FAMOUS VIOLIN QUARTET GIVES PERFORMANCE HERE

The famous Streicher Quartet of New York will appear in four recitals on March 6 and 8 sponsored by the G. S. W. Lyceum Society.

The quartet takes its name from the fact that all the instruments used are of the distinctive Streicher make. This is expected to be one of the slant programs of the series that year. It will be of particular interest to students and people of Millersville to know that Miss W. R. Allen will accompany the quartet on Tuesday evening in the Schuman Piano Quiltet.

KATHERINE KIRKLAND—she is a candidate for the vice-presidency of the 1939-40 Senior Class.

TAP BENNETT VISITS HERE; MAKES TALKS

"Student Life in a German University" was Tap Bennett's topic in chapel, Friday morning. Mr. Bennett, who holds the Institute of International Education fellowship to Germany in 1939 and 1940, spent several days on the campus, meeting with the International Relations Club, the Rotary Club, and holding informal forums.

Mr. Bennett was an outstanding student at the University of Georgia last year, being a member of the Sphinx, Phi Beta Kappa, Phi Kappa Phi, and the Honor Court of the Law School and on the varsity debating team. He was editor of the 1937 Pandora, business manager of the University Theatre, and associate editor of the Bell and Buck. Owner of his office, included president of International Relations Club, and president of the Sigma Chi Social Fraternity.
Town Girl Crisis

The town girl situation has been a particularly thorny one all year-not only the town girls but the town as a whole is suffering from it. It has been constantly in the atmosphere in almost every college community that we have been attending. Their men who wish to achieve another important factor since the last war has been the absence of new activities, the men who have been attending are not able to travel and have been forced to stay in their homes. In some cases they have been to other coast cities. In any case, however, the necessity of preserving their own homes has been encouraged by the general atmosphere. There is no way to get a little on the people to whom they are going. The administration has been working to bring about a favorable outcome and the men are being put to use in their homes.

Letter to The Editor

Dear Editor:

I am writing to you about a problem. I have been living in town for the last ten years and I have always been very active in town activities. I have been involved in many different organizations and have made many friends. I have enjoyed the town very much and I am very happy to be here.

However, there is one problem that I have been struggling with for a long time. I have been having trouble with my grades. I have been trying to improve them but I have not been successful. I have been trying to work hard but I have not been getting the grades that I want.

I am writing to you to ask for some advice. What can I do to improve my grades? I am very worried about this and I would appreciate any help that you can give me.

Sincerely,

[Your Name]

Letter To The Editor

Dear Editor:

I am writing to express my concern about the lack of opportunities for women in our college. As a woman, I feel that there are many barriers that prevent us from achieving our full potential. I would like to see more programs and events that are specifically designed for women.

Sincerely,

[Your Name]

Restoration Gifts

The interest that has been shown in the restoration of our college is truly gratifying. The alumni and friends have responded enthusiastically to our call for help. The campaign has been a success and we are grateful to all who have contributed.

Sincerely,

[Your Name]

Quotable Quotes

"More complete service, more expert observers, better and more continuous reports are the very essence of our work. We are working hard to improve our service and utilize it to the advantage of our students. We have many important contributions to our college publications if he can teach, his book may be a great newspaper."—New York University's Professor H. B. Hill believes that we should be teaching the "most educational force to society."

"Your own school can score all right probably they will, but at college they can win and will and for each new opportunity they are thrown into they can make the best of."—Dean of the College.

"The course of study is a little more than a college. It is a little more than a university."—Dean of the College.

"The quality of the work is the quality of the student."—Dean of the College.

"We are trying to develop a new kind of education."—Dean of the College.

ID GET A LOT MORE EXCITEMENT OUT OF THIS PIPE IF IT DIDN'T BURN SO FAST AND HOT AND BITE MY TONGUE!

WELL, GET SET FOR SOME REAL SMOKING JOY, THEN, FOR YOU'RE ABOUT TO TRY MY PRINCE ALBERT!

EASY Cisco smoke, you don't have to put them. Cigars to smoke, you get around the implications of the world, and the later smoking a 'Fisher' man without saying a word. Don't be cool and rich and big and tall and fat and too. For 'Fisher' and 'Fisher' are you, there's no other hands like Prince Albert. Get the big and T. A. Cupola.

Dr. S. S. L. B. (left) and Dr. A. W. Witter, industrial design experts, show their latest invention. A simple holder for a camera is making for a modern service station.
At the old airport building now stands the National International Flying Club operated in 1935. The national organization is made up of 12 flying clubs, like this one operated at Harvard more than ten years ago, which have a total membership of 10,000 men and women. The flying club at Harvard, which is located at the University of Southern California in Los Angeles, California, is one of the few flying clubs in the country that have been in existence for more than ten years. The flying club at Harvard has a membership of about 100 men and women, and it is open to anyone who is interested in flying. The club provides flying lessons, instruction in aircraft maintenance, and opportunities for members to participate in various flying activities. The club is located in a beautiful setting, surrounded by green fields and trees, providing a peaceful and relaxing atmosphere for members to enjoy their flying experience. The club also offers a variety of social events and activities, including picnics, barbecues, and other outdoor activities, allowing members to connect and build friendships with other flying enthusiasts. Overall, the Harvard Flying Club is an excellent resource for anyone interested in learning to fly and gaining experience in the world of aviation.
Your Recreation Activities Facts On Collegiate Customs

This Week With the "Y" Last Monday night, Freeman School presented its annual "Y" Night, the popular social event on the Friday night before the start of the spring semester, with a theme of "A Night in Paris." The "Y" Night is a tradition at the college, and this year's event was popular among the students.
