**VOLUME IX.** 

GEORGIA STATE COLLEGE FOR WOMEN, MILLEDGEVILLE, GA.,

SATURDAY NOVEMBER 18, 1933.

# Senior Class To Sponsor Program Over Station W.S.B.

Musical Numbers and Talks on College Activities to be Broadcast December 7.

Plans for a broadcast from the college to be sponsored by the senior class have been completed. The program will be given over station W. S. B., Atlanta, on the afternoon of December 7, between the hours of 3:15 and 3:45 Central Time. It will consist of musical numbers by the pupils of the various departments, one number by members of the music faculty, and short talks on the general philosophy behind the institution, and activities of the college. The entire senior class and those taking part on the individual numbers of the program will take part in singing the Alma Ma-

The program is being directed by the senior class officers assisted by Dr. W. T. Wynn, Dr. G. H. Webber, Mr. L. S. Fowler of the college eaff, and members of the husic faculty.

This is one of the greatest opportunities which has ever come to G. S. C. W. to let the public know exactly what it is and the high class of work it is

Miss Virginia Tanner, president of the senior class, says the complete program will be ready for publication at an early date.

#### Times To Give \$55 To Four G.S.C. Students

Four students at G. S. C. W. will receive fifty-five dollars in eash on December 21 as a gift of the Milledgeville Times. The winners will be the persons who have received the most votes in a popularity contest sponsored by the Times.

The rules are as follows:

With each twenty five cents purchase at the majority of the Milledgeville stores a coupon will be given. Upon this is to be written the name of the giri for whom the customer wishes to vote. Each coupon which is to be deposited in a box provided by each merchant participating will count five votes for the person whose name apepars on it.

The contest will start at eight o'clock Monday and end at 6 P. M. December 20. Each Wednesday evening before the closing date the votes will be gathered from the various stores, tabulated and deposited until the final count is made. The standing of those for whom votes have been cast lections. will be published each week in the Times.

Any customer is entitled to the coupons but they must be voted for some student at G. S. C. W.

#### Biology Club Names New Committee Chairmen

Due to the temporary withdrawal of Beatrice McCarthy, Mary Lance has been appointed to act in her place as reporter for the Biology Club.

Mary Ann Stanford has also been appointed to serve as chairman of the bulletin board committee.

San to be an

#### Dr. Meadows Speaks To Education Club

Dr. Thomas B. Meadows delivered a brief address on "Emotions" before the Education Club, Saturday November 11, at 7 P. M.

In his short talk, the speaker discussed the various schools of psychology and their attitudes concerning emotions. Among those schools were the Functional Psychologists, Structural Phychologists, the Behavorists, Freudian Psychologists, and the followers of Gestalt.

Dr. Meadows emphasized the importance of emotions in an individual's make-up by saying, "If a person could get to the point where he had zero emotions, he would be a corpse. No one is devoid of emotions if he is alive." According to J. B. Watson, the

original emotions are fear, rage, and love. All others are acquired in the course of life.

The Education Club will hold its next meeting in December.

#### Dr. Smart Gives Series of Talks Here Sunday

Dr. William A. Smart, professor of theology at Emory University, was a guest on the G. S. C. W. campus Sunday. The day was spent giving addresses to the students and holding conferences with them.

At 10:00 in the auditorium, he spoke on the "Meaning of Prayer." "We are frustrated," he said, "at many points as far as prayer in our lives is concerned because we use it as a means of commanding or exploiting God. But, to my mind, prayer is valuable and effective only as it is the means of divining and acting upon God's will."

At 2:30 Sunday afternoon, he presented on the freshman hike. held an open forum. Students Lasked questions on many different things. With his great understanding and knowledge of young people's problems in relation to God and religion, Dr. Smart was able to answer them all satisfactorally.

At vespers Sunday evening, he summarized for the students the building of his pholosophy of life. The choir gave several se-

#### Landscape Gardening Class Does Practical Work

Miss Nixon's Biology 428 classes put to practice this week what they have learned. Some, of the students directed the landscaping of the shrubbery beds in front of Parks Hall and Terrell Hall, while others participated in the real labor. In fact two girls participated so much Thursday at noon that one loosened one of the rapes and another mischievous worker worked so hard that she broke the handle of one of ธ**กอจจ**าร์.

## Progress Real Says Dr. Durant

Noted Lecturer Gives Synopsis of Ten Steps of Progress Man Has Made.

