Students To Work In Europe

Robert St. John brought to the campus an inspiration to do something for our fellowmen-to give materialistic support to Europe as well as moral and spirtual support. Students now have an opportunity to engage in a movement similar to the one outlined by Mr. St.John for summer work.

An important International Youth Hostel Committee Meeting was held in Paris, February 3-5. Following this the National Director for the American Association spent the entire month traveling in Europe, meeting with the heads of various Youth Hostel Associations. He has returned with letters of urgent request from their Ministers of Education asking that the AYH send over working groups this summer to help in the re-establishment of certain bombed hotels. The Ambassadors have given warm dorsements to the project. As a result of these conferences it is expected that one hundrd hostelers will travels to Europe, the latter part of June, sailing from president of Allegro, is the pres-New York and returning early in ent vice-president of the West-September.

This group will carry dehydrated food, sleeping bags, and equipment so as to be prepared to meet their own living needs, and start to be an set to the people and countries visited . Every hosteler will take rented, covering as much of the trip from country to country as recital is the explanation: possible by bike. It is planned that of the ten weeks, each hosteler will spend two weeks on th ocean, two weeks in each of the countries, and two weeks bicycling from project to project.

Upon arrival one-third of the group will bicycle to a point in Holland along the North Sea, under the guidance of a Dutch engineer, they will put up building to accommodate one hundred hostelers and repair the Youth Hostel farmhouse. Onethird of the party will stay here; en the rest will continue to Luxembourg where the second third will work on the damaged thousand year old castle of Ansembourg. The third group will continue to the FrenchAlps for similar work on a mountain hostel.

At the end of two weeks, the group will rotate, moving on into the next country and similarly, two weeks later to the third. Thus, at the end of the summer each American hosteler will have spent two weeks working side by side with foreign hostelers in each of the three countries.

The cost is \$600 of which \$400 is steamship passage. Those wishing to earn money for the trip may write for information and suggestion. In addition to an AYH leader for each group, the entire project will be under the personal supervision of of Monroe Smith, National Director of AYH who will accompany the groups.

Information may be obtained from American Youth Hostels, Inc., Northfield, Mass.

Committee Includes Faculty Member

Miss Louise Smith, associate professor of health, will attend President Truman's Highway Safety Conference in Washington on May 8. She has been invited as a member of the committee on education, and is the only Georgian on this committee. Lately, she has made a special study of what colleges can do in this field. She has also taken special ing work.

tello is a graduate of Florida Southern College and took graduate work at Yale University. When not traveling for Red Cross he makes his home at 405 Lake

Six students have received felowships, assistantships and scho-

arships to do further study in

their chosen fields after gradua-

tion from GSCW this year. Helen V. Matthews of Cumming, editor of this year's Spectrum, and Marian Bessant, of Warwick, past "Y" president, have accepted assistanships at Duke University. Virginia Sutton. of Adel, past president of the Newman Club, has been awarded a scholarship to do graduate work in science at Vanderbilt University. An art scholarship to the University of Missouri, has been givn to Rebecca Walls of Elberton, who has done outstanding work in Student Government organizations. Elizaboth Shreve of Milledgeville, will attend the University of Kentucky; and Janet, Fowler, also of Milleageville, will attend Columbia in New York. Elizabeth is president of the Town Girls' Club, and Janet is the retiring president of CGA.

GSCW can be proud to have turned out these brilliant girls, who will undoubtedly go far in life and be a credit to their respective vocations. We shall be proud to have had them as our ollege friends.

Chaplain Addreses Wesley Foundation

Wesley Foundationers have been busy lately—as usual Sunday night, the 5th, Rev. J. Hamby Barton, Jr., spoke at the Candlelight Hour, and gave a very moving description of the mission work carried on during the war on the island of Truk. Rev. Barton is the son of the Methodist minister and has just returned from overseas duty as chaplain with the U.S. Navy. He'll' be around for a while and Wesley Foundation has adopted him for as long as he's here.

Next Sunday night the lucky people who come to Dine-a-Mite ind Candlelight will hear Miss Aargaret Fisher-a speaker very ighly recommended by Rev. Jack McMichael (remember him?)

By the way, if you haven't been ver to Wesley Foundation Room lately, or to the whole Metholist church for that matter, you simply must come over and see the latest addition. The best is the beautiful inlaid linoleum floor that's now covering that cold, cold concrete in the whole downstairs of the church (and hat includes Wesley Foundation Room.) There's also a new blue training, and has done outstand- waste basket-and some new book ends with something in between 'em. There's Fosdick's A Great Time to Be Alive, C. S. Lewis' The Great Divorce, Rabbit Hill (a gift from Ann Fitzpatrick on Wesley Foundation Weekend) and two new devotional books. Thye'r yours to borrow at any time.

