THE COLONANNE, FIRST COLLEGE PAPER AT G. S. C., MAKES DEBUT
ONE THOUSAND COPIES OF FIRST EDITION.

This issue of The Colonanune marks the first edition of a college paper in the history of the Georgia State College for Women. For many years there was an annual appeal to the college by this institution which dealt with various interests. This desire was partially fulfilled when in 1915-6, the W. C. W. A. sponsored "Thega Thespis", a bi-monthly paper which continued for two years and was given to the students by the W. C. W. A.

During the past spring, definite steps were taken for the establishment of a college newspaper, beginning with a four-page paper, 19 x 24 in size, which calculated to be published every two months. A subscription fee of fifty cents per semester is to be charged in order to secure funds for improvement.

Because of the number and beauty of the columnar which are of interest to the college, the Colonanune has been suggested as a name for the college paper. Do not dread the other citizens which would be just as insulting if you have a suggestion, give us yours.

If you like this edition of The Colonanune, then boast those that are to follow by placing your subscription today.