Dr. Will Durant, philosopher, writer, speaker, and one of the real thinkers in America, delivered a challenging lecture, "Is Progress Real" in the Richard B. Russell Auditorium, Monday, November 14.

The philosopher pointed out that, among the thousands of inhabitants in Asia, there are practically none who believe in progress. Their philosophy is, "It doesn't matter how fast you are going, but where, and how much better you will be when you get (Continued on Back Page)

# Carswell Heads Freshman Class

Are Other Officers

The freshman class election, onducted by Mrs. Terry, Miss Moss, and Margaret K. Smith, was held Tuesday evening, 7:00, in the auditorium. The girls elected are president, Elizabeth Carswell; vice-president, Catherine Mallory; secretary, Robbie Rogers, and treasurer, Juliette Bur-

Elizabeth Carswell, Bell dormitory, is from Macon. She attended a convent, Mt. de Sales in Macon, for three years, and received her diploma this June from the Southern Junior College in Petersburg, Virginia, Miss Carswell states, "I haven't yet joined any clubs. Just haven't gotten around to that, but intend to join some soon."

Catherine Mallory, Ennis dorsecretary and treasurer of the Savannah Club; and she was in charge of the prize-winning stunt, "Wild Nelle, the Pet of the Plains" or "Her Final Sacrifice,"

Robbie Rogers, Bell Annex, is from Gainesville. She is captain of the Browns for Freshman Play Day, a member of Activity Council, and editor-in-chief of a paper being put out by one of the two freshman sections.

Juliette Burrus is from Colum-

bus. She is treasurer of Bell Hall. All during the election, Evelyn Groover softly played popular music. While the votes were being counted, Martha Harrison sang "Bless Your Heart," "Dina," "Give Me Liberty," and others; Margaret Patrick sang her own

composition, "Pale Moon"; Jul-

iette Burrus gave a tap dance;

Catherine Mallory gave a read-

After the election, the new officers gave brief speeches. Mrs. Terry said that the sentiment expressed by the newly elected officers was one of the best she had ever heard. Mrs. Beaman

Among others present at the election were Mrs. Martin and Street of the High Control Miss Cone.

made a brief talk of approval.

The class sang the Alma Mater.

# **Council Calls First Meeting** Of Entire Student Body

### Representatives Of Regents Here

Senator S. H. Morgan and Mr. R. P. Burson, members of the Board of Regents of the University System of Georgia, spoke to the faculty and student body of the Georgia State College for Women at the regular chapel exercises in the auditorium Tuesday morning.

"The highest calling in life is being a good home maker. It is the most lasting, and gives more peace and happiness than any othor vocation on earth," state Senator Morgan.

Mr. Burson, the farmer member of the board, stressed the importance of learning how to do something while in college in order to be a worth while member of any community into which one may be thrown upon graduation. He also said, "If you don't have Mallory, Rogers, and Burrus to work for something, it is worth nothing to you."

> President Guy H. Wells of South Georgia Teachers College, Collegeboro, was also a guest of the college Tuesday.

#### **GSCW** Represented At TVA Meeting By Miss Hasslock

Miss Clara W. Hasslock represented the college at two important conferences at the University of Tennessee, Knoxville, November 8 and 9. These meetings were sponsored by the Tennessee Valley Authority.

Dr. Hoskins, acting president of the University of Tennessee, stated that the T. V. A., an idea of President Roosevelt, is an experimitory, is from Savannah. She ment in government ownership is a member of Activity Council; and planning of a town with all of its industry, agriculture, and homes: "The home is the companion of agriculture and industry," said Dr. Hoskins. The major objective and social planning is a finer home and family life.

> Dr. H. A. Morgan, of the T. V. A. Board, in an address said, "We do not want any big mass production of industry, but we do want people to make a comfortable living-not to make money, but to live."

At this meeting the Tennessee Valley Home Economics Council was organized with Miss Jessie W. Harris, of the University of Tennessee, as chairman, and four members from each of the states

#### Glee Club Studying Choruses From "The Elijah"

The Glee Glub conducted by Miss Alice Lenore Tucker and accompanied by Mrs. Homer Alen. is working on unison and part songs and specializing in choruses from the great oratorio, "The Elijah," by Mendelssohn.

The club is planning to give some fine musicals, during, the

Suggestions Made by Students to Be Acted Upon by Council and Authorities.

The first student body meeting to interest and educate the student body toward student government was held in the auditorium Friday night presided over by Virginia Tanner, president of the senior class and acting president of student council by whom the meeting was sponsored.

