Chapel Program

The college orchestra, conducted by Miss Beatrice Horsbrugh, presented an enjoyable program in chapel Tuesday morning. In addition to the members of the regular orchestra, several students from Peabody high school gave a number of selections. The program Tuesday marked the final performance of two students who have been regular members of the orchestra during their stay at G. S. C. W., Mary Carolyn Carmichael and Grace Pfieffer.

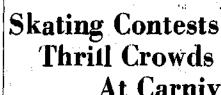

The program included Shubert's "Seranade" and "Minuet," "German Dance" by Dittersdof; "Preludes" by Chopin; "Andontino" by Lemare and "Norweigian Dance" by Greig.

To avoid the confusion and misunderstandin, experienced in the past the Bursar gives the following directions for matriculating for the Spring Quarter.

1. The payment of college expenses is called MATRICULA-TION.

2. The filing of course of study and class cards with the Registrar and the Dean is called REGIS-TRATION.

3. Payment is due on the first day of the quarter.

4. Each student should come prepared to pay in full on arrival and secure Bursar's numbered matriculation eard for admission to classes.

5. Teachers will record each student's card number on their permanent record of grades to be filed with the Registrar at the close of the quarter.

6. Each student is held responsible for prompt payment of account. No statements are mailed.

G. S. C. Debaters **Battle Brenau** InGainesville

The members of the G. S. C. W. intercollegiate debating team spent Thursday and Friday in Gainesville, meeting the Brenau debaters for the second time discussing the question, Resolved: That the nations should agree to prevent the international shipment of arms and munitions. Misses Jane Cassels and Lois Pangle represented G. S. C. W.

This is the second intercollegiate debate that G. S. C. W. has participated in, the first being on March 5 with the Brenau team.

The debating club, under the direction of Dr. E. G. Cornelius, and the leadership of Miss Pangle, has made much progress since its organization two months ago. A number of questions have been discussed and settled among the members

Plans are being made at present to enter into inter-collegiate debat-Mary Goldstein, Martha Hale, and ing next year and make a number of trips.

Gives Talk At Y Cabinet Meeting

Dr. Thomas Alexander spoke to the Y. cabinet and sophomore commission Tuesday afternoon in the "Y" 100m.

Dr. Alexander's talk centered around the five areas of an education. These areas as discussed by the speaker included philosophy, human relationships, physical relationships, fine arts and vocations or livelihood. According to the Columbia professor, college should help students to meet these persistant problems in life. He used his school as an example to show how he was trying to develop these five areas.

_ At Carnival The skating carnival sponsored by

the Recreation association was held Friday evening at 7 o'clock in front of the Mansion. The street was blocked off and the orchestra was placed in the middle of the street to urnish music for the skaters.

For the individual stunt, the two proving their technique and originalty to be supreme were Dave Colins and Virginia Cooke.

The final race proved Claude Mc-Gcehee and Margaret Hansell to be the winners.

'Toward the end of the carnival a drawing was held. Among those recelving prizes were Louise Donehoo

and Billie Jennings. Billie Howington and Elizabeth Stuckey skating together were judg-

ed to be the most graceful couple. A good time was had by all and it is hoped that the Recreation asso-

ciation will again sponsor such an entertaining and delightful event.

Visit Your Schools

It is the sincere desire of Dr. Wells that ach student who goes home for the spring lays will make an attempt to visit her former high school and talk to the senior class or to inlividuals in that class about the opportunities and advantages offered at G. S. C. W.

Not all high school students know that G. S. C. W. has the best plant in the state. The buildings are all new and modern. The buildings are beautiful, as is the campus. The auditorium and the library are far superior to most

Happy Holiday!

The time has almost come when we can call a day, so to speak, and go home. After a uarter of doing the same things, seeing the same faces, living the same schedule, we become quite a problem to ourselves and to those about us. We are not able to take the bumps we ordinarily would be able to take. We sooner or later get into a rut and lose all interest for new activities and are prone to let things ride their own way. We can not do our best work in this condition

Therefore spring holidays have been given both the students and the faculty. Both need change from the regular routine. Pack your bags and leave your exams (and other ries behind). It's too late to worry about them now. Take a rest and resolve that you will come back refreshed and ready to do a better job next quarter.

Dear Miss Yvonne,

It is getting rather dangerous around here for me. And when I say that I am speaking quite serious-The other day while I was in ly. one of my classes, the instructor suddenly became aware that there was hot air in the room and rushed over to pull up a window. To make a long story short, up went the window and down came the shade. It so happened that I happened to be sitting next to the window when the accident happened. Like a momentary bolt out of the blue, the shade and rod came crashing down on my head and shoulder-and there were stars out that day.

Do you just suppose now that I was born under many unlucky stars or was it just the after effects of a curtain raiser? S. O. S.

