Gadabout

By BLANDING LAYTON

Mar. 19 was a most enjoyable occasion for the Faculty of Arts and Sciences. The occasion was the annual President's Tea, which was held in the main building, and was attended by all members of the faculty.

The President, Dr. G. S. M. Crooks, made a speech in which he expressed his appreciation of the work of the faculty. He also announced the appointment of a new division of the university, which will be known as the Department of Social Science.

The tea was well attended, and the atmosphere was very pleasant. The food was excellent, and the company was most cordial.

The President's Tea is always a enjoyable event, and it is hoped that it will continue to be so for many years to come.
