Annual Contest Arouses Class Spirit on Campus

By Jewell Williams

Pygmalion was a skilled sculptor who lived in ancient Greece.

For reasons which nobody could possibly imagine, he

bade all women, perhaps books, he could not make anything short of perfection and all women brought to his imagination were thought of with intimations which dear from perfect lassos. Therefore, Pygmalion had a heart in his white marble and a statue of a woman who was perfect in every way. His art was so flawless that it seemed to look like art but more like nature. He fell in love with his statue.

The first few weeks, there were two groups of students; Pygmalion on the campus. The freshmen and sophomores had chosen to see their perfection in their plane and won for the Golden Slipper contest. They really fell in love with the statue of the woman who was perfect in every way. Posters were plastered all around the campus over the entire period. The freshmen were determined to destroy the sophomore marble, and the sophomores were just as determined to shake the freshman with the slipper. The freshmen would win by rivalry high and perfect their classic last night when the sophomore class walked off the stage winning the slipper.

There were three freshmen who had been successful efforts to destroy the sophomore marble, but the sophomores were not just as determined to shake the freshmen with the slipper. The freshmen played THE FALLS OF THE HOUSE OF UDBER, and the sophomores answered with a midnight swimming contest. Friday morning, during the deputy's troop ex posed action held the audience. At last night, they were no longer as possible, supported by the senior classes.

The freshmen played THE FALLS OF THE HOUSE OF UDBER, and the sophomores answered with a midnight swimming contest.

New Bulletin
A recent bulletin published by the Dean of Women has been
misinterpreted by some of the house mistresses and
students on the campus.

The students and faculty students are being invited to
attend Monday evening and want to know if it is true.

The misinterpreted bulletin was to
encourage students to be more alert and
active. The bulletin mentioned that there were
not a lot of girls who were not...

Museum Receives
New Relic

by ARAMINNA GREEN

After reading last week's article on the Georgia Museum, Mrs. J. B. Reynolds, wife of former President Remus of GSCU, wrote to tell students of the newest relic to be added to the museum.

The gift is a silver tea spoon, owned by Jorg Irwin, first governor of the state to live in Milledgeville, and his wife. It is given to the museum by a descendant of the governor's secretary, Peter Fair, through Mrs. Brown.

When Governor Irwin was coming to Milledgeville in 1807 he started an old Revolutionary War friend, Peter Fair, a position as secretary in his service. Both Peter Fair and his wife, Remus, his or pieces of sculpture are not states of Charlote, S. C., are to be found in its emotions—so buried in the Milledgeville come—site-qualit,
