NUMBER 13

Faculty Members To Play Leading Male Roles In Forthcoming Dramatic Club Production

Two Local Schools Will Honor FDR January 30

If past performances are any indication, everything from free marriage licenses to horse-drawn sleighs will play a part in the nation's coast-to-coast merrymaking at the 1936 Birthday Ball for the President on January 30. Everybody, high and low, will have part in the festivities, as was the case in 1934 and 1935.

Milledgeville citizens and students will do their part toward raising more funds in the fight against infantile paralysis in the celebrations they will stage on next Thursday night, January 30th.

Students from the Georgia Military College and from G. S. C. W. will combine forces and entertain at a party in the G. S. C. W. gymnasium. Music will be furnished by the G. M. C. orchestra. Facility members from ones.

Local citizens will entertain at a dance at the Echetah country club. An out-of-town orchestra will play.

The school entertainment will begin at 8:30 and end at 11:30. Those in charge of the arrangements include Dr. Guy Wells, Col. Da Vitte. Joe Jenkins, Mr. L. S. Fowler, Miss Ethel Adams, and others.

In addition to students from the military school, the guests will include friends and relatives of the students and teachers at G. S. C. W.

Admission will be twenty-five cents a person.

Rehearsals were started last week on Clarence Dane's "A Bill of Divorcement," the most serious dramatic production ever attempted by the Jesters. The play will not only be the major production featuring college students here of this year, but of all years up to the present.

Faculty members will play the leading male roles in the play, which, when shown on the screen brought Katherine Hepburn and Billie Burke into the eyes of the movie public. Members of the Jesters will play the other roles.

All previous productions of the Jesters have been more or less light, and students have taken the male roles except in one instance when G. M. C. cadets were asked to take part. Because the Jesters feel that the campus is ready for a serious play, and because they feel that they themselves are ready to attempt something more serious than usual, they are presenting a drama which ran for months in London and on Broad-

Although much work has been done and great steps forward have been made in dramtics since the organization of the club two years ago, the Jesters realize that real drama could not be interpreted by girls acting as men. They also realized that the theme of "A Bill of Divorcement" callthe leading roles, which realization resulted in five faculty members being selected, for the leading male roles in the play.

We Nominate---

Following the superb performance by the Hedgerow Players Monday night in "Twelfth Night," the students and faculty members wish to voice their appreciation to the members of the entertainment committee who were responsible for the play.

The entertainment committee has done splendid work this year in the series of entertainments that have been brought to the campus and to those that will be year is so entirely different from those of past years, and is so really worthwhile that the committee deserves quite a bit of commendation.

Without the co-operation and unceasing efforts and thought that was given by the committee members to the planning of the concert series for the year, the students and faculty members would not have had the opportunity of such entertainments that have been brought here.

Heretofore, the main idea of the oncecalled lyceum committee seemed to be to bring as many entertainments as possible to the campus, without considering the type or quality of the selections made. During the past year and the first cuarter of this year, the complete revolution made by the committee has wrought wonders. Without that change, we would never have had Sylvia Lent. Carola Goya, Toscha Seidel, or the Hedgerow players. Though the Hedgerow Players were not a part of the regular concert series, the faculty entertainment committee was responsible for their appear-

If the change wrought by the committee means revolution, then what we need is bigger and better revolutions in other fields. The committee members have shown that they know real entertainment and what students want. Students now show what they want by asking for the re-selection of the entire committee for next year.

We Congratulate ---

During the past two years and a half an unusually large number of changes have taken place on the campus, but hardly any so noticable as the work done by the dramatic club. The organization and the smooth running of the Jesters has added much to the life on the campus not only to the members of the club, but to others as well.

The organization has given dramatically inclined students a change to express themselves and a goodly amount of training. It has given other students and faculty members a chance to see a number of amusing and worthwhile short

The organization and the enthusiasm of the dramatics students brought about the addition of a dramatic coach to the faculty. This addition has meant much to the group and to the entire campus.

Through the efforts of the club, the Little Theater was built. Although the results of the building of the Little Theater naturally meant more to the dramatic students, the results were also felt by the entire student body and faculty. It was another step forward in broadening the scope of curricula and extra-curricula

The announcement of the future preentation of a sericus drama by the Jesters this week is just another evidence the work done by that group. Heretofore, the performances were more or less light. But following serious work and study by the Jesters, and the enthusiastic reception and encouragement of students and faculty members, the club is attempting more serious drama.

Our hats are off to you Jesters. We are leeking ferward to your "Bill of Divorce-

gins the second year that G. S. C. W. students have taken part in inttr1collegiate debates. Last year for the first time, G. S. C. W. sent representatives to other colleges in the state to argue pro and con over the national varsity and freshman questions for debate.

The credit for selecting the first intercollegiate debate teams from G. S. C. W. goes to the head of the secretarial department, Dr. E. G. Cornelius. It was due to his efforts and enthusiasm and encouragement that the debating club was organized last year and teams selected.

