G. C. W. Girls Hear Paderewski

Wednesday night, February 24, four hundred fifty girls journeyed from Milledgeville to Macon by special train to hear Ignace Paderewski on what is probably his last-concert tour of this country.

After an early supper the girls, with majorette and faculty members, left Milledgeville on the noted "Beauty Special." The short trip to Macon was made a party trip. Games were played; songs were sung; and a number of apple dumplings, generously donated and fried to give important speeches and recitations.

The train consisted of one coach, or second-class car. The meal was served in the dining car, which was reserved for the trip.

On reaching Macon the group walked quickly to the auditorium, where special seats were held in reserve. The G. C. W. students, along with other college students, comprised a large part of the audience which filled the building.

When Paderewski appeared on the stage, our girls were among the first to rise in honor, and they maintained an attitude of respect and interest throughout the entire program. A copy of the program reproduced below:

**Program**

Preludes and Interludes—Bach

Stravinsky, A major—Mozart

Andante grazioso

Mozart, Allegro Allegri

Scherzo Vivace

Largo

Piano, Presto non tattu

Nottura, F sharp major, op. 25

Monteverdi, B flat major

Eroico, A minor, No. 19, Op. 25

Chopin

The Dancing Virgins of Dolphi

Tone in the Music

Miscellaneous

Hungarian Rhapsody—Liszt

Believing the scene demanded by the audience were a Chopin O sharp minor Wals and "balletti dantes" twin Brahms Hungarian Dance, a Reubenstein Humorets and Paderewski's own salon music.

After the concert the girls returned to the station and were taken on the way to Milledgeville. Cold drinks and candy were served to everyone, and in spite of the hour of the hour, many girls joined in games, songs, and other entertainments. When the train reached Milledgeville at about one o'clock, everyone was ready for sleep.

All those should be given the authorities for planning such an educational enterprise as this, and for giving girls an opportunity to rest Thursday morning. It was with such observant taste that ever east to hear Paderewski, who to quote Joseph Maes in the Macon Advertiser is "tum of the musical universe, whose brilliance shines regardless of the flames of rest."
GEORGE WASHINGTON

Our hero of the past, present and future is the "Father of our Country." With the influence of a brave and noble heart, he stood against the odds and set an example for all future generations. The fact is, he laid the foundation for the United States, and his character is one that will never be forgotten. To commemorate his memory, a statue was erected in his honor on the campus of the University of Virginia. Its name is Washington, and it stands as a reminder of the greatness he possessed.

"OUR DALE"

Friends, Romans, Countrymen, lend me your ears. I stand here today to address you on an important matter concerning the University of Virginia. It is time that we come together as one and work towards a brighter future. Let us not forget the lessons learned from the past and continue to strive for excellence in all that we do.

SOLITUDE

Three trees were planted near a grove of elms. The breeze whispered to them as it passed by. They stood tall and strong, each with its own unique charm. The air was cool and fresh, and the world seemed to stand still for a moment.

TRADITIONAL PUP

"West," a pup, ran past a man in a white hat. The man was surprised by the pup's appearance and immediately began to search for its owner. However, no one was around. The pup continued on its way, enjoying the warm sun on its fur.

INCREASED POLLUTIONS

In recent years, there has been an increase in the amount of pollutants released into the environment. This has caused a negative impact on our planet, and it is time that we come together to make a change. We must take action now to reduce our carbon footprint and protect the future of our planet.
