Dr. F. N. Parker Of Emory Will Deliver Commencement Address

Emory Theologian Will Speak In Auditorium June 3.

Dr. Franklin N. Parker, Dean of School of Theology at Emory University, will deliver the baccalaureate sermon at G. S. C. W at 11:00 o'clock on the morning of June 3.

Dean Parker is one of the ablest theologians of the Methodist Episcopal Church South, and has served in some of the best positions within the gift of his brethern.

At a meeting of the General Conference in Atlanta in 1918 he was elected bishop but declined to be ordained, giving as his reason that he felt he was needed where he was then serving.

Dean Parker's reputation for scholarship, oratory, and pliety will no doubt cause the Russell Auditorium to be filled for the commencement sermon.

Dr. Johnson Attends

Dr. Amanda Johnson, head of the history department, attended the annual Citizenship Institute at Emory University, February 14, 15, and 16.

Among the prominent persons giving lectures on current topics were Dr. Paul Byron, Professor of Law at Emory; Dr. Linley V. Gordon, New York City; M. Pierce de Lanux, Director of League of Nations Office; Miss Lucy Mason, National Consumers League, New York City; Dean Charles W. Pipkin, Louisiana State University, and Hon. Abit Nix, Athens.

Round table discussions were held on the New Deal in Industry, in Banking, in Local Government and in State Government, and The New Deal and the Constitution, The New Deal and the Consumer.

Health Club Meets With Mrs. Wootten

Mrs. Wootten entertained the members of the Health Club at an informal party at her home Monday afternoon, February 12, from 5:30 to 6:30.

After enjoying the contents of a Valentine box, games were played by the girls. The members popped corn and toasted marshmellows, and enjoyed other refreshments.

Margaret Burney and Viola James were elected to the program committee, and Kathleen Roberts and Nelle Fae Styles to the social committee.

Council Wins Game With Commission

The freshman council barely nosed out a victory over the soph omore commission in a volley ball game, Saturday afternoon in the gymnasium, the score being 42 to 40. The game was fast and furious, with the freshman taking the lead in the earlier stages of the play, and the sophs coming from behind a 25-16 score at the half to take the lead in the last half of the game.

Jane Cassels, Vi James, and Helen Johnson were the commission stars, while Carolyn Coleman, Catherine Calhoun, and Mary Pitts Allen starred for the coun-

Margaret "Casey" Smith was the coach for the freshies, and Polly Moss was the soph coach.

Dr. Singleton Talks On Education In Ga.

Citizenship Meet State Educator Is Guest Speaker in Chapel on Wednesday.

> "Georgia must become educational conscious before she can hold her proper status in the United States," said Dr. Gordon Singleton, eminent educator and a member of Georgia's education department, when he addressed the faculty and student body in chapel Wednesday.

Dr. Singleton discussed the education of Georgia as it stands today in relation to where it should stand tomorrow.

"One of the greatest living historians of all times is James Truslow Adams, a northerner who has written favorably of the South. He said in his modern marvel of history, "The Epic of America" that "America's unique and distinet gift to mankind is the dream that life should be fuller for every man, woman, and child"

He said that democracy must be fostered by educated people so that the difference between hypocricy and democracy, the soap box orator and the real orator, and right and wrong in casting

Harmony Trio On WMAZ Program

The "Harmony Trio," consisting of Betty Watt, Evelyn Turner, and Laura Lambert, with Evelyn Groover accompanying at the piano, gave a delightful entertainment over station WMAZ Monday afternoon.

They were featured on the Happiness Hour program which Dr. George Harris Webber directs every Monday from 2:45 o'clock to the addition of Mrs. Ireland, for-

To Literary Clubs

Noted Poet Is Entertained by Literary Guild at Tea in Ennis Rec. Hall Saturday

Mrs. Agnes Cochran Bramblett famous Georgia poet of Forsyth and Mrs. E. D. Rudisill, were guests of the college on Saturday, February 17.

