Open Forum of Debaters

One of the features of the extra-curricular activities of the year will be the open forum of debaters sponsored by the Intercollegiate Debating Society here on November 5. The colleges are expected to participate in the forum which will open the debating season for G. S. C. W. The colleges invited to attend the forum are Emory, Tech, University of Georgia, Mercer, Agnes Scott, and North Carolina State of Raleigh.

Jesters to Give "Royal Family" for Fall Play

The Jesters have selected "Royal Family" for their Fall Quartet presentation this year. It was announced by Delta Frackton, president of the Jesters, today. "Royal Family" will be presented on December 1st, according to tentative plans of the Jesters.

"Royal Family" has for its theme the Cavendish family, and their plight of stage career-weary women. It is the story of the Barrymores - John, Ethel, and Lionel, and "Royal Family," which is almost entirely fictitious, is a new and farcical play that has sprung up around the Barrymores.
Seniors Oppose Assembly

Without any notice, the Student Senate decided not to hold a meeting on Thursday. This decision was made by five students who had missed the previous meeting. It was announced that the next meeting would be on Tuesday, but this decision was not supported by the other students in the assembly. They were divided, but majority agreed to oppose the decision.

Provisions were made for the assembly to be held in the library. Despite this, some students were unhappy with the decision and voiced their concerns. They expressed that the community was not informed about the decision, and this lack of transparency caused frustration.

Another issue was the lack of representation. Some students felt that their voices were not heard in the decision-making process. They believed that more should have been done to assure that all students were involved in the process. The assembly was seen as a platform for students to voice their opinions and concerns, but this was not happening.

A further issue was the lack of accountability. Students felt that the Senate did not adequately explain the reasons behind the decision, making it difficult to understand why the assembly was being moved. This lack of transparency and accountability was a significant concern for the students.

Quotable Quotes

"I think the decision to move the assembly is a mistake. We need a clear and transparent process for making decisions that affect our community. The lack of representation and accountability is unacceptable, and we need to demand better from our assembly." - John Doe, a senior at Collegiate.

"The decision to move the assembly is unfair and poorly thought out. We need to ensure that all students have a voice in the decision-making process, and this is not happening. We cannot trust the assembly to make decisions that affect our community." - Jane Smith, a junior at Collegiate.

New Books Given New Rental Library

The Collegiate has been awarded a new rental library. This new library will be staffed by 10 members of the senior class. The library will be available to all students, regardless of their academic standing.

"This is an exciting opportunity to learn about new books and authors and to share that knowledge with our community. We are grateful for this opportunity to give back and to contribute to the intellectual life of our school." - Mr. Collins, the headmaster.

Just An Editorial

There is a trend among the students of all age groups in America to read more books. This trend is driven by a variety of factors, including the popularity of e-books, the rise of online bookstores, and the increase in the number of literary festivals.

"Reading is essential to a fulfilling life. It allows us to explore new ideas and perspectives, and to connect with others who share our interests. We encourage all students to make reading a regular part of their lives." - The Collegiate Editorial Board.

Annual Hike

It is always tricky to find a suitable place for the annual hike. Last year's hike was excellent, but some students felt that this year's hike was not as challenging. This year's hike is set to be held in a different location, which might offer more varied terrain. The goal is to make the hike as challenging as possible, so students are encouraged to bring their hiking boots and gear.
