## Chorus To Perform During Holidays

Mr. Martin Bittick, director of choral activities at Georgia College would like to invite everyone to the Winter concert to be held Monday, March 8, 1971, in Russell Auditorium. It will begin at 8:00 p.m. and the admission is free.

The Women's Chorale, a group of approximately 40 people, will perform Benjamin's Britten's Missa Brevis in D and Gordan Jacob's A Goodly Heritage.

The mixed chorus of 65 voices will perform some of the literature that they will present

on their Spring Tour. The selections range from a Motet by Brahms to such pieces as I'll never Fall in Love Again or Do You Know the way to San Jose by Burt Bacharach.

Both groups have worked hard for these concerts. Mr. Bittick should be congratulated for his work with the music department. This is his first year at Georgia College. He came here from Vicksburg, Mississippi, one of the cities where the mixed chorus will perform a concert.

The tour begins March 16,

1971, when the choir leaves at 12:00 noon from the G.C. campus. There will be 70 students traveling on two buses. They will tour in Georgia, Alabama, Mississippi, and Louisiana. The main concerts will be presented in New Orleans, Louisiana.

Concerts will be performed by the group to audiences ranging from 150 people to 2000 people. Approximately seven concerts will be given during the week. The group will arrive back on campus Tuesday March 23, 1971.

## Spectrum Meets Deadline

With diligent efforts, many long nights, and many headaches, David Payne and his small annual staff have sent in the last pages of the Georgia College Spectrum. They met their deadline, a feat in itself, and the annual should arrive in Milledgeville in Mid-May.

Taylor Publishing Company is doing the printing for the book. We hope this staff's hard work is appreciated and well-received.

## Elections Held

Another election was held this week on the campus of Georgia College. The new male Co-chairman of the Honor Council was named as well as the new AGAPE and REC officers.

Those elected are as follows:  
Male co-chairman of Honor Council-Steve Simpson  
AGAPE-President- Carolyn Bennett, Vice President- Joy Gockel, Secretary-Christine

Lowe, Treasurer- Janice Washington, Community Cordinator-Peggy Harris, Campus Cordinator-Tim Walker, Religious Cordinator-Marilyn Platz.

REC- President-Tommy Walker, Vice President-Rita Jones, Corresponding Secretary-Diane McIntosh, Recording Secretary-Yvette Andrews, Treasurer-Randy Whitfield.

## Spare A Tree--- Save All Your Newspapers !

DON'T THROW THIS NEWSPAPER AWAY! Put it outside your dorm Saturday, March 6, when all citizens of Milledgeville and the Allenwood section can participate in an effort made by a local group to conserve our beautiful forestlands. The Environmental Concern Organization (ECO) and local civic groups are conducting a newspaper drive from 9:00 a.m. to 3:00 p.m. on that day. Papers may also be delivered directly to Fowler-

Flemister Concrete Company, 711 N. Wilkinson Street (a ten-minute walk from G.C.) or for those who cannot make the trip, bring your papers to the Biology Department in Herty Hall.

Anyone interested in helping this group for an hour of their time is asked to meet at Fowler-Flemister Concrete Company any time Saturday to receive an assigned route. Transportation is not necessary but would be useful, if available.

## Bio Dept Awarded 2nd NSF Grant

The biology department of Georgia College has been awarded a \$7,800 grant under the National Science Foundation's Under graduate Research Participation Program.

Department chairman David J. Cotter said the funds will be used to support and equip a special ten-week research project for six undergraduate biology majors. The project is scheduled to begin June 8 and end August 15.

During the ten weeks, Cotter said, the students selected for the program will work on individual research of their own design and planning. They will be advised by members of the biology faculty and will receive a stipend of \$60 per week for the duration of the project, he continued.

Cotter said participatns will be selected on the basis of the biology faculty's evaluation of research proposals submitted by interested students. The projects may deal with any area in the field of biology.

He noted that the program is not limited to Georgia College students, but is also open to students at other colleges in the central Georgia area.

