Number Attend Joy Cliff Camp

PLANS TO WELCOME FRESHMEN WORKED OUT AS STUDENTS ARE PREPARED FOR WEEK-END

Twenty-six G. C. W. S. C. students fanned out and haggled for tickets of the Monroe bus Friday afternoon for the trip to the Joy Cliff Camp. This was a week-end retreat to paint for the freshmen. A committee of the members of the school's "t" cabin, representing all of the membership committees were asked to go.

Their arrival on the camp was greeted by Miss Reva Draper, director of the freshmen, who introduced the freshmen to the freshmenda. Sharing the responsibilities with Miss Draper was Margaret K. Smith, the presiding officer, and Miss Brenda C. B. C. Seven round tables, decked in blue, were placed in the room to paint, and a freshman party was arranged.

The activities were much as interpreted on the campus in perhaps a bit too large of the purpose was a question brought up which called for thought and a deeper conception of work on the campus.

Each cabin chairman there with the boys and of the committee and dug up an idea for work this fall. Monday night each chairman gave a report of his group's work.

Although discussions and conferences were the reason of the afternoon meeting, an open house was made up the entire program, Miss Draper who did her share of the recreation. A newspaper ball, the climax of a day, an adjective of days, morning watch, baseball and all the rest.

The number of freshmen gave up Saturday, a hurried bus came from Mayfield and the girls to Millicentville in time for them to welcome the freshmen to school.

A Diagnosis of a Sick World
By Dr. George Hovde, M.D.

There are four main things wrong with the world. They are: 1) We are suffering from too much preaching, too much fighting, too much much. 2) We lack a sense of freedom, a sense of self, a sense of the individual. 3) We are too close to the edge of the cliff. 4) We are too close to the edge of the cliff.

When we get caught in the trap of trying to see things in terms of the world, we lose sight of the fact that we are only a part of the world. We are all part of the world, and the world is all part of us. We are all interconnected, and our actions have a direct impact on the world around us.

The world is a big place, and we are all part of it. We all have a role to play, and we all have a responsibility to make the world a better place. We must work together to create a world that is fair, just, and sustainable.

The world is a big place, and we must all work together to create a world that is fair, just, and sustainable. We must learn to live in harmony with each other and with the natural world around us.

Through the Week With the ALUMNAE

The ALUMNAE Association of the George Washington University is a professional organization of women who are graduates of George Washington University. The Association was founded in 1913, and its mission is to promote the welfare of its members and to foster the spirit of sisterhood among them.

The ALUMNAE Association holds several events throughout the year, including a luncheon, a dinner, and a social event. The luncheon is typically held in the spring, and it features a guest speaker who discusses a topic of interest to the membership. The dinner is held in the fall, and it is a more formal event. The social event is held in the winter, and it is a more casual gathering.

The ALUMNAE Association also supports several programs and initiatives, including a scholarship program, a mentorship program, and a service project.