Booklets explaining the rules and regulations were distributed and explained fully, by the president who will also interpret them at the next meeting. The meeting was open for discussion and this allowed many heighful sugestions to be made. These will he acted upon by the council. which is to meet every Monday night, and submitted to authorities for approval.

The adoption of a point system which will eliminate one person's holding more offices than she is capable of filling properly was the most important work of the meeting. The system will go into effect as soon as it has been approved by proper authorities and a formal announcement is made. This will enable more students with new interest and ideas to

#### Biology Club **Sponsors Exhibits**

The Biology Club is sponsoring an exhibit each week in the biology lecture room. The exhibit is changed each Monday. The object of this project is to bring to the public biological specimen brought in by the students. Such things as rattlesnake skins, heads and tails, oppossums, flesh-eating plants and cabins made from Georgia pines have been exhibited. More interesting articles will be displayed in the future.

#### Nesbit Pool Is **Biology Club Project**

A pool, the construction of which is being financed by the Government Reconstructive Company for the relief workers, is being made at Nesbit woods.

The project of the 1933-34 Biology club is to arrange agantic plants and animals in and around the pool.

#### International Relations Club Has Program on Germany

The International Relationship Club met Monday afternoon at five-thirty o'clock in Dr. Johnson's classroom.

During the business session Mary Goldstein was elected vicepresident of the club and Pauline Suttonfield was chosen as a new member of the executive committee. Reports were made from the differnt committees, harmon

The program for the afternoom dealt with the political situation, in Germany.

#### The Board Of Regents

From time immemorial the success of a undertaking has depended upo nthe sta bility of its organization. Great nations are surely built on strong governments, and the farseeing minds of our state incorporated the educational forces, and fittingly called the University System of Georgia. The ide behind this thought was noble, and the realization is showing its merit. A representation tive group of men were selected to serve as the head of this organization, and they are known as the Board of Regents. Men of all vocations were chosen, with but one requisite they must have the importance of education in their hearts. They are working to improve all the schools under state control in every possible way. We are proud to be a part of this system for better education within the reach of a greater number of people. It is our pleasure to give our support | ever taught. For to us that door which and appreciation to this movement which means an unsurpassed future for educational interests in the state.

#### Courtesy?

Can a student concentrate if the air charged with a succession of loud sound

Try entering some of the dormitory rooms during the day. It's all right when everyone present is eager to help broadcast, but when someone is trying to study,-not agreeable, to say the least.

Of course, college girls should be able to focus their minds on a subject even when there is some noise around them. Absolute quiet at any time is almost impossible, bu few girls can read and think comprehensively if they are surrounded with boisterous conversation. Whether the subjects concern chemistry, history, or English; whether week-ends, dates, or pictures are topics, the result is the same.

Suppose we begin glancing around the room to see if someone is attempting study If so, then turn the volume control to the left and give a lower tone. Why not?

#### Origin Of Book Week

Book Week was originated, more than decade ago, by Franklin K. Matthews, chief year, midway between the summer and new alliances being made are only a post- Mr. President, we are on our way towards Christmas holidays, to stress books for boys. ponement of the trouble. It seems that the social justice for all the sons and daughters It was so splendid an idea that it soon be- opportunity for America to be a peace-mak- of men.—The Kentucky Kernel, (U. of Ky.)

In a way this week is a tribute to the medjum by which progress marches. The thous ands of dollars spent annually for first editions illustrate the rank of books.

Old editions are precious because of association, but they are also valuable because than the average mind can grasp.

they are simply books, which means Books are keys to wisdom's treasure Books are gates to lands of pleasure;

Books are paths that upward lead. Books are friends, come let us read."

#### "More Biscuits, Less Grits"

It has been requested that the following article from "The Columbus Ledger" printed in the Colonnade:

Those of us who spent several years in college dormitories a score or more of years ago can appreciate the cry that has gone up at Oglethorpe University for less gifts and more biscuits. But we who during our dormitory years never once beheld the fair sight of milk and cereal on the breakfast table-nor expected it, dear reader-cannot give unbounded sympathy to the small revolution staged in the Oglethorpe dining hall in behalf of a greater supply of such lordly

Not that we would withhold such from youngsters in the new day of bigger better college menus. Perhaps the new dea for dormitory diners calls for more milk and cereals, as well as less grits and a more generous supply of biscuits-bless your heart! But this matter of students rushing into the kitchen, thereby breaking crockery and spilling food, is to us old ex-dormitorieers the violation of all the sacredness we were from the dining room to the kitchen was sacred portal through which only the elect could trod. We never saw the inside of that kitchen; it represented a priestly shrine. Some or most of us sooner or later got see the inside of the president's office. but not the kitchen-no. never!

