Cannon, Hudson, Ducey To Head Freshman Class

Frances Cannon, a graduate of girl's High in Atlanta, was elected as president of the freshman class after a series of run-on ballots. She is the second girl to hold the position in the history of Northwestern. Edward Ducey, a second year business student, was elected vice-president of the class. Martha Ducey, of Newtown, was elected as freshman representative to court. Other elections for secretary and treasurer will be held on Saturday. The freshman group has not yet completed their elections for representatives to Freshman Council.

GSCW Orchestra And Band Plan Year's Program

A meeting of the officers of the College Symphony Orchestra was held recently at which plans for the proposed trip in the spring were discussed as well as the plans for general social functions of the Band and Orchestra in the near future.

A new policy for the Band and Orchestra was also adopted. The officers feel that individual recognition should be awarded to all members who have given honorable service to the Band and Orchestra for the year. This honorable service means that all rehearsal and performances are to be attended. As previously at the banquet, the exception was made of any unexcused absences from rehearsals per quarter. The decision will be acknowledged by giving a silver certificate to each honorable member of one year's, two year's, or three year's membership in the organization. Two years of such distinguished service brings a gold certificate, and with these years of honorable service, a pin will be awarded.

Mr. Maas drew attention to the fact that membership in these organizations is by no means closed. Those who play instruments, even if only possibly well, are invited to attend the Band which meets at 4:30 every Tuesday and Thursday, and the Orchestra which meets at 5:30 Tuesday and Thursday nights. These are free for all members in all sections.

Those who are interested in providing teas would be interested in the fact that class chances in individual instruments will be given. Those who wish to loan any pieces of instrument should get in touch with Mr. Maas to take advantage of the class chances at a reduced price.

Student Senate

A meeting of the Student Senate was held last week. Among the matters discussed were the following:

1. The Student Senate has set aside $25 from its reserve fund to be used as a special fund to defray the cost of the officers of the Student Senate who have not had the benefit of attending a formal leadership training program.

2. A committee was appointed to look into the question of the amount of money to be spent on the Student Senate office.

3. The Student Senate was also asked to consider the possibility of having a special fund to be used for the benefit of students who have not had the benefit of attending a formal leadership training program.

Representatives from Tech, Emory, Agnes Scott, and the University of Georgia are due today to participate in a debate forum being sponsored by the Debating Society in collaboration with the local Phi Delta Theta. The debate will be held in the auditorium of the Music building, and the judges are Col. Frank C. Evans of Milliganville, Dr. W. T. The session begins at 4 o'clock and lasts until 5:00. Each school will address six minutes of the subject. The forum is sponsored by the United States Bond Folio, a Publicity of Industry Towed, All States Involved in International or Civil Conflict.

The negative side of the question argued for Georgia's Union and Callie Morris. A banquet will be given at 7:30 for all members of the Debate Society, as well as those alumni who are present for the debate. The forum will be resumed at 8:30 and an open discussion will wind up the forum. Students and faculty are invited to attend both the afternoon and evening sessions.

The Columbia, November 5, 1959

Well-ordered and written as all may hope, I've been pleased to read that Mr. Zinn has been called on as a philosopher of his school in the title of his book. He is indeed well-ordered and written as all may hope. The novel is well-written and a brilliant and imaginative achievement.

The character of Zinn is well-developed and the story is well-told. The book is a delight to read and a pleasure to own.

MADISON

Stories by Scandal-light

Professionally and literarily an easily told story of a desirable disease, and problem, to an extent that demands the full attention of the reader. The whole is done with skill and, as usual, the author's ability in writing is evident. The plot is well-planned and the character development is excellent. The ending is unexpected and is well-told. All in all, a well-written story.

"But we are," said the student. "Don't worry, it's just a busy day."