During the morning, the visitors were shown the campus and the Mansion by Misses Margare Wenzel, Dorothy Wikinson, and Helen Barker. After lunch at the home of Dr. Wynn, they went for a ride through and around Milledgeville with Miss Winifred Crowell, accompanied by Misses Helen Barker and Mary Mildred Wynn.

In the afternoon, from four to six o'clock, the visitors were entertained at a reception, given by the Literary Guild in Ennis Recreation Hall. Mrs. Bramblett gave delightful readings of many of her poems, after which refreshments were served.

Among those present were members of the Literary Guild, Freshman Literary Guild, Writers' Club, the Southern Literature class of last fall, as well as many faculty members — and — interested — town people.

Mrs. Bramblett visited the college at the invitation of Dr. William T. Wynn and the Southern literature class.

Students Win Second Game With Faculty

Staging an amazing comeback the faculty held the students to a close score in the second volley ball game witnessed here this year between the profs and the studes. When the final whistle blew, the referee announced the score to be 36-25 in favor of the student varsity.

Before a crowd that packed the gym, the faculty went into huddle after huddle to come out with some new baffling formation which finally piled up total of twenty-five points. game was close all the way, the score at the half being 14-14.

The outstanding feature of the faculty play was the relaying skill exhibited by Miss Blanche Greene and Dr. McGee. "Doc" McGee would stand on the middle line and volley a high, slow ball netward, and the long arms of Miss Greene at the net would reach out and down with such amazing sadness that the student team was unable to return it. Dot Smith, playing on the wrong side of the net for those of us who saw her on the student teams' last year, and Misses Louise Smith, Rosabel Burch, and Bennice Johnson were main cogs in the faculty lineup. Their hopes were boosted at the half by (Continued on Page Four)

GSC Students Enter Design Contest

The depression has made many openings in the field of costume designing. Marshall-Field and Company, of Chicago, realizing the need of specialists in this field, recently offered cash prizes for sketches and suggestions made by girls attending accredited colleges and universities.

A number of enthusiastic students of the clothin gdepartment of the Georgia State College for Women have entered the contest and reports from Chicago indicate that their work has been well received.

Among those entering the contest are Mildred Watson, Pauline Suttenfield, Louisa Echels, Margaret Proctor, and Matilda Otwell.

Questionnaires Show Use Of G.S.C. Library

Survey Conducted February 6 to 9 by Library Staff; Interesting Results Revealed.

February 6 to 9, a survey of the use of the library was held. Interesting facts concerning why people go to the library, who goes and whether they obtain the material sought were revealed.

The following data was compiled from 1797 questionnaires handed in:

Reasons for Coming to Library 1158 assigned readings

1025 books

133 periodicals 503 to look up problems for

class use.

210 to study from own books.

792 general reading.

237 books. 248 magazines.

307 newspapers. 64.4 per cent of the persons came for assigned reading; 27.9, to look up problems for class use;

and 44, to do general reading.

11.6, to study from own books,

Speaking of Dates

February is a month rich in dates and hol idays of interest to the American people Probably the outstanding dates are the birthdays of Abraham Lincoln on February 12 and of George Washington February 22. Both of these anniversaries are yearly observed with appropriate programs or other forms of commemoration all over the country.

Perhaps St. Valentine's Day on February 14 is the anniversary which is of greatest in- Flight" by Frances and Katherine Drake terest to young people during this month. Its The Yale University Press predicts that "The origin is uncertain, but it was celebrated as American Notebook by Nathaniel Hawthorne' early as the fourteenth century, and probab- | edited by Randall Stewart will be a book ly earlier, in very nearly the same way that that will last. it is today.

Of special significance to the people o our state is Georgia Day on February 12, when statewide programs are held. This date was chosen because it is the anniversary of Oglethorpe's landing in Georgia with his colonists in 1733.

