GEORGIA STATE COLLEGE FOR WOMEN, MILLEDGEVILLE, GA., MONDAY NOVEMBER 13, 1933. VOLUME IX.

Honor Circle **Is Named**

Brown, Burch, Everette, Trapnell Make Honor Group For Outstanding Chemical Work.

The three girls who were admitted to the honor circle of the Chemistry department last Tuesday were Miss India Brown, Fort Gaines; Miss Anna Everett, St. Simons; and Miss Harriet Trapnell, Newnan. Miss Sara Bunch, Brunswick, is the only old member on the campus who was elected.

The requirements for membership in this honor organization are as follows: She must be a senior, working on a B. S. degree in general science, a Chemistry major of 24 honrs, with fourteen of these eighty-eight merithours, and an average of eightyics minor with ten 85 merited and an average of eighty-five in five in all other subjects every quarter.

Miss Brown is president of the Chemistry club, and has served as an officer of that organization since her sophomore year. Miss Trapnell is secretary, and Miss Bunch is treasurer. All the new members have been outstanding in all class and scholastic activi-

Libraians Attend **Association Meet**

Miss Virginia Satterfield, librarian, and Miss Helen Hagan, assistant librarian, attended the meeting of the Georgia Library Association in Athens, Nov. 4.

The librarian says that among the main topics discussed were the allocation of appropriations and recently edited reference books. The principal things with the American Library Association did at its assembly in Chicago in October were also touched upon.

Miss Satterfield reports that the special fund for geographies and travel books and the Georgia historical collection at the Ina Dillard Russell Memorial Library at G. S. C. W. were mentioned and praised.

Where the Association will hold its next meeting which will be in 1933 has not yet been decided.

Will Durant To Lecture Mon.

The Colonnade

Noted Author and Lecturer to Speak on "Is Progress Real."

Dr. Will Durant, noted lecturer and author spoke here Monday on the subject, "Is Progress Real," he will without a doubt attack successfully the pessimism of the present era and prove that there is progress in our present civilization. .

Durant is far from a Polyanna type of thinker and speaker. He knows that there is much wrong and weakness in our present civilization and he frankly admits these weaknesses. But aaginst them he proves that we have great elements of strength.

The speaker is the author of four widely read books. His first was the famous "Story of Philosophy," of which 536,000 copies have been sold in America alone.

He is an even better speaker than writer and of late has been called "America's most useful lecturer." To hear him is to take an adventure into the realms of mind and spirit.

So brilliant is Dr. Durant's speech that no matter what his subject, he holds and thrills every audience he addresses.

Dr. Webber On State **Study Committee**

Dr. George Harris Webber of G. S. C. W. will meet with other educational leaders in the state at the Piedmont Hotel in Atlanta, at 2 P. M. Thursday, Nov. 16, to formulate a plan for a Curriculm Revision Program.

The Committee for Organizing a Curriculm Program was appointed by M. D. Collins, State Superintendent of Schools. It will have three objectives towards which to work:

"(1) To determine the scope of the study.

"(2) To outline its plans and policies.

"(3) To set up its procedure." .The superintendent stated in his letter to Dr. Webber, "It is especially urgent at the present time that we question and redefine our objectives and make a more scientific approach to the problems of education."

The committee will begin work immediately in accord with Mr. Collins' wishes.

Nine Students Attend B. S. U. In Forsyth

Nine students represented the Georgia State College for Women at Bessie Tift College, Forsyth, November 3-5 at the Baptist Student Union, an organization that is the connecting link between the church and the state. The particular theme that characterized the conference was "Christ Liveth in Me."

The students attending were Miss Mary Dan Ingram, Miss Beulah Thaxton, Miss Harriet Pittman, Miss Louise Jeanes, Miss Jean Battle, Miss Wilda Slappy, Miss Nettie Ware, Miss Katherine Roberts, and Miss Cora Belle Parks.

Girls attending the conference were entertained in the dormitories.

Among the speakers were Dr. Louie Newton, Mr. Abit Nix, and Miss Mary Christian, director of social service for the state.

The college was hostess at an inter-collegiate lunch Saturday. The dining halls were decorated with the college colors and pennants of the colleges represented. An informal reception was the feature for Saturday afternoon.

