YW Nominates Jernigan, Pool

THESE PEOPLE MAKE NEWS

There is certainly no doubt in Marion Bennett's mind about her plans for the future. When asked what she would continue her work for three more years and get a Ph. D., she would answer, "not with such a benevolent soul." She responded with such poise and an air of decision that the Marion Bennett Interview was quite overwhelming. "Well, in the first place it would take me five years instead of three, because I am not planning to take a Ph. D., I'm planning for a M. D."

"But" continued the interviewer, "would you do this even in the face of what is commonly believed that men feel about women with a string of degrees?"

"Of course," she answered, "living my life for myself and not for any man was her grand passion.

Sara McDowell

Sara McDowell was very busy when she was accepted by the green, but not too busy to decide that if she really loved her man, his occupation would not matter. In answer to the question, "Would you marry a missionary or a Governor if you were in love with him?" she answered with a vehement affirmative. Incidentally Sara is making news in other ways these days, what with College Government nominating her occupant constantly.

Anybody with Paula Knox's philosophy should be fairly sure of success. "Would you marry a man you did love who you think it impossible to get?" she was asked.

"Very definitely, I would," she answered. "I don't intend to have to support myself all my life."

Peacock, Penland Run For Rec. Presidency

Recreation Board nominated Dr. Peacock and Paula Penland as candidates for the 1939-40 presidency of the Recreation Association at a meeting of the Board Wednesday night. The nominations were made by the General Board of the Recreation Association; other nominations for officers in the Association may be made by petitions submitted by Monday and signed by twenty-five students. (Continued on Page Four)

C. G. A. ANNOUNCEMENT

All people who are nominated for any office in the Y. W. C. A., Recreation Association, or College Government Association, please come to chapel on Monday and Tuesday to be introduced to the students. (Continued on Page Four)

McGee Resigns Presidency Of Concert Committee

Dr. Sidney L. McGee resigned his position as chairman of the Cooperative concert committee of Millbridge at a meeting of the committee Friday afternoon. Dr. McGee has held this position for the past four years.

Explaining his resignation, Dr. McGee said that he felt it was impossible for him to keep up with his college duties and continue to head the committee. A possible successor was discussed by the group, but no selection was made.

Mr. Henry De Verner, the Columbus Cooperative Concert Association representative, suggested that the price of admission for town people be raised to $3.00. This would not affect the student price.

The Pull ticket campaign will probably begin on October 18.
Nomination System Successful

The new nomination and election system is apparently successful through the free round of elections, for the first time in the history of the organization. The system promises to bring the organization closer to the real world of politics, and thereby make it more effective.

The present system has already succeeded in bringing about significant changes in the organization. The new system has made it easier for the organization to achieve its goals, and thereby make it more effective. The system promises to bring the organization closer to the real world of politics, and thereby make it more effective.

The actual elections are to be held by the state board of directors, with the board to be elected at the state convention. The elections will be held at the state convention in 1998.

Of course, it is a new system, and there are several questions which must be addressed before the system can be adopted. The system has already succeeded in bringing about significant changes in the organization. The system promises to bring the organization closer to the real world of politics, and thereby make it more effective.

Emily Poll Recommended

The Colonnade's ad space is being used to address the problems that have been present in the organization for a long time. These problems include the lack of a clear mission statement, the lack of a clear leadership structure, and the lack of a clear decision-making process. The ad space is being used to address these problems and to provide a platform for the organization to discuss them.

IT LOOKS FROM HERE

many horrors as war, and peace that is bought at the expense of the civil liberties of the people within a nation is no peace at all.

When and if the realization comes to Europe and France that the sort of peace promised by Hitler and Mussolini is the same sort of peace enjoyed within the borders of these countries and not the sort of free peace which we have aspired to, then they may quit ruling over themselves in an effort to take the job.

The other danger is that, unlike Tom Sawyer, Hitler or Muss-