Other well-known Americans who have birthdays in February are Horace Greeley and Sidney Lanier on the third, Thomas Edison on the eleventh, James Russell Lowell or the twenty-second, "Buffalo Bill" on the twenty-sixth, and Henry W. Longfellow on the twenty-seventh.

Several events of importance in America have taken place during the month of Feb. ruary. The treaty of Guadalupe Hidalgo, giving Texas, New Mexico, Arizona, and California to the United States was signed on February 2, 1848. The United States Battleship Maine was blown up in Hayana harbor on February 15, 1898. February 21, 1916, marked the beginning of the battle for Verdun. The capture of Vincennes, Indiana, by sents a new novel. "Unfinished Symphony." Clark on February 25, 1779, brought the North west Territory into the possession of the United States. Ohio, Arizona, and Florida all were admitted to the United States in the month of February, and Massachusetts ratified the constitution on February 6, 1788.

Those people who brag about their family trees really should be more careful. There might be some sour apples back some where on the tree.

"Mary had a little lamb," but we prefer a big one.

Hospital Hospitality

Propped up in bed with the comforting Say, what is the news? cries the grave con warmth of an electric hot pad at my feet, a delightful breakfast tray with appetizing food and steaming coffee before me, and the strains of a favorite orchestra in an early morning program coming from the radio by my bedside, I was almost glad for the illness which had been my passport into the white walled domain of thermometers, starchy uniforms, pills, hot water bottles, flowers, visitors, movie magazines, and rolling chairs!

Indulging in these pleasures and appreciating them to the fullest extent. I could but think how fortunate I was, as a student, to enjoy the benefits of such a well equipped institution. No colleges in Georgia surpass, and but few equal G. S. C. W. in equipment to care for those who are ill on the campus. The Parks Memorial Hospital, beautiful and modern in every respect, and its well trained, and highly efficient director and crops of nurses keep the physical well-being of this student body at a constant standard. a convenience conductive to good health and happiness is not to be lightly "taken for

To stop every now and then, take inventory, and "count your blessings," makes bigger, finer, more sympathetic personalities of us all. It strengthens those people or things that we appreciate, and it makes us surer and more capable of pushing on and making still better all those things which are challenging us to service on the campus at the present time.

I, for one, appreciate the Parks Memorial Hospital.

I would say more, but a thermometer in my mouth makes that impossible-.

52 freshman	. 12.3
14 practice school	5.2

1622 people reporting, obtained the material they were sceking. 132 did not. Of this 132, 74 stated that the book or periodical was either checked out or in use.

Reasons for Failure

Checked out, 70; being used, 4; couldn't find, 12; had not come in, 2; wasn't here, 9; material not available, 2; not enough material in the library, 3; papers not up, did not take the magazine, not put on reserve yet, didn't have time, forn out, at bindery, 5; "was bored over here too," failed to find book needed, and material not suitable.

A great many people came to the library for reasons other than purely academic ones. Some reasons given were the following:

Check out a book, 63; to write a paper; pay a fine, 8; work on a project; return a book, 89; to see Ruth St. Denis, 3; enjoy quiet atmosphere, 6; games for a Valentine party; "can concentrate better;" to study quietly, 5; "social gad about;" to study with someone; read poetry; use encyclopedia, 3; use dictionary, 8; use atlas, 2; write letter, 3; "sight seeing," show sister our library, a quiet niace to think and write, bored sit; ting in dormitory, and waiting for sameone.

Family Code Formed At H. E. Meeting

On Thursday, Miss Clara Hasslock received the complete family code outline by the T. V. A. home cconomics council whih met here Wednesday, February 7. The group is composed of Miss Lurline Coliar, home demonstration agents; Miss Mary E. Creswell, school of home economics at the University of Georgia; Miss Epsie Campbell, state supervisor; Miss Elizabeth Mayes, assistant supervisor, and Miss Hasslock.

