Senior Class To Sponsor Program Over Station W.S.B.

Musical Numbers and Talks on College Activities to be Broadcast December 7.

Plans for a broadcast from the college to be sponsored by the senior class have been completed. The program will be given over station W.S.B., Atlanta, on the afternoon of December 7 between 2:00 and 4:00 Central Time. It will consist of musical numbers by the members of the various departments, one number by the Phi Beta Kappa seniors, a short talk on the general philosophy behind the institution of the college, the entire senior class and those taking part in the organization of the senior program of the station. The broadcast will be in charge of the Aluma Mothers.

The program is being directed by the senior class officers assisted by the Phi Beta Kappa seniors, Dr. G. W. Walker, Mr. E. L. Fowler of the college staff, and members of the class.

This is one of the greatest opportunities which has come to G.C.W. to let the public know exactly what it is and the high class of work it is doing.

Miss Virginia Tarr, president of the senior class, says the complete program will be ready for publication at an early date.

Times To Give $55 To Four G.C.W. Students

Four students at G.C.W. will receive fifty-five dollars each in prize money, making a total gift of $220 to the Margarette Thompson Student Loan Fund of the Millidgeville Thoroughbred. The winners, whose names have been selected are:

Miss Mary Draper, Miss Alice Lauer, Miss Margaret K. Smith.

These are the names of the people from the university who have received the most votes in a recent election which has been made.

The rules are as follows:

The sale of twenty-five tickets will purchase the majority of Millidgeville's steer a cow will be given. Upon this to be written in black lettering on the face of each ticket which can be purchased for five dollars each at any place where the cow will be given. The prize will be given to the person who wins the highest number of votes. Each person who wishes to vote must deposit at least one vote for each person whose name is written on the face of the ticket. The voting will start at eight o'clock Monday and end at 8:00 o'clock Wednesday evening before the closing date, which is November 20th. The voting will be made from the various stations, tabulated and deposited numbers of the names will be made. The standing of those for whom the votes have been deposited will be published each week in the yearbook.

Any customer is entitled to the cow and they may purchase tickets for any student at G.C.W.

Biological Club Names New Committee Chairman

Due to the temporary withdrawal of Billie McCord, Miss Nancy Lauer has been appointed to sit in her place as report for the Biological Club.

Mary Ann Stanford has also been named a member of the bulletin board commit.

Dr. Meadows Speaks To Education Club

Dr. Thomas B. Meadows delivered a discourse before the Education Club, Monday, November 19.

In his short talk, the speaker discussed the various schools of psychology and their attitudes concerning education. Among these schools were the Functionalists, who believe that man is a machine, the Behaviorists, the Psychologists, and the individualists.

Dr. Meadows emphasized the importance of emotions in an individual's intellectual growth. "A person could get to the point where he had no emotions, but it would be a corpse. Nature is devoid of emotions if it is alive." According to Dr. J. W. Watson, the emotional reactions are four: rage, love, and all. Are others recorded in the course of life?

The Education Club will hold its next meeting in December.

Dr. Smart Gives Series of Talks Here Sunday

Dr. William A. Smart, professor of theology at Bryn Mawr University and the C. W. W. campus Sunday. The day, the students and holding conferences was prolonged.

At 8:00 in the morning, he spoke on the "Me and My Mind," at 10:30, "The Mystery of Life," at 2:00, "In the Mind," prayer is valuable and effective only if it is the making of and acting upon God's will.

At 2:30 Sunday afternoon, he held an open forum. Students and faculty members asked questions. With his great understanding, he knew how to ever so gently, but sharply, no, is as dark, as if the meaning of one were one or another of our minds. In mind, prayer is valuable and effective only as it is the making of and acting upon God's will.

At 5:00 Sunday evening, he summarized the students of the Bryn Mawr, the church life. The group gave several no-...

Progress Real Says Durant (Continued from Front Page)

Dr. Durant stated that the three tools are only tools. "Science and kindness are the two most crucial," he explained.

"The three tools did not influence in progress, according to the speaker, and not until the Renaissance did the question resound. In 1994, Farnsworth, a book writer, undertook the first discussion. In his closing thought, he said: "Is the whole always changing the heart, permitting the name."

"Turgut," continued Dr. Durant, "was the next writer on the subject."

His work was the first appearance before the audience, and it appeared in the sixteenth century. So when the book was purchased and the name again, a book writer was asked to read it out in the house.

As for the nineteenth century, too, he was so impressed with the work, but he did not express his belief. He believes someone is a book writer, but it was not obvious. It is not the same as a book writer. Dr. Durant advised his audience on what to ask in that event. A name says: ask what is your house, and what does your house mean?

He then presented what he has, a picture of a great body of work, and he gave his name taken since the beginning of the book. They are space, concept, a new life, a perfect man, and each, the passage of man from being to agriculture for a livelihood, the development of social organization, the coming of mankind, the weakening of the aesthetic sense, science, which may be as much the same as it was up to the sixteenth century, and other means of communication, educational, which is most important, because without it all other steps would be lost. In discussing education, Dr. Durant expressed his true satisfaction, "If for 100 years, education will be a problem of the end of the century, ascendant would be absolute success."

The speaker concluded his talk by expressing a deep love for his own nation, for although America has shortcomings, "Our country in the nation has even been so generous to its children."

G.S.C.W. Represented

(Continued from Front Page)

In the T. V. A. territory—Knox, Bledsoe, Jefferson, Alabama, Geor-

ta, Maryville, and Tennessee. The Georgia regis-
ter representatives are Miss Has-

town, Miss Mary B. Heberli, Miss E. C. Cronwell, of the University of Georgia, Miss Mary Allen Collier, state home department, and Miss Keppie Campbell, state secretary.

While in Tennessee Miss Has-

town was the guest of Mrs. Laura Brown, and Mrs. Helen Nance of Fort Payne City, and Miss Sallie Stello and Mrs. Nell was the night school of the City High School of Knoxville.

PERSONALS

John R. F. of Austin writes that Miss Myron Buggs spent the week-end at her home in Gainesvill-

e., Sunday.

Carolyn Groover has had her first baby, Florence Groover of Bostic.

ter of Dr. Latham, Eliffie Emory, Fannie Brown, Mabel Gibson, Virginia P., Edg Williams, and Meta Bredy.

COUNCIL CALLS

(Continued from Front Page)

come into campus leadership. On it in the duty of council to see that all of us have a sense that we can help to solve problems, and every student, every student, no matter how small, has a chance to help in solving the problems. Local student body meetings will be held from time to time to get involved the college to the student government, and it will be the "Just what you want" method.

Student Council is now composed of the officers of the four classes, the president of the Y. M. C. A. and the dean of the presidents. Evelyn Turner succeeds the secretary of the senior class is the secretary of the junior class.

A fine spirit of re-operation and collaboration was evident at the meeting and it is believed by the council that this will continue and grow when the final game, the student's group, college association is organized at G. C. W.

Health 237 Class Observes Armistice Day

The following program was given by the members of Pi Kappa Phi on Vetch street Saturday afternoon.

1. Introduction—Lois Hancher.

3. Prayer—Chow.

5. Song—"Horses in the Horses.

6. History of Armistice of Pop-

gen-Helen Evans.

"In Flanders Fields"—O. L. Preston.

"America's Answer—Mary

Chase.

"Armistice Day Address—3rd

Chase.

Programs were printed on small cards in the form of postcards.