Elbert Drive, Winter Haven, Fla. SEE YOU AT DINE-A-MITE!

May We Succeed

In man's early history, we find him assembling first in family groups. Later he joins his families in a tribal association. Tribes or class that found a locality that suited their taste and stayed there over a period of time in which to develop a common language, a pattern of dress, customs and mores, and an esprit de corps took on characteristics of a new nation. Gradually, small nations or states became joined together for protection and better economic advantages. Such governmental forms as republic and confederacy embraced small nations to surrendered some of their power to a central body. The inevitable next step was a world government of some sort.

College students of today will be the UNO representatives of tomorrow. Already many are thinking in terms of world relationship and economic plans. The most important recognition of this fact is the International Student Conference that will take place in Prague this summer from August 17 to 31.

The main purpose of the Conference has been stated in an appeal sent to all college editors: "We consider that the main problem confronting the World Student Congress will be that of establishing a representative international students' organization uniting in its ranks all the democratic student organizations of the world with the aim of insuring a lasting and stable peace, of promoting friendship and of defending the rights and interests of students."

This conference offers a tremendous opportunity for American students to make themselves heard for the cause of international cooperation and for world peace.

An American Preparatory Committee has been set up composed of representatives from the National Intercollegiate Christian Council (Student YMCA and YWCA) B'nai B'rith Hillell Foundations. United States Student Assembly, Intercollegiate Youth for Democracy, Student Federalists. Association of Internes and Medical Students. The American Preparatory Committee will send 25 delegates to Prague, about 17 of which represent the above organizations, and the rest being delegates-at-large, representing the organizations on a particular campus or group of campuses. We shall all watch with great interest the progress of this assembly, which in the long run, is our UNO.

Perhaps the answer to our age old augmets over land and natural resources lies in forming' such international croups while the representatives are still vound and pliable-while they are still lacking the setness of their wave and while they still have the fiery ambitions of youth that are always ready to make over the world. At this time only, perhans can one see that the world is like a bia neighborhood, and that any malady that breaks out in one nart he it of economic physical, or of some other oriain-lowers the living standards of all

Book Review

BOOK REVIEW THIS MAN TRUMAN By Frank McNaughton and Walter Hehmeyer

When Harry S. Truman was

iominated to run for Vice-president with Franklin D. Roosevelt n the campaign of 1944, few Americans dreamed that he would ever become their President. Closly following the shock of President Roosevelt's death, less than a year later, came blind wonder as a nation turned to hear the plain-spoken Missourian ake the oath of the President of he United States. What was he really like? Would he be able to take the place of Franklin Roosevelt?

He was calm when he took the oath of office. All his life he and been taught to face factsinflinchingly. Although he relized something of the task that lay before hime he said. "I ask only to be a good and fathful servant of my Lord and my peo-

He has needed every bi of strength and courage he could muster for his way has not been easy. Emerging from comparative obscurity, he was little known or understood by the American people. In this biography, written clearly and smply with an accent on significant detail Frank McNaughon and Walter Ichmeyer have tried to give the one has said, "Roosevelt was ure of their leader. As somehe spokesman for the Commor Jan. President Truman is the Common Man"

He was born in humble suroundings-a little town in Westrn Missouri. His mddle initial loesn't stand for anything; it is nerely a means of identification. Iis people were pioneers in this nidwestern land and he grew up mong other country pople, all imple folks.

As a boy he was known to be riendly and eager, the chief conilitator in classroom disputes t was also known that it was erribly hard to change his mind Is training was precise—even to laying the piano.

Although "This Man Truman s a simple, easy to read, made up nostly of facts, it is an absorbing ook. It is full of little things bout the President that help a erson know him better and un hings. It is up to every Amerian to have a thorough knowl-Fruman" will enable the Amerian people to know and undertand President Harry S. Trunan. And certainly understandng, is essential while we strive ogether to build a peace for iankind.

Mother's Day

By WILLIAM T. WYNN

Days and days, weeks and weeks, have been set aside to commemorate some person, group, event, or teaching, not one of which meets with more unanimous approval and enthusiasm than does the second Sunday in May. "For mothers living, flowers reds;

Flowers white, for mothers dead." has been ringing for many years the call for nobler living

and greater love for God and humanity. Most great men at their mother's knee learned to say, "Now I lay me down to sleep, etc." The author of Proverbs wrote, "Every wise woman buildeth her house; but the foolish plucketh it down with her hands."

