Daniel, Gillis Elected 1940-41 Spectrum Heads

In the elections held recently for the editor, associate editor, and business manager for the 1941 Spectrum, Eva Daniel, Martha Daniel, and Mary Selma Gillis were selected.

The editorship went to Eva Daniel, with Martha Daniel working as associate. The business staff will be handled by Mary Selma Gillis.

As is the rule with publications staffs, the incoming editors appoint three staff members not elected. Because of difficulties, the new staff has not been completely named, and will have to be announced at a later date.

The Spectrum, college annual, has this year been under the direction of Catherine Cowman, editor, and Herty Ernest, business manager.

Herty Theme of Radio Program

Featured on the regular G. S. C. W. program this morning at 10:30 o'clock was information about Herty Day, an annual occasion sponsored by the Homecoming Club. The event, under the direction of Dr. L. C. Lindsey, head of the chemistry department, was highlighted as a memorial to the late Dr. Charles H. Herty, Bellis Winlock Hicks, G. S. C. W. radio director, told the story of Dr. Herty's life. Martha Louise Johnson of Milledgeville, a piano student, played Prelude in A Minor by Debussy and The Mirror Lake by Rimsky.

State Educators Plan Today For Summer Workshop

The Education department was host today to approximately one hundred delegates, attending a conference to plan the summer session workshops. The week's events will include these:

Dr. Henry Little, head of the department, was in charge of the round-table discussion this morning and the luncheon at the hotel.

Members of the state department of education who were on hand today are Mr. E. C. Thompson, Miss Cece McColl, and Miss Elizabeth Mays.

Among the state supervisors present were Mr. Shorter, Mr. Henry, Mr. James Champion, Mr. M. J. Gooden, Mr. Mary Beth Barbee, Mr. J. H. Cook, and Mr. M. B. Little.

The summer session workshop, which will be the first held on the campus, is sponsored by the Progressive Education Association. Many of the leaders and supervisors will be present during the conference this summer.

EVA DANIEL, elected last week as editor of the Spectrum for 1941.

The campus will be swarming Thursday with Folk Dancers dressed like these. This picture, taken last year, shows Frances Coates, Jane McConnell, Frances McGeary, and Dot Peacocks in costume for the annual festival.

Chemistry Club Host To Distinguished Guests

Hundreds of distinguished visitors are guests today of the Chemistry Club. From all of the Southern states, men and women, scientists and layman, have gathered to pay homage to Dr. Charles Holcomb Herty, former chemical of Georgia, whose work in chemistry has been recognized everywhere.

Among those attending today are the recipients of the Herty Medal. These include Dr. James Lewis News, Washington and Lee University; Dr. Fred Alford, Alabama Polytechnic Institute; and Dr. Frank Cameron, University of North Carolina. Members Allen and Cameron are here with their families.

Dr. and Mrs. W. D. Hopper, Dr. and Mrs. George Hugh Boyd, Dr. and Mrs. Alfred Scott, both from the University of Georgia, and Mr. Hugh Ross, editor of Runner-Herald, represent Athens, Georgia.

The delegation from Emory includes Dr. Gourley, Chair of the Department of Chemistry; Dr. W. A. Batten, Dr. C. F. Boyd, Dr. B. H. Johnson, and Mr. W. H. Stone, Dr. J. G. Lester, Mr. G. E. New, Miss Katherine...
Collegians Don’t Want Hazing, Student Poll Shows

**ATTENTION, Texas, May 2-3.** A majority of Americas college students believe hazing is a problem on campus and support measures to combat it, according to a poll conducted by the Student Press Institute.

The most recent national poll of the Student Opinion Panel, conducted from May 1 to May 10, reflects the opinions of only 12 percent of all students, with each poll question asked to an equal number of students.

In response to the question of what the best way to deal with hazing is, 77 percent of the students polled said they believe hazing is a problem on campus and support measures to combat it. An equal number of students supported efforts to combat hazing on campus.

The poll also revealed that 57 percent of the students polled believe hazing is a problem on campus and support measures to combat it. An equal number of students supported efforts to combat hazing on campus.

Busiest Cigarette in the Country

...that's Chesterfield!

Going "two packs a time" because Chesterfield is today's definitely milder, cooler-smoking, better-tasting cigarette. These three qualities—Mildness, Coolness of Taste and substance—is the sum and substance of real smoking pleasure.

You enjoy all three in Chesterfield's right combination of the world's best cigarette.

At over a million places where cigarettes are sold, you can see those clean white Chesterfield packages going into more pockets every day. And over the counter, you're wishing you were ending out you can't buy a better cigarette.

Chesterfield

Today's DEFINITELY MINDER, COOLER-SMOKING, BETTER-TASTING CIGARETTE

Ballyard Likes Behrman's
"No Time for Comedy"

By MILLED BALLYARD

A most satisfactory solution to the situation, probably with the peculiar brand of wit that is an inimitable Mr. Ballyard's own, comes in this well intentioned writer's new play. "Ballyard on Broadway, by Katharine Cornell and Lawrence Obi, this clever production brought forth immediate acclaim. Obi's Mr. Ballyard is a "typical" example of the gypsy, roaming about and calling himself a "rascal." He has been on one of these cozy little sets.