Cotter listed requirements for participation as a high

academic average, at least 50 quarter hours of science courses, and a recommendation from the science advisors of students attending colleges other than Georgia College.

A deadline of March 5 has been set for the submission of research proposals.

The biologist stressed that students taking part in the program will be carrying out their own research and not merely serving as technicians for faculty researchers. He said participants will be encouraged to submit their findings to academic journals for publication.

This is the third such grant awarded to the GC biology department and the only grant of its kind made in the field of biology in the state this year, Cotter said.

Five students took part in an identical project last year. Earlier, two GC students carried out research at the Savannah River Ecology Laboratory under the auspices of NSF.

Cotter said the purpose of the program is to encourage talented students to attend graduate school by giving them the opportunity for first-hand experience with independent scientific research.

## Your 4 Yrs Of College Should Be Worth More Than A Degree

You can make it worth more by adding Army ROTC to your college curriculum.

Under the current cross-enrollment between Georgia College and Georgia Military College the following students are eligible for the Advanced ROTC Course (Two Year Commissioning Program):

- Those who will be juniors in 1971-72.
- Certain students who will be seniors in 1971-72.
- Certain graduate students.

Advantages:  
1. \$50.00 allowance per month

(tax free) during junior and senior years (Total \$1000.00)

2. Pay, paid travel and PX privileges at Summer Camp.

3. Free Flight Instruction to include Private Pilot's License.

Interested students can secure information concerning their individual status by contacting the PMS at Georgia Military College 452-2910 - 7878 prior to 15 March 1971.

Ask about the programs available for careers in medicine-\$600, monthly plus all tuition and fees.

# Letter To Editor

Dear Editor,  
I thought that your last edition of the Colonnade was a fine issue until I looked up the meaning of the word abortion. I have never been so shocked in my life. I am referring, of course, to that scandalous advertisement on the sports page selling abortions. I must add, however, I was not instantly appalled. Being of sound mind and clean moral body, I had no earthly idea of what the word meant. When I looked the word up I was horrified to learn that someone would actually perform such a terrible thing. I suddenly remembered where babies came from and to have this action taken by a mother is terrible. Why would any married girl not want a child? Of course this advertisement was directed at married girls. Unmarried girls just don't

make babies. Heaven knows, though, what shame an unmarried woman would experience if she did bear a child. Why I believe she might be tormented and abused for the rest of her life. It would be a terrible burden to carry. But since unmarried girls don't ever get pregnant this advertisement could not have been directed at them. If these girls don't want babies why don't they get spayed. I had my cat, Horace, spayed so she wouldn't go through the terrible labor pains that poor kittys' must go through to have babies.

Editor, I am appalled at your printing of this advertisement. Please improve in the future.

Sincerely  
Helen Alice Goodbody  
Class of '28 G.S.C.W.

# Publication Board Proposed For Colonnade

The faculty advisors and the Editor of the Colonnade wish to establish a sub-committee of the Publications Committee of Georgia College that would function in the capacity of publisher of the Colonnade and which would have the title of the Publication Board for the Colonnade. This recommendation is in line with the Report of the Special Commission on the Student Press appointed by the President of the University of California and published by the American Council on Education.

We propose that this Publication Board consist of the Comptroller, the Director of Public Relations, two faculty advisors nominated by the Colonnade staff and approved by the President of Georgia College. Business Manager and two students who are not members of the Colonnade staff nominated by the CGA President and approved by the

Student Senate. The Editor of the Colonnade shall serve as Chairman of the Publication Board and may vote in case of a tie vote. Four members shall constitute a quorum. In the Editor's absence the Publication Board shall select a temporary chairman from among its members.

The functions of the Publication Board shall be:

- (1) The Publication Board shall function as publisher of the Colonnade.
- (2) The Publication Board shall meet regularly to give a continuing critique of the newspaper's performance.
- (3) The Publication Board shall provide student editors with insulation against pressures from student politics, the administration, and faculty.
- (4) The Publication Board shall sponsor journalistic seminars and other attractions sufficient to assure adequate manpower.

