New Auditorium Formally Opened November 17

Many Alumnae to Return For Thanksgiving

Class of '26 Plans Banquet
Grace Taylor to Preside

There is a tradition at G. S. C. which dates back many years, that each of the members of the class is to return at least one year for their annual banquet. This year it is expected that there will be an unusual number of the alumnae back on the campus. One principle reason being the opening of the new auditorium, which has been a dream of every G. S. C. girl and one which she is unable to see realized. Because it is fitting that there should be a Thanksgiving service to the new auditorium Dr. Parks has made plans for an unusually good one.

Bishop Chanele is scheduled to talk on Thanksgiving night. The newspapers are invited to join in this service. The different church choirs are to render special music. All the services will be many "old girls" who have returned to participate in class of giving thanks. On Friday night the Senior Normal class of '24 will have their annual banquet. Dr. Parks, the ministers and some other officials on the college are to be guests of the class at this time. Grace Taylor, the President of the present Junior class, will preside. It is expected that Elizabeth Greene, President of last year's Senior class, will be present.

The dining room is to be decorated with the class colors, red and black. G. S. C. veteran Miss Hannah, back graduate has laid a glove on this campus and that photo will be made vacant until she returns to fill it. That is the place in the hearts of her instructors and friends. Even though G. S. C. graduates are numbered by the thousands not one is forgotten, and no one goes without another glove.

Tichona Turner and student Adams, 26, are students of the grammar grade at Buena, Ga.

Anna Lee Rayson, 25, is now Mrs. John Lawlin, of Atlanta, Ga.

Former Officers Re-elected
Senior Normals Choose Mary Jane Parker, President

The Senior Normal class held a meeting in the Methodist church on Tuesday, November 8, this meeting was called for the purpose of organizing the class and to prepare for self-government.

Dr. Parks met with the class and gave a very inspiring talk on self-government. He told the class what they were expected of the Senior Normals this year, and made very plain the type of girl that is needed to lead the class through a successful year.

Voted were the first for president, Mary Jane Parker, former president of the class was unanimously re-elected without opposition. Mary Jane was a very successful leader for the class during the last year, and the Senior Normals are expecting to accomplish great things this term.

The vice-president, Ruth Vann, secretary, Minnie Fulton and treasurer, Caroline Chanele, were all re-elected to their same offices for another term.

The officers have had a petition for self-government and are now working through the regular process for obtaining privileges. They express the desire to receive these privileges very soon.

OFFICERS CHOSEN BY FRESHMAN COUNCIL

The Freshman Council, that recently Freshman branch of Y. W. C. A. is now complete and in session. The choosing is to be done by the class colors, red and black. The colors are to be distinguished with the class colors, red and black. G. S. C. veteran Miss Hannah, back graduate has laid a glove on this campus and that photo will be made vacant until she returns to fill it. That is the place in the hearts of her instructors and friends. Even though G. S. C. graduates are numbered by the thousands not one is forgotten, and no one goes without another glove.

MISS BROOKS SENDS MESSAGE TO THE ASSOCIATION

"Spectrum" Staff Chosen
Margaret Jackson, Editor; Lucille Teague, Business Manager

G. S. C. is to have a new "Spectrum," which will be published on the second Thursday of each month.

The staff of the new "Spectrum" is as follows:

Margaret Jackson, Editor; Lucille Teague, Business Manager

Opening crack raint and brilliant events
Freshmen Present Bible to Be Used in Chapel

The new Authorizes, which has been opened on our campus is 36 by 17 inches, with a grand front for the school and the entire student body, the faculty, the families of the dormitories and the children of the practice school back by the office.

It was decided that the Freshman class should send a representative of the all the beautiful leather cushioned drill, with the Senior Normal in the right, and the Juniors and Seniors agree to the left. It proved to be sufficiently large for the students and numbers of others. The room was originally designed to become of treaty yellow and white chrysanthemums which were set forth by the background of the designated brown water colors crusts of the stage.

At eleven o'clock, the curtains were drawn giving clear view of the faculty with Dr. Parks seated in the center of the front row. The Chapel exercises were opened by the Lord of the prayer, followed by the Doxology, "Praise God from whom all Blessings Flow." The representatives of the Freshman Class, Pauline McPherson, Mary Hilliard and Dorothy Parks, presented a new Bible to Dr. Parks as the gift from that class to the New Auditorium. He said, "the Bible is handed and Miss Brooks. This was followed by the song "America" and "Shine," Dr. Parks told them by a few minutes expressing his joy that the building was completed, a fitting testimony to the high standard from high work. He also made the announcement that the first Presbyterian Church, "St. John's Royal Sepulchre Society's Band" would be greatly appreciated, and a second performance by the Company for that night. Dr. Parks then brought to a short program and every eye was fixed on the beholding lights and their effects upon the curtains of the stage. The French Marionettes will entertain with two songs Tuesday. Chapel was ended by clipping "The Rose Spangled Banner" and the pictures were dismissed with an orderly manner.

The Scotch Highlanders band gave an exhibition on Saturday afternoon, and also Wednesday evening. This was the first of a series of Luminaries in the students of the campus. Staffs and practical every stage of spectacles, but whenever their path may have led them have been first and foremost (Continued on page 4.)
VERSATILITY OF G. C. S. W. ALUMNUS

There is no easy hold on the ideas of the modern student. He has outgrown the days when a high school, college, or university could lock him up in a corner room, feed him through a pipe, and keep him busy for eight or nine hours each day. The modern student is a curious and independent sort of person, who will not be satisfied unless he has a chance to get closer to nature and to his own ideas. He likes to do his own thinking, and to be able to see things for himself. He likes to have opportunities to travel, to see new places, to meet new people, and to experience new things. He likes to be able to choose his own course of study, and to have a chance to apply his knowledge in practical work. He likes to be able to see how his ideas can be put into action, and to be able to see the results of his work. He likes to be able to learn from others, and to be able to teach others. He likes to be able to do things in his own way, and to be able to choose his own path. He likes to be able to experience life, and to be able to learn from life. He likes to be able to have a chance to be a part of the world, and to be able to make a difference in the world.