The introduction to the code is as follows: "Recognizing that my code for family living mus be based upon social and economic ecurity which is largely beyond he power of the individual famly to maintain this security in the future should be the responsibility of the larger social order."

The code states that "the famly should in cooperation with he social order be enabled to proride for each of its members the Collowing: economic security, healthful environment, efficient management, intellectual growth social adjustment, aesthetic satis-Caction, and spiritual insipration.

Under each division are given the means through which each may be attained.

College Prattle

Florida State College for Women married off thirty-one of its graduates in January.

alumnae in such a manner.

Students at the University of Chicago oppose grades, desiring only marks of S and U to indicate eass or failure.

Not a bad idea at that.

A very unusual no-date club has been organized at Northwestern for girls who are away from lovers but vow to be true. There are three members in the organization so far.

Yet think, Anon, do those that

A human soul remain more white Than one upon his knee too much? Not so, they simply learn to

> write. -The Tulane Hullabaloo

Prof: "What is gravitation?" Pupil: "Gravitation is that if there were none we should fly away. It is what keeps us from going to heaven."

-The Mercer Cluster

From Tufts college comes this esult from a recent experiment An element-woman.

Symbol-member of the human

Occurrence—can be found any where man exists. Seldom occurs in a free native state. Quality depends on state in which it is found Physical property-all sizes and colors. Always appears in disguised condition. Usually covered with coat of paint or a film of powder. Boils at nothing and may freeze

at any moment. Chemical properties—extremely active. Possesses great affinity for gold, silver, platinum, and precious stores of all kinds... Violent reaction when left alone by men. Great ability to absorb all kinds

Representatives To **Attend Press Meet**

(Continued from Page One) press institute in conjunction with the school of journalism.

Officers of the Georgia Press Association include: Milton Fleetwood, Cartersville, president; W Kirkland Sutlive, Blackshear, vicepresident; C. E. Benns, Butler, recording secretary; Hal M. Stanley, the Editor's Forum, execu tive secretary; and B. H. Hardy, Barnesville, treasurer. John Pas chall, Atlanta, is chairman of the press institute committee.

On Friday night, February 23 he Georgia éditors will do honor to the Georgia authors at a dinner and reception which will be the social headlight of the press conierence, the affair to be called 'An Evening With Georgia Authors." This occasion will be sponfored by the Savannah Morning News, and the Savannah Evening Press. Miss Jane Judge, literary d.tor of the News, will represent he hosts, and Miss Emily Woodand, former president of the Jeorgia Press Association, will preside and introduce the auth-

invitations have been sent to Georgia writers everywhere and from all parts of the country acceptances are being received Among those invited are: Isa Glenn, John P. Fort, Jr., Mrs. G. S. C. W. will have to go in Caroline Miller, Bishop Warren a big way if it is to do away with | Candler, Grantland Rice, Ward Morehouse, Ward Greene, Erskine Caldwell, Harry Stillwell Edwards, Mrs. Corra Harris, Ernest Neal, and O. B. Keeler.

Commercial Magazine Reviews Given At Commerce Club

The Commerce Club had its regular meeting in Miss Barnett's classroom Thursday afternoon at 5:30.

The business meeting consisted of the adoption of the revised constitution and the setting of a time for future meetings, which will be the second Thursday in each month.

A very interesting program was given in form of reviews of a number of commercial magazines.

The club went on a hike Monlay afternoon and after the walk refreshments were served Terrell rec. hall.

Plans Progressing For Book of Poems

The plans for the publication of "G. S. C. W. Poems, Vol. I" are progressing satisfactorily-so far. However, there is still room for more contributions.

If the students have any poem or any type of verse they should take them at once to Dr. Wynn so that the publication of this book may be assured.

of expensive foods at all times. Sometimes yields to pressure. Some turn green (envy) when placed near better-appearing sample. Ages very rapidly, Fresh variety has magnetic properties. Highly explosive and likely to be dangerous in inexperienced hands.

