It Looks From Here

By MARTHA COX (ACP Correspondent)

Washington, D. C.-Uncle Sam, despite the allegations of some youth groups, has been doing pretty well by his nieces and nephews in schools and colleges. Figures just assembled indicate that more than \$54,000,000 has been paid out to students through the National Youth Administration's student aid program. This amount covers the period from September, 1935, to November, 1937.

These benefits were shared by literally hundreds of thousands of students. In February, 1937, for example, 428,000 boys and girls and young men and women received pay from the NYA. They earned during that month \$3,236,888.

College students received more than any other group of participants of the more than \$54,000,000, college students were paid \$29,990,160; or enough to pay \$9,980 \$500 scholarsnips. This is in addition to \$2,100,-276 that went to graduate students.

The earnings of the various types of students-present quite a contrast. in November, 1937, to single out the latest figure, high school students averaged earning \$4.41, college students averaged \$11.93 and graduate members as human beings and as

From rags to riches and back again is the general gist of "Mannequin" starring Jaon Crawford and Spencer Tracy which will be shown at the Campus Monday and Tuesday. The picture will be viewed by 1200 girls, not for its old, hackneyed plot, but effair. Joan Crawford, for some reason particulaly dear to college girls' hearts, and Spencer Tracy, of Big improve the bad! City fame and for very good reasons dear to everybody's hearts, will no doubt prove the drawing cards to this slightly sordid but incredibly native love story. Joan Crawford takes the part of a shop girl, who married Althe squalor of the tenement. Spencer Tracy, plays the role of a steamship magnate who rose from the docks. Prominent in the cast are Ralph Morgan, Mary Phillips, Elizabeth Risdon, Oscar O'Shea, and Leo Gorcey.

PROPOSED CUT SYSTEM

I. Students shall assume full responsibility for limiting themselves to the number of cuts allowed. No notices will be sent by the Registrar when allowed cuts are used.

1. Dean's List students have unlimited cuts, if they have an average of 80 for the previous three quarters.

2. All students except freshmen and ineligible students (those with a scholastic average below C) have one cut per hour per quarter in each course. (i. e. If the class meets five times a week then five cuts per quarter may be taken in that class.)

A. All absences count as cuts except in the following instances when

excuses will be accepted: a. Excused illnesses.

b. For other providential reasons.

4. Freshmen have no cuts the first quarter.

Dean's List freshmen will be given cuts regularly accorded to B and C tudents.

Other freshmen do not have cuts until the third quarter.

5. Transfers receive no cuts their first quarter. Thereafter they are treated as other upper classmen.

6. For every class cut beyond the allotted number, a quality point will be deducted. A chapel absence equals one-half a class absence. All overcuts will be handled as serious court offenses,

7. There shall be one scheduled week-end each quarter, which is not subject to cuts. Other off-campus visits will be subject to the regular cut system. No fee will be charged for these visits if they comply with the regular system.

SYSTEM TWO

II. Same as above, except, after a student has cut the allowed number of times, she will receive a warning from the registrar's office. If a student cuts after receiving the warning, she shall be dropped from the course. SYSTEM THREE

III. Senior Division students, as long as their work is clearly satisfactory to the instructor, and their class absences are not sufficient in the judgment of the instructor to affect adversely their work, are not reported to the Miss Smith dean's office for disciplinary action as to absences. When, however, it develops that a student's work is at all unsatisfactory, or that his absences are such as to affect his work, it is the duty of the instructor to report such student to the Dean of Instruction, with dates of al labsences, in which case the Dean may at his discretion, place each student on warning as to attendance and when he considers it wise, considering the recommendation to recover enough to thoroughly enmen and Sophomores with scholastic average of C have one cut per hour

All grades are recorded in the registrars' office and remain permanently exactly as turned in by the faculty. A record is also made on the same card of the number of quality points deducted for excessive absences. The actual subtraction is not made.

However, when it becomes necessary to average a student's grades to determine eligibility for Dean's List or eligiblity for extra work, the deducted quality points are given an estimated numerical value which is deducted from the average. The assumption is that Dean's list and extra work are privileges dependent upon the whole record of the student, including both grades and deluctions. The only place where a deduction of quality points materially affects the student is in connection with graduation. It is possible for a student who barely earns enough quality points not to graduate because of deductions incurred by absences.
