Welcome To College Day

Drs. Bolton, Trussell And Mr. Spalding Honored Today

Dr. Euri Belle Bolton and Dr. Malvina Trussell will be honored for their outstanding work in the field of education at the annual College Day exercises to be held on the campus of the Georgia State College for Women on April 22. After graduating from GSCW, Dr. Trussell went to Cornell University where she received her Ph.D degree. Dr. Bolton, while working on a fellowship of the General Education Board, was awarded her doctor of philosophy degree from Peabody College, Nashville. Hundreds of parents of GSCW

students and friends of the honorees will be on the campus as special guests of the college.

Dr. Bolton, who is professor of psychology at the college, is an active member of Delta Kappa Gamma, Pi Gamma Mu, and the American Association for the Advancement of Science. She is also a fellow in the American Psychological Association, and her name is listed in the American Men of Science, Leaders in Education, and Who's Who Among American Wo-

Recognition Given To Honor Students

The word "Phoenix" seems to have a bit of the magic about it. and especially this one. Made up of the upper seven percent of the Senior Class, the Phoenix Club is the goal of all good freshmen, and the peak of achievement to all G.S.C.W. students.

This year's Phoenix includes the past President of CGA, Roberta Ann Arnold; Barbara Louise Jackson; Shirley Irene Bryant; Frances Gore; Ruth Harrington Maddox; Rolene Bernice LaHayne; Harriet May; E. Jeanne Holley; Lois Annette Chalker; Pauline Jones Farr: Jeanne Claire Pierce; and Margaret Kimbrough.

G.S.C.W. is rightfully proud of these girls, and takes pride in honoring them on this Parents' Day. PHI SIGMA

Phi Sigma is an honorary organization founded as a recognition of underclassmen who achieve and . maintain a high scholastic record. Membership is awarded for having been a dean's list student for

men.

While Dr. Bolton is recognized by her colleagues as a thorough scholar and as the author of more than a score of professional publications, her students look upon her as an understanding counselor and friend, and a dedicated student.

Dr. Trussell, who was for years a member of the biology staff of the Georgia Teachers College, Statesboro, is known throughout the southeast as a brilliant naturalist and a pioneer in the teaching of nature study. She is the newsletter editor for the American Nature Study Society and is an active member of the American Association for the Advancement of Science, the National Association of Biology Teachers, and the Georgia Ornithological Society. As professor of biology at Florida State University she directs the study of graduate students and trains science teachers to fill positions in the elementary and secondary schools.

Sharing the spotlight with Dr. Bolton and Dr. Trussell will be Mr. Hughes Spalding, the recipient of the 1953 GSCW Distinguished Service Award, and the student members of Phoenix and Phi Sigma, the highest academic honor societies on campus.

Offices and Prizes Won by Homemakers

Ruth Brown was elected president of the Georgia Home Economics Society, Saturday in Athens. Marie Dunahoo was elected secretary of the same organization.

Charlotte Ware, Jo Ann McNair, Joyce Bone, and Pat Sutton were the delegates from GSCW. Miss Gilbert, Counselor for the state also went as ded Dr. Buis, Miss Ingram, Miss Jones, Miss Ivey, Mrs. Smith, and Miss Maynard. Door prizes were given away and Jo Ann McNair was lucky enough to win a steam iron; Miss Maynard won a deep well fryer. The theme of the convention was

Strengthening the Fundamentals of Family Life." The program started at one o'clock Friday, Apr. 17, with registration. As each girl registered she was given a sack of souvenirs among which were a jar of peanut butter, a can of brunswick stew, some dry milk, and a miniture can of Pet Milk.

Dr. E. McGinnis's talk on "Home Economics and The Family Today" was the main point of the afternoon session. A welcoming banquet was given that night with Dr. Gibson, of Atlanta as the featured speaker.

After the banquet the girls attended the dance given in Hardman Hall for the conventioners and the Agriculture majors who closing sermon, "A Challenge to are to be recognized at exercises sity Women serving as hostesses were there from Clemson for a Christian Leadership". ing us to do our part.

Speaker Makes Hit; **Challenges Students**

By Sallie Howell

Last Monday the campus was captured by the deep voiced Rev. James Callahan, better known as Jimmy, as he gave his first speech of Religious Focus Day in Chapel. Heading his speech "Christianity--on the problems that face all of us as the youth of today, the world of tomorrow and what we are and will be building to hand down to the next generation. Will it be a better, freer, glorious world that we will be proud to pass on or will we have to say "I'm sorry" when our children receive the responsibilities of carrying on.