Behrman's characters are those people whose names are handling situations results from a bad appraisal. Corned Beef, at least, Mrs. Ballyard becomes浮世, but with her charm, she deliberately adapts the stereotype's comical, nonchalant nonsense in her role. General confidence prevails throughout the play. One wag described it as "New York for the Strictly Serious." You're just a little amazed.

Corned Beef is played by Mr. and Mrs. William S. Glenn and Helen Varnum. The Georgia Tech party is conducted by Mr. and Mrs. M. D. Kasten, Mr. and Mrs. E. T. Taylor, Dr. and Mrs. W. W. Cooper, Mrs. C. R. Gayler, Dr. Floyd Field, Dr. and Mrs. E. J. Donald, and Mrs. E. R. Bennett. At the regular meeting Monday, March 5, the Reverends Mr. and Mrs. Orval P. Parks are from the State Highway department. 

S C H A M M E R

Dr. and Mrs. Grover M. Ford, Mr. Ralp Hale, and two other representatives of state highway departments were present. Others here for the session were Mr. and Mrs. Robert Bell, Agnes A. Smith, and Mr. and Mrs. Warren Field. Dr. and Mrs. R. M. Ford and Mr. and Mrs. D. E. Bell were present. Others not present were Dr. and Mrs. C. W. Cullum, Mr. and Mrs. R. H. Burroughs, Dr. and Mrs. M. B. Craven, Mr. and Mrs. C. L. Reay, Mr. and Mrs. F. S. Cross, Mr. and Mrs. E. W. Edmiston, Mr. and Mrs. R. M. Ford, and Mr. and Mrs. D. E. Bell.

Not Safe To Bet On Sweden’s neutrality, Margaret Weaver says

By MARGARET WEAVER

Not so long ago New York’s P. Leland Snow spoke on the mistaken notion of some of his audience that the war was still in the bag and turned in the inside story of the most sensational stroke of "protectionism" yet executed by the Nazis.

The sudden unexpected invasion of Norway and Denmark had the world to a standstill (with the exception of Mr. Strowe) and has given rise to much conjecture as to methods employed. The希特勒 immediately came forth with a story about an Allied plot to invade Norway which was stopped in the nick of time by the friendly intervention of Norway’s Ten- ton brothers. True or not, it is understood that English, France and Russia should have recently placed men in key government positions (i.e. Winston Churchill and Reynard) whose avowed purpose was to put some kink in the war.

But Strowe’s report of a conspiracy to well organized that key positions in Oslo, etc., by three emissaries of war’s forces and ships, in Germany hands before the troops landed, tells poorly with Ribbentrop’s story. Apparently as an alternative, he was spread over to Norway that reached down even to the woman in the telegraph office who spoke English to Mr. Strowe before the coup d’etat and General Crossman of the U.S. forces.

However, with Germany established in Scandinavia, fighting, Allied forces in a series of battles so far as defensive, the ques- tion of Sweden’s future arises. By this time the question, “Will Sweden be neutral?” is about as original as the remark of a school student who announced about two weeks ago with foreboding solemnity that “Europe is tense. "Tageszeitung," the prominent position on the frontpage, Italian invasion of Sweden presents a subject about which every person is anxious to allow much. He pointed out in his circular that a fair and reasonable con- clusion is the only one possible.

Sweden’s position is being studied, has been any of the neighbor’s, a navy of any order or not second to Germany in the Baltic, etc., is the occupation of the country for several months. Her super munitions plants at Bofors have been working overtime, in

West Virginia University will have 11 visiting instructors from as many colleges at its summer sessions. First atom-smasher at a woman’s college is being set up at Smith. University of Kansas welcomed its first new Greek group since 1923 when Tau Kappa Epsilon founded a chapter there. A 1944-50 greenhouse has allowed Rutgers University to expand its work in plant biology. Alice Templeton, blind植物, has learned to play the chimes in the tower of the campus at the University of California at Berkeley. “The Yanks are Not Coming” was the theme of Hunter’s College’s Peace Festival.

Of 20 students at Sam Houston State College, Huntersville, Texas, who were asked to name the school on which they lived, all but six, says the Education Bulletin, Texas Technological College at Lubbock is organizing a pole team. At Augusta College, Rock Hill, S.C., there are only seven music majors and 10 English majors in the college choir. Tri-Musical involvement in the campus of the University of California at Los Angeles is $12,000,000. Massachusetts State College holds an annual Research Day. Nine miles of radiating supply lines to 182 campus buildings at the University of Wis. University of the South, Sewanee, Tenn., campaigned for a sustaining fund of $250,000 and received $19,000. Students spent $25,000 hours a year studying in the campus during registration period.

Eight signatures of the Declaration of Independence were Harvard graduates.

And then there is the girl in the dorm who received a picture of her brother boy through the mail but doesn’t know how he looks because she hasn’t had time to have it developed.