(5) The Publication Board shall make recommendations to the Publications Committee on the financial operations of the newspaper, including the budget.

(6) The Publication Board shall have no authority to exercise prior censorship nor may it infringe on the editorial freedom of the Colonnade staff.

(7) In the absence of two students who qualify as candidates for Editor of the Colonnade, the Publication Board shall recommend that the Publications Committee open nominations to allow unqualified students to petition for candidacy.

The Publication Board shall hold regular meetings once a month, and special meetings at the call of any member or the Editor of the Colonnade. The time and place of the Board meeting shall be named by the person who calls it.

# VLF

This is an announcement that I feel needs to be made. Today is March 4, 1971. Contrary to the way things are run around here and the way things are ignored if they are in the least controversial or out of the good old GSCW tradition, this is 1971. I don't think that some of the people around here realize that this is no longer the era of mint juleps and Sunday afternoon croquet games.

It's time for some people to gain a mature outlook on what's happening outside this little fairy castle. There are things that do exist that are absolutely scandalous and furthermore, they are fairly common practices in this day and age of 1971.

The kids at this college are desperately trying to rid themselves of archaic and rather stoic traditions and policies of the old GSCW days, but so far we seem to be losing.

# Editorial Policy

All letters to the editor or any other forms of correspondence should be directed to: Editor, Colonnade, Box 770, G.C. We reserve the right to edit all letters if they infringe upon good journalistic standards or lack good taste. Letters should be typed and turned in by 5 p.m. Wednesdays. Letters should not exceed 200 words. All letters must be signed but names will be withheld upon request if valid reasons are given. Any formal complaints concerning the content of this paper may be directed to the editor and will be reviewed by the Publication Board for the Colonnade.

# Athletic Supporter

## Faculty Flies Show Consistent Play And Poor Sportsmanship

Attention Faculty members, written in the Intramural Hand book are the goals on intramural competition. One goal stated is "to develop a sense of fair play and sportsmanship." Obviously in your ha-study of this book some of your team members have overlooked this objective. In the last basketball game certain members of your team showed an amazing amount of poor sportsmanship and extremely violent tempers.

Basketball is a game of coordinated team play. Cursing, kicking and elbowing are usually not allowed. Next year, however, the faculty's opponents will be equipped with special foam rubber suits and crash helmets, should anyone decide to compete against the faculty.

This doesn't instantly mean he'll see everything that goes on, but what he says goes. This goes for all participants whether they are coaches, students or the score keepers. A referee's word is final no matter what kind of blind, inept clod he may be.

Athletic Supporter would like to point out that a student player is equal to a faculty player for the length of game time. That means that this student shouldn't take anymore backtalk or pushes off a faculty member than he would take off a fellow student.

Athletic Supporter would also like to point out that not every faculty member was guilty of unsportsman-like behavior. In fact a few members of the squad showed as fine an attitude as was shown by anyone all season long. But for the rest on the wild bunch there was definitely room for improvement.

Another thing might be brought up to all team competing in intramural play. Once a boy puts on a whistle and a striped shirt, he is in charge.

# G.C. Defeats USC

## 66.44 To 60.65

The Georgia College Gymnastics Team all but ran away with the gymnastics meet against the University of South Carolina. Shiela Wood led the team with firsts in Vaulting and Unevens, and thirds in Free-X and Balance Beam scoring a total of 24.20 points. Pat Floyd took second in the Vaulting and Unevens, and Debra Ginn took third in Vaulting. Doris Floyd took first in the Balance Beam while Nancy Moynihan took third in the Unevens. The University of South Carolina only took one first and two seconds.

# Bull Pen

by Tommy Walker

A candid conversation with the witty Mike Noland a star for the intramural basketball champions.

Bullpen: What do you feel were the main factors in your teams tremendous success this season?

Noland: Well, let me think Jerry Seymour, outstanding defense, uh Jerry Seymour, Ken Gaskil, uh Jerry Seymour...

Bullpen: Thank you Mike. Now who do you consider to be the best all around basketball player in the intramurals?

