It Looks From Here

THE NATIONAL SCENE

Two things center the stage this week, the flood, an example of man's inability to control nature, and the auto strike, an example of man's inability to control economic relations. Both of them are a major disaster to a person who professors to hope for progress.

The flood moves on down the river from the inunated Ohio valley to threaten an area the size of Germany with evaucuation, but the latest reports from the Army engineers are encouraging. They say that if the dike at Cairo holds the river below will be safe. Regardless of whether or not the area below the entrance of the Ohio into the Mississippi survives this present danger unharmed, the flood will have caused unprecedented damage. The trouble will be, as in the past, that memories are short, and that while a large national appropriation may be made now for flood relief their is years when the danger is not great. What will have to be done is for some form of national control oer the rivers to be set up, a control that will not only encourage the reforestration of lands, but

DONATIONS TO FLOOD AREA TOTAL **S272** Gifts Of Clothing Accompany Cash

The final total of funds contributed by students of G. S. C. W to the Red Cross to be used for relief work in the flood section reached \$272.42 on February 2. This included the contributions of students of the college proper, of Peabody and of the faculty and staff.

CAST SELECTED FOR MYSTERY **'DOUBLE DOOR'**

Town Men, Faculty Members To Take Male Roles In Play

Casting has been completed and practices have begun on "Double Door," the mystery drama that the Jesters have chosen as the play for the winter quarter. G. S. C. W. students will play the feminine roles, and faculty members and town people will play the masculine roles. The characters were chosen by try-outs and were not confined to members of the Dramatic club. The play will be sponsored by the Jesters and under the direction of Mrs. Noah.

"Double Door" by Elizabeth MacFadden, is the story of Victoria Van Bret who rules her family with a maniac firmness. The auto strike moves along swiftly with the granting of an injunction to force the strikers to occupy the "sitdown" factories. As this is written it is not sure that they will do this without the ex ercise of force, or where the new conference between John L. Lewis and Knudson, called by the governor of Michigan at the request of President Roosevelt will iron Edith Crawford, Mary Bowers, out the differences between the strikers. It is not likely that it will, as the main difference seems to be over whether or not G.M is going to recognize the strikers as being a member of the C. I. O. and the sole bargaining agency for the entire workers. GMC will hardly do this, nor are they likely to send troops into their plants to evict the strikers. To do this will place upon them, in the eyes of most observers at least, the blame for the warfare that may result. It is quite true that under the law the sit down strikers are trespassing on property not their own, but it still remains a fact that if the company sends National guardsmen into the factories to evict them that they will bear the blame in the public eye for the conseguences. The public is still in. clined to view a fight in the forms of the one who strikes the first blow, not in legal technicalities.

Seein' The Cinemas

Every two years there is pre. sented to the movie fans under the generic title of "Gold Diggers" a melange of songs that become hits, hundreds of chorus beauties, Dick Powell and Joan Blondell with just enough plot not to hamper things. This year's edition is hailed as the best of the series, combining all the features of the previous productions plus a moustache for Dick Powell. Glenda Farrell is now gold digging Victor Moreo, who rose to notice in "Swing Time." It's at the Campus on Monday and Tuesday.

"Charlie Chan at the Opera," Wednesday's feature, in addition to the high standard of acting and direction that has characterized all the Chan mystery films has rather more pretentious setting and background than usual. During the opera two members of the company are murdered and a jealous husband and a maniac are suspected. The famous Chinese detective solves the murder in his usual quiet manner.

William Powell and Myrna Loy as Nick and Nora Charles step from the last page of "The Thin Man" into the sequel, "After the Thin Man" that comes as the result of popular demand. In the supporting cast are James Stewart, Elissa Landi, Joseph Calleia, Jesse Ralph, and Asta, the wire haired terrier. Not even the members of the cast knew the solution of the mystery until the last scene, and then were sworn to secrecy. The new story presents the ace detective as he returns from New York to his home in San Francisco | departments, home economics determined to abandon sleuthing courses, physical education courses,

Glee Club Gives Varied Program

The Mercer University Glee club made its first appearance of the 1937 season when it performed under the sponsorship of the Georgia State College for Women in Milledgeville last night.

Featured on the program were chorus and soloist selections, "swing tunes" by the Mercer orchestra, a chalk talk artist, and a magician.

Besides the glee club chorus of 24 voices, there were special numbers given by quartet and octet groups. The chorus included "February" and "Viking Song" on their program last night. Bob Bale, Guyton, James Rawls, Jacksonville, Bill Cutts, Calhoun, and Bob Crandall, Ft. Valley, made up the quartet, which sang "When Did You Leave Heaven?" and "Chapel in The Moonlight."

Original selections were given on the program by Maines Rawls and Bob Bale, student composers. The octet sang 'Robin Adair" and "Big Brown Bear" and was made up of Bill Cutts, Morgan Fisher, Bob Crandall, Billy Knox, Bob Bale, Ledford Carter, James Rawls, and Oscar Spicer. Bob Crandall, baritone soloist, sang, "I Love Life."

Dr. Smith Speaks To Freshman Advisers