P. S. Save our shoulders! Dear S. O. S.,

"Spare the rod and spoil the child"-your teacher isn't taking any chances. Anyway, it seems that he did take my advice about pulling up the window and pulling down the shade at the same time. Even curtain rod has its ups and downs, you know. As I view the situation, it seems to me that in view of the risk, the view from the window isn't worth it! We are all used to slams around here, anyway, so why worry? As for the stars, thank your lucky stars that they weren't comets-they shoot the fastest line, you know. Just another curtain rod in your

young life, YVONNE D'AMOUR.

Literature Class Visits Home Of **Macon Author**

The class in Southern Literature accompanied by a number of faculty members spent Saturday afternoon March 16, visiting Harry Stillwell Edwards at his home near Macon. Mr. Edwards entertained his guests by reading some of his poetry and explaining it. The class gave a short program consisting of readings, songs, and musical selections. After the program the group enjoyed a

delightful picnic lunch. Those making the trip were: Dr. William T. Wynn, teacher of the class, Dr. Guy H. Wells, Miss Winifred Crowell, Dr. Harry Little, Miss Mabry Harper, Dr. Sidney McGee, and Miss Maggie Jenkins; Misses Sarah Davis, Kathryn Sessions, Gladys Harris, Doris Peacock, Marjorie Shuman, Sybil Wilson, Ruth Mangham, Doris Godard, Elizabeth T. Smith, Hazel Cobb, Mary Harrell, Virginia Hudson, Grace Stembridge, Mattie Jo May, Minnie Belle Pryor, Mildred Burnette, Virginia Shouse, Edna Simmons, Dorothy Hester, Beatrice McCarthy, Sarah Calhoun, Edna Lattimore, Mary Lozier, Elizabeth Smith, Cecilia Smith, and Mrs. Inez Dolvin.

Collegiate Prattle

A chemistry professor at Harvard recently won a bet that he could eat his shirt. He dissolved the garment in acid, neutralized the acid, filtered off the precipitate and spread it on a piece of bread.---Maryland Diamondback.

And speaking of chemistry, here's the latest analysis of women: Symbol: Wo. A member of the human family.

Occurrence: Can be found wherever man exists.

Physical properties: All colors and sizes. Always appears in disguised conditions—surface of face seldom unprotected by coating of paint or film of power. Boils at nothing and may freeze at any moment. Melts when properly treated. Very bitter if not used correctly.

Chemical properties: Extremely active. Possesses great affinity for gold, silver, platinum, and precious stones of all kinds. Violent reactions when left alone by man. Ability to absorb all sorts of expensive foods. Turns green when placed next to a better appearing specimen. Ages very rapidly. Fresh variety

has great magnetic attraction. Highly explosive and likely to be dangerous in inexperienced hands.—The Daily Illini.

Jesters Present One-Act Comedy By C. Mallory

"Max Simile," a one-act comedy, written and directed by Catherine Mallory, was presented by the Jesters at chapel Wednesday morning. The action of the play centered around Maxine, the sister of Max Simile, who came to his college to attend the spring dances. Max's fraternity brother, Paul, started the action moving when he made all sorts of fun of G. S. C. W., Maxine's Alma Mater. She decided to fool him, and with the aid of another fraternity brother, Ted, carried her plot with a high hand. Ted's true love came in at the unpsychological moment and the excitement became intense because she could not and would not accept any explanation. The climax came, as all good climaxes do, and everybody lived happily ever afterward.

The cast included Edna Lattimore, as Max; Martha Harrison, as Ted; Myra Jenkins as Paul, the misguided youth who thought G. S. C. W. was a three-ring circus; Georgellen Walker as Maxine; Josephine Calhoun, as Helena, Ted's true love.

"Golden Trove" By **Daniels Released**

Congratulations are due Dr. Francis Potter Daniels on the recent release of his volume of poetry, "The The collection of Golden Trove." one-hundred verses includes the best works of his life.

Among the outstanding selections is "Consecration Ode" which Dr. Daniels wrote for the class poem of the class of 1895 at the University of Michigan, his Alma Mater.

Although his native state is Michigan, he has shown his love for his adopted state, Georgia, in the tribute of verse he tenders her in the "Georgia Bicentennial Ode" and others. For G. S. C. W. he has written the words to the song "Georgia's Loved State College," and also a poem, "Gold and Brown."

The poet's keen appreciation of beauty is shown in his "Ode On Beauty," particularly in the closing lines of the first stanza, "Awakeningin the soul of man a cry for that deep beauty which alone has worth." Dr. Daniels has dedicated his book to Louise, his wife, an honor of which she is justly proud. G. S. C. W. shares her pride in this latest contribution of our own bard.
