Dr. Marvin Pittman Brings Message From Michigan

Requisition for Rural School Teacher Placed Before Dr. Pittman.

SPARKS WELL OF COLLEGE

On the morning of the assembly of April, Dr. Marvin Pittman delivered a most inspiring message on the greatest need of the rural schools—competent teachers. From varied experiences and ambitions the visitors discussed the subject in a manner both instructive and instructive. He claimed that the prevailing custom of sending the married, and too frequently unacquainted, young women to "practise" on the country child is all wrong. Since the best teacher is needed in the rural one-teacher school, he advised the aspiring one to keep the one together in the city under wise supervision. Then the experience is gained she should be "practised" in a graded school. Fourth, last, in the country school of eight grades where she will always need".

J. W. C. W. "Alumni" will take educational people of Georgia, and be seeking in these two new offers for a year of great accomplishments.

Quite a number of the J. W. C. W. recently attended the meeting, and heard the discussion and talks on vital educational problems of the day. Several of the present educators were honored and visited them to Middleburg, bringing parts of their message before the students.

The Freshman and Junior classes, Miss Jane Parker and Folly Brown, were the first to attend. They went on for the eighth performance meeting, Frances C. O'dell and Margarette Jackson followed these and they all returned with glowing accounts of the wonders they had seen and heard.

The above went in the following order: Janet Christiansen, Sophomore president, and Winifred Fowler, Wednesday; Frances Blanton, Sophomore president, and Elizabeth Green, Junior; Senior President, Monday, May 7th; and Miss Mary Ann, Virginia Williams, Miss Mary Ann, and Miss Mary Ann, Saturday.

In closing exercises, the girls told the student body something of their wonderful experiences, of the artistic costumes, of the music devices, and of the remarkable success. They were all greatly pleased in M. R. and Brother and for giving them such an opportunity to hear them.

The Shadow Bird
Close behind my little window
In a sheltering old tree
Rings a woo moo song bird
Rings to the world and to me

Boing morning promptly at seven
When the sun is up and bright
It perches on a leafly limb
And chirps of tall and night
And even I begin to study
Throughout the long, long hours
How the sun will rise in the morning sky
And sing me of the effusive flowers

She dancing merrily and long
Peeps into my little room
And it loops with glee and joy
Across my porch and down the street
And when the dark aspirations come
All is strangely still and quiet
I wonder if my little bird
Was waiting in the sun's delight
And when the flowers down breaks
I took up into the tree
And still hear in our earlist bird
Singing to the world and to me.
