this year but his rat hasn't definately elected who is it.

The following girls have been elected to the bourbon staff. Bourbon
council, Mary Virginia Foltz; circulation manager, Virginia Richmond.
The new bourbon staff will be announced later.

This year, as in the past, the Corinthia will feature the annual Kentucky.
Among the freshmen class photos will be given of girls writing the best short story,
the best essay and the best feature story. There will be a trophy given to the student who
succeeded in writing the best humor, and one
in the three classes mentioned.

The Corinthia is looking forward to a more prosperous and more vigorous year than it has been since its founding seven years ago.

Why Worry

Worry is that balancing pole and weak self-esteem which takes away all of the pleasure, health, and the ability to do even the smallest things. It is always the same way. We do not need to be bothered by it. One way to combat worry is by finding something that gives us a sense of purpose and accomplishment. This can be as simple as reading a book, attending a class, or participating in a new activity.

Parable on Ambition

Once there was a man who was ambitious. He worked hard and saved money, and he believed that he would be able to achieve his goals. However, he soon realized that he was always worrying about what he had not yet accomplished. He began to wonder if he was ever going to be able to achieve his goals.

The man then decided to change his approach. Instead of worrying about what he had not yet accomplished, he began to focus on what he had already accomplished. He started to appreciate the things that he had already achieved and began to feel a sense of accomplishment. As a result, he was able to achieve his goals.

The lesson of this parable is that we should not worry about what we have not yet accomplished. Instead, we should focus on what we have already accomplished and begin to appreciate the things that we have already achieved. This will help us to achieve our goals and to feel a sense of accomplishment.

Making the Most of Books

By J. W. Bowd

Books are a great source of enjoyment, but they can also be a source of frustration. How can we make the most of them?

First, we should understand that books are not just for entertainment. They can also be a source of knowledge and inspiration. By reading a variety of books, we can expand our horizons and learn about new ideas.

Second, we should be selective about the books we read. It is best to choose books that interest us and that we believe will be informative.

Finally, we should be willing to put the time and effort into reading. It is important to read slowly and thoughtfully, and to take the time to reflect on what we have read.

NEW BOOKS AT LIBRARY

These schoolboys have been at work in the library. "Catherine the Great" by Nikolai Pervyshin; "North Amanda" by Robert Benson; "Tell Your House" by Maxwell Anderson; "Helpful Wolves" by John Galsworthy; "The Taming of the Shrew" by William Shakespeare; "The Portrait of Dorian Gray" by Oscar Wilde; "The Pride of the Portfolio" by Alice L. Cole.

March Reading, Atlantic, was last month a proper literary party for "The Taming of the Shrew." The room was in a fine state of spirits to welcome the guests, and the atmosphere was that of a good dinner party. The guests were seated on chairs and a white cloth was spread on the table. Mr. Bucintelli, principal of the school, was in the chair. The evening was a great success.
