Sophomores Are Trounced By Freshmen

It Looks From Here

THE SOUTH LOOKS TO ITS FUTURE By John W. Morgan

For some time students of Social Science have been calling attention to the fact that per capita income and per capita wealth for Southern regions are much lower than for the nation as a whole. The purpose of this article is to consider briefly some of the forc es which will require serious changes in Southern economic life if these indices of prosperity are not to lag still farther behind national averages.

Dependence on Cotton In the past the South has de pended chiefly on cotton for it: income and sixty per cent of all cotton produced was raised for export purposes. With the rise of economic nationalism the southern monopoly of the cotton markets of the world was brought to a close. Great Britian, India, Brazil, China, and Russia have become serious rivals of the Southern cotton farmer. In 1920 the number of acres of land in the South devoted to cotton raising equalled the combined cotton producing acreage found in the rest of the By 1930 the amount of world. land devoted by foreign countries to the growing of cotton had doubled while the Southern acreage had remained relatively unchanged. Largely as a result of this interest of foreign countries in cotton culture the United States had a cotton surplus of 13,000,000 bales in 1932. This picture seems to indicate that millions of acres of land in the South which in the past had been planted in cotton must be utilized in some other way. Perhaps, even, the "Old South" will not be able to maintain her present share of our own domestic markets. A hundred years devotion to a one-crop system has taken a heavy toll from the South-Recent estimates show ern soil. that 43 per cent of production costs in the South Atlantic states expended for fertilizer as is against approximately 6 per cent for the nation as a whole. Since 1850 the center of cotton production has been steadily moving towards the Southwest. Here virgin soil and the rapid development of mechanized farming have reduced production costs to a point where farmers can profitably raise cotton to sell at six cents a pound. If present trends continue Mississippi and the states west of the Mississippi river will soon be producing enough cotton to satisfy all demands, unless its consumption is increased, leaving millions of people in the "Old South" dependent on a new means of livelihood.

Carl Sandburg To Be Heard in Spring

The faculty Entertainment Committee-not to be confused with the Cooperative Concert Association-met in Mr. Fowler's office Wednesday and outlined some of the major features of the year's program of lectures, drama and dance. These numbers are provided for by funds deducted from the students' registration fees, and are thus offered at no additional cost to the students.

The first number will be a lecture by the well known English author Phyllis Bentley, author of Inheritance, Freedom Farewell and other novels of note. Miss Bentey comes highly recommended for her personal charm, her humor and her intelligence. She will be here during the second week in November.

The following week, Ethel Barrymore Colt, daughter of Ethel Barrymore, will appear in a modern comedy, with a troupe known as the Jitney Players.

In January a dance number will

Due to limited voltage it will be impossible for the photographer to operate two cameras in making pictures for the 1937 Spectrum as was formerly announced. Instead, he has arranged to come back the week following our week-end home to finish up.

Lyceum Program Announced

NOTICE

Sophomore pictures will be made on Monday, Tuesday, and Wednesday, Oct. 26-28. Freshmen will begin having their pictures taken on Thursday and will finish up the following week beginning on Tuesday, Nov. 3. Faculty members will be scheduled one day during the last week

No proofs will be given out until all pictures are finished. These will be non-fade proofs and each girl may keep all four proofs after turning in the pose number of the one to appear in the annual. An announcement will be made later about the distribution and return of proofs.

Annual Fete Date Set For October 29

With plans for the annual Hallowe'en Carnival getting under way, the campus is much interested to note that the senior clas wil put on the "annual" burlesque year's performance was so outstanding that it rated a picture in the Atlanta Journal rotogravure section. Despite the uncompromising refusal of shimmy-artist Myra Jenkins to repeat her act, the seniors definitely promise a show more brilliant than that

which they staged last year. - The carnival which is sponsored every year by the three major organizations has been scheduled for Thursday, October 29 at Nesbitt Woods. All proceeds of the carnival go to the Recreation Association to be spent for new quipment. Nesbitt's will be lighted in Hallowe'en fashion and the Midway planned will include attractions to suit every person in attendance. Bingo is again the rage of the carnival. Last year fascinated fans played bingo by the flickering light of the candles far, far into the night. The Health and Physical Education Majors assure you the time of your life at the Bingo booth. A prize for every game! See you "Under the B-29." Be in your best spirits Thursday night for College Government is bringing this year a crazy house of national fame. Spooks-queer feelings-other things too good to news of this attempt on the part give away. YWCA cabinet is sponsoring the most amazing, most astounding, anbelievable-in fact, preposterous freak show in the history of Hallowe'en-carnivals at G. S. C. W A real genuine wagon-ride has been planned by the junior class. See Milledgeville from a wagon! A negro minstrel show unrivalled in this section of the country will

NOTICE

Freshmen Agree That

Due to the regular fall quarter home-going scheduled for October 30 through November 2 there will be no edition of the Colonnade on Saturday, October 31. This is in accordance with publication dates as set forth in our masthead "published weekly during the school year, except during holidays and examination periods." Regular weekly publication will be resumed following the holidays wit han edition scheduled for Saturday, Nov. 7. All copy for this edition must be in by five P. M. Thursday, Nov.

