Religious Empathies Week

1952 Dates Change

At a recent meeting of the CCA, the group de-

cided to send an invitation to the Christian Min-
utra men for the next Religious Empathies Week.

Radio programs, which were part of the pro-
pound program, were disapproved by the Club. They

deprecated the study of radio and certainly don't favor

putting a secular burden on the student. The group's pro-

grams will now be more content and be centered around a theme

pertinent to the student body.