During the afternoon Jimmy led a full - swinging discussion group over at the 'Y' apartment where about 30 students were gathered. The topics under discussion related to our religious and spiritual life with ourselves and with others and the really important things of life compared to the trivials that usually take our time.

One of the largest groups ever were at Vespers that night listening intently as Jimmy gave the members of departmental groups

Full Day Planned For Parents and Students

Today's activities for the annual College Day begin at 10:45 at which time Mr. Hughes Spalding, prominent Atlanta lawyer addresses students and their parents and other guests who have gathered on the campus for the occasion. Mr. Spalding is to be introduced by Mr. Robert O. Arnold, chaira Farce or a Force," he elaborated man of the Board of Regents, Greetings from the University System of Georgia is to be given by Chancellor Harmon Caldwell.

> After Mr. Spalding's address, the A Cappella Choir is to present a short musical program. Following this Dean MacMahon is to introduce the honor guests, members of bership' requirements stipulate Phi Sigma and Phoenix, Dr. Euri that a student must have a general Belle Bolton and Dr. Malvina Trussell, 'honorary members of Phoenix, and Mr. Spalding, the 1953 winner of the GSCW Distinguished Service Award.

A barbecue picnic on the front campus follows the morning program. At the end of the picnic, the Folk Dance Club is to perform and Miss Sara Bethel, alumnae secretary, is to award the attendance prize to the dormitory having the highest percentage of parents present today.

At 2:00 student leaders and a skit, entitled "Life at GSCW" is close.

at least two quarters of the freshman year or from having made a B average that year.

This year's members are Lena Anne Bowen; Sarah Anne Staples; Sara Frances Purvis; Jean Floy Brannan; Helen Ward Harrell; Mary Caroline Martin; Dorothy Ollie Williams; June Dolores Williams and Pat Joan Williams.

Keep going, girls, you'll see Phoenix yet!

The other national honor societies whose members will be honored to day are as follows:

Pi Gamma Mu is a national honor society open to juniors and seniors who have made exceptionally high records in the field of social science.

Alpha Psi Omega recognizes and rewards outstanding work done by students in the College Theatre.

Phi Upsilon Omicron is open only to home economics students and limits its membership to students who rank the upper two-fifths of the seniors and juniors, and third quarter sophomores who give evidence of leadership ability.

The International Relations Club, better known as IRC, encourages interest in and knowledge of international affairs. Memaverage of "B" and the recommendation of the faculty.

Who's Who in American Colleges and Universities limits membership to ten per-cent of the senior class. Final selection is made by the faculty from a list of seniors recommended by the junior class.

Honor Is Due Today

Honor is due today to those students who have done their work exceptionally well and have therefore been elected to department and school honor societies. Especially to be honored are those whose grades have been such that they have been given membership in Phoenix and Phi. Sigma.

Phi Sigma starts students on the right road by honoring those sophomores who had a "B" average or who made the Dean's List twice during their freshman year. Membership in Phoenix is the highest honor a student can get and usually comes in her senior year.

Many other students are members of the honor fraternity in their special field. And to them honor should also be given. For it is a wonderful thing to want to know as much as possible in one's major field. Congratulations, all!

Twenty-four Hours A Day

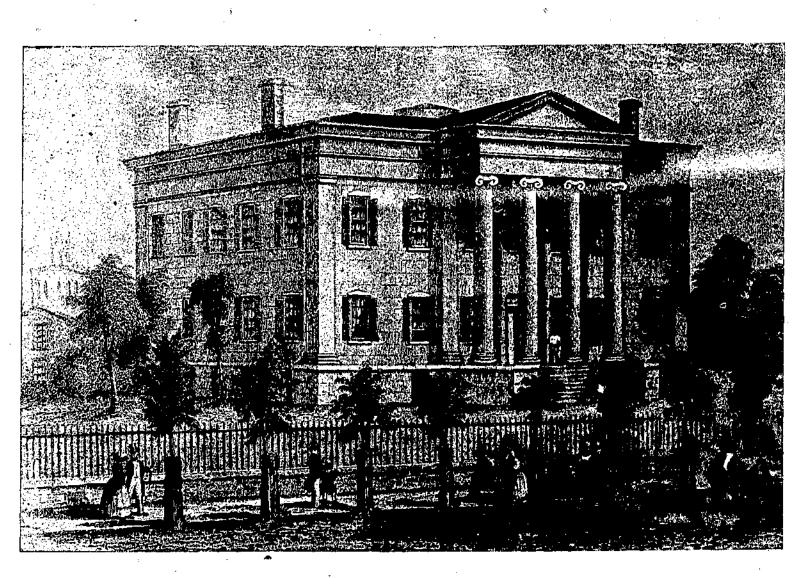

"Time is the inexplicable raw material of everything. With it, all is possible; without it, nothing. The supply of time is truly a daily miracle, an affair genuinely asionishing when one examines it.

