GREETINGS FROM THE PRESIDENT OF THE COLLEGE

I am glad that the Alumni are continuing the beautiful custom of coming each year during the Thanksgiving holidays, and at this time, I want to welcome to the College all of the former students who have come back for the Thanksgiving season. I want you to know that the College is deeply interested in you and in all of the former students and we want to keep you keenly interested in the College, its welfare, its growth, and its future. We want each of you to continue to love your Alma Mater as much as you did when you were here. We want to keep in touch with you, to know where you are, and what you are doing.

As President of the Georgia State College for Women, I feel that I have a great responsibility and, at the same time, a great opportunity to serve the young women of Georgia and the public schools of the State, and I shall do all in my power to preserve the center of the College its fine traditions, to keep alive the fine spirit of work and service, and to uphold its high ideals. In this work I need your loyalty and support.

The Alumni have done much for the College in the past, and by good organization and cooperation, they can render still greater service in the future. You are all welcomed.

WELCOME HOME ALUMNAE

A Tour of Inspection by G. S. C. W. Alumnae Is to Be Featured in Home-Coming

Welcome, Alumnae! For weeks we have lived in anticipation of your return to our Alma Mater. Now the time is here, and we can hear our happy voices rising in the College, its welfare, its growth, and its future. We welcome each of you to continue to love your Alma Mater as much as you did when you were here. We want to keep in touch with you, to know where you are, and what you are doing.

While the College is greatly changed, new buildings, scholarships, and walks have improved its appearance considerably. Perhaps the following description of additions made during the last four years will help you if you want to locate them.

The new architecture stands proudly on the site of Main Building which burned in 1928. It is a beautiful red brick and equipped building that was built by Dr. Parks in 1929. This three-story building has undergone a recent change in addition to the new entrance, and it is now ready for occupancy.

The Alumni Hall dining room has been enlarged to build what is now known as Alumni Study Hall. The library has been entirely re-equipped and many improvements made.

The latest addition is the new plan which is located between Alumni dining rooms and the kitchen, the just put in operation. The new student restaurant is now open.

Beautiful gardens have recently been added to the two Clark street entrances to the campus.

The third floor of Alumni Hall has been converted into a laboratory, and the psychology laboratories. These rooms are beautifully equipped and will serve you many times in the future.

A tour of the campus, the most beautiful spot, will be made, and you can see the new additions.

A WELL ORGANIZED ALUMNAE ASSOCIATION

TO THE ABSENT DAUGHTERS SCATTERED THROUGH THIS AND THROUGH OTHER STATES

You embody in your daily life the grand ideal of homemaking. In those things that make for the building of noble character.

So we charge you, give your time to the cause of man, and let your presence be known in the world.

Now that you are out in the world making your own niche, whether it be in the home, the school, the business or any other field, you have found that the right qualities make for efficient and happy living in every manner.

You realize that good health and good habits are of prime importance; and that the cultivation of occupations,constitutes habit, and self reliance makes in large measure upon the ideals, then

THE FEELING OF GRATITUDE HAS ALL THE AIRS OF A PASSION IN NOBLE HEARTS

Our hearts are uplifted in Thanksgiving for the blessings that abound and with it the deep expression of love and gratitude that encourages us to go forward to the lighted doors of the new year. We feel that gratitude is a wholesome quality in every woman's life and one that we should not neglect to develop. We believe that gratitude is the most important of all the virtues, not because it is the most difficult to practice, but because it is the most necessary to have in order to lead a successful and happy life. Gratitude is the foundation of all true happiness.

- Edward S. Scott

WELCOME LETTER

It is with a sense of appreciation that we welcome you to the new year. Your presence is greatly valued, not only in this college but throughout the world, and we are grateful for the opportunity to share this special time with you. We hope that you will find your time here both enjoyable and rewarding.

ABILITY AND ACHIEVEMENT

The ability of a person to achieve success is often attributed to his or her innate talents. However, successful people also have the ability to use these talents effectively. This ability is often developed through hard work and dedication. The ability to achieve success is not only important for individual success but also for the good of society. It is through the achievements of individuals that we can make a positive impact on the world.

ALUMNAE BANQUET JUNE 9, 1939

The annual banquet of the G.S.C.W. alumnae was held on June 9, 1939. The banquet was a celebration of the achievements of the alumnae and a recognition of their contributions to the college. It was a time for alumnae to reconnect and share the experiences and memories of their college years.

The banquet was held at the College Club, and the reception was sponsored by the college. The banquet was a wonderful opportunity for alumnae to come together and reflect on the impact they have had on the college and the community.

CORINTHIAN DEDICATED TO ALUMNAE

The full edition of the Corinthian, literary magazine sponsored by the Literary Guild, is dedicated to the Alumnae.

The dedication reads: "To those who have passed from these college halls, but are still holding fast the ideals for which our college stood—to the members of the Alum-

nae Association of the Georgia State College for Women we dedicate this issue of the Corinthian.

Several Alumnae contributed ar-
ticles to the paper. There is a witty article, called "The College Dictionary," by Miss Esther Emory, class of 1938. Miss Mary E. Taylor, a graduate and former teacher of the college, has written a clever short story, and Mrs. Bernetta Smear Mc-
Cullar has two interesting book re-
views. Mrs. Lang and Mary Robi-
non, former graduate students who are now studying on the campus, also have contributed to the current edition of the magazine.

The staff is to be commended for
the excellent issue of The Corinthian.
Glynda McPhee is editor-in-chief. Mildred Marshall is Business Manager, and Miss Crowell is Feature Advisor.
