Dr. Manchester Presides At Meet

Dr. Garthwaite Manchester, head of the department of physical education and health, will preside at tomorrow morning's valedictory. Dr. J. B. Nash, probably the outstanding man in America, is invited to the field of physical education. Dr. Manchester is a former president of the National Association for Physical Education of Women.

The Swimmin' Scandal in Great Britain: The swimmin' scandal, if you can call it that, will be held in conjunction with the annual convention of the National Association for Physical Education of Colleges.

Underclassmen Sign Up For Physical Ed

Freshman will register from 4-8 p.m., Monday, March 21. All underclassmen will register for physical education classes for spring quarter.

Students Name Major Officers

Elects for the three major organizations are completed, with the exception of the Beta chapter of the Alpha Chi Rho. The Beta chapter officers are: Dr. J. B. Nash, president, and the other officers of the organization.

Dance Highlights High School Party

A dance celebrating the closing of the academic year took place in the auditorium of the high school. The dance was sponsored by the junior and senior classes, and was attended by students from all over the area.

Students Ask To Enter Essay Contest

Mrs. Robert H. Jones, essay chairman for the College Writing Month, has asked that GCW students enter the essay contest.

Guilty Before Tests
As the annual exam season gets under way, some students are finding themselves in trouble before they even reach the testing arena. The pressure of preparing for exams can be overwhelming, leading some students to resort to cheating or other unethical behavior.

One student, who requested anonymity, shared her experience: "I was really stressed about a test coming up, and I knew I wasn't going to study enough. So, I decided to look for a way to cheat." She found a website that offered online quizzes for her class and paid for the service. However, when she tried to access the quiz, she was caught by the school's monitoring system.

Another student, who also wished to remain anonymous, explained how she fell into this trap: "I was just so vfsure I wasn't going to do well on the exam, and I didn't have time to study. I thought I could just look up the answers online." She was suspended from school for using unauthorized resources.

Cheating and other forms of academic dishonesty are not uncommon during exam seasons. Students may feel pressured to achieve high grades to meet academic or financial goals. However, it's important to remember that cheating can have serious consequences, including academic penalties, loss of trust, and damage to one's reputation.

Instead of cheating, students are encouraged to develop effective study habits, prioritize their time, and seek help if they are struggling. It's important to approach exams with a mindset of personal growth and development, rather than just a focus on grades.

By taking a proactive and honest approach to exams, students can avoid the pitfalls of cheating and emerge stronger and more prepared. Taking responsibility for their own learning and personal growth is a key element of academic success.
Oak Ridge Institute Announces Fellowships For 250 Students

Approximately 250 postgraduate fellowships in the field of nuclear energy will be made available for the 1940-1941 academic year. These fellowships are sponsored by the Oak Ridge Institute of Nuclear Studies, which is administering the program for the Atomic Energy Commission.

The fellowships are intended for individuals who are engaged in advanced study in the fields of nuclear science, engineering, and technology. The fellowships provide a stipend of $1,000, with increments of $50 if necessary, up to $250 per month, not exceeding two years in number.

Applicants must have a bachelor's degree in a field related to nuclear science, engineering, or technology, and must have completed at least one year of graduate study in a field related to nuclear science, engineering, or technology.

The selection process will be based on academic achievement, research experience, and potential for contribution to the field of nuclear science, engineering, or technology. Applicants are encouraged to submit a complete application, including transcripts, letters of recommendation, and a statement of research interests.

The deadline for applications is [date]. Further information can be obtained by contacting the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tennessee.

Price for Freedom

"One score and ten years ago our Congress bought this nation a new tax, conceived in desperation and sustained to the proposition that all men are free men."

"It is altogether enough and better that we should do this. But in the legal sense we cannot go; we cannot cheat, we cannot kidnap, we cannot kidnap; the Bureau of Internal Revenue has never been found where we report here. It is rather for us to be dedicated to the great tax coming before us — that from these vast debts of the United States, we take increased devotion to the free system, that we have highly resolve that next year will not find us in a higher income tax bracket." — Anonymous

Snobism

Campus Style

Although Russell Lynes was thoroughly in his sum- mer and describing the various types of souls, the Daily Athenaeum, student newspaper of West Virginia University, felt some serious mistakes might be added to the list. Here are a few of the Athenaeum's candidates.

"The Scholarly Snob. He demands all students who spend any time on pursuits other than study to remain in the study. This type is usually recognized by the frequency with which he can be heard to mutter, "What do they come to college for, anyway?"

"The Socially Active Snob, who regards anyone who finds it necessary to spend an occasional evening in his room as a barbarism."

"The Grader - Don't Mean Anything - Snob. This is the large- est rub - division in the Classic Snob classification. It appears, and is composed of those who study when they have absolutely nothing to do. Somewhere the majority of them make passing grades. At the end of each term they can be heard to remark sympathetically, "Oh well, grade don't mean anything, anyway."

PILOTAGE

(Continued From Page One)

Mrs. Joe Huffmnan, and Mrs. Walter S. Williams, Jr.

Heading the tickets and ticket sales committee will be Frank Lawrence, while signs and markers will be made under the direction of Douglas Edwards and Dr. Banner. It is planned that year to mark all possible sites that are of historical interest and to give data regarding each on the signs and markers.

James D. Tugwell was named to head the committee on traffic.

The committee on homes opens for the tour is headed by Mrs. Ray H. Walls and includes, also, Mrs. Florida Allen, Mrs. Ferguson and Mrs Berthie Stashaba.

Mrs. P. Moore will serve as di rector of publicity and advertising, having as his assistant members of his newspaper and radio staffs, along with directors of public relations at Georgia State College for Women. The guides will be prepared under direction of Miss Edwards.

Dr. Banner will serve as general chairman for the guides. The Boy Scouts will be instructed in three clerks by Dr. Edwards, and the Girl Scouts, by Mrs. James D. Moore. The SCVY senior class will also serve as guides.
