit black hosheld its election for officers Sun- liery to extend their full length, a lay morning with the following green felt hat with an impudent feather poked in its band, and the coat to a green suit, she was progressing down the hall.
