The work of the memorial committee is to be continued, and we hope that the foundations for the hospital, which is to be erected in memory of Dr. W. C. Thompson, will soon be laid on the campus of the Georgia State College for Women.

Former students, graduates and friends of the college are urged to attend the G. C. W. Meet, to be held on April 15th, to renew old friendships and to build new connections with the college and its students.

The meeting is to be held at the Young Women's Christian Association headquarters, 65 Cherry Street, at 6:00 in the evening.

In charge of the event is a group of eruca and former students, under the leadership of Miss Marion I. 6. 3.

To every effort, the organization has been working hard to make the "Park in the Spring" event a success.

Journalism Class Visits Macon.

The Journalism class of G. C. W. attend a promotion trip to Macon on Monday, April 15th, and also the Millinger Times once a week in the near future.

The entire class will go to Macon. Monday. It is to help the reporters get the entire paper and, in addition, to edit one entire page. This page will contain articles written by the different members of the class.

Mr. W. C. Thompson, editor of the Macon Daily Telegraph, is to entertain the class and to show them a trip at a dinner Monday evening.

In addition to this enjoyable project, the Millinger Times will also prove an interesting experience for one of the best known students of the class is as follows: Margarette Clark, editor-in-chief; Mariana Kornha, managing editor; Mary S. Cutler, city editor; Susie C. Mays, society editor; Mary E. C. Keiser, literary editor; Betty Whitley, state editor.

The Millinger Times is a three-year-old newspaper, its staff working hard to bring out an interesting and readable paper.

FRESHMEN GIVEN SELF-GOVERNMENT

Dorothy Parks Leads Class Ceremony.

The date of April 12 will be marked in the minds of the Freshmen as a day of privileges and not as a day for jobs and responsibilities. For it was no job when they received their privileges on that day, to every effort, the organization has been working hard to make the "Park in the Spring" event a success.

Friday in class, the class formalized the Freshmen privileges, the class officers and democracy of being in charge of the campus.

The class presidents, Dorothy Parks, president of the Freshmen, and her classmates, by a short and spirited talk, expressed what they expected her for the essential success of the "Good Ship.

In the recital they played a number of the songs they attended at the Freshman's meeting, and also, several piano solos and Miss Harriet Westinghouse wowed the audience with her violin solos. The entire program was delightful and fully enjoyed by the "Parks in the Spring."
ALUMNAE CLUBS.

News from the various cities of Georgia and neighboring states tells of the enthusiastic work of G. C. W. clubs. Return to working highs in the Parks Memorial had in the towns where previously there had been clubs now a real live spirit is shown in their organization and work. With the cooperation and honing of these clubs, the Parks movement is furthering its purpose.

Among the most forward of the town clubs are found in Rome, Griffin, Metter, Savannah, Waycross, Washington, Waycross, Newnan and Atlanta. Although the Atlanta Club is not new, its interest high and benefit nights are proving very successful in raising funds for the hospital. Also a meeting of interest was held at the home of Mrs. Vester Parks in Miami. All former students and alumnae in Miami were there, and an enthusiastic report has come from this group.

GRACE TAYLOR SELECTED AS "T" PRESIDENT FOR A YEAR

(Continued from front page)

that the girls in our counties have had confidence enough in them to place them at the head of the "T." We feel that with the wonderful- ness left by the out-going officers and those who have gone before the organization will go still further upon the upward path during the coming year.

To the out-going officers we express the distinct appreciation of their service devotion and earnest work in carrying on the responsibilities placed upon them by the members of the Y. W. C. A. It is in their dedication and faithfulness that the new officers shall more surely carry on the work during this year.

The girls who have been chosen as leaders have proved themselves capable of carrying responsibilities and with the fine co-operation of every girl in the Y. W. C. A. it shall go forward to even greater goals than ever before.

FORMER FACULTY MEMBER HONORED.

(Continued from front page)

with the building up of the Summer School and its success throughout the state. Many of us are familiar with his book, The Jesus of Our Fathers, which he published the year before he left the college. This book has attracted wide attention in this country and England, and it has had a good sale. He has also written, another book, The Milton Tradition. Dr. Good is an A. B. and A. M. graduate of Erskine College. He received the Ph.D. degree from the University of Illinois. He is a Phi Kappa Phi, and a member of the Modern Language Association of America, the American Academy of Political and Social Science, and the Royal Society of Arts (London). Those who knew and love Dr. Good wish for him continued strength and service in educational work and for the young people of our loved state.

Come out to see the inter-class ball games and enjoy your evening.

Misses, Men,

"Look, lady, I pulled this wood right up by myself."

"My dear, you're strong!"

"Aw, isn't lady? The whole world had held of the other end!"

FRESHMEN GIVEN SELF-GOVERNMENT.

(Continued from front page)

number of persons, he had, much to do in this present. This was followed by short speeches by the fifteen officers of the class, Dorothy Joy, California Allen and Berta Watkins, pleading co-operation and allegiance to the college. Dorothy Joy in her speech emphasized all the officers of the dormitories. The etiquette was read by the secretary and followed by a song by the class. Dr. Boome spoke a few words concerning the honor bestowed upon the class and the great responsibility which necessarily followed. Due to the co-operation already shown and the good conduct of its members, the Freshmen class of '26L was given its privileges earlier than any class before it. The class will certainly respond in the most representative manner and intents in prove to be not only the biggest but also the best class in the college.