Saturday has been selected as the regular day for the issuing of the Colonnade. Five P. M. is the dead-line for all type-written copy. Copy that is not typewritten should be turned in before that hour to any member of the staff.

BULLETIN

"It Had To Happen"

No: 5

The Golden Slipper was awarded to the freshman class, following the presentation of the two original productions of the second annual Golden Slipper Contest.

As the Colonnade goes to press final preparations are being made for the second annual Golden Slipper Contest. As the official dead-line for the paper is Thursday night, the plans of the two organizations were revealed to Colonnade editors in greatest secrecy with headlines of the Colonnade being held until the judges' verdict was announced, so that the regular Saturday edition of the paper carries the complete story of the contest and its outcome.

The freshmen production was entitled, "It Had to Happen." It was written by Louise Stanley assisted by the playwrighting committee, and was directed by Eugenia Taylor.

The scene was laid in an imagnary kingdom ruled over by King Welliom (Louise Stanley); he had u wife, Queen Junior, (Lelia Griffith) an dthree daughters, Priness Freshman (Jeanette Pool), Princess Sophomere (Dorothy Stalings), and Princess Senior (Mary Ferguson) Sophomore and Senior disliked Freshman, were jealous of her beauty, popularity, and innocence. It develops that a very valuable document is lost and a larger kingdom threatens to annex King Welliom's kingdom unless it is found. The king decides to have a ball and commands every subject to be pres-Prince Merriwell, lord from ent. the larger kingdom (Lois Silks) is the guest of honor. Sophomore and Senior are to use their womanly wiles to discover who the thief Freshman goes to the ball is. (Continued on Page 4)

tion of cotton is effected the po- the college. sition of the cotton worker is none too secure. Within the last few Continued on Page 3)

be offered, featuring Miss Miriam Marmein. Further details as to the nature of her program will be announced in due time. It is enough to say now that she has received high praise from critics of national reputation. Later in the year the American

poet, Carl Sandburg, will offer one of his colorful programs which will include the reading of some of his own poems.

Other numbers will be added so as to provide for at least two programs each quarter. Probably the most outstanding person under consideration is Cornelia Otis Skinner in her dramatic impersonations. In fact her appearance may almost be regarded as a certainty, but since the Entertainment Committee has not been able to come to an agreement with Miss Skinner's representative

Hines Album Praised By **Reviewers**

Treasure Album of Milledge ville and Baldwin County

By Nelle Womack Hines Probably most students here low know that Mrs. Hines has recently published her latest book, appropriately called a "Treasure Album of Milledgeville and Baldwin County". In a sense the book is just that, an album, with all the charm that the reviewing of familiar and not-so-familiar things always brings. Its success has been so universal that another review of the book would be superfluous, as little romains to be said that has not been mentioned by the many reviews it has

received. Margaret Mitchell Marsh, auth-

or of the sensational best seller, "Gone With the Wind," has given the book high praise. Anyone who

Freshman Dance

Tonight the Freshmen will inally get the dance which they expected during Orientation week. The dance will be held in Terrell Rec Hall from eight to eleven. In addition to the Freshmen, the girls who helped with Oriensation week will be present. The Freshmen faculty advisers and housemothers will cheperone. The G. M. C. boys and faculty

members will be guests, as any of the Freshmen dates.

City Seeks Filming of **Mars**hBook

Would-be cinemactresses on the campus were decidedly in favor of the movement on the part of the city of Milledgeville to interest Metro-Goldwyn-Mayer in the possible selection of this city as a site for the filming of scenes in

their forthcoming production of "Gone With the Wind." First of city officials to have Milledge-

ville as the location of the film reached the campus through the columns of the Atlanta Journal during the week.

A number of copies of the recent publication "A Treasure Album of Milledgeville" by Nelle Womack Hines have been sent to the company officials, including the director, George Cukor. Margaret Mitchell Marsh, author of the sensational best seller, is supporting the Milledgeville movement because of the fact that so many historical buildings located in the

This week we present to you the final candidate-the favorite son of the "solid South"-the standard bearer of the Democratic Party-Franklin Delano Roosevelt.

Election Reaches Climax

He is a member of a distincly aristocratic group-New York's original four hundred. For eighteen generations members of his family have lived in or near his ancestral home, "Krum Elbow," n Hvde Park.