Noland: Ken Gaskil.

Bullpen: Who was the best basketball player your team faced this year?

Noland: Dr. McKale.

Bullpen: Is the rumor true that you are going to hold out next season for a higher salary?

Noland: I feel that my salary this year was sufficient.

Bullpen: What was your salary?

Noland: A can of beer and a cigarette after each game.

Bullpen: Was intramural play as rough as everyone acted this year?

Noland: Only when the refereeing was poor.

Bullpen: Who were the best referees in the league?

Noland: Jimmy Hires and Jack somebody.

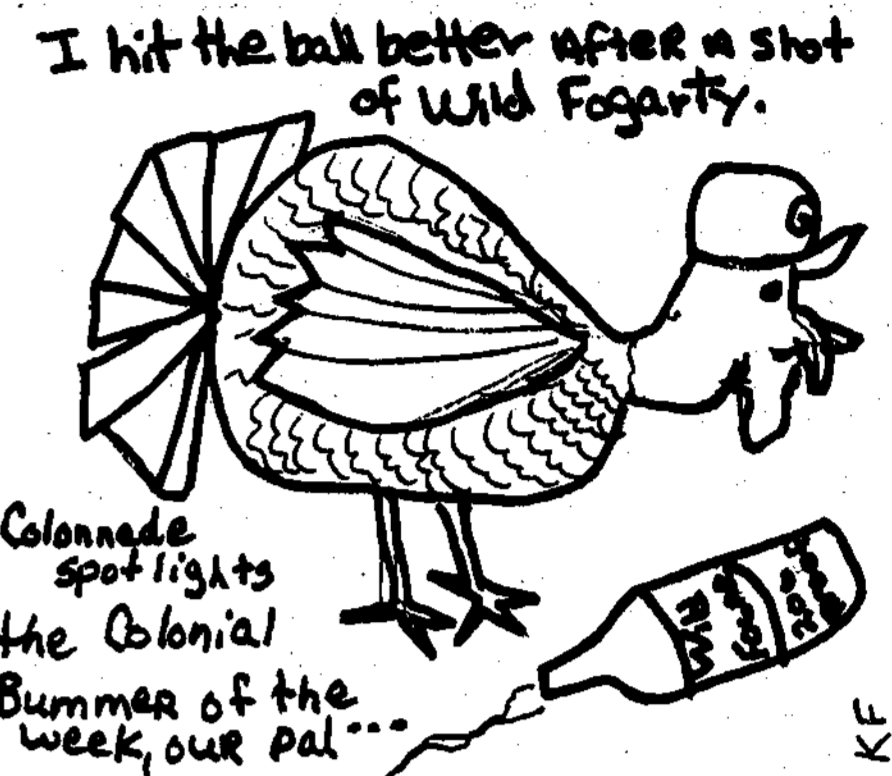

Bullpen: How did you like the way the round robin tournament was organized?

Noland: I thought it was shi...

Bullpen: Finally why are you such an outstanding athlete?

Noland: Because of the can of beer and cigarette after every game.

Thank you Mr. Noland for being our guest on this weeks interview, you win a years free admission to Georgia College soccer games.

# Poem

And he watched her go and said "I love you" through an invisible tear and he feared after her and for her and for where fate would lead her and maybe astray knowing not what she would say to it in answer because he loved her. And she knew him not in fright.

# Poem

And so she left again though he had waited for her long and dearly and through bleary eyes into a coloured glass he looked and saw himself clearly and love had not left so he waited for her to return and maybe for her love... and her touch.

**Your Opinion May Be Worth A \$1,000 Scholarship**

During the months of February and March Reed & Barton, America's oldest major silversmiths, are conducting a "Silver Opinion Competition" in which valuable scholarships totalling \$2500 are being offered to duly enrolled women students at a few selected colleges and universities.

Georgia College has been selected to enter this Competition in which the First Grand Award is a \$1,000 scholarship; Second Grand Award is a \$500 scholarship; Third Grand Award is a \$300 scholarship, and Seven Grand Awards of \$100 each scholarships. In addition, there will be 100 other awards consisting of sterling silver, fine china and crystal with a retail value of approximately \$75.00.