The entertainment during the week-end consisted of plays, selections from the Tech Y singers, Mercer Y singers and a quartet from Oklahoma.

Miss Mary Dan Ingram represented G. S. C. W. in the president's meeting and Miss Harriet Pittman was the representative in the findings committee for improvements for next year.

Greetings were received and exchanged with all states having similar conferences at this time. Cars to carry the delgates were furnished by Mr. O. A. Thaxton, Mr. Sain Terry, and Mr. T. H. Clark.

day has been the program of the athletic committee of the "Y" in sponsoring Health Week on the campus, beginning Monday, November 6. This committee is headed by Irene Farren and Kathleen Roberts.

On Monday night after supper the series of entertainments began with a pantomine entitled "Principal Laws of Health." Staged with the aid of the dramatic committee, this play illustrated the laws of drinking eight glasses of water a day, eating vegetables, taking exercise, sleeping eight hours, dressing correctly, and correct posture.

Tuesday night Miss Annie Jo Moye of the physical education department spoke to the student body on "Ways of Healthful Liv-. ing."

Immediately after supper on Wednesday night, all students were invited to come out on the campus for a play period. Group games were played by the large number who participated.

At vespers Thursday night Activity Council was in charge of a program featuring health in a moral sense.

Mental hygiene: was the topic around which Mrs. Hardy of the. state sanitarium centered her talk. Friday night. This completed the series if three-fold health education; namely, mental, moral, and physical.

As an enjoyable ending to a successful week, the social committee will sponsor a social on the front campus . tonight to which the entire student body is invited. After the party a special health feature which Mr. Thaxton has arranged in addition to the regular picture will be presented.

The idea of Health Week was also stressed in the health and physical education classes during the week, and posters in the dining rooms on the campus kept the idea foremost in the minds of all throughout the entire time.

Freshmen and Juniors Have Entertainment

While the freshmen were enjoying a picnic supper at Nesbit woods Saturday their sister-class, junior, was having a gay time at a tacky party in Ennis Rec. hall. The freshmen hiked to Nesbit munching candies, peanuts, and crackers that they were given at the campus gate. Yells and songs led up to the stunts competed in by the different dormitories. Myra Jenkins was chairman of the entertainment. Dr. Scott presented first prize, a huge jar of stick candy, to Ennis dormitory. The town girls' stunt won second place.

More goodies-oranges, apples, "hot dogs," and punch were enjoyed around the bon-fire. The freshmen returned to the campus to enjoy the picture.

At the same time the junior class was having a merry time at a tacky party in Ennis rec. hall. Margaret Edwards, as Emmy Schmaltz, Julia Bailey, and Nina Hanson won first prize.

Margaret's black taffeta, knee length dress was cut low in the back. Her only ornament was a red flower. With this she wore a black straw hat and carried a fan and parasol. Yellow shoes and cotton ribbed hose completed the charming outfit.

Miss Bailey's attire consisted of a short yellow dress trimmed in black. With this she wore black and white tennis shoes and a "bucket" hat pulled low over both eyes.

Mrs. Beaman and the other judges found difficulty in selecting the winner from the last five contestants, Katie Israel, Nina Hansen, Annie Gibson, Julia Bailey, and Margaret Edwards.

Week, the Education Club has been sponsoring programs in chapel to try to bring the significance of it before everybody at this college.

Tuesday morning Reverend A. .G. Harris, spoke on the place of religion in the educational emergency. His last words were: "Build the higher gates of life so well that other feet besides yours may pass through."

Wednesday morning Miss Tucker planned a delightful musical program in relation to this subject. Mrs. Wilson Mason sang and Miss Natalie Purdom played a violin solo. Then Miss Beatrice Horsbrough gave a brief outline of how to appreciate music,

Thursday morning Miss Rosa bel Burch was the speaker. She gave an insirational talk on the values of the home as an educational center. Miss Georgellen Walker read a poem, "Home", by Edgar A Guest. This concluded the week's plan for the creating of interest in regard to a wellrounded education.

Annual Pilgrimage To be November 29

This year, for the eighth annual time, the Georgia State College for Women will do homage to the memory of the late Dr. Marvin M. Parks and Dr. J. Harris Chappell, past presidents of the college.