"You wake up in the morning, and lo-your purse is magically filled with 24 hours of the unmanufactured tissue of the universe of your life! It is yours. It is the most precious of possessions . . . no one can take it from you. It is unstealable. And no one receives either more or less than you receive.

"In the realm of time there is no aristocracy of wealth, and no aristocracy of intellect. Genius is never rewarded by even an extra hour a day. And there is no punishment. Waste your infinitely precious commodity as much as you will, and the supply will never be withheld from you . . . Moreover, you cannot draw on the future. Impossible to get into debt! You can only waste the passing moment. You cannot waste tomorrow; it is kept for you. You cannot waste the next hour: it is kept for you.

"I have said the affair was a miracle. It is not? "You have to live on this 24 hours of daily time. Out of it you have to spin health, pleasure, money, content, respect, and the evolution of your immortal soul. Its right use, its most effective use, is a matter of the highest urgency and of the most thrilling actuality. All depends on that. Your happiness-the elusive prize that you are all clutching for, my friends-depends on that!

"If one cannot arrange that an income of 24 hours a day shall easily cover all proper items of expenditure, one does muddle one's liffe indefinitely. "We never shall have any more time. We have, and we have always had, all the time there is."

Georgia's Historic Governor's Mansion exected in 1838, center attraction in Milledgeville's Sesquicentnnial Celebration the week of May2-9. This rare old picture was made when it was the home of our Governors.

Spring Fever

This Friday will mark the middle of the guarter. Unfortunately it corresponds greatly to the time when nearly every one really gets hit by Spring Fever. It is so hard to study when outside your win_ dow the birds are merrily chirping and calling you out to enjoy the sun, or when you look at your winter paleness and think of the parties you'll be going to after May 30, or when you think of how we had rule change time, and I think it might pass, snazzy that dress would look if you were "movie I sure hope so. That is the approved way of changstar" fan, instead of so studiously pale.

So most toss their books aside and sun, and take the consequences. Others study, but don't get tanned. You can't win!

Letter To The Parents

Dear Parents:

told how glad the school is that you are here. But that isn't what we wish to tell you here; even though you are welcome, and we are glad you were able to come, and we thank you for doing so. But we are happier still that we are able to be here and more than anything we wish to thank you for send- right person, often clears up difficulties that look ing us to college and especially for sending us to like they're here to stay. G.S.C.W.

This morning you will see the different students daughter. This afternoon you will see a program can't see things our way. showing a cross-section of life on G.S.C.W. campus and from that you may be able to see, partly at best, why we love it here, and how we spend our time.

There are many days that we celebrate that are joyful, and some that mingle sadness with joy. Days like that are Golden Slipper and graduation, where the joy of winning something is mingled with the sadness of loss.

We have cleaned our rooms, practiced our parts, and the way we should dance or march in, brightened the dormitories with flowers, and some of the or was it pushed? classrooms with displays. Nevertheless, these superficial expressions can never tell you how very glad we are that both you and we are here.

> Sincerely, A DAUGHTER

You Oughta Know—You Did It.

Well, here it is Parents' Day, and practically all the students have at least one of their parents here. Hope everyone got their room cleaned up before their mother walked in.

Hear a rumor going around that some of the girls tried to change the rules to suit themselves. Too bad that won't work. I know some rules I sure would like to change, but I don't think it would go over very big if I suggested it. I did suggest one when ing rules, and as much as we might not like it, it is still the way we have to do.

There are some people who are continually giving the impression that they are being murdered judging by the noise that issues from their room. One girl especially. The first time or two we heard her shrieks we rushed down there. Now all we do is hold our ears and hope someone isn't really hurting her.

Dining hall etiquette is improving though it still isn't perfect. Well, Rome wasn't built in a day. Looks like I'm going to have to bring some facts Today you will be repetitively welcomed and about the way to behave on afternoon dates to your attention; unless of course, the situation improves

before the next issue.

There are some students who feel that their dormitory court is not guite fair, or that its decisions are silly and pointless, why don't they speak to their housemother, or Dean Maxwell. Talk, with the

Remember that watches are used more to tell time by than for decoration, and that dormitory doors close on time. Though a good time can somewho will be honored, one will probably be your times be used as an excuse; I'm afraid everyone

Now some nice things:

Congratulations are due Ruth Brown for being elected president of the Georgia Home Economics Society.

