Fall Holidays

The days grow cooler and shorter, and the long summer lull of July and August has passed and school is just around the corner. It's a time of mixed emotions—joy and excitement, but also sadness and regret as the carefree days of summer come to an end. It's a time to reflect on the past and look forward to the future.

Institutions other than public schools may also be a source of conflict between some idea of country and internationalism as defined in the preceding thesis.

13. An international program probably has its origin in part drop by drop in the early life of the individual, and sees therefore, to some extent be avoided or mitigated by a program of election which begins early and continues throughout the formative period of the individual.

14. An understanding of the realities of the peoples of the earth should be in some manner overcome the obstacles of sectarianism, bolshevism, and isolation.

15. Education as provided by the schools and supplemented by such co-operating agencies as the church, the state, government, homes, etc., may be a slow process by which to produce socially desirable changes in civilization but it is probably the most sure and permanent one.

16. It is possible for the schools of the nation, working with each other and the other agencies of the church, the state, the home, and governmental institutions, to so far toward peace through a friendly world they will feel it the duty to do so.

17. If children are to receive such instruction as will make them a part of a generation prepared of an educational and international consciousness and in international mentality, they must be guided by teachers as fully trained to understand these concepts as the best efforts of our teacher training institutions can produce.

18. If we accept the above thesis, we assign to teacher training institutions the task of developing courses and methods of instruction which will enable prospective teachers to meet properly the demands made of them in the training of children in international understanding.

19. On the basis of world understanding developed within the schools, we can ultimately create a world in which to time of crisis it should far go in modifying the world's opinion for peace.

**SOPHOMORE COMMISSION TEA**

The members of Sophomore Commission compiled Miss Moore, National Student Assembly, with a tea on the afternoon of October 27. Miss Moore talked on the problems that confront the student movement of the Y. W. C. A.

Members of the committee, Margot Curnoe, the president of College, Miss Darington, and Roblee MacCloon were present.

Refreshments were served at the command of Miss Moore’s table.

**BIBLE STUDY TEACHERS ENTERED TAINED.**

**FRESHMAN HOBBY GROUPS ORGANIZED.**

Recently the Freshmen have changed the church exercises and at the time they organized their Hobby groups.

After short talk by Robert McClellan and about five o’clock, the Hobkey book was opened. Girls with shells, which in the evening, some with sewing needles and beads, others with poetry books and song books, passed into party. Each girl carried with her knitting that would be her hobby.

After the hobby party each Freshman signed up for her choice. The hobbies for this year are: Sewing, Kiskid, Campton, Singing, Poetry, Music Bands, Dramatics, Athletic Handcrafts, and Hiking.

**DOCTORS’ ACADEMY MEETS.**

The Doctors’ Academy, which was started a year ago by Dr. Daniel at Georgia State College for Women, met on the evening of October 26. The meeting was the guests of President and Mrs. Brown. Doctors Blaysey and L. Wolfe were invited into active membership.

Dr. Marsh had made arrangements.

Dr. Walder read a most excellent resolution of the part of the World Federation of the Educational Association which he attended in Shanghai, last summer. Dr. Austrin Floyd read an exposition of Germany, Crude State, her life and work as a Spanish writer of novels. Both papers were discussed by the members. The Academy voted to invite Charlese Beatty, his new secretary, in the spring, to become a member.

At the close of the meeting, Mrs. Brown served a delicious two courses supper.

President Brown is the head of the Social Academy for the college year.