On November 29, birthday an niversary of Dr. Parks, each year at 5:30 in the afternoon, the students and faculty of the Georgia State College for Women make a pilgrimage to the graves of their two dear, departed presidents.

The alumnae have charge decorating the graves, and, this year, Miss Mary Lee Anderson, as president, will superintend this feature.

This annual custom began in 1926, the year after the death of Dr. Parks in Miami, Florida.

ductor, Major Osterman.

The members of the senior class acting as ushers on this occasion were Miss Flora Nelson, Miss Dorothy Maddox, Miss Anna Conner, Miss Virginia Bunch, Miss Mary Alice Ingram, Miss Estelle McDaniel, Miss Mary Gammage, Miss Esther Barron, and Miss Margaret Hefferman.

Commerce Club Plans for the Year

The Commerce Club held its first, regular meeting of the year Friday, November 3, at 5:30 P. M. in Miss Barnett's classroom. The following new officers were elected: Lillian Jordan, president; Allene Wright, vice-president; Katherine Digby, assistant secre-... tary; Lucille Pridgen, reporter.

A short but interesting program was given by three of the form-... er members of the club:

"The Purpose and Achievements of the Club"-Katherine Digby.

"The Road to Success'- Fay Pilkinton.

"Little Shorthand Annie" reading-Annie Barnes.

.Folowing the program the business of the club was discussed. It. was decided that the club should meet the first Monday in every month at 5:30 in Miss Barnett's classroom and that the dues should be 15c per quarter. After the constitution was read it was amended to allow students taking two or more commercial subjects to join. if they are interested in the work whether they are majoring in commerce or not. A committee composed of Marjorie Sheldon, chairman; Annie Barnes, and Frances Stanford were appointed rewrite the constitution. The club voted that members being absent from meetings three times in succession be dropped from the roll. Suggested projects for the year

"Are you saving those seats?" "Yes: I'm sorry."

A very familiar question and answer before nicture shows; lyceums, and other entertainments held in the auditorium. If this were not done, girls would not be so nearly forced to push and scramble at entrances, endangering their own and other people's wellbeing endeavoring to get seats according to their liking.

It isn't fair play to prevent a girl's obtaining a vacant seat by permitting someone to save it for a student who is going to be a little late. Of course there are, necessarily, those who come first and those who come last. Those who are fortunate enough to be early should have their choice of seats re gardless of late comers. However, by the law of average those who are first at one time won't be first every time, if that is any consolation.

The conduct during agthorings of students in the auditorium can be improved by an observance of the little courtesies. The majority of the girls attending G. S. C. W. are of the type who have been well-taught at home, and they should not be allowed to shed these good instructions like unsuitable garments as soon as they arrive on the campus.

All students should realize that they have no right to hold seats for their friends. The day when such a realization arrives should be an occasion of much rejoicing by the faculty, matrons, and students, themselves.

Once, there was a little boy who would not go to school one day because he did not know ABC's. That isc, he thought be knew them, but he was afraid he didn't and he was afraid the teacher might ask him to recite them, and he might forget.

Why must we all be like this little boyfairly sure we can, but afraid to try?

Many a girl on the campus of G. S. C. W. has real writing ability which could be made amount to something, if she would cultivate it. But, she is afraid she will discover that she can't.

To Be Observed

"Grow up with books. Add a shelf for every year." The National Association of Book Publishers announces this as the theme for Book Week, November 13-18.

This plan is probably the most mportant and most constructive dea for book promotion. It is almost 15 years old; but it has come of age and has made a permanent place for itself on the calindar.

Last year in November 19,000 schools planned book projects for class programs; over 5,000 libraries arranged special book displays; more than 500 parentteacher associations, women's clubs, child study groups, and Boy and Girl Scouts devoted their November meetings to the discussion of children's reading. Sixty magazines included articles on books for boys and girls. Large city newspapers gave full pages to children's book reviews. Book Week programs were broadcast ovups.