Some of the girls on third floor Bell Annex have decided to have a pie contest. They seem to be doing pretty well, judging by the notices and criticism posted on their bulletin board. Hear one of the creations fell on the floor before everyone had a piece. Wonder what it looked like before it fell-

As most of you can tell, I have somewhat changed my manner. The truth is I hate to scold and would rather just chew the rag or take part in some bull session.

-THE VOICE II

As most of you have gathered from seeing all the beards and long dresses around town, Milledgeville is getting ready to celebrate its sesqui-centennial the week of May 2 — 9, 1953. Every day is a special day. All day, every day there will be downtown displays of historic and museum windows by all the merchants. Every night at the G.M.C. athletic field the performance of the historical spectacle, ...The Hills of Home," will be held. A fireworks display will follow immediately. Every afternoon will feature a Pilgrimage Tour of Milledgeville.

Sat, May 2, is Queen's Day. There will be a Grand Ball in the Sisters of The Swish everyone to join in on "When Milledgeville State Hospital gyn at which the Queen of the sesqui centennial will be announced.

Sun., May 2, is Inter-Faith Day All the churches will celebrate homecoming. There will be a concert by the G.M.C. Band and Al Siloh Temple Band on the athletic field. The cadets will also par-

Món. May 4, is General Assembly Day. There will be a luncheon for the Lieutenant Governor and assembly members. A spectacular parade will feature floats, bands, and so forth.

Tues., May 5, is Dignitaries Day. Senator Walter F. George will give an address. A luncheon honoring distinguished guests will be addressed by the Secretary of Army, Robert F. Stevens.

Wed., May 6, is Business and Industry Day. A special program and a tour of Milledgeville industries and Sinclair Dam is planned. G.M. C. Cadets will give a band concert

Thurs., May 7, is Armed Forces Day. This day will have on its program a military parade, luncheon honoring Gov. Herman Talmadge, an address by the Governor, and the judging of the Brothers of the Brush.

Fri., May 8, is School and Colprogram, the G.M.C. Cadets in special drill and Dress Parade, and the A Cappella Choir which will give a special program before the pageant.

Sat., May 9, is Agriculture Day. there will be an unveiling cere- eva. Switzerland. mony of Allen Crimson Clover Marker on the Courthouse square.

The 1953 Herty Medal Here

Dr. Raymond W. McNamee, superintendent of the research and development department of the Carbide and Carbon Chemicals Company, South Charleston, W. Va., has been chosen by the American Chemical Society's Georgia Section to receive the 1953 Herty Medal, it is announced by Dr. L. W. Blitch of Emory University, chairman of the Section. The award, sponsored by the Chemistry Club of the Georgia State College for Women, is given annually for outstanding contributions to chemistry in the Southeast.

The medal will be presented to Dr. McNamee at the annual Herty Day celebration on the College campus at Milledgeville on Saturday, May 2.

Dr. McNamee, the twenty - first Herty medalist, was born in Bellaire, Ohio, in 1907 and received the B. S. degree in 1929 from the University of Akron and the M. S. in 1931 and the Ph. D. in 1933 from Northwestern University. He joined the South Charleston Research Laboratories of the Carbide and

Of Interest To The Parents And Visitors

A History of Mville And GSCW

Milledgeville, the home of the Georgia State College for Women, is on the fall line of the Oconee River, less than a dozen miles from the geographic center of Georgia. It is approximately 100 miles from Augusta, Atlanta, Albany, and Columbus, and thirty miles from Macon. The town, which has a population of 7,000, is placed in an immediate setting of natural beauty and has long been known as a center of history and culture.

Milledgeville was laid out in 1803 and in the following year was designated as the capital of Geordesignated as the capital of govern-gia, remaining the seat of governout and the arrangement of public buildings coincided in point of time with the organization of Washington, D. C., and the town is somewhat reminiscent of the nation's capital during the early part of the 19th century.

The community was closely identified with the life and culture of the ante-bellum South. For more than half a century it was the mecca for Georgia's political and intellectual leaders and was visited by many famous foreign travellers, among them the Marquis de LaFayette and Sir Charles Lyell. Although the town was in the heart of the "Burnt Country" in 1864 and was one of the principal objectives of Sherman's army in the march to the sea, its residences and public building were largely vocational. largely spared. Many of its landmarks remain today as attracnor's Mansion and grounds and dustrial College was given the there that such good food comes speakers as Mrs. Vogler and W.H. dustrial College was given the there that such good food comes Auden, poet. Continued from page 1 convention of their own.

Saturday morning featured a breakfast for the members of Phi Upsilon Omicron, the elections of officers, and a panel discussion on the responsibility to the consumer of the Home Ec. worker.

