Betty Reed Heads Colonnade Staff

HARTSHORN NAMED AS-SOCIATE EDITOR, AU-BREY AND DONEHOO, NEWS EDITORS.

Betty Reed was named editorin-chief of the Colonnade to succeed Dorothy Maddox for next year at the annual election on Friday afternoon at five-thirty in Dr. Wynn's classroom.

She has been outstanding in newspaper work for the past year, serving on the Colonade staff as well as contributing weekly to the Milledgeville Times. Not only has she contributed editorials, feature and news stories to the papers, but she has also written an editorial feature column weekly. Next year she will succeed Sue Mansfield as correspondent for the Macon Telegraph, according to an announcement made Friday.

Marion Hartshorn will serve as associate editor, to succeed Sue Mansfield. Marion is new on the staff, but her ability this year has shown her capable for the position. Two news editors will hold office next year instead of one, so as to make for more efficiency in covering all campus news. Two new girls will hold the positions, Evelyn Aubrey and Louise Donehoo, who succeed Frances X. Profumo. Evelyn has shown an interest in writing this year, and Louise is the editor of the Y Handbook for next year. Julia Mac Franklin rose from a reporter's position to that of feature editor, to succeed Mary Louise Dunn, while Jane Cassels also rose (Continued on Page Four)

To the New Colonnade Staff

Colonnade editor and staff. You were selected ham; Marjorie Lanier, Margaret Hansell, Pabecause you are capable and because you lacia Stewart, and Dr. Bolton; Cecelia Smith, know the appeal of writing that called us into Hazel Norman, Margaret Pace, and Miss service.

Someone has said "The air is full of news more than ever before." Your job is to find it and bring it to the attention of the reading public

We are glad that the progress we have made will make things easier for you, but remember that we are only at the bottom. Seek and find enthusiastic cooperation from the faculty and students. It is wholly their paper, you are only the voice that speaks for them. Find in your work satisfaction for something accomplished well.

You will always have seemingly impossible tasks, but just know that there will be a way out, and smile it through. We can promise you no praise and honor and bands playing either literally or figuratively, but we can promise you something better-the pleasure of carrying on "the most fascinating game in the world."

The Beginning of Your Library

Have you anything in common with the senior who was heard to exclaim the other day, "Oh, I wish I hadn't sold all my English literature books! I have a job teaching English next year, and now I'll have to buy them all again.'

If you have not had that sort of experience yet, you probably will have. That is, you will if you are one of the people who either rent books to use during courses, or sell their books | challenge to every thinking person. That so immediately after finishing the course.

It is sensible, of course, and often financially necessary, to sell a great many text-books after finishing the course. But it seems advisable to keep at least the books in your major course, and preferably in your minor courses. This is a splendid opportunity to start a library of tude in this matter, and it is to be hoped that your own in your favorite subject, which will other colleges will follow the example, and prove invaluable to you for reference work la- that the cumulative effect will make some imter on.