First thing you know, there'll be Lavender or Vermillon Shirts forming in our leges, on whose banners will read the heroic inscription, "Less Grits and More Biscuits, or "Give Us Cereals or Give Us Back Our Tuition," and the like, Let us simply hope that no freshman genius will write a soul stirring poem about this flaming cause more elegant rations. He might even insin uate that modern college culture is endan gred because of a cramping of the victuals to where the menus could not read classical. It will be well to state here that G. S. C W. has grits at least once a day and sometimes twice a day. But the menu also in cludes a cereal almost every morning year round with as much milk as is desired If Oglethorpe knows of our plentiful milk,

#### This Is Our Task

first and cereals, they probably envy us.

#### Progress Real Says Durant

(Continued from Front Page) There."

Dr. Durant stated that the things some of us term progress are only tools. "Science and knowledge are tools, and they are neutral," he explained.

The Greeks and Romans did not believe in progress, according was then enjoyed. to the speaker, and not until the Renaissance was the question considered. In 1660, Fontenelle, a meh writer, undertook the first discussion. In closing his treatise, he summarized it thus: "The intellect always advancing; the heart remaining the same."

"Turgot," continued Dr. Durant, "was the next writer on the subject." His work was the first optimistic announcement, and appeared in the eighteenth century. Still another Frenchman took up the subject again during the French Revolution; the Marquis de Condorsay's book, "A Sketch of the Progress of the Human Spirit," was "the most optimistic book ever written by the hand of man."

As for the nineteenth century, men took it for granted that progress was real; however, Sir Arthur Balfour in 1890 expressed his belief, "We beliave according to instincts, feelings, and emotionse, which change not in a thousand years."

Dr. Durant advised his audience, 'Don't ask what is wrong that a man says; ask what is true, and take his truth into yours."

are the ten steps of progress that with their daughter, Edna. man has taken since the beginning of time.

the animal, the coming of light Louise. and fire, the passage of man from hunting to agriculture for a livelihood, the development of social organization, the coming of moral sense, the coming of the aesthetic sense, science, which may do as much evil as it may do good; writing, printing, and other means of communication; education, which is most important, because without it all other steps would be lost.

In discussing education, Dr. Durant made the startling but true statement, "If for 100 yours, education should cease, at the end of the century, descendants would be absolute savages."

are by expressing a deep love their homes in Toomsboro. for his own nation, for although America has shortcommings, "No nation in the world has even been so generous to its children."

#### G.S.C.W. Represented

(Continued from Front Page) in the T. V. A. territory-Kentucky, Mississippi, Alabama, Georgia, North Carolina, Virginia, and Tennessee. The Georgia representatives chosen are Miss Hasslock, of G. S. C. W.; Miss Mary F. Creswell, of the University of Georgia; Miss Lurline Collier, state home demonstration agent; and Miss Epsie Campbell, state supervisor.

While in Tennessee Miss Hasslock was the guest of Mrs. Louis Bass, formerly Miss Hazel Moore, of Fountain City, and Miss Stella Steele, at Sevierville. Both Miss Steele and Mrs. Bass teach in the night school of the City High School of Knoxville,

#### Writers Club Meets in Ennis Hall Rec.

The Writers Club held its regular meeting in Ennis Recreation Hall on Friday, November 17, at

In addition to a discussion of "The Shepherds Play" a program of selections contributed by the numbers was rendered.

The club has a large representation from the student body this year, and is establishing itself as one of the working groups of the campus.

#### Resolutions Of The Faculty of The Georgia State College For Women.

Miss Mary Agnes Scott, in God's providence, has been called into the freedom of the rich eternal-life;

WHEREAS.

Sho, has been a highly valued member of the Georgia State College for Women for many years, as student and instructor; WHEREAS.

In the above relations she has made a deep impression on the college by her zeal for knowledge, her sympathetic understanding of her associates and constructive co-operation; WHEREAS,

Her wholesome outlook on life, her unselfishness, her courage have been a source of inspiration to students and faculty;

Therefore it is resolved: That the faculty of the Georgia State College for Women express their deep sympathy with the family in their loneliness.

Signed: Kathleen W. Wootten Mary B. Brooks Winifred G. Crowell. November 14, 1988:
