"Students Need Common Sense," GSC Girls Hear

Argue for Fun; Debaters Plan Tryouts Tues.

Do you like to speak? Were you a debater in high school? Or do you just like to argue? Come out next Tuesday night and get acquainted with the Intercollegiate Debating Society at G. C. C. W. Whether you are a freshman, transfers, or an "old girl," come to Acts 16 Tuesday night at 7:00 o'clock and find out how you can have an opportunity to participate. Plans will be started then for campaign on the custom of having the Georgia Debate Forum on our campus each fall, for visiting teams to meet our debaters, and for trips to other colleges.

Last year the Forum was larger and more profitable than in past years, and the Society hopes to show even more improvement on Dec. 7. This year Pi Kappa Delta, honorary forensic fraternity, the ultimate aim of every debater, has a larger membership than in previous years, and it will increase through the semester of the Debating Society in collecting together those interested in speech and argumentation.

Remember—Acts 16, at 7:00 o'clock.

It is understood that the President of the University of North Carolina will be the Student Advisory Council for the college. It is understood that the President of the University of North Carolina will be present at the college on Sunday night.

**Barber's Handwriting**

It appears that Barber's handwriting is quite challenging to read. The text seems to be a description of various events and activities on campus, possibly related to sports and social events. The handwriting includes references to places like Leon County, Georgia, and various names and dates that are not clearly legible.

How to win boy-friends and influence stag-lines

By Dale Dorothy Cline

Dear Miss Cline: I am going to ask you to look into my very soul, because I need all the help your wisdom can give me. I am considered the "tomboy" type, because I'm a good basketball player, well liked with people, and made Phi Beta in my Junior year. But oh, Miss Cline, I'd rather be a "tomboy" stuff, and to hold with that "tomboy" stuff! How can I make the world—no, that I'm just a Daughter of Eve! How do I begin?

Do you know what I'm saying? I'm telling you right from the start, "tomboy" and "tomboy stuff" are born, not made. If I were you, I'd give up the idea. Also, by the time you've learned all the "tomboy" stuff, I'll be too old to teach you to your grand-daughter. Better plan: make yourself physically attractive in ways anybody can learn. You may becomea, well, have you got "basket-ball hands"? Start there, make your hands, your fingers, well-groomed, attractive, alluring.
