Seniors Give First Informal Dance of Year

The seniors will get in to the swing of this year social whirl with the first dance on Saturday night in Ennis Rec Hall from eight till eleven forty-five. They will pay and slight to the music of all the well known entertainers through the courtesy of a midnight band. This event was announced by Louise Stanley and Frances McGee, the committee in charge.

All the seniors, both chemistry and town students accompanied by their best bas are expected to join in the fun. The dance will begin promptly at eight o'clock and punch will be served throughout the evening.

Chick, Others Perform At Allegro Club

Harriet Chick sang "What the Chimney Sang" and "All I Love But a Day" by Ogley Sparks at the Allegro Club meeting Monday night in the music building. Other vocal selections were rendered by Mabel Buxby, Claudia McCrady, and Verma Rice.

Betty Shepherd gave a reading. Miss Beatrice Herand and Mr. Charles Neck played a violin duet.

Sycamores Meander Happily Through Jester Production; Result a Howling Success

Players Do Justice To Court Role

By Carolyn Kinsey

Bael! Bael! A blast from the Sycamore cellar and "You Can't Take It With You" was off to a running start. The audience went wild right along with the "mad hatter" Sycamores and some fan ran straight through the hilarity heaped when the toys took more caution calls than your reviewer has witnessed heretofore in any Jester Production.

Max Noah, played Grandpa with a mixture of gentleness and good humor, contrasting the brash and not too delicately spoken Mr. Kolendorf (William C. Capell). Others of the Sycamore clan, Percy, Basil, Ed, Paul, and Mr. De Plinns were each presented with a delightful, light-hearted sincerity by Martha Donaldson, Frances Cotte, Cecil Bush, Mark Stengel, and Bill Hickey, respectively. Martha Donaldson makes the list of honourable mentionables in the author visiting Pussy Sycamores and Frances Collese gave the audience a treat with her artistic ball and punch numbers.

G-Mia Hilarens

That old social hoppy-man, "G Mia," well represented by Martha Pich and Mr. W. T. Rice and Mr. and Mrs. Kreiby, came merrily skidding the rear of the roofly serious Alice Sycamores and Tony Kreiby (Bella Forten and Billy Shem) but the dumbfound Sycamores came through with spirit again. Mr. Kreiby was sufficiently impressed by the fact that grand.

Annual Debate Forum Held Here Dec. 2

"Of course the best way to avoid the dangers of either conception or lack of conception is to stay out of war in the first place," stated Mr. Charles Taylor in a discussion of the benefits and liabilities of conception at the regular meeting of the Debating Society, Tuesday evening, November 14. Mr. Taylor's subject was based on the topic to be discussed at the Georgia Debate Forum this year: "Resolved, That the legislatures should be elected by the United States providing for the conscription of wealth in time of war." The annual Georgia Debate Forum meets here December 3, and several teams from the Debating Society will represent Georgia. Acceptances to participate have been received from Georgia Tech, University of Georgia, Emory, and Georgia State.

Dropper Poor, Morgan Tells "Y"s"

"Our main problem is the problem of distribution," Mr. John Morgan said the Economics and Labor "Y" group Tuesday night. Mr. Morgan suggested three possible solutions to the problem: fascism, communism, and cooperatives, and the group has decided to study cooperatives at the next meeting.

The purpose of the Economies and Labor group is to acquaint themselves with the problems of labor organization and the basic principles of economics. They are planning field trips to visit factories and plants in Macon and Atlanta.

Morgan, Protector of Southern Drawl, Speaks on Hollywood

Former GSCW Student Discusses Work on "Gone With The Wind"

Susan Myrick, who took a Yanken and an English woman taught them to "speak," instead of "sir," and the result was and is Blaine, in the film version of "Gone With The Wind," will speak here at the Russell Auditorium Monday at 7:30 on her work in the filming of the picture.

In her talk on "Development and Portrayal of Southern Life and Customs," Miss Myrick will tell how these were worked out in producing "Gone With The Wind" in Hollywood, where Miss Myrick was technical director on screen speech, customs and manners.

Miss Myrick, a graduate of Millington, is a graduate of "Gone With the Wind."
Stories by Scandal-light

"Skylark", Novel For Moderns, Reviewed by Mildred Ballard

Here is a novel in realism, in its setting in the light of modern life, the story of a young girl who gets involved in a move ending as a sort of sad tale of romance. Miss Ballard brings to the effort a well-written and well-illuminated work.

Camp Continues Commission Study of Lycam's Book

"The Year-End Life of Christ" was the topic of the discussion led by Dr. Murphy at the meeting of the Sophomore Commission last Wednesday night in the G. office.

This was the second in a series of discussions on the "Life" series. Each week a new selection was made in Sophomore Commission, is a discussion on a new chamber of the book. All the selections are made to meet average interest, to meet the interest of the book.

The discussion was held in connection with our everyday.

G.S.C. Girls Train for Vocations; A.B. Candidates Drop Off

The modern girl who returns to college courses, reflects the atmosphere at the Great Southern College for Women. The atmosphere is a different one. The atmosphere is a different one. The atmosphere is a different one. The atmosphere is a different one.

W. Murphy

"W. Murphy makes it a better place.

"I like the idea," says Betty Johnson, who plans to major in English in the fall. "It's a chance to help others, and it's a way to get involved in something worthwhile.

U. S. Students Organize in Fight For Peace

"We Don't Want to Fight in Europe," say the students, who have formed a group to protest the war and to seek a peaceful solution.

INTER PLAY

"It's not about politics," says Dr. Robertson, who heads the group. "It's about stopping the war and finding a peaceful solution.

The group, which calls itself the "Peace in Vietnam" movement, is made up of students from a number of colleges and universities across the country.

Sandra Johnson

"We need to come together to make a difference," says Sandra Johnson, a student at the University of Texas. "We can't let this war continue, and we have to do something about it."

DEBATE

"It's about time we start having real debates," says Dr. Robertson. "We need to hear different viewpoints and have serious discussions about the issues.

The group holds meetings every week, and members are encouraged to speak up and share their thoughts.

Dr. Robertson

"We need to keep talking to each other and find a way to work together to find a peaceful solution."

The group is open to anyone who wants to get involved and make a difference.

Sandra Johnson

"I'm really excited to be a part of this group. It's a great way to make a difference and be part of something positive."

The group meets every Thursday at 7 p.m. in the Student Center.

U. S. College Students Join in Battle to Fight Syphilis

East and west, north and south, college students in every type of institution have taken up the war "stamp out syphilis — enemy of youth." Young persons have been for years the victims of a "mysterious moral censorship" which forbids discussion of this leading threat to youth health. But during the past two years college editors and students have helped materially to break this censorship from its shabby foundations. Every day more students ask for facts and honesty.

Students have instigated educational campaigns and have emerged free blood tests for students. At Penn, George Washington, Kentucky, V. P. I., Bucknell, Prindpsburg, Synod ... and a host of others universities and colleges ... student campaigns have met with startling success. Presidents and deans are beginning to see their way clear to place the blood test in its rightful place in routine examinations, and are recognizing the need for courses in sex education and marriage guidance.

Ten million persons in the United States have or have had syphilis ... a million potential mothers have syphilis ... 100,000 deaths a year ... 60,000 congenital syphilis born annually ... half of every year's 500,000 new cases are under 15 years of age.

Students and faculty alike looked at the above statistical picture of syphilis. Many saw their responsibilities as leaders of the future and in tutors of those leaders of the future. Others asked, "But is this a problem for us — for college students and faculty?" Just this past January the U. S. Public Health Service and the American Social Hygiene Association answered that question. On the basis of more than 78,000 blood tests, they reported, the rate for college students is approximately the same as for the corresponding age group in the general population. In Merck and the students spoke. Out of nearly a million and a half students in colleges all over the United States, 93.1 per cent answered "yes" to the question: "Do you believe a blood test before marriage should be required by law?"

"The control of syphilis is a task for the whole people," Surgeon General Parran says. Rich or poor, in college or out, young people of today are vitally and directly concerned with the control of syphilis. These pictures indicate what some students are doing about their "public health problem No. 1."