In the 1971 "Silver Opinion Competition," an entry form illustrates twelve designs of sterling, china, and crystal from the patterns illustrated. Scholarships and awards will be made to those entries matching or coming closest to the unanimous selections of Table-setting editors from three of the

nation's leading magazines.

Edith Middleton is the Student Representative who is conducting the "Silver Opinion Competition" for Reed & Barton at Georgia College. Those interested in entering the "Silver Opinion Competition" should contact her at Box 1227 for entry blanks and for complete details concerning the Competition rules. She also has samples of 12 of the most popular Reed & Barton designs so that entrants can see how these sterling patterns actually look.

Through the opinions on silver design expressed by college women competing for these scholarships, Reed & Barton hopes to compile a valuable library of expressions of young American taste.

**Ennis A Defeats Faculty**

Jerry Seymour was the key to Ennis A's victory as he sparked his team to a 55-52 victory. The faculty and Ennis locked horns in an exciting see-saw battle for the entire game. The faculty appeared to have the game sewed up when a brilliant steal by Jerry Seymour allowed the Ennis boys to go ahead by one. The final 2 points were added by Jim Chapman from the charity line.

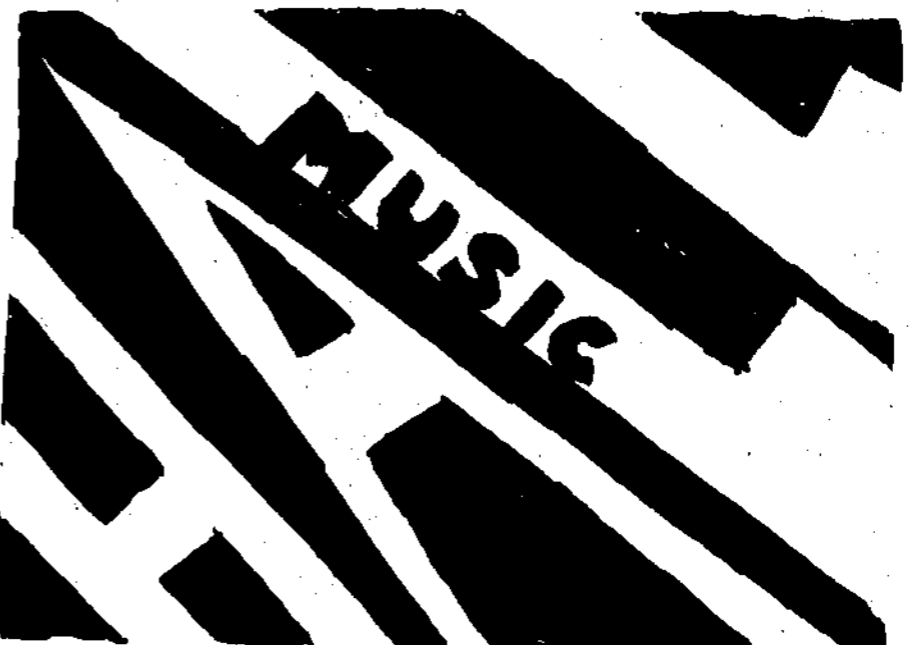

Guard. Most Valuable Player, Jerry Seymour, Ennis A; Super Substitute, Gary Birchall, Ennis A; Best Hack, Julian Veal, Faculty.

The staff of this sports page has selected an all-intramural basketball 1st and 2nd team. They are as follows:

First Team—Jerry Seymour, Ennis A, Center; Keith Jones, Playboys, Forward; Don McKale, Faculty, Forward; William Warren, Faculty, Guard; Claude Powell, Faculty, Guard.

Second Team—Bobby Kelley, Beeson, Center; Lad Silsbee, Ennis B, Forward; Leslie Downs, Day Students, Forward; Donnie Rauscher, Ennis A, Guard; Ken Gaskill, Ennis A,