The selection of the teams last week assures us that our college will be well represented when pitted against other schools. The students who compose the four teams have shown increasing interest in argumentation and a number of them have shown their ability in previous

Continuing in the manner in which they have begun, G. S. C. W. debaters should soon make a name for themselves and the school. They have indeed made great progress in the past

The addition of Mr. W. C. Capel as freshman debate coach gives us great bones. Mr. Capel has had quite a good deal of experience in debating, and has already started work with the freshman debaters. Two more capable advisers than Dr. Cornelius and Mr. Capel could not be

secured among the faculty members. Congratulations, Dr. Cornelius, Mr. Capel, Jane Cassels, Tommy Cooke, Mary Louise Turner. Miriam Brooks, Jean Brown, Grace Clark, Sue Lindsley, and Nelle DaVitte.

Roosevelt Bal

National enthusiasm for the 1936 birthday ball for the President January 30 is signified by the wide-spread plans for celebrations throughout the country, by the ready acceptances of nationally known leaders to serve on the National Committee, and by the announcements of thousands of persons planning to attend.

Only nation-wide generosity can remedy the plight of the nation's 300,000 infantile paralysis victims, according to the chairman of the National Committee. Despite the fact that over two million dollars was contributed by the two previous Birthday Balls, the forty-seven hospitals, less than one for every state, were inundated in a new torrent of ailing humanity flowing through their doors from the scourge of 1935, when this dread disease added approximately 10,000 victims

If you notice pictures of the youngsters undergoing treatment it will be apparent to you that their attitude is far from melancholy. Smiling and cheerful, they take the while business of rehabilitation as a game, in which each tedious step on the road to recovery—repeated a thousand times-is like an individual play in a feetball contest-to be worked uncomplainingly for all it is worth.

This is why it is so appropriate to finance the battle against infantile paralysis through a nation-wide party where all who contribute by buying tickets may thoroughly enjoy themselves. In the smallest community dance or the great ball at the Waldorf-Astoria in New York it will be the same-laughter will be the symbol of returning happiness to the

President Roosevelt, whose birthday is the occasion of this tremendous gathering, has, as we all know, taken the leadership in this light aginst infantile paralysis. The one directorship he retained distinguishing characteristics. It after being inaugurated as President was was too bad that somebody liked that of the Warm Springs Foundation, and | Juanita's bunny coat so well that it is only fitting that, in his capacity as lit go mixed up in the rush Sata leader of the organized fight against | urday, but it was not so had afinfantile paralysis, he should be so hon- ter that announcement. I'm also cred on his birthday.

Hundreds of thousands of infantile paralysis victims look to him as an inspiring example of what cheerful courage can do to overcome disability. They look to him also as a friend who will do all in his power to help in their own cases. And their own cases do need help.

For there is as yet woefully little that medicine can do to help them. The cause of infantile paralysis is still obscure, and its manner of spreading. Immunization has not progressed far. And there are few hospitals properly equipped to administer after-treatment for rehabilitation.

From all sides things have been heard that have forced me to believe that people do read my stuff—even if they don't exactly say complimentary things about I. myself will have to admit that the story about faculty habits was pretty good-even if I did write it. The freshmen—these Milledgeville freshmen—truly have a knack for making the cutest announcements in chapel. The cute one last week about the typewriting book was made by Laurie Brockins, one 'cr' the brighter cholars in the first year group. Wonder if Laurie ever got the lock to her locker?

Juanita Ingram came across with about the most consciously cute announcement of the year in chapel on Monday. Well, consciously or not, it had some of the wendering if she "was deeply touched" by its return, or if she was "deeply concerned" by the failure of its return.

Remarks have been made to me by my superiors regarding the fact that I hurt several little girls feelings by things I said last week about their going with the "heartbreakers" of the city. To be specific, I called them "little." Or young. Or something, No offense was meant, but the ones I had in mind really are little. even if they aren't so infantile.

Here's a hot tip-don't fail to see "Magnificant Obsession" at the Campus Monday and Tuesday. It really is "the" picture of the year, and you'll regret it if you don't see it.

Speaking of the wedding Monday night—well, maybe we weren't, but I'll start now, Have you ever seen anything so funny? then it must be us. The students must not be doing their part. The managers are trying, but they can't do it all. Give them and yourself a break. Come out and play and after a few times you will see that you are a vital part. How could there be a Recreation Association if nobody played? There couldn't. You are, all of us are, a vital part.

NOTICE

The following statement was made Thursday to a member of the Colonnade staff by Mr. Max Noah, head of the music department:

"On behalf of the music department, I wish to express appreciation and thanks to all those faculty members, dents, and townspeople who took part in the Womanless Wedding Monday night, and made it such a huge success. Our scholarship fund was greatly benefited, due to your help, and we greatly appreciate your fine co-operation."
