Senior Come to Front with New Freedom

Special privileges for the seniors and the entire student body have been announced by the newly elected Dean of Students.

As previously announced, the students will enjoy full-time privileges. Week-end hours privilege will be encouraged. The young men friends will be listed in the "Twentieth." If Georgia visits for repeat a fully equipped bar, modern in every detail, will be installed in the rec hall. Grabs for members of the senior class will go into the all of the registrar six weeks after the opening of the fall quarter and must be lower than a "C." Degrees will be awarded on the basis of the grades earned in all that time and the following quarter will be open to graduates for the "Five Round-Off" otherwise known as "Upper Extension." Special privileges which will be extended to the entire student body include:

1. All students who will not on the Dean's list may select the class as others they like when not in classes.
2. Classes will be automatically excused for participation in extracurricular activities.

May the day never come when we writer a perfect head, for that would surely be fatal to the best line type operator who ever slipped a hot "slug" into the hand of an unsuspecting "Cub."
The Colonnade, May 28, 1955

Orchids to Dear 
Flowerbutterfly 
For weeks and weeks, you have been sending out, C. E. W. students have lacked interest in the flowers that were to be planted in the flower garden on campus. This week, you came back again, and we thought we should acknowledge our appreciation.

Since there have been no flowers in the garden for some time, we would like to tell you that the flowers are now blooming and that they are beautiful.

Sincerely yours,

The Colonnade