At the one o'clock session, Jo Ann McNair gave a program report on "What the College Clubs are Doing." This report was followed by a fashion show of all the newest Spring styles and fabrics.

The members of the convention home and other points of interest. were also given a tour of Jennie Bell Meyer Dormitory, Founder's o'clock Saturday afternoon.

Laura Dell Trapnell **Gives Voice Recital**

Laura Dell Trapnell, mezzo - soprano, resident of Milledgeville, a music major and member of the Class of '54, gave her junior voice recital in Porter Auditorium Monday, April 20 at 8:00 o'clock. Barbara Thompson, Lyons, Georgia, accompanied Laura Dell at the piano and played a group of in- LOVE

Memorial Garden, the President's The meeting adjourned at three

strumental numbers herself.

Laura Dell has an unusual voice, with a wide range and mature qua-

lity. She has served as soloist in the A Cappella Choir the past two years and has sung for church, civic, and state groups for many years. Her program was planned to represent the various periods of composers and their music.

Across the gateway of my heart I wrote "No Thoroughfare," But love came laughing by, and cried: "I enter everywhere."

Blue Moon" Reigns At Freshman Dance The Freshman dance Saturday

night turned out to be a great success. Ed Powell's orchestra from Dublin furnished the music for the occasion.

The theme of the dance was "Blue Moon" and the decorations committee, under the direction of Beverly Brannon, did a magnificent job. A big moon was the center of attention.

Other committee chairmen were: Ann Hollida, General Chairman; Betty Churchwell, entertainment; Carolyn Clonts, refreshments; Gloria Erwin, clean-up, and Sally Folger, invitations.

I just happened to be flapping by the "Y" apartment on my way back to the nest from vespers Monday night when I heard that wild crew of YWCA'ers at work (?) and thought that I'd better check up on what they were doing. Do you know what I heard first thing? "Burning of Books" ... not strict censorship, just a way to dispose of the bookstore's oversupply of unseilable text books. But finally Lokey consented to send them to fellow students in European or Oriental schools who are so desperately in need of books instead of sticking a match to them.

Suddenly the faces turned serious as their owners discussed a very concerning problem . . . people who are disrespectful during the blessing of our food in the dinning hall. After figuring and thinking they finally came up with plans to help folks realize the true meaning of what is sung or said in a word prayer before we sit down to our daily food. Just to see if the problem was as serious as they considered it, I swooped into the dining hall and other morning just before my breakfast and found the situation pretty bad. Some greedy mortals were eating, others (who seemed inexcuseably rude, if you ask me) were whispering and giggling, and a very few people seemed aware that a prayer was being offered. Now I sincerely hope that people can understand and help remedy this deplorable situation when the new plans go through,

after a clear "God save the Mr. Mangiafico and Miss Vicidomini that an Italian student be the "Y" scholarship girl on the campus next year someone mentioned an English student, but after aecidclear "God save the. queen from Miss Vicih" from over Anglo-Saxon Izzie's way that suggestion was quickly disregarded. It was finally decided that a

Don't you want to try a cigarette with a record like this?

I. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is

a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table – a ratio of high sugar to low nicotine – shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

LIGGETT & MYERS TOBACCO CO

Choice of Young America A recent survey made in 274 leading colleges and

southern European would be just what the campus needs.

The Vespers committee, planners of those impressive Pre-Easter services, were commended by President Caldwell on a job well done; which gave Sallie Howell a chance to say that she'd heard from the YWCA at Wesleyan and they will be visiting our fair campus on April 22nd. They will be here for supper and then present Vespers and end by meeting with cabinet (3 hoots . . . that must mean refreshments!)

As though these girls don't have fun enough while they work they are now planning fun pure and simple! A grand and gala party with the student nurses who are interning at the State Hospital is being planned for some Tuesday evening soon. (Note to whom it may concern: if suitable guide were provided this "Y" Owl might be able to flutter out to such a party.) Then aforementioned young nurses are to return the visit with a trip to Lake Laurel for an afternoon of swimming, sunning and more fun. (Note: I know the way there and tied wings couldn't keep me away!)

About this time a red head popped out of a corner and proudly announced that at Bible Study Breakfast the next morning bacon and eggs no less. They serve royally for only 10c - and I've been told that the study there is priceless. Think I'll have to fly by next Tuesday at 7:30 A.M. and see for myself.

As I was making this resolution Phillis was adjourning the meeting, so I prepared myself for a quick swoop out the back door as the room exploded into a chattering, swirling, laughing crowd of girls, who can be serious enough to plan a campus full of opportunities for social, intellectual and spiritual development for every single Jessie.

Knowledge is the only instrument of production that is not subject to diminishing returns.
