Council Plans to Begin Practice of Honor System

By Marion Bennett

Judging from all indications apparent right now, College Government has one of the most prospective years ahead that it has ever experienced. At the Fall Retreat, plans for the term were

charted and if they are properly executed, and we have no reason to believe otherwise, self-government will undoubtedly gain a foothold that has here-to-fore been merely a gesture. In carrying out the central theme, Campus Citizenship, it is hoped that student conduct in chapel, in the dining rooms, and down town will improve, not through law enforcement, but from the actual desire on the part of the individual to do her part in cleaning up the campus. No definite program for executing this project has been completed, but through this appeal to the students it is hoped that a feeling of personal responsibility will follow, and that through group

With thirteen additions to the faculty this year, the total number has moved up from approximately one hundred and fifteen to one hundred and twenty-five. The office of the secretary of the President gave out this list Friday morning:

Charles W. Smith, Ph. D., Vanderbilt, Professor of French to succeed Doctor S. L. McGee, who resigned. Dr. Smith held a similar position at the South Georgia Teachers College at Statesboro. Miss Lydia A. Bancroft, M. A., Teachers College, Columbia University, will be instructor in Art to succeed Miss Margaret Sutton who resigned. Miss Bancroft is from Montclair, New Jersey.

Placement Tests Held As Part Of Orientation

Beginning with an informal gathering Thursday night, September 21, the freshman orientation week, sponsored by the Junior class of the College Government Association, concluded Tuesday night at Nesbit Woods with a picnic and stunt night.

After a program of group singing and one notable duet in Russell Auditorium, the freshmen met their faculty advisors for the first conference of the year.

Friday was taken up with a special Freshman assembly, at which Mrs. C. B. McCullar was the guest speaker, and constitution study groups. These groups toured the campus later so as to familiarize the new students with all the buildings and their purposes. The French placement test was given Friday night before the informal dancing began.

The highlight of Saturday's entertainment was the free movie in Russell Auditorium that night. The English and Literary Appreciation tests and another study group were held during the day. Sunday afternoon the new stu-

away from the campus. It enables us to get a better perspective," Harriet Hudson, president of College Government, told the members of the retreat group at the opening meeting.

The annual fall retreat, held for the above purpose by members of the YWCA cabinet, Sophomore Commission, Freshman Sponsors, Recreation Board, Upper Court, and Student Council at Lake Burton, began Sunday, Sept. 17 and ended the following Wednesday. These campus leaders attempt to discover campus problems and through a process of group thinking, to correlate their ideas and arrive at some solution.

Upon arrival, via the county school bus, and immediately after supper a vespers service was held. These services were held every night under Grace Brown's direction and were centered around such subjects as race prejudice, kindness, and the larger life. This was followed by a group discussion, during which it was decided that more and better publicity should be given activities of the organizations, that honor in classwork should be insisted upon, and a classroom organization set up to help work this out. Book Store Sells Office Supplies, Too

As a distinct contribution to the convenience of GSCW students the college book store, completely stocked with new supplies and books, opened as a part of the bursars office Wednesday. Started for the purpose of having books on sale as soon as they are needed, the book store will observe the same hours as the business office.

Mr. Hubert Dewberry, assistant bursar, in an interview Wednesday said that school supplies of a better quality were to be sold to the students for less money. "So far the reception of the book store has been very satisfactory, but we hope in the future to make the book store the customary place to purchase all books and supplies," he added.

Beside handling textbooks, the book store also has for sale manila folders, pencils, ink, notebooks, filler paper, rulers, index. cards, carbon paper, ink erasers,

Frosh Turn Out And Play Hard At Team Sports

Upperclassmen! You should have seen those Freshmen play! You're going to have real competition this year, if they keep the enthusiasm they had displayed last Friday afternoon. Softball and volleyball players really crowded back campus. There were over three softball teams and four volleyball teams. The freshmen who weren't sure of their playing were still willing to try, and those who couldn't didn't sit in the rooms; they came out and showed some interest.

Never have we seen so many playing table tennis, paddle tennis, badminton and horseshoes, and the bowlers were really knocking down the ten-pins. They really forgot about how they looked and showed the right play spirit.

Upperclassmen! Come on and show the freshmen what grand Practice Monday Cotillion Club is the social danc- sports you are ,and what competition you can give them.

Make Nesbit Woods Your Playground

Now that all these classes have started, we would like to see you down at Nesbit Woods playing golf to get your mind off those assignments for a while. There is a five hole course down there just for you. Why not use it?