Syphilis Strikes 1 in 10 Adults ... More Than Half Are Infected Before 30
Grants, Greens and Lots of Dirt

Featuring the annual Cave School of Applied Science, the story is told of the annual event where the students are required to work the fields to earn their portion of the income.

It's Teatime in College Land

And some like the arts at Women's House University's Mother College are being displayed throughout the nation. Mrs. Judie Worth is doing the artwork.

No Sweatshirts Allowed!

That's the order handed down by University President, Dr. H. H. Harrington, L.L.D., for proud alums who areon the honor roll. If students are caught wearing anything off-white, they're out of luck.

They're in the Know!

Student-Faculty Honor System Committee Presents Proposals

The following is the plan for the Honor System as it stands now. This plan permits the existing system to continue until we examine the values of the new system when a new study on the matter is completed and is prepared to consider it, providing we resume and conduct it through a trial and error method. The Honor System is a student administration and is open to any student suggestions.

Project for Membership

[This page contains text relating to the student-faculty honor system, the plan, and the proposed changes.]

Thursday Bell Hall Tea
Stresses for Information

An informal tea was given by Mrs. Bell and Mr. R. D. Bell on Tuesday afternoon from 4:30 to 6:30. Attendees included the following: Mrs. Pauline precise, Mrs. James Precision, Mrs. William Precision, Mrs. Henry Precision, Mr. Albert Precision, Mr. James Precision, Mrs. Henry Precision, and Mr. James Precision.

Soccer and Hockey Teams Organize as Season Begins

This week's Tuesday afternoon practice for the soccer team was scheduled for 3:00 p.m. The team, which consists of both upper and lowerclassmen, is expected to have a strong season. The coach, Mr. Jameson, has been working diligently to prepare the team for the upcoming season.

In contrast, the hockey team, which is a smaller group of upperclassmen, held their first practice on Tuesday evening. The coach, Mr. Montgomery, expressed optimism about the team's prospects for the season, saying that with the right attitude and hard work, the team could achieve great things.

Credit Given For Riding Next Quarter

The Physical Education Committee has announced that credit will be given for riding next quarter. The committee decided to offer this incentive to encourage students to participate in extracurricular activities. Students who ride at least once a week will be awarded credit towards their physical education requirements.

Front Line for Germany

For many students, the upcoming season is an opportunity to apply new skills and strategies. The soccer team is looking forward to facing tough opponents and improving their game. The hockey team is eager to build on their successes from last season.

Students, Faculty Wage Ping Pong Tourney

The annual ping pong tournament, which is a beloved tradition, kicked off this week. Students and faculty members from across the school have signed up to compete. The tournament is expected to run for several weeks, with matches taking place during lunch periods.

Honour System

The Honour System is being revised to address concerns about fairness and accountability. The new system will be implemented next week, and students are encouraged to participate and help shape its development.

There's
No Great Mystery
about Cigarette Tobaccos

THERE ARE FOUR TYPES
of tobaccos found in the more popular cigarettes, namely... Bright, Maryland, Burley and Turkish.

ALL THESE TOBACCO except Turkish (which is bought direct from the planters in Turkey and Greece) and Maryland (which is bought through sealed bids under government supervision) are bought at public auction, just like any other auction where you might have bought in a table or a chair.

AT THE AUCTION SALE the tobacco is piled in baskets weighing from about 100 to 500 pounds and each purchaser buys all of his tobacco by competitive bidding for the particular piles he wants.

THE CHESTERFIELD BUYERS buy the best of these mild ripe tobaccos for the Chesterfield blend. And it is Chesterfield's Combination... the right amounts of Burley and Bright... just enough Maryland... and just enough Turkish—that makes the big difference between Chesterfield and other cigarettes.

It is because of this combination that Chesterfields are COOLER, have a BETTER TASTE and are DEFINITELY Milder. They are made of the world's best cigarette tobaccos. You can't buy a better cigarette.

MAKE YOUR NEXT PACK CHESTERFIELD