He has had excellent educa tional opportunities-Groton. exclusive prep school: and Harvard. followed by Columbia Law School Roosevelt practiced law in New York for three years, then in 1910 he began his political career in the state senate of New York. He has served as Assitant Secretary of the Navy (a position traditional to the Roosevelt family) and Gover nor of New York.

In August, 1921, he was strick en with infantile paralysis. For time it was believed that the illness would be fatal, but every Georgian is familiar with the story of his recovery, aided largely by the exercises taken in the waters of Warm Springs.

Roosevelt believes that there is a war on for the survival of democracy. "We are fighting." he have demonstrated that this ma- says. "to save a great and previous chine is capable of doing in seven form of government for ourselves and for the world."

Fashion Flash

Here's news-a grand way to spend that oh-so-long wait-over in Macon on Friday, October 30. The Darling Shop is staging a special fashion show for the G. S. C. W. girls at their shop at 552 Cherry Street. It's to be from three until five. So, while you are "killing time" until that trin to Albany, Columbus, Savannah or Atlanta is ready to pull, take a walk down Cherry Street and have a look at the "darling" collegiate styles.

Hodgson Will Come to **Campus at Later Date**

Hugh Hodgson, of the University of Georgia, who was scheduled to give a piano recital in chapel on Friday, was unable to come to Milledgeville at that time and has written that he will come at a later date.

Mr. Hodgson is one of the outstanding pianists in the South. He occupies the chair of music at both the University of Georgia and the Atlanta Conservatory.

He has played here several times before and has always been very enthusiastically received by the student body. It is chiefly in his capacity as director of the glee club of the University of Georgia that he has visited this campus. His assertion that he will come here at a later date to give a piano recital promises a chapel program of unusual merit for the near future.

(Continued from Page 1) summary of all types of news. To supplement the newspaper, it is ped with a lantern and a box of

This Time Next Year

The first slacks in the history of G. S. C. W. were seen on the annual hike. It was the sixteenth annual hike-the first since the abolition of the traditional brown and white uniforms.

The freshmen had trounced the sophomores to the tune of one golden slipper with her original production, "United We Fall." The annual Hallowe'en Carnival had been announced.

The Jesters were rehearsing for "Just Like Judy" with Garnette Lynes and Sue Lindsey in the starring roles.

The supporting cast included Myra Jenkins, Martha Harrison, Edna Lattimore, Catherine Mallory, Helen Barron, Juliette Burrus, and Margaret Rucker.

The Colonnade staff had been increased with the election of Mary Leverett as circulation maniger; Betty Shell, as assistant cirsulation manager; Garnette Lynes, assistant business manager; as and Eizabeth Garbutt, as advertising assistant.

The Recreation Association presented a skit in chapel demonstrating the profitable use of leisure time.

All announcements were in the "This Week" column of the Colonnade instead of in chapel.

Betty Reed and Mildred Wat son were in Chicago representing G. S. C. W. at the annual convention of the Associated Collegiate Press.

The first membership drive of the Milledgeville Cooperative Concert Association had just gone over the top and the Colonnade was congratulating the association, editorially speaking.

Phillipa Kolum reported seeing Anne Weisinger and Cohyn Bowers en route to the library equip-

We hear the Freshmen made the score. And are we glad they won! And thanks to all you Sophomores For joining in the fun!

Slipper

(Continued from Page 1) The king agrees to give also: his treasured golden slippers to Hall on Sunday afternoon from whoever discovers the thief and four until five. This is the first recovers the document.

At the ball a traitor (Anne planned by the seniors. Kendrick) meets the Prince and attempts to sell him the document which he has stolen. The Prince seizes the document and jails the traitor. During the ball the Prince meets Freshman and falls in love with her-much to

the disappointment of Sophomore and Senior. The prince tells Freshman about the document; the king is called and told the news and is

given the document. The king thanks him, gives him Freshman's hnd in marriage-presents her with

the Golden Slippers and they all live happinly ever after. Also in the cast were Anne Lewis as the Jester: Becky Earnest as the Officer; Hilda Fortson and Celia Deese as the Prologue. Specialties were performed by Frederica Morris, Pat Mallory, Muriel Harper,

Isabel Adams, Margaret Young, and Sara Young. The sophomore play "Weiners Holbrook Frances Davis, and Ma-

Senior Coffee The senior class will entertain at a "coffee" in Ennis Recreation

of a series of such entertainments

Fifteen numbers of the class will home. act as hostesses for the occasion, and fifteen other seniors will be privileged to invite one guest. This plan will be followed throughout the entire series, so that each senior will have an opportunity to serve as hostess and will be able to invite a guest. All dates are

invited as well. Invitations will be extended to underclassmen and faculty members.

This type of affair is traditional at many colleges, with invitations being very much desired by under-classmen. Last year during the Student Government conference at Agnes Scott, the delegates from G. S .C. W. attended a "senior coffee" and were so impressed with the idea that they favored its adoption here.