With present-day adjustments to have more leisure time and boys and girls will have a greater opportunity than ever before to enjoy "growing up with books." During this week the Ina Dillard Russell Library will have a children's bookshop, with two enliterature, Among the books winning the Newberry Medal which has been awarded since 1921 to the following books for

National Book Week Herty To Continue **Chemical Research**

Dr. Charles H. Herty, formerly of Milledgeville, to continue his experiments with pine pulp as a source of white paper for the lext two years. This announcemnt was coincident with the signing of the lease contract by Govornor Talmadge which turns over to the industrial committee of Saannah for three years the operaion of the pine pulp experiment station there under the direction of Dr. Herty. In event that more funds will be provided by the Chemical Foundation.

In the past two years Dr. Herty has visited G. S. C. W. twice, Last year he was a guest speaker when the Chemistry Club presented the first Herty Medal, named in his honor, to Dr. Fred Allison for the most outstanding bsearch work in the Southeast.

Unusual Color Scheme

610 Bell Annex boasts of the most unusual situation on the campus. The atmosphere of the room 's quite sober and takes on a brown, gray, and blue color scheme tinged with rose. Residents of 610 are Martha Gray Carithers, Willie Brown Warren, and Rosa Blue Williams. Visitors might exmeet to leave with a sob story of the sober color scheme of the com; however the personalities of the girls are entirely different from their names. They keep up Rosa spirit by looking at the world through rose colored glases.

How's Your Silhoutte?

It seems to be a G. S. C. W. ustom for every student to crease her weight during her sojourn at this institution. Already, plumper and thin ones are becomplump figures are becoming ing "pleasing plumb."

Do-Dads From Elsewhere ______

Mae West, it appears, is certainly influencing the college youth. When Prof. Halley, instructor at Marshall College, Huntington, W. Va., portrayed an old man and requested the students to write on a slip of paper the person whom he characterized, one West admirer saw some resemblance. What, no one has been able to discover. As a matter of fact. Dr. Halley didn't know whom he was impersonating.

It's come to the place where the honor code is sung as well as exercised. The students of Florida State College have a musically inclined freshman class which is doing the honor code up in dore-mi's.

Apparently, institutions all over the U.S. are boasting of broadcasts. Tulane dedicated its new gym via radio.

G. S. C. W. will be in style for 1933 if its senior class sponsors a: program over W. S. B.

"People always have thoughts as they walk across the campus," states "The Traveling Bazaar." Wonder what would happen if everybody ran?

Cambridge sent debates across the ocean to meet Tulane representatives in an oratorical bout November 2. On the international relations et cetera, the Cambridge men should make great headway.

Not only did Tulane's freshmen put the sophs to shame in the Holmes Cup tug contest, but they cooling bath with a fire hose. What are the freshies going to? And Georgia Tech continues with its witty though wary specimens of freshmanhood. Observe "The Technique." Such a class.

Those taking part weer: Pricilla Bright, Opic Brake, Florence Hartman, Mary Floyd Pennington, Frances Turner, Juanita Ingram, Dorothy Veatch, Louise Meadows and Nell Butler, Doris Hitchcock; sub-secretary, Laurete Bone; and sub-treasurer, Emily Shealy.

The latest work of these representatives of high school has been to revise the code books, improve he high school library, and arouse interest in Red Cross work.

Miss Mary Lee Anderson is the faculty adviser of student council and has fulfilled this position for several years. A great deal of its progress and success has been achieved because of her guidance.

Mrs. Lewis, winner of the 1932. medal, a Baltimean by birth, was sent to China by the Mission Board as a teacher. From the scholar who taught her Chinese, from the students in the schools from loyal servants, and in encounter with tradesmen, Mrs. Lewis learned to apreciate and admire the people among whom she worked. Young Fu is an imaginary character who represents to her what is typical in the Chinese youth of today. Tang, the coppersmith, is the favorite character in the story, embodying as he does the fine qualities of in-

The comment of some is that, having nothing else to think about the young women turn their fancies to food. Others retaliate by insisting that the fundamental principle involves two processes: the first, consumption of too many calories; the second, indulgence in thumb-twiddling during leisure hours, instead of vigorous exercise.

If the "school-girl complexion" accompanied by a pleasing silhouette is to be retained, the dustry for the entire state of faily dozen must not become a weekly thumb-twiddling.