Freshman Reveals New Idea of Vespers

"Vespers will be held immediately after supper" was the announcement made in the dining room one Thursday night last September.

Interested freshmen never want to miss anything and such was the ease of a most conscientious freshle who thought she would see waht vespers was like. She had never attended such a meeting and was afraid she would b. termed "green" if she didn't find out what it all meant. Timidly she followed the largest crowd, knowing in her own mind that they were going to vespersthus she followed them to the recreation hall.

At 7:20 the separation bell rang and the proud freshman went to her room fully confident as to her knowledge.

"Where have you been?" her two upperclassman roommates asked.

"Oh, I just went to vespers," answered the freshman with a nonchalant air.

"Well, how about it?"

With this the freshman developed a troubled look.

"To really tell you the truth, I think I'll enjoy vespers a great deal more when I learn how to dance better."

Don't laugh, some people do

Dr. Singleton Speaks On Education

(Continued from Page One) ballots might be discerned.

"So on this basis Georgia tried to build up the system of today. She did not begin till late, after the Civil War, yet tremendous progress has been made and it is hoped that out of the depression the higher place that the Empire State should have in its educational place in the union will be

realized. "Conditions can be changed only by educated men and women as they go out of Georgia's educational institutions with patriotism to eaducate the people in each community.

It is too late for his generation to do much good, said Dr. Singleton, but it is upon the shoulders of the present generation in all grades that the future of Georgia

Students Win Second Game With Faculty

(Continued from Page One) mer member of the gym faculty. The cheering spirit of the crowd was kept on edge by the oen displayed by Mrs. Hines, faculty cheer leader, while the general atmosphere of a competitive game was brought about by drinks and candy.

Faculty lineup included Misses Louise Smith, Dot Smith, Blanch Greene, Annie Jo Moye, Bennice Johnson, Katherine Weaver, Rosabel Burch and Dr. McGee and Mrs. Ireland. Referee, Margaret Candler; Time keeper, Margaret K. Smith; Score keeper, Martha Shields.

The Globe Trotters

SEE AND SAY

Really, you have no idea how dizzy one can get even creeping around this globe. You can close your eyes, drop your finger on the map, and get an interesting story. Watch!

There's Austria-The Socialist Party is rising up against Chancellor Dollfuss, and in some parts of the country they seem to be pretty strong. Germany has an eye on Austria still. Italy is worried about the situation. She has troops placed on the Austrian border-saying that the rebellion in Austria has nothing at all to do with it, but we're not just hat-racks! Somehow we can't get the significance of placing 75,000 men all in a row for no good rea-

And the United States seems to be pretty wide-awake herself. First, there's the Roosevelt-Lindberg disagreement. Air-mail contracts have been cancelled, so Lindy sent a telegram of disapproval to the president. There have been criticisms on both sides, but most of the sympathy seems to be with the president. Lindy has been termed "unethical," but theer are others who think that he has done a wise and timely thing. The exact reason for cancellation has not yet been given, but it will be soon. Watch for it.

Then the CWA is asking for some more money. Unless the bill passes, a large number of people will again be without a job.

And here's some news that hits home! A school in Newton, Mass., has stopped sending out formal report cards. They say it is unfair to the pupils, and creates unfair competition. Instead they write letters twice yearly to the parents. (Can't you just see biannual letters from our faculty to our home!)

They report a boom in Anarctia. (How I do love Anarctia!) Byrd has started his permanent base. I always did aprove of these iceolated continents. They don't have any trouble with boundaries. I'll hurry and stop before some-

Faculty To Wear Academic Gowns At Commencement

thing else happens.

At a recent meeting the faculty voted to wear academic gowns in the Academic Procession on Sunday and Monday at commencement this year. Last year for the first time the G. S. C. W. faculty took part in an Academic Procession, but the caps and gowns were not worn. This year the teachers will wear the various gowns and hoods representing the degrees which they hold,