Many a mother's life is like a half-hidden rose blooming without any special notice; but her influence so permeates the lives of her children that the world catches their fragrance; and, in turn, her sweetness is wafted to the ends

Many a sainted mother never slept until every child was in at night. Her reason for this practice may be found in such comforting words as, "That you, Mary? Are you all right. Did you have a good time." These expressions assured the son or the daughter of the mother's love and

The Old Testament is replete with the history of mothers who were the inspiration that brought order out of chaos, joy out of sorrow, and success out of failure. Deborah, the prophetess who turned the tide of battle and saved a nation from destruction; lochebed, the courageous mother of-Moses, whose teachings could not be effaced by all the learned professors of the University of Egypt; Eunice, who gave Timothy the strength of character that made him a fitting helper for Saint Paul in his arduous missionary journeys; and Hannah, who prayed for a man child, received her son from God, led him to God, and he, in turn, was Ted

Until this day the influence of many of these great Israelites is leading men and women away from sin into the narrow path to joy with God and His Angels. In fact, most of the great men and great women of all time were great because of the teachings of those who gave them. birth and early training in the home. Magnificent buildings are planned by well-trained architects; prefect roses are grown by skilled horticulturists; great characters develon because of the inspiration and training of noble souls-

The mother is not only a visible, tangible reality—seen, touched, heard-but also an emotional, intellectual, and spiritual force. Love, devotion, tenderness, sacrifice, unselfishness, sympathy, affection—these are the attributes that she epitomizes.

There is then a tremendous responsibility on the mothers of the race: As they live and teach shall the nation

eventeen POUNDATIONS the same color?"

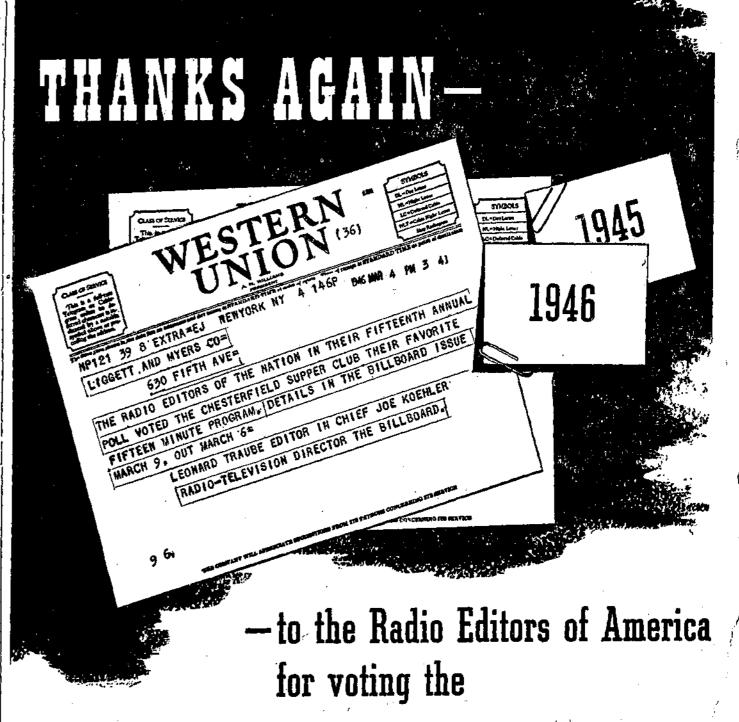

In the spring a young girl's fancy turns to more than thoughts of love. At this season of the year she can usually be heard aking the above questions plus many more. She has her mind on new clothes. She thumbs through the latest fashion magazines; wonders if she should wear a big or little hat; trys to decide wnich rhess she should buy, the one with the buttrfly sleeves or the one with no sleeves at allth one with the high neckline or the one with no neckline at all, (the shoulderline, if you please); dehates the question of buying shoes that will stay on or shoes that might stay on; and wonders in general whether she should dress like "sweet sixteen" or like some of the sophisticated looking models in the fashion magazines.

Why all the fuss over the lady's apparel? Is she nvioeus of nw clothes that the trees and flowers are putting on or determined not to be outdone by them? Could be, but a more ogical reason is that thoughts of love turn her fancy to thoughts Visit Our Shoe Dept. Meats and Vegetables of clothes?
